WORKSHOP MEETING OF THE FLAGLER BEACH CITY COMMISSION, JULY 7, 2015 AT 9:00 A.M. 105 S. 2ND STREET, FLAGLER BEACH, FL 32136

MINUTES

<u>PRESENT</u>: Mayor Linda Provencher, Chairman Marshall D. Shupe, Vice-Chair Jane Mealy, Commissioners Kim M. Carney and Stephen M. Settle, City Manager Bruce C. Campbell, Finance Director Kathleen Doyle and City Clerk Penny Overstreet.

<u>ABSENT</u>: Commissioner Joy McGrew.

- 1. <u>CALL THE MEETING TO ORDER</u>: Chairman Shupe called the meeting to order at 9:00 a.m.
- 2. <u>PLEDGE OF ALLEGIANCE</u>: Mayor Provencher led the pledge to the flag.
- 3. <u>DISCUSSION OF 2015/2016 FISCAL YEAR BUDGETS IN THE FOLLOWING ORDER</u>: <u>INTRODUCTORY PRESENTATION – CITY MANAGER</u>: City Manager Campbell reviewed a

power point presentation which included review of the guiding principles of the 2015-2016 fiscal year budget. The topics reviewed were the taxable property valuation, revenues, including Ad Valorem, State and miscellaneous fees. Highlights of all funds; General, Utility, Sanitation, Building Code Inspection, Stormwater, Pier and Community Redevelopment. Summarizing Mr. Campbell reported the 2015-2016 fiscal year proposed budget will provide the required funds to deliver City Services at the same or improved level of service. The proposed budget will provide improved wages for Staff, and creates Reserves for future capital purchases. Thirty-nine thousand six hundred thirty-one dollars will be returned to the General Fund Reserve if approved as presented. No tax increase is proposed for property owners, and the budget is presented at a true roll-back millage rate. The meeting recessed at 10:00 a.m. The meeting resumed at 10:08 a.m.

The City Manager reviewed with the Elected Officials the proposed 2015-2016 fiscal year budget as listed. Direction from the Commission and changes reached by consensus are detailed.

GENERAL FUND

Revenues: Discussion ensued regarding the funding the City receives from Flagler County for Lifeguard Services. Commissioner Settle suggested the reviewing the budget, determine which line items have increased costs, and include the items in addition to the request for lifeguard funding.

- 1) <u>COMMISSION PENNY OVERSTREET</u>: No changes.
- 2) <u>EXECUTIVE BRUCE C. CAMPBELL</u>: The Commission indicated the need to perform the Managers evaluation, suggesting the Mayor coordinate with the Human Resource Manager. In addition, the Human Resource Manager work with the City Attorney to draft the contract and place on a future agenda for consideration. No changes were suggested to the Executive budget.

- 3) <u>CITY CLERK PENNY OVERSTREET</u>: No changes.
- 4) <u>FINANCE KATHLEEN DOYLE</u>: No changes.
- 5) <u>LEGAL BRUCE C. CAMPBELL:</u> No changes.
- 6) <u>GENERAL GOVERNMENT KATHLEEN DOYLE, LIZ MATHIS, & PENNY OVERSTREET</u>: The Commission discussed the revenue projection for animal licenses. The Commission reached a consensus directing Staff to insert the application and information in a utility bill mailing to encourage pet registration. The Commission requested the Finance Director check the single audit line item detail in stormwater. The Commission directed Staff research state lobbyist. The Commission reached a consensus to hold Senior Saturday only once as a trial run in a cooler month, and agreed to leave the \$ 7,500 in the budget for now. The Commission reached a consensus to change the following items in the General Government budget. Change the retirement to \$660.00, remove \$350 from the line for the Employee Assistance Program, and add \$1,280 to line memberships, subscriptions and dues. The meeting recessed at 12:02 p.m. The meeting reconvened at 12:35 p.m.
- 7) <u>BUILDING MAINTENANCE, & DUNE CROSSOVERS ROBERT SMITH, & BILL</u> <u>CLEMENCE:</u> No changes.
- 8) <u>STREETS ROBERT SMITH, AND ALLEN WATTS</u>: The Commission directed Staff to review sign standards and report any necessary budget changes to the Commission. No changes.
- 9) <u>LIBRARY RUTH YOUNG</u>: No changes.
- 10) <u>MUSEUM –BRUCE C. CAMPBELL</u>: No budget changes. The Commission requested the Finance Director add repairs and maintenance amount of \$300 into the detail.
- 11) <u>PLANNING AND BUILDING BRUCE C. CAMPBELL</u>: The Commission directed the Finance Director to make corrections to the Public Works Administrative Assistant's salary percentages.
- 12) <u>FIRE DEPARTMENT BOBBY PACE</u>: The Commission reached a consensus for the following changes. Increase of \$1,320 for Target Training Co., increase of \$720 to operating supplies. The Commission directed Staff to review with the City Attorney liability issues if the City retained an employee who has a health problem identified by the Life Scan program. The meeting recessed at 2:25 p.m. The meeting resumed at 2:40 p.m.
- 13) <u>POLICE MATT DOUGHNEY & DONNA KEARNY</u>: City Clerk Overstreet reported the internet speed plan needs to be upgraded to a faster up load and download speed to secure successful back-ups of the servers and p.c.'s The Clerk will report the increase to the Finance Director for implementation in the budget. No other changes were recommended.
- 14) <u>VOCA MATT DOUGHNEY & DONNA KEARNY</u>: Captain Doughney reported additional funding for re-certification may need to be added to the training line item. No other changes were recommended.

15) <u>BEACH SERVICES & RECREATION – TOM GILLIN</u>: The Commission reached a consensus to take \$1,000 from repairs and move it to vehicle repairs in the beach budget. No other changes to Beach Services budget. Recreation: The Commission directed the Finance Director to provide to them the total loaded salary of the Beach Services Director and Lifeguards so they can determine what funding amount to request from Flagler County. No other changes.

The remainder of the budget will be reviewed at the second budget workshop on August 11, 2015 at 9:00 a.m.

4. <u>ADJOURNMENT</u>: Motion by Commissioner Mealy, to adjourn the meeting at 3:41 p.m. Commissioner Carney seconded the motion.

<u>Attest:</u>

Penny Overstreet, City Clerk

•

REGULAR MEETING OF THE FLAGLER BEACH CITY COMMISSION THURSDAY, JULY 09, 2015 AT 5:30 P.M. AND TO BE CONTINUED UNTIL ITEMS ARE COMPLETE. CITY HALL, 105 S. SECOND STREET, FLAGLER BEACH, FL

<u>MINUTES</u>

<u>PRESENT</u>: Mayor Linda Provencher, Chairman Marshall D. Shupe, Vice-Chair Jane Mealy, Commissioners Kim M. Carney and Stephen M. Settle, City Attorney Andrew Hand, City Manager Bruce C. Campbell and City Clerk Penny Overstreet.

ABSENT: Commissioner Joy McGrew.

- 1. <u>CALL THE MEETING TO ORDER</u>: Chairman Shupe called the meeting to order at 5:30 p.m.
- 2. <u>PLEDGE OF ALLEGIANCE FOLLOWED BY A MOMENT OF SILENCE TO HONOR OUR</u> <u>VETERANS, MEMBERS OF THE ARMED FORCES AND FIRST RESPONDERS</u>: Mayor Provencher led the pledge to the flag.
- 3. PROCLAMATIONS AND AWARDS:
 - a. <u>CERTIFICATE OF RECOGNITION TO THE FLORIDA HOSPITAL FOUNDATION FOR</u> <u>PROVIDING OUR LIFEGUARD MEDICAL SUPPLIES FOR THE 2015 SEASON</u>: Mayor Provencher and Recreation Director Tom Gillin presented a Certificate of Appreciation to Florida Hospital Flagler for their generous donation of medical supplies to the Flagler Beach Lifeguard Program.
- 4. <u>DELETIONS AND CHANGES TO THE AGENDA</u>: None.
- 5. <u>COMMENTS REGARDING ITEMS NOT ON THE AGENDA.</u> <u>CITIZENS ARE ENCOURAGED TO</u> <u>SPEAK.</u> <u>HOWEVER, COMMENTS SHOULD BE LIMITED TO THREE MINUTES</u>: Mary Lou Pape suggested the City pay to resurface the private road belonging to the Ocean Palm South Homeowners Association.

GENERAL BUSINESS

6. <u>CONSIDER OFFER TO PURCHASE PARCEL NO. 12-12-31-4500-00020-0080 FOR APPRISED PRICE AND REDUCE UTILITY EASEMENT TO 10 FEET – JOE KOVACH AND JEANNE MOMMAERTS</u>: Mr. Kovach reported he has had the appraisal done as suggested by the Commission. He would like to purchase the property at the appraised price and have the easement reduced to 10 feet. Mr. Campbell reported he and the City Engineer have visited the site and the 10 foot easement is sufficient for any needs the City may have to access the underground pipes. Chairman Shupe opened public comment. Paul Eik feels the sale of the property will benefit the City. Chairman Shupe closed public comment. Motion by Commissioner Mealy, that we sell to Joe Kovach and Jeanne Mommaerts Parcel No. 12-12-31-45000-00020-0080 for the appraised price of eighteen thousand

dollars and reduce the utility easement to ten feet in in perpetuity. Commissioner Carney seconded the motion. The motion carried unanimously, after a roll call vote.

7. RECEIVE AND UPDATE REPORT FROM THE CHAIRMAN OF THE ALTERNATIVE USE COMMITTEE AND PROVIDE DIRECTION REGARDING: 1.) NEGOTIATING PURCHASE OF THE 2.94 PARCEL; AND 2.) FURTHER INFORMATION TO BE PROVIDED BY INTERESTED ENTITIES AS REQUESTED IN PUBLIC PRIVATE NOTICE - MICHAEL FLANK, CHAIRMAN: Michael Flank Chairman of the Alternative Use Committee reviewed a power point presentation regarding the action the Committee has taken based upon previous direction from the Commission. The Committee recommends an offer to the current owner that is a blend of the valuation from the Property Appraiser and the Cooksey appraisal. Which are 73,500 and 235,000. Commissioner Mealy indicated she would like to receive site plan drawings from the interested parties for the 2.94-acre parcel. Discussion ensued and included deciding on a price to offer for the property, can the course operate successfully without the 2.94-acre parcel, the committee not reaching a consensus for recommendation of a purchase price, and not setting a cap on purchase price for negotiating purposes. Chairman Shupe opened public comment. Dennis Bayer spoke, indicating he is not formally representing the owner, stating his opinion that the property is zoned High Density Residential. The Commission disagreed and stated when the PUD expired the property reverted to its previous zoning designation of Recreation. Rick Belhumeur provided his opinion. Chairman Shupe read an email from Commissioner McGrew into the record, summarizing, the email indicated Commissioner McGrew's suggestion to negotiate the purchase of the 2.94 acres for no more than 250,000 and direct the Committee to schedule interview with the interested parties for operation of the golf course. Chairman Shupe closed public comment. Motion by Commissioner Mealy, that we recommend the City Manager and City Attorney start negotiations to purchase the 2.94 acres in an amount not to exceed 235,000. Commissioner Settle seconded the motion. The motion carried three to one, with Commissioner Carney voting no.

Attorney Hand reported under Item 13 Staff Reports, advising the Commission the motion may create a violation of the Sunshine Law due to the cap on the negotiation price. Attorney Hand reported Attorney General Opinion determined providing individuals with the power to negotiate and discuss contract proposals while given a cap may prevent offers above the cap from being in an official record. Therefore, he recommended the Commission withdraw the motion and offer a new motion without the monetary cap. Commissioner Mealy and Settle withdrew the motion and the second. Motion by Commissioner Carney, that we delegate to the City Manager and City Attorney the purchase negotiation of the 2.94 acres at 3600 S. Central Avenue, with the requirement we hear back from the seller in two-weeks. Commissioner Settle seconded the motion. The motion carried unanimously after a roll call vote.

8. <u>CONSIDER APPOINTMENTS TO THE PERSONNEL ADVISORY REVIEW BOARD – CITY CLERK</u>: City Clerk Overstreet reviewed the item, reporting Mr. Gagnon was out of town on business and is interested in the re-appointment. The Commission called Mr. Whetsell to the podium to report his interest in serving on the Board. Mr. Whetsell feels he would be a neutral member and would bring dimension to the board. The Commission completed the scoring sheets and turned them into the City Clerk for tabulation. City Clerk Overstreet reported Eric Gagnon and Allan Whetsell would fill the two seats on the Personnel Advisory Review Board. The agenda moved to Item No. 10.

COMMISSION COMMENTS

9. <u>COMMISSION COMMENTS, INCLUDING REPORTS FROM MEETINGS ATTENDED</u>: The Elected Officials reported their attendance at meetings, gatherings and events since the last regular meeting. Commissioner Mealy presented a letter to FDOT regarding golf carts being permitted to cross the SR 100 Bridge. The Commission reached a consensus to have staff place the letter on Official letterhead and collect signatures for mailing. The Commission reached a consensus to have the City Manager contact County Administrator Coffey regarding a joint meeting between the Flagler Beach City Commission, Flagler County Board of County Commissioners and Sea Ray to discuss the Future Land Use Map Amendment. The agenda moved to Item No. 13.

MUNICIPALITY/ TRANSPORTATION PLANNING ORGANIZATION FY 2015/2016 FUNDING AGREEMENT

 $\gamma_{i} \rightarrow i$

THIS AGREEMENT, is made and entered into this _____ day of ______ 2015, by and between the **CITY OF FLAGLER BEACH**, a municipal corporation organized and existing under the laws of the State of Florida (hereinafter "CITY"), and the **RIVER TO SEA TRANSPORTATION PLANNING ORGANIZATION** (hereinafter "**R2CTPO**").

WITNESSETH

WHEREAS, the River to Sea Transportation Planning Organization (R2CTPO) is the duly designated and constituted body responsible for carrying out the urban transportation planning and programming process for Volusia County and portions of Flagler County inclusive of the cities of Flagler Beach, Beverly Beach, and portions of Palm Coast and Bunnell; and

WHEREAS, Florida Statutes 339.175; 23 U.S.C 134; and 49 U.S.C. 5303 require that the urbanized area, as a condition to the receipt of federal capital or operating assistance, have a continuing, cooperative, and comprehensive transportation planning process that results in plans and programs consistent with the comprehensively planned development of the urbanized area; and

WHEREAS, metropolitan planning organizations are the lead transportation planning agencies in urban areas throughout the United States; and

WHEREAS, the Moving Ahead for Progress in the 21st Century Act (MAP-21) signed in July 2012 provides metropolitan planning organizations with the authority and responsibility for transportation planning and funding; and

WHEREAS, the quality of life and economic vitality of our community depend on coordinating transportation issues and developing complementary plans and policies; and

WHEREAS, the R2CTPO has the lead role in formulating regional transportation plans and programs and coordinating transportation issues among local entities and the Florida Department of Transportation (FDOT); and

WHEREAS, the CITY desires to enter into this Agreement with the R2CTPO to provide it with funding to support the functions necessary to achieve the R2CTPO's desired role in planning the transportation system;

NOW, THEREFORE, for and in consideration of the mutual covenants and agreements contained herein, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the CITY and the R2CTPO agree as follows:

- 1. **RECITALS.** The CITY and the R2CTPO hereby declare that the recitals set forth above are true and correct and incorporated herein.
- 2. FISCAL YEAR 2015/16 FUNDING. The CITY agrees to allocate \$452.00 to the R2CTPO. Such funds shall be paid to the R2CTPO upon receipt of an invoice from the R2CTPO to the CITY. The payment shall be used for the R2CTPO fiscal year (FY) 2015/16 budget effective July 1, 2015. The funding provided to the R2CTPO by the CITY is equal to \$.10 per capita based on the 2014 BEBR estimates of population within each local governments jurisdiction as provided by the Bureau of Economic and Business Research, University of Florida.
- 3. <u>EFFECTIVE DATE AND TERMS</u>. The effective date of this Agreement is upon execution. The terms of this Agreement shall commence on the effective date and terminate on June 30, 2016.
- 4. **INTERPRETATION**. The headings contained in this Agreement are for reference purposes only and will not in any way affect the meaning or interpretation of this Agreement.

5. <u>MISCELLANEOUS</u>

- a. This Agreement constitutes the entire Agreement between the parties with respect to the specific matters contained herein and supersedes all previous discussions, understandings and agreements, written or oral, between the parties hereto. Any amendments to or waivers of the provisions herein shall be made by the parties in writing. No other agreement, oral or otherwise, regarding the subject matter of this agreement shall be deemed to exist or to bind either party hereto.
- b. If any sentence, phrase, paragraph, provision or portion of this agreement is for any reason held invalid or unconstitutional by any court of competent jurisdiction, such portion shall be deemed an independent provision and such holding shall not affect the validity of the remaining portions hereto.
- c. The parties hereby acknowledge that they have freely and voluntarily entered into this Agreement and that each party has been given the opportunity to receive the

advice of independent legal counsel for all negotiations in connection with this Agreement.

6. **CONTROLLING LAWS**

- a. This Agreement and the provisions contained herein shall be construed, controlled and interpreted according to the laws of the State of Florida, and all duly adopted ordinances, regulations and policies of the CITY now in effect and those hereinafter adopted.
- b. The location for settlement of any and all lawsuits, claims, controversies or disputes, arising out of, or relating to, any part of this Agreement, or any breach thereof, shall be Volusia County, Florida.
- c. The parties to this Agreement agree to comply with all applicable federal, state and local laws, ordinances, rules and regulations pertaining to this Agreement.
- 7. <u>BINDING NATURE OF AGREEMENT</u>. This Agreement shall be binding only between the CITY and the R2CTPO, and inure to the benefit of the successors or assigns of the parties.
- 8. **NOTICES.** All notices, consents, approvals, waivers and deletions which any party shall be required or shall desire to make or give under this Agreement shall be in writing and shall be sufficient only when mailed by certified mail, first class postage affixed, addressed as follows:
 - CITY: City Manager/City Clerk City of Flagler Beach 105 South 2nd Street Flagler, FL 32136
 - R2CTPO: Lois Bollenback, Executive Director River to Sea TPO 2570 W. International Speedway Blvd., Suite 100 Daytona Beach, FL 32114-8145
- 9. <u>AUDIT AND RECORD KEEPING PROCEDURES</u>. The R2CTPO shall maintain accurate public records of all services rendered in the performance of the agreement and shall provide access to such records in accordance with Florida Statutes, Section 119.07(1) (a), which states that the record can be inspected and copied by any person desiring to do so, at

any reasonable time, under reasonable conditions and under supervision by the custodian of the public records. All records shall be maintained according to the State of Florida, *General Records Schedule GS1-SL for State and Local Government Agencies*, issued by the Department of State, State Library and Archives of Florida, in accordance with the statutory provisions of Chapters 119 and 257, Florida Statutes. If any audit, litigation, claim, negotiation or other action involving the records has been started before the expiration of the retention period and disposition of the records, the records shall be retained until the completion of the action and resolution of all issues which arise from.

10. **PROVISIONS NOTWITHSTANDING**. Notwithstanding the provisions set forth above, nothing contained herein shall alter, amend or change those terms and conditions set forth in the bylaws of the River to Sea Transportation Planning Organization.

IN WITNESS WHEREOF, the parties have hereunto executed this Agreement as of the day and year first above written.

City of Flagler Beach AGENDA ITEM # 9 Item Summary and Recommendation

<u>SUBJECT:</u> Grant Opportunity, Residential Construction Mitigation Program

BACKGROUND: Flagler County Emergency Management has secured FEMA grant funds for retrofitting homes that don't meet current FBC <u>wind</u> standards. (This is not a flood protection measure.) Qualifying homes may be able to receive free of charge a new roof, windows, doors, hurricane straps, gable bracing, and other wind mitigation measures. FCEM will secure four grants: one for the county, and one for the three municipalities of Palm Coast, Bunnell, and Flagler Beach. Qualifying is based on age of home, benefit potential, and other factors, with low to moderate income (based on family size) homesteaders receiving preference (see brochure, attached).

RECOMMENDATIONS: Like all grants, there will be a lot of required documentation, inspections, and financial exchanges – all of which are very time consuming. However, the County is willing to take the lead to the extent the municipalities are willing to allow. FCEM is taking responsibility for writing the proposal and submitting it, for the advertising, the hiring of an inspector for determining eligibility of homes, vetting the contractors, etc. Because our City will receive the grant dollars directly, our primary responsibility will be cutting the reimbursement checks. The recommendation is to authorize the County to proceed with this endeavor by asking the mayor to sign form EXHIBIT "B" ACKNOWLEDGMENT and the INTERLOCAL AGREEMENT WITH FCEM.

ATTACHMENTS: Two-page brochure prepared by FCEM to advertise the program; Pages 1-7, Florida Division of Emergency Management RFP; Pages 22-28, Attachment "A" Scope of Work and Budget; Page 29, EXHIBIT "B" ACKNOWLEDGMENT; and INTERLOCAL AGREEMENT WITH FCEM.

INTERLOCAL AGREEMENT BETWEEN THE CITY OF FLAGLER BEACH AND FLAGLER COUNTY FOR THE RESIDENTIAL CONSTRUCTION MITIGATION PROGRAM

This INTERLOCAL AGREEMENT ("Agreement") is made and entered into by and between the CITY OF FLAGLER BEACH, a Florida municipal corporation ("City"), whose address is 105 South 2nd Street, Flagler Beach, FL 32136, and FLAGLER COUNTY, a political subdivision of the State of Florida ("County"), whose address is 1769 East Moody Boulevard, Building 2, Suite 301, Flagler Beach, FL 32110.

WITNESSETH:

WHEREAS, the Parties desire to cooperate in order to provide for the housing needs of their citizens efficiently and in the most cost-effective manner; and

WHEREAS, the Florida Division of Emergency Management (hereinafter, "FDEM") administers mitigation programs designed to reduce or eliminate the impact of hazards, which exist within a community and are a threat to life and property, including the Residential Construction Mitigation Program (hereinafter, "RCMP"); and

WHEREAS, the City needs outside funding assistance for residents in need of residential wind mitigation retrofit improvements, which entail a comprehensive, wind mitigation inspection and analysis of residential structures, as well as retrofitting services based on those findings (hereinafter, "Residential Retrofits"); and

WHEREAS, the City anticipates being the recipient of RCMP funding from FDEM to cover the cost of the Residential Retrofits pursuant to an FDEM State-Funded Grant Agreement, (hereinafter, "RCMP Grant"); and

WHEREAS, the County has an established mitigation planner and qualified staff to manage and administer FDEM mitigation grants, and the City desires to utilize this expertise for its RCMP Grant; and

WHEREAS, the Parties desire to distribute monies available under the RCMP Grant pursuant to this Agreement and to provide for the County's administration of the RCMP Grant; and

WHEREAS, the Parties recognize the Residential Retrofits will provide increased wind resistance to homes, reducing damage, debris, and recovery time for residents and will benefit the communities in which they reside by mitigating against wind hazards; and

WHEREAS, this Agreement is authorized pursuant to the provisions of Chapters 125, 163, and 166, *Florida Statutes*, and other applicable laws.

NOW, THEREFORE, in consideration of the foregoing and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties agree as follows:

SECTION 1. RECITALS. The above recitals are true and correct, and form a material part of this Agreement upon which the Parties have relied.

SECTION 2. ADMINISTRATION OF THE RCMP.

- a. The County shall assist the City in completing the RCMP Grant application. The City will submit the application and procure the grant. If the RCMP Grant is not awarded, this Agreement shall be null and void. If the grant is awarded, the City shall furnish the County with a copy of the executed RCMP Grant.
- b. Upon RCMP Grant award, responsible staff for the City and County shall meet and establish a protocol for administration of the grant. As part of the protocol, the Parties shall establish the responsibilities for producing the documentation that is necessary for the deliverables required by FDEM, including, but not limited to Property Information Sheets, Spreadsheets, Requests for Reimbursement, and the Final Close-Out Package.
- c. As part of the protocol, the County shall identify eligible beneficiaries for the Residential Retrofits under the RCMP Grant. The County's wind mitigation inspector shall conduct an inspection and analysis of eligible homes and identify the scope of work to be completed to achieve the objectives of the RCMP Grant. Based on this analysis, the County will provide the City, for submission to FDEM, the Property Information Sheets as required by the RCMP Grant.
- d. The County shall solicit vendors to complete the Residential Retrofits in accordance with the County's procurement policy. The County shall develop a Scope of Work for each property approved by FDEM based on the retrofit measures identified on the Property Information Sheets. The City shall engage the vendor/s selected by the County to complete the specific Residential Retrofits approved by FDEM in accordance with the RCMP Grant. The City shall be responsible for paying the vendor/s and seeking reimbursement from FDEM pursuant to the RCMP Grant.
- e. The City shall be responsible for monitoring the work of the vendor/s and issuing or obtaining all permits associated with the Residential Retrofits. The City shall ensure the Residential Retrofits are completed in accordance with the standards, regulations, laws, codes, and procedural requirements, whether federal, state or local, which are applicable to, or in any manner affect the completion of the Residential Retrofits; this includes, but is not limited to, all terms, conditions, and project requirements set forth in the RCMP Grant and the associated rules and regulations of the FDEM.
- f. In order to ensure that the RCMP Grant requirements are satisfied and that the City is reimbursed as expeditiously as possible, the City shall forward to the County all backup documentation required to implement the RCMP Grant. The County shall assist the City in producing for execution and submission to FDEM all deliverables and reporting documents required for the City to seek reimbursement of eligible funds expended by the City on the Residential Retrofits under the RCMP Grant.
- g. The City shall reimburse the County for the actual cost of administrative services described above using the Administrative Expenditures portion of the grant funding as identified in Attachment "A" of the RCMP Grant. The City shall draw down the Administrative Expenditures from the RCMP Grant whenever allowed under the Grant and shall utilize the

assistance of the County. Payment to the County is due no later than 30 days following receipt by the City of funds from FDEM for Administrative Expenditures.

SECTION 3. MODIFICATION OF AGREEMENT. This Agreement may only be modified by written agreement of the Parties, adopted with the same formalities as the adoption of this Agreement.

SECTION 4. EFFECTIVE DATE AND TERMINATION OF AGREEMENT. This Agreement shall become effective on the date this Agreement is filed with the Clerk of Courts. Neither of the Parties may unilaterally terminate this Agreement, and both Parties shall remain bound to this Agreement for the term of the RCMP Grant. Time is of the essence in the lawful performance of the duties and obligations contained in this Agreement.

SECTION 5. INTERPRETATION. The language of this Agreement has been agreed to by both Parties to express their mutual intent and no rule of strict construction shall be applied against either Party. The headings contained in this Agreement are for reference purposes only and do not affect in any way the meaning or interpretation of this Agreement.

SECTION 6. LIABILITY AND INDEMNIFICATION.

- a. To the extent permitted by Florida law and without waiving any statutory and constitutional sovereign immunity protections, the City agrees to hold harmless and shall indemnify the County and FDEM from any and all claims and all manner of action and actions, losses, demands, damages, penalties and expenses including reasonable attorney's fees, which may result from, or arise out of the intentional or negligent acts of the members, employees, appointees or agents of the City, while in the performance of this Agreement, subject to applicable law, including Section 768.28, Florida Statutes, regarding governmental agency liability.
- b. Nothing herein shall be deemed a waiver, express or implied, of either Parties' sovereign immunity or an increase in the limits of liability pursuant to Section 768.28, Florida Statutes, regardless of whether any such obligations are based in tort, contract, statute, strict liability, negligence, product liability or otherwise. Further, there are no third party beneficiaries to this Agreement or its liability and indemnification provisions except to FDEM.

SECTION 7. NOTICES. Whenever either Party desires to give notice unto the other, such notice must be in writing, sent by certified United States mail, return receipt requested, addressed to the Party for whom it is intended at the location specified below. The location for giving notice shall remain the same until it shall have been changed by written notice in compliance with the provision of this section. The Parties designate the following as respective locations for giving notice:

CITY OF FLAGLER BEACH:

City Manager POBox 70 105 South 2nd Street Flagler Beach, FL 32136

FLAGLER COUNTY:

Public Safety Emergency Manager Flagler County Emergency Services 1769 East Moody Blvd., Bldg. 3 Flagler Beach, FL 32110 **SECTION 8. SEVERABILITY.** Any provision of this Agreement held by a court of competent jurisdiction to be invalid, illegal, or unenforceable shall be severable and shall not be construed to render the remainder to be invalid, illegal, or unenforceable.

SECTION 9. RECORDATION AND EFECTIVE DATE. After execution, this Agreement shall be forwarded to the County Attorney's Office for recordation with the Clerk of Court in and for Flagler County, Florida.

IN WITNESS WHEROF, the duly authorized officials of the Parties have made and executed this Agreement on the respective dates indicated below.

Tara Walters 2555 Shumard Oak Blvd. Tallahassee, Florida 32399-2100 <u>Tara.Walters@em.myflorida.com</u> Phone #: (850) 410-1391 Fax #: (850) 488-7842

1) <u>BACKGROUND</u>

In 1999, the Florida Legislature passed the Bill Williams Residential Safety and Preparedness Act. Codified as section 215.559, Florida Statutes, this legislation created the Hurricane Loss Mitigation Program ("HLMP").

In order to fund the HLMP, the Legislature appropriates at least \$10 million annually from the Florida Hurricane Catastrophe Fund to the Florida Division of Emergency Management ("Division"). Of that \$10 million, the Division can expend \$3.5 million in order to:

- a) Fund programs that "improve the wind resistance of residences and mobile homes...";
- b) Educate "persons concerning the Florida Building Code cooperative programs..."; and,
- c) Undertake "other efforts to prevent or reduce losses or reduce the cost of rebuilding after a disaster."

In accordance with section 215.559(5), Florida Statutes, funds appropriated by the Legislature to the Division for HLMP purposes "are intended to supplement, not supplant, the [D]ivision's other funding sources." Thus, HLMP projects should not duplicate existing mitigation programs administered by the Division.

As required by section 215.559(4), Florida Statutes, the Division implemented the HLMP in consultation with an advisory council. Based upon that consultation, the Division developed the Residential Construction Mitigation Program ("RCMP"). A component of the HLMP, the RCMP provides grant funding to governmental entities, nonprofit organizations, and qualified for-profit organizations as a means to improve the resiliency of residential structures within their communities. Mitigation retrofit improvements currently authorized for the RCMP include:

- a) Replacement of roof sheathing;
- b) Replacement of roof covering;
- c) Strengthening of roof deck attachment;
- d) Installation of secondary water barrier;
- e) Installation of hurricane straps;
- f) Installation of window and door opening protection;
- g) Installation of hurricane resistant windows and doors;
- h) Brace bottom chord gable end; and,
- i) Anchoring of wall or floor units to the foundation.

Ultimately, HLMP provides a mechanism for the Division to use moneys from the Hurricane Catastrophe Fund in order to protect against damage to property caused by disasters; by reducing the exposure of insured property in the State of Florida, the HLMP thereby reduces the exposure of the Hurricane Catastrophe Fund (and therefore, the exposure of Florida's taxpayers).

2) <u>SOLICITATION</u>

Through this Request for Proposals ("RFP"), the Division solicits written proposals from responsible and responsive Proposers who seek to perform mitigation retrofit improvements to residential properties. In order to qualify for an award, the proposed mitigation retrofit improvements must reduce losses or reduce the cost of rebuilding after a disaster. Additionally, Proposers must target residential properties that are not in compliance with the current edition of the Florida Building Code ("FBC").

When determining the effectiveness of a particular retrofit improvement, the Division will focus on the amount of reduction in risk exposure associated with the mitigation of a residential property, not the age of that property. Nonetheless, the Division encourages Proposers to target residential properties that fail to comply with the 2001 edition of the FBC as retrofit improvements to those properties may yield the greatest savings for the Hurricane Catastrophe Fund.

3) <u>PROPOSERS</u>

For the purpose of this document, the term "Proposer" means the prime Recipient acting on its own behalf and those individuals, partnerships, firms, or corporations comprising the Proposer's team. The term "proposal" means the complete response of the Proposer to the RFP, including properly completed forms and supporting documentation. After the award, said Proposer will be referred to as the "Recipient".

4) <u>ELIGIBLE PROPOSERS</u>

Grant funds awarded under the RCMP qualify as state financial assistance under the Florida Single Audit Act. See Section 215.971, Florida Statutes. The Catalog of State Financial Assistance number (CSFA#) for RCMP is 31.066.

Because the Legislature provides the Division with RCMP funds through the grants and aid appropriation category, eligible proposers under this RFP include governmental entities, nonprofit organizations, and qualified for-profit organizations; individual homeowners are ineligible to apply. The following statutory sections provide additional guidance:

a) **Grants and aid.** In order to qualify for an award of a State-Funded Grant Agreement under the "grants and aid" appropriation category, a Recipient must be either a unit of government or nonstate entity. *See* Section 216.011(1)(r), Florida Statutes.

- b) **Nonstate entity.** As defined by section 215.97(2)(m), Florida Statutes, nonstate entity "means a local governmental entity, nonprofit organization, or for-profit organization that receives state financial assistance."
 - 1. Local governmental entity. As defined by section 215.97(2)(j), Florida Statutes, local governmental entity "means a county as a whole, municipality, or special district or any other entity excluding a district school board, charter school, Florida College System institution, or public university, however styled, which independently exercises any type of governmental function within the state."
 - 2. **Nonprofit organization.** As defined by section 215.97(2)(I), Florida Statutes, nonprofit organization "means any corporation, trust, association, cooperative, or other organization that:
 - a. Is operated primarily for scientific, educational service, charitable, or similar purpose in the public interest.
 - b. Is not organized primarily for profit
 - c. Uses net proceeds to maintain, improve, or expand the operations of the organization.
 - d. Has no part of its income or profit distributable to its members, directors, or officers.
 - 3. **For-profit organization.** As defined by section 215.97(2)(g), Florida Statues, for-profit organization "means any organization or sole proprietor that is not a governmental entity or a nonprofit organization."

5) <u>RESPONSIBILITY</u>

In order to qualify as a responsible vendor as that term is defined by section 287.012(25), Florida Statutes, a proposer must demonstrate the capability in all respects to fully perform the contract requirements and the integrity and reliability that will assure good faith performance.

6) <u>PROPOSALS</u>

Applicants may submit one (1) proposal for a maximum award amount of \$194,000. Subcontractors may appear in more than one proposal. Sections 30 through 33 of this RFP provide additional guidance on proposal requirements.

7) <u>RESPONSIVENESS</u>

- a) **Vendor**. In order to qualify as a responsive vendor as that term is defined by section 287.012(27), Florida Statutes, a Proposer must submit a proposal that conforms in all material respects to this solicitation.
- b) **Proposal**. In order to qualify as a responsive proposal as that term is defined by section 287.012(26), Florida Statutes, a proposal must conform in all material respects to this solicitation.

- 1. The Division shall not consider any proposal that contains a material deviation from the terms of this solicitation. However, the Division reserves the right to consider a proposal that contains a minor deviation or irregularity so long as that minor deviation or irregularity does not provide a competitive advantage over the other proposers.
- 2. The Division shall not permit a vendor to amend a proposal after the due date for submissions even if to correct a deviation or irregularity.
- 3. Proposals shall not be considered if not received by the Division on or before the date and time specified as the due date for submission.
- 4. All proposals must be typed or printed in ink.
- 5. A proposal may fail to qualify as responsive by reasons that include, but are not limited to:
 - a. Failure to include a material form or addendum;
 - b. Failure to include material information;
 - c. Modification of the proposal specifications;
 - d. Submission of conditional proposals or incomplete proposals; and,
 - e. Submission of indefinite or ambiguous proposals.
- 6. Other conditions which may cause rejections of proposals include but are not limited to:
 - a. Submission of more than one proposal from the same vendor;
 - b. Evidence of collusion among proposers;
 - c. Obvious lack of experience or expertise to perform the required work;
 - d. Failure to perform or meet financial obligations on previous contracts or grant agreements; and,
 - e. Inclusion on the United States Comptroller General's List of Ineligible Contractors for Federally Financed or Assisted Projects.

8) <u>SELECTION CRITERIA</u>

<u>،</u> ،

The Division will analyze each proposal by utilizing the source selection criteria outlined in Section 42 of this RFP.

9) <u>AWARDS</u>

The Division intends to award State-Funded Grant Agreements to the responsive and responsible Proposers whose proposals are determined to be the most advantageous to the Division. After awards, said Proposers will be referred to as the "Recipient". Awards will be offered to the Proposer with the overall highest average score, then to the Proposer with the next highest average score, and so on, until all funds have been offered or all eligible proposals have been funded. Partial funding may be offered to Proposers in order to expend all available money.

The Notice of Intent to Award will be announced and posted on the Vendor Bid System at: <u>http://vbs.dms.state.fl.us/vbs/main menu</u> after final evaluation and totaling of scores at the Selection Committee meeting specified in the Schedule of Events (See Introduction Section 2, Schedule of Events). If the Division is confronted with identical scoring from multiple vendors, the Division shall determine the order of award in accordance with Rule 60A-1.011 Florida Administrative Code.

10) PERIOD OF PERFORMANCE

The Division anticipates that the period of performance will begin on date of final execution of the Agreement by the Division and be effective through August 30, 2016.

11) PROPERTY IDENTIFICATION

After the execution of a State-Funded Grant Agreement, the Recipient shall conduct an inspection of residential properties and identify a group of properties eligible for mitigation retrofit improvements. The Recipient shall submit a list of those properties to the Division within four (4) weeks of the posted Notice of Intent To Award on the MyFloridaMarketPlace ("MFMP") Vendor Bid System. The Recipient shall submit property information and the estimated mitigation costs on a 2016 Property Information Spreadsheet (PIS) provided by the Division at the time of Award. Color photographs of the structures are required with the submission of the PIS. The Recipient may identify additional properties over the course of the fiscal year until all awarded funds are expended. Finally, the Division does not require Proposers to identify a group of properties prior to submission of a proposal.

12) BENEFIT-COST ANALYSIS

The Division will conduct a benefit-cost analysis (BCA) for each of the submitted properties to determine if the mitigation retrofits are cost-effective. The BCA results in a numerical ratio expression of the cost-effectiveness of a mitigation project and is calculated as: total project mitigation benefits divided by total project mitigation costs. A property with a BCA ratio of one (1) or greater has more benefits than costs and is therefore considered cost-effective. Some of the submitted properties may receive a BCA ratio of less than one (1). However, if the combined BCA ratio for the submitted group of properties is equal to one (1) or greater the group of properties may be approved. Specific properties may be added or withdrawn if necessary in order to achieve a combined BCA of one (1) or greater.

13) <u>SCHEDULE OF EVENTS</u>

Provided below is a list of critical dates and actions. These dates are subject to change. Notice of changes (addenda) will be posted on the MFMP Vendor Bid System at <u>www.myflorida.com</u> (click on "BUSINESS", then click on "Doing Business with the State", under "Everything for Vendors and Customers", click on "Vendor Bid System (VBS)", click on "Search Advertisements") under this RFP number. It is the responsibility of all potential proposers to monitor this site for any changing information.

14) <u>CONTACT PROVISION</u>

As required by section 287.057(23), Florida Statutes, the Division highlights the following provision:

Respondents to this solicitation or persons acting on their behalf may not contact, between the release of the solicitation and the end of the 72-hour period following the agency posting the notice of intended award, excluding Saturdays, Sundays, and state holidays, any employee or officer of the executive or legislative branch concerning any aspect of this solicitation, except in writing to the procurement officer or as provided in the solicitation

ATTACHMENT "A"

SCOPE OF WORK AND BUDGET

The Recipient will provide residential mitigation retrofit improvements as identified in RFP-DEM-14-15-043 on as many qualified, residential structures as possible during the period of performance of this Agreement and within the award amount. The Division of Emergency Management's (Division) Property Information Spreadsheet will be the controlling document that monitors expenditures for the approved mitigation properties.

All residential structures shall be located in the geographical boundaries of the State of Florida and be approved by the Division. The Recipient shall focus on a comprehensive approach that ties together all aspects of mitigation.

The Recipient shall be responsible for the implementation, management, coordination, and facilitation of all aspects related to the mitigation retrofit projects approved under this RFP.

After the execution of a State-Funded Grant Agreement, the Recipient shall conduct an inspection of residential properties and identify a group of properties eligible for mitigation retrofit improvements. The Recipient shall submit a list of those properties to the Division within four (4) weeks of the posted Notice of Intent To Award on the MyFloridaMarketPlace ("MFMP") Vendor Bid System. The Recipient shall submit property information and the estimated mitigation costs on a 2016 Property Information Spreadsheet (PIS) provided by the Division at the time of Award. Color photographs of the structures are required with the submission of the PIS. The Recipient may identify additional properties over the course of the fiscal year until all awarded funds are expended.

Authorized mitigation retrofit improvements include:

- a) Replacement of roof sheathing;
- b) Replacement of roof covering;
- c) Strengthening of roof deck attachment;
- d) Installation of secondary water barrier;
- e) Installation of hurricane straps;
- f) Installation of window and door opening protection;
- g) Installation of hurricane resistant windows and doors;
- h) Brace bottom chord gable end; and,
- i) Anchoring of wall or floor units to the foundation.

Where a systemic approach cannot be implemented, this must be clearly justified (i.e., structure has already been partially mitigated or structure does not otherwise require certain measures). All awarded funds must be directly related to mitigation improvements.

The Division will conduct a benefit-cost analysis (BCA) for each of the submitted properties to determine if the mitigation retrofits are cost-effective. The BCA results in a numerical ratio expression of the cost-effectiveness of a mitigation project and is calculated as: total project mitigation benefits divided by total project mitigation costs. A property with a BCA ratio of one (1) or greater has more benefits than costs and is therefore considered cost-effective. Some of the submitted properties may receive a BCA ratio of less than one (1). However, if the combined BCA ratio for the submitted group of properties is equal to one (1) or greater the group of properties may be approved. Specific properties may be added or withdrawn if necessary in order to achieve a combined BCA of one (1) or greater.

No construction shall be started prior to the Division's approval of the mitigation improvements.

Task 1 (Identification and inspection): The Recipient shall identify residential structures for possible mitigation improvements. Then, the Recipient shall conduct a comprehensive mitigation inspection of all identified structures. Prior to inspection, a list of mitigation features to reduce the insurance premium should be optioned from the homeowner's insurance company. The mitigation inspection shall be performed by a state certified mitigation inspector or local building inspector official. The inspector shall identify any previous mitigation improvements as well as any mitigation deficiencies. Additionally, the inspector shall opine whether the residential structure can be retrofitted to effectively improve resistance to damage.

Task 2 (Submission of identified properties): The Recipient shall submit to the Division a Property Information Spreadsheet (PIS) for each residential property identified for possible mitigation retrofits. The Recipient will provide all the requested information for each residential structure, to include color photographs. The electronic PIS will be provided to the Recipient by the Division and should not be altered in anyway. As part of the submission, the Recipient shall identify whether:

- a) the residence is a site built residence;
- b) any unpermitted work has occurred at the residence;
- c) the residence is the primary residence of the homeowner, and,
- d) any outstanding liens or judgments are attached to the residence or its underlying property.

Task 3 (Scope of work development): The Recipient shall develop a Scope of Work (SOW) for each property approved by the Division. The SOW shall be based on all the mitigation retrofit measures identified on the Property Information Spreadsheet and approved by the Division. If required by the local building official, certified drawings will be developed for mitigation improvements and approved by a State of Florida Registered Professional Engineer or Florida Registered Architect as required. The Recipient shall select a Qualified, Licensed Florida Contractor in accordance with the Recipient's procurement policy to complete the SOW for each Division approved residential structure.

Task 4 (Construction): Upon completion and approval of Tasks 1 through 3, the construction phase shall commence. The Recipient or its Subcontractors shall complete all mitigation retrofit

measures as approved by the Division and identified on the Property Information Sheet. The minimum level of required service includes, but is not limited to the completion of all or some of the mitigation retrofit measures identified the PIS. All construction work shall be completed by a Qualified and Licensed, Florida Contractor.

Task 5 (Final inspection): Upon completion of the mitigation retrofit improvements, a post inspection must be performed by the Recipient and a licensed building official/inspector to ensure that all scope of work items are properly completed in compliance with issued building permits, as well as, any and all applicable Florida Building Codes, local building codes, industry standards and Manufacturer's Specifications.

Requests for reimbursement: During the course of the Fiscal Year, the Recipient is required to submit, at a minimum quarterly, Request For Reimbursements (RFR). The recipient is required to submit a quarterly report on the progress of the overall project. Documentation is required to support each RFR, Examples of supporting documentation are provided below for both construction expenses and administrative expenses. In some cases, all the mitigation retrofit improvements may not be fully completed; however, a partial reimbursement request may be submitted. Additional documentation in the form of an Affidavit signed by the project manager attesting to the completion of the work identified in RFR is required.

Construction expenses: The Recipient will pre-audit bills, invoices, and/or charges submitted by the subcontractors and pay the subcontractors for approved bills, invoices, and/or charges. Recipient will submit Reimbursement Requests (Attachment D) to the Division with copies of Subcontractor's bills, invoices, and/or charges and Proof-of-Payment by the Recipient in the form of cancelled checks, payroll records, electronic payment verification, etc. The Recipient shall ensure that the Contractor's Invoice clearly identifies each mitigation item installed.

Administrative expenses: The Recipient shall provide source documentation such as payroll records, project time sheets, attendance logs, etc. Documentation shall be detailed information describing tasks performed, hours devoted to each task, and the hourly rate charged for each hour including enough information to calculate the hourly rates based on payroll records. Employee benefits must be clearly shown.

DELIVERABLES:

Deliverable 1 (Identification and inspection; submission of identified properties): Based on the work described in Tasks 1 and 2, the Recipient shall submit, in an electronic format, the completed Initial Property Information Spreadsheet (PIS). All the requested information identified by the PIS is required and shall be provided, including multiple color photographs provided in digital format. The color photographs may be sent by email, one structure per email, or via the Division's File Transfer Protocol (FTP) site. The RCMP Project Number and property owner name must be in the subject line of an email. In the FTP method, each property shall be in a separate file. The file names need to be short but identifiable. File names such as last name and address number (jones1234), or recipient's tracking number on the PIS. Approval of individual properties will be based on a combined BCA ratio.

Due Date: Initial PIS is due within thirty (30) days of the final contract execution date. Recipient requested addition or deletion of properties is due by April 15, 2016.

Reimbursement: Provided the expenses do not exceed the amounts authorized by this Agreement, the Division will reimburse the Recipient for the Administrative expenses and Construction Expenses associated with property identification, plan development, completion, and submission of the initial Division's Property Information Spreadsheet (PIS).

Deliverable 2 (Scope of work development): Based on the work described in Task 3, the Recipient shall submit, in an electronic format, a spreadsheet that contains the following information:

- a) Recipient Name and RCMP Project Number;
- b) Date of Report;

3

- c) Property Owner's Name;
- d) Selected Contractor's Name and date of Contractor selection for each mitigation measure; and,
- e) Florida Product Approval Code for each mitigation product to be installed.

Due Date: Within fourteen days of Contractor selection.

Reimbursement: Provided the expenses do not exceed the amounts authorized by this Agreement, the Division will reimburse the Recipient for the Administrative Expenses associated with each approved Property's SOW, bidding process, or Contractor selection and creation of detailed spreadsheet.

Deliverable 3 (Construction): Based on the work described in Task 4, the Recipient shall provide a Request For Reimbursement (RFR) Package that includes the following information:

- a) Recipient's Invoice, to include;
 - 1. Start Date of Work Period (start of invoice period);
 - 2. End Date of Work Period (end of invoice period);
 - 3. Description of Work Performed; and,
 - 4. Payment amount requested for reimbursement.
- b) Request for Reimbursement; (Attachment D)
 - 1. Signed and dated Summary Page with relevant Detail Pages;
 - 2. Sub-Contractor's Invoice:
 - a. Sub-Contractor Name;
 - b. Property owner name and address;

- c. Date work performed;
- d. Exact mitigation measure completed; and,
- e. Amount requested for each mitigation measure,
- 3. Copies of Canceled Checks or Electronic Funds Payment Verification;
- 4. Quarterly Report; and,
- 5. Affidavit of Partial Competition (if applicable).

Due Date: Deliverable 3, is due on a regular basis, but shall be submitted at least quarterly, starting with the first quarter after the final Agreement execution date and every quarter thereafter. It shall include the quarterly report. The quarterly submission is due 10 days after the close of the quarter.

Reimbursement: Provided the expenses do not exceed the amounts authorized by this Agreement, the Division will reimburse the Recipient for the Administrative Expenses and Construction Expenses associated with all the mitigation retrofit improvements. The mitigation retrofit improvements may not be fully completed; however, a partial reimbursement request may be submitted. The "Final Reimbursement Request" must be submitted by July 15, 2016.

Deliverable 4 (Final inspection): Based on the work described in Task 5, the Recipient shall provide a Final Close-Out Package CD to include the following:

- a) Request For Final Inspection on agency/company letter head identifying the RCMP Project number, contract number and must include the following statements:
 - 1. The project is 100% complete;
 - 2. Scope of Work for each residential structure has been completed; and,
 - 3. All relevant building Codes and Standards have been satisfied.
- b) A CD or other digital media that contains electronic folders for each individual property. The folders must have PDF formatted documents for each of the following:
 - 1. Approved PIS;
 - 2. Scope of Work;
 - 3. Color Photographs, in digital format, documenting mitigation work (pre and post);
 - 4. Building Permit;
 - 5. Post Inspection Reports/Certificates of Completion for each Residential Structure;

- 6. Florida Approved Product Code, Notice of Acceptance/Product Approvals; and,
- 7. Lien Waivers.
- c) An Electronic Spreadsheet to include;
 - 1. Homeowner's Name;
 - 2. Homeowner's Address;
 - 3. Pre and Post Inspection Dates;
 - 4. Retrofit Measures Completed;
 - 5. Retrofit Cost; and,
 - 6. Homeowner's Insurance Company and Policy Number (When Available).

Due Date: On or before May 15, 2016

Reimbursement: Provided the expenses do not exceed the amounts authorized by this Agreement, the Division will reimburse the Recipient for the Administrative Expenses and Construction Expenses associated with Final Closeout preparation, final inspections, and any additional mitigation performed as required by final inspection. The "**Final Reimbursement Request**" must be submitted by July 15, 2016.

<u>Financial Consequences:</u> If the recipient fails to comply with any term of the award, the Division shall take one or more of the following actions, as appropriate in the circumstances:

- a) Temporarily withhold cash payments pending correction of the deficiency by the recipient;
- b) Disallow all or part of the cost of the activity or action not in compliance;
- c) Wholly or partly suspend or terminate the current award for the recipient;
- d) Withhold further awards for the program; or,
- e) Take other remedies that may be legally available.

<u>BUDGET</u>: The Budget is designed to account for RCMP Awarded Funds. Each invoice and request for reimbursement should clearly identify the amount of RCMP funds requested and provide supporting documentation.

City of Flagler Beach AGENDA ITEM # 10 Item Summary and Recommendation

SUBJECT: Consider a proposal to drill a test well near Well No. 12 to investigate water quality to determine the feasibility of drilling another well on the same easement. Connect Consulting, Inc. has submitted a proposal to perform the work. The Commission approved a "piggy back" contract with this vendor on June 25, 2015 under a renewed Palm Coast contract. The estimate to complete this work is \$35,600.

BACKGROUND: Connect Consulting, Inc. has been working with the City to investigate problems with Well #11, which was recently upgraded, and Well #10, which was done in 2012. Our operators at the Water Treatment Plant discovered turbidity problems soon after Well #12 went on line and had to be abandoned. If this effort is successful we have the potential to drill another well to supply our short term needs. This will allow us to have four wells on line and blend the production from our existing wells without stressing the aquifer and allow for recharging. The original existing pump and associated equipment can be re-used at the well site. The City has been negotiating with the developer, JTL Grand Landings Development, LLC for three new well site easements and submitted a document for their review. To date, we've not had a response to our proposal.

<u>RECOMMENDATIONS:</u> Recommend approval.

<u>ATTACHMENTS:</u> Connect Consulting Proposal dated June 8, 2015

SUBMITTED BY: Robert Smith DATE: July 14, 2015

Staff Comments:

City Manager: Please note this proposal is for a test well only. If the test well proves successful (i.e. good water) we will then recommend drilling a new well at an estimated cost of \$135,000 at the location of this test well (savings of approximately \$25,000 by reusing existing motors, pump and controls).

Even though three wells will more than supply our capacity needs – "everyone is dipping their straw" into the aquifer in this site area – which is compounding our water quality issue. We therefore should strive to have four good wells on line which matches our current consumptive use permit.

Headquarters 19505 NW 184th Terrace High Springs. FL 32643 Office: 386.462.0781 Fax: 386.462.0059 Cell: 561.248.6778 Email: geichler@ix.netcom.com

June 8, 2015

Mr. Bob Smith Public Works Director City of Flagler Beach P.O. Box 70 Flagler Beach, Florida 32136

Proposal: FB 12 Test Well Investigation

Dear Mr. Smith:

Connect Consulting, Inc. (CCI) is pleased to submit our proposal to conduct an investigation near the abandoned Public Water Supply (PWS) well referred to as FB-12 (see **Figures 1 & 2** for location). Well FB-12 was one of four (4) PWS wells that were constructed by others in 2009. FB 12 was abandoned shortly after construction due to a casing seal failure. The well site is still owned by the City of Flagler Beach (City).

Background

The City operates an Upper Floridan aquifer (UFA) well field which consists of three (3) wells permitted under CUP No. 59. The CUP, issued by the SJRWMD allows for the annual average daily withdrawal of 0.912 million gallons per day (MGD) from this well field. The City intends to add a fourth well, FB-14, to their UFA well field to provide operational flexibility to the membrane water treatment plant (WTP). Currently, the City's utility consultant, Quentin L. Hampton & Associates (QLHA) is in the process of securing property to construct a new well to be known as FB 14.

Historically, the City has developed its water supply from the UFA, from a series of wells that have now been plugged and abandoned (Wells FB 1-9) in 2011. These wells began to experience water quality degradation based in part to their construction and in part due to conditions related to the local hydrogeology. These older wells had well construction issues associated with casing seal failures and or leaks due to the method of construction (cable tool with no cement seal). Further, it is now known that water quality in the UFA degrades with both depth and to the north, with a rough line of degradation starting at ~State Road (SR) 100. The best chance for good water quality in Flagler County is to:

- 1. Set casings into the very top of the UFA, which is marked by the occurrence of a very hard Chert stratum that occurs right above the limestone of the Ocala Formation, and;
- 2. Locate the wells as far south of SR 100 as possible, and;
- 3. Keep the well depth under 250 feet, and;
- 4. Maintain a pumping rate at or below 350 gallons and per minute (GPM), and:

5. Maintain a pumped water level at an elevation of + 1-foot above mean sea level, (MSL).

While the well location at FB 12 is not ideal relative to water quality degradation concerns, it may be suitable for a properly designed and constructed PWS well especially if the pumping rate can be held to +/-150 GPM.

The purpose of this project is construct a 4-inch test well, cased into the very top of the UFA and conduct an investigation to determine if this site could be used for a standby or back up well site to the existing UFA well field. For reference, **Table 1** lists the well construction details for the existing and proposed Flagler Beach wells:

Well No.	DID No.	Rate (GPM)	Diameter (in)	Casing Depth (ft.)	Total Depth (ft.)	Status
FB-10	34525	500	12/8	115/125	254	Active
FB-11	34526	500	12/8	127/137	205	Active
FB-12	34527	500	12	110	180	Abandoned
FB-13	39450	500	12	203	180	Active
<u>FB-14</u>	TBD	TBD	12	205	TBD	Proposed

Table 1- Flagler Beach CUP-Approved and Proposed Wells

Notes:

1. Wells FB-1 thru FB-9 have been abandoned

2. FB 10 & FB 11 have been modified to correct casing seal failures, by installing 8-inch sleeve/liners

inside the original 12-inch casing shown as 12/8 creating a new casing depth shown as 115/125 3. TBD = To Be Determined

Scope of Work/Approach

FB-12 Test Well Investigation

The approach to this project has been subdivided into four (4) tasks as listed below.

Task 1- Permitting, Site Preparation and Mobilization

- A. Apply for and secure a Well Construction Permit from the Flagler County Health Department (FCHC).
- B. Prepare the well site by completing limited clearing and grading. Figures 1 & 2 illustrates a vicinity map and a well site location map for FB-12.
- C. Mobilize a drill rig to well site capable of drilling to the target total depth of 200 feet using acombination of mud rotary(unconsoltaed sand shell and clayformatiosn) and reverse air rotary drilling method(open hole, limestone).

Task 2 – Well Construction

A. Drill a nominal 4-inch pilot hole from land surface to the top of the limestone estimated at 110 feet-below land surface (BLS) by the direct circulation mud rotary drilling method. It is important to note that critical decisions regarding well construction will be made in the field, by the on-site Hydrogeologist, based on actual site-specific geologic and hydrogeologic conditions, particularly with regards to the casing set point and the total depth of the well.

- B. Collect geologic formation samples every 10 feet during drilling for identification by the Hydrogeologist. Store samples on-site in appropriate sample bags labeled with the date, depth & well ID.
- C. Once the top of limestone has been confined, ream the pilot hole to a diameter of 10-inches.
- D. Set and cement ~110 feet of 5-inch Sch. 40 PVC casing, w/ centralizers. The cementing will be accomplished by the Halliburton method, w/ the cement line inside the PVC casing and pressure grouted from the bottom. Grout will be neat Portland Type I/II cement w/ 4-6% bentonite.
- E. After the cement has cured for at least 8-hours, the drill rig will be converted from mud rotary to reverse air rotary drilling. Drill out the cement plug than advance a nominal 5-inch borehole to ~200 feet-BLS by reverse air rotary.
- F. Collect geologic formation and water quality samples during reverse air drilling for identification by the Hydrogeologist every 10-feet.Water quality samples will be analyzed in the field for:
 - a. Temperature
 - b. Conductivity
 - c. Total Dissolved Solids
 - d. Chlorides
 - e. Sulfate
 - f. pH
 - g. Temperature
- G. Develop the well clear.

Task 3- Testing and Well Completion

- A. Install a test pump capable of pumping at a rate of 150 GPM.
- B. Conduct static and pumped geophysical logs/TV survey, including:
 - a. Static Gamma ray
 - b. Static caliper
 - c. Static electric(SP & long and Short normal)
 - d. Static fluid resistivity
 - e. Static fluid temperature
 - f. Static fluid velocity
 - g. Static TV Survey
 - h. Pumped fluid resistivity
 - i. Pumped fluid temperature
 - j. Pumped fluid velocity
 - k. Pumped TV Survey
- C. Conduct a three (3) step-drawdown pumping test at the following pumping rates:
 - a. Step 1- 50 GPM
 - b. Step 2- 100 GPM
 - c. Step 3- 150 GPM
- D. Collect a water sample for analysis by the City's contract environmental laboratory for Primary & Secondary Drinking Water Standards (note: the cost of analysis is not included in this proposal).
- E. Disinfect and equip the well with a 2'x2'x2" concrete pad and locking protective box.
- F. De-mobilize and clean-up the site.

Task 4- Reporting

- A. Provide routine updates on progress.
- B. Complete and submit a Well Completion Report to the FCHD.
- C. Prepare a final report on the drilling and testing of the test well at FB-12, including recommendations on the viability of developing a full-size PWS well at this site.

Team

Our proposed team consists of the following:

- 1. Professional Hydrogeologic Services- Connect Consulting, Inc. Gary E. Eichler, P.G., David S. Robertson, P.G. and Thomas Freeman
- 2. Well Construction Services- Freeman Well Drillers, Inc. George Freeman, Lic. No. 2737
- 3. Geophysical logging/TV Services- Advanced Borehole Services, Inc.

Schedule

The project start date will be determined depending on the issuance of a purchase order. Task 1 will include applying for a well construction permit from the FCHD. Based on this assumed schedule, the completion of the test well and report should take approximately 13 weeks, as shown in **Table 2**.

Tasks	Duration (weeks)	Cumulative (weeks)
1	2	2
2	4	6
3	2	8
4	3	13
Total		13 Weeks

Table 2- Schedule

Cost of Services

This project is planned as a task effort which includes subtasks as appropriate. Task 1 will consist of planning, design, permitting, site preparation and mobilization. Task 2 will include the construction and testing of a 5-inch test well at the FB 12 location and Task 3 will include testing of the well. Task 4 will include reporting and documentation for this effort. The costs associated with each of the four (4) tasks are presented in **Table 3** based on the scope of work/approach described above is **\$35,600**. CCI will hold this price for one (1) year from the date of this proposal.

Table 3 Cost Summary

Tasks	Hydrogeolog F	gic Service Fixed Fee	² S ¹	Subcontractor Services² Fixed Fee	_
	Hours	Labor Rate (\$)	Labor Subtotals (\$)	Outside Expense (\$)	Totals (\$)
Task 1- Planning, Design, Permitting, Site Preparation and Mobilization	20	120	2,400	2,000	4,400
Task 2- Construction of 5-inch Test Well	40	120	4,800	17,000	21,800
Task 3- Testing and Well Completion	20	120	2,400	4,600	7,000
Task 4- Reporting	20	120	2,400		2,400
Grand Totals	100		12,000	23,600	<u>\$35,600</u>

Let me know if you have any questions or concerns.

Sincerely,

CONNECT CONSULTING, INC.

City of Flagler Beach

Agenda Application

INDIVIDUAL'S NAME: Commissioner Steve Settle

STREET ADDRESS: 279 Ocean Palm Drive, Flagler Beach, Florida 32136

PHONE NUMBER: 386-439-6896

SUBJECT MATTER TO BE DISCUSSED WITH THE COMMISSION:

Request by the Flagler Beach City Commission for clarification and additional explanation of the Real Estate Appraisal report concerning a 2.94-acre portion of the former Ocean Palm Golf Course dates June 10, 2015

BACKGROUND INFORMATION REGARDING THE SUBJECT:

It will be asserted that this report is based upon inappropriate or incorrect assumptions and therefore, should not be permitted to stand as currently appears without modification by written documents executed by both parties, as specifically detailed in the aforementioned report section titled "limiting conditions and assumptions." To ensure the appraisal is consistent with existing conditions and based on accurate assumptions, additional clarification and explanation of methodology is requested.

REQUESTED ACTION SOUGHT FROM THE COMMISSION:

Specific instructions to be issued to staff to initiate the demand for written clarification and additional explanation of the aforementioned report.

Submitted Electronically	July 14, 2015

Subject matter to be discussed with the commission

Background information regarding the subject

439-4811 *Field not completed.* 315 Lambert Avenue *Field not completed.* Flagler Beach FL 32136

Develop and submit a State challenge to Flagler County's anticipated adoption of Application #2972 - Future Land Use Map Amendment from Residential Low Density Single Family and Conservation to Commercial High Intensity for approximately 24.4 acres; being Parcel Number 02-1-31-0000-01010-0140 (523 acres and Parcel Number 02-12-31-0000-01010-0150 (1838 acres); owner: Daryl Carter, Trustee of Carter-Flagler Roberts Road Land Trust; Applicant: Sydney F. Amsbacher, Brunswick Corporation and Sea Ray Boats, Inc. As per the Flagler County staff report prepared or the July 14, 2015 Flagler County Planning and Development Board meeting, Flagler County anticipates adoption by the Board of County Commissioners of Application #2972 on July 20, 2015.

At its February 10, 2015 meeting, the Flagler County Planning and Development Board voted unanimously to recommend denial of the FLUM transmittal to the State. In spite of that recmmendation, during its March 16, 2015 meeting, the FCBoCC voted in favor of the transmittal. On February 12, 2015, the City Commission of the City of Flagler Beach passed, by a 4-1 vote, a resolution opposing the FLUM amendment change. At this point, the only recourse or the COFB is to submit a formal challenge to those amendments to the State. Requested Action sought from the commission

Direct the City Manager to require staff to develop a formal challenge with the State to the above-mentioned FLUM and comprehensive Plan amendments.

RESOLUTION 2015-04

A RESOLUTION BY THE CITY COMMISSION OF THE CITY OF FLAGLER BEACH, FLORIDA, STATING THE CITY OF FLAGLER BEACH'S OPPOSITION TO THE FLAGLER COUNTY FUTURE LAND USE MAP AMENDMENT APPLICATION #2972 AND FLAGLER COUNTY ZONING MAP AMENDMENT APPLICATION #2973 AND STRONGLY URGING THE FLAGLER COUNTY BOARD OF COUNTY COMMISSIONERS DENY THESE APPLICATIONS, AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the Flagler County Board of County Commissioners is being asked to approve Future Land Use Map Amendment Application #2972; and

WHEREAS, the Flagler County Board of County Commissioners is being asked to approve Application #2973 Rezoning; and

WHEREAS, this FLUM amendment request is for a change of designation of 24.4 acres from Residential Low Density and Conservation to Commercial High Intensity and Conservation; and

WHEREAS, the rezoning application is a request to rezone from the existing zoning of PUD to C-2, General Commercial and Shopping Center; and

WHEREAS, the land in question abuts onto residential property within the City of Flagler Beach; and

WHEREAS, the land in question contains wetlands and a sensitive ecosystem; and

WHEREAS, should this amendment go into effect, it will allow for more intense commercial activity by a corporation that already affects the peace and the environment of its residential neighbors within Flagler Beach; and

WHEREAS, such increased commercial activity will increase the noise level which is incompatible with residential zoning; and

WHEREAS, such increased commercial activity will pave the way for an increase in the discharge of hazardous air pollutants such as styrene, which has recently been reclassified from being a suspected carcinogen to a "reasonably anticipated to be a carcinogen" as per The Report on Carcinogens, Twelfth Edition, prepared by the National Toxicology Program coordinated by the US Department of Health and Human Services, thus also being incompatible with residential zoning; and WHEREAS, it is the duty of elected officials to protect the health and welfare of those whom they represent; and

WHEREAS, the property owners along Lambert Avenue did their due diligence prior to making their investments and knew that the land abutting theirs within Flagler County was zoned Residential Low Density and Conservation; and

WHEREAS, approval of this FLUM amendment would have a negative impact on property values and, thus, on property taxes collected by the City and the County; and

WHEREAS, the Roberts Road corridor is adjacent to the Gateway to Flagler Beach; and

WHEREAS, Flagler Beach serves as the playground of Flagler County; and

WHEREAS, tourism in Flagler Beach and Flagler County could be negatively affected by the increases in noise and hazardous air pollutants; and

WHEREAS, the Flagler County Planning and Development Board unanimously denied a request to rezone these same parcels from residential to a more intense zoning in 2013.

NOW THEREFORE BE IT RESOLVED BY THE CITY COMMISSION OF THE CITY OF FLAGLER BEACH, AS FOLLOWS:

SECTION 1. The City Commission of the City of Flagler Beach strongly urges the Flagler County Board of County Commissioners to deny Future Land Use Map Amendment Application #2972 and Rezoning Application #2973 for all the above-stated reasons.

SECTION 2. This Resolution shall become effective immediately upon passage as provided by law.

PASSED AND ADOPTED THIS 12TH DAY OF FEBRUARY 2015.

ATTEST:

Penny Neistreet

Penny Overstreet, City Clerk

Proposed Project

The purpose of this construction permit is to authorize the construction associated with the relocation of additional boat manufacturing operations from other Brunswick Corporation facilities to the Palm Coast facility.

¥

The boat manufacturing operations to be relocated to the Palm Coast facility consist of Resin/Lamination Operations, Gel Coat Operations, Adhesive Operations, Mold Cleaning and Preparation Operations, Equipment Cleaning Operations, Material Mixing Operations, Polyurethane Painting and Finishing Operations, and Miscellaneous Operations:

- Gelcoat booths with associated application equipment
- Gelcoat application robots
- Adhesive spray booths with associated application equipment
- Paint/lacquer spray booths with associated application equipment
- Bottom paint application booth with associated application equipment
- Expanded or additional spray lamination bays with associated application equipment
- Reconfigure lamination bays with associated application equipment to accommodate various boat sizes
- Possible expansion of buildings to accommodate the safe and efficient movement of boats
- Possible expansion and/or construction of adjacent buildings to accommodate the preparation, painting (Polyurethane), and finishing of boats
- Any equipment or changes necessary to mitigate objectionable odor should it become a verifiable concern

Polyurethane Painting Process Description: Scouring pads, rags, and solvent are used to dewax and clean the gelcoat surface of the fiberglass boat/part to be painted. A minimal amount of fairing material (fiberglass fillers, putties), may be used to fill in gaps on the gelcoat surface. This is usually followed by sanding to create a smooth surface for painting operations.

Prior to applying the two-part polyurethane paint, two or three coats of primer are spray applied to the gelcoat surface of the boat or part. Once the boat/part is primed, the surface is sanded again and the dust wiped off with a solvent. The final step involves spray applying three coats of polyurethane topcoat paint along with any final touch-up (spot) repairs.

The primer and topcoat paint is applied inside a spray booth.

FACILITY REGULATORY CATEGORIES

- ★ The facility is a major source of hazardous air pollutants (HAP).
 - The facility does not operate units subject to the acid rain provisions of the Clean Air Act.
- * The facility is a Title V major source of air pollution in accordance with Chapter 213, F.A.C.
 - Upon permit issuance, the facility is classified as a major stationary source in accordance with Rule 62-212.400, F.A.C. for the Prevention of Significant Deterioration (PSD) of Air Quality.

April 22, 2015

Mr. Adam Mengel, AICP, LEED AP BD+C Planning and Zoning Director, Flagler County 1769 E. Moody Boulevard, Building 2, Suite105 Bunnell, Florida 32110 Via e-mail: amengel@flaglercounty.org

RE: FLAGLER COUNTY #15-1ESR – TRANSMITTAL OF PROPOSED COMPREHENSIVE PLAN AMENDMENT (APPLICATION #2972)

Dear Mr. Mengel:

Thank you for the opportunity to review/comment on the above referenced amendment received by the City of Flagler Beach on March 23, 2015. Kindly note that the comments attached hereto are submitted in concert with Section 163.3184(3)(c) Florida Statutes, and more particularly, the potential implications of the proposed amendment as it relates to the City's municipal plan.

APPLICATION SUMMARY

Flagler County #2972

- a. Owner: Daryl Carter, Trustee of Carter-Flagler Roberts Road Land Trust
- b. Applicant: Brunswick Corporation and Sea Ray Boats, Inc/Sidney F. Ansbacher, Agent

Overview :

- A. Request to amend the 2010-2035 Flagler County Future Land Use Map changing 24.4 acres, as described in the amendment package from Low Density Residential and Conservation to Commercial High Intensity.
- B. Amend the Flagler County Comprehensive Plan (Future Land Use Element) to adopt a Parcel-Specific Limiting Policy to be applied upon Parcel #02-12-31-0000-01010-0140 and contiguous Parcel #02-12-31-0000-01010-0150 each of which is positioned within Section 2, Township 12S, Range 31E; and to provide for the development of:
 - i. A surface parking lot as an ancillary use to the primary manufacturing facility and site (as to added limitations; See Ordinance Section 3, Policy A.1.1.10 Parcel Specific Limitations).
 - ii. A finished boat staging area as an ancillary use to the primary manufacturing facility and site (as to added limitations; See Ordinance Section 3, Policy A.1.1.10 Parcel Specific Limitations).
 - iii. An office building not to exceed forty thousand (40,000) square feet (added limitations; See Ordinance Policy A.1.1.12 Parcel Specific Limitations).

C. Commensurate with the above, it is the intent of the Flagler County Board of County Commissioners to further invoke a parcel-specific limiting Future Land Use Element policy text concurrent with the proposed Future Land Use Map amendment to restrict the rezoning of the affected parcels to Planned Unit Development (PUD).

Background

As you are aware, prior to the required transmittal hearing conducted on March 16, 2015, the City of Flagler Beach submitted comments voicing opposition to the proposed land use amendment predicated upon identifiable inconsistency findings. That action was initiated subsequent to City leadership having raised concerns and requesting staff input as to the proposed amendment's compliance with the Flagler County Comprehensive Plan; perhaps an unorthodox action, nonetheless, deemed warranted given the urgency of concern expressed by the adjoining neighborhood and community leadership.

In closing, notwithstanding this set of circumstances, kindly accept that the City of Flagler Beach appreciates your reaching out to participate in this review process. If you have any questions, please feel free to contact me at 386-517-2000, ext. 230 or by e-mail at ltorino@cityofflaglerbeach.com.

Sincerely, Torino, City Planner

cc: Lindsay Haga, Director of Planning, NEFRPC

CITY OF FLAGLER BEACH

FLAGLER COUNTY TRANSMITTAL AMENDMENT 15-1ESR

COMMENT AUTHORIZATION: SECTION 163.3184 FLORIDA STATUTES

Pursuant to Section 163.3184(3) (b) 1., 2.,3.(c)

(3) EXPEDITED STATE REVIEW PROCESS FOR ADOPTION OF COMPREHENSIVE PLAN AMENDMENTS.

(b)1. (Excerpt) The local governing body shall also transmit a copy of the amendments and supporting data and analyses to any other local government or governmental agency that has filed a written request with the governing body. NOTE: *Transmittal document voluntarily provided to the City of Flagler Beach.*

2. (Excerpt) Agencies and *local governments* must transmit their comments to the affected local government such that they are received by the local government not later than 30 days after the date on which the agency or government received the amendment or amendments.

3. Comments to the local government from a regional planning council, county, or *municipality* shall be limited as follows:

c. Municipal comments shall be in the context of the relationship and effect of the proposed plan amendments on the municipal plan.

1. <u>Application Overview Summary:</u>

A. Request to amend the 2010-2035 Flagler County Future Land Use Map changing 24.4 acres, as described in the amendment package from Low Density Residential and Conservation to Commercial High Intensity (See Attachment 1,2,3).

- B. Amend the Flagler County Comprehensive Plan (Future Land Use Element) to adopt a Parcel-Specific Limiting Policy to be applied upon Parcel #02-12-31-0000-01010-0140 and contiguous Parcel #02-12-31-0000-01010-0150 each of which is positioned within Section 2, Township 12S, Range 31E; and to provide for the development of:
 - i. A surface parking lot as an ancillary use to the primary manufacturing facility (See proposed ordinance Section 3, Policy A.1.1.10; Parcel Specific Limitations).
 - ii. A finished boat staging area as an ancillary use to the primary manufacturing facility (See proposed ordinance Section 3, Policy A.1.1.10 Parcel Specific Limitations).
 - iii. An office building not to exceed forty thousand (40,000) square feet (See Ordinance Policy A.1.1.12 Parcel Specific Limitations).

C. Commensurate with the above, it is the intent of the Flagler County Board of County Commissioners to further invoke a parcel-specific limiting Future Land Use Element policy concurrent with the proposed Future Land Use Map amendment to restrict the rezoning of the affected parcels to Planned Unit Development (PUD).

2. MUNICIPAL COMMENT: IMPACT OF THE PROPOSED PLAN AMENDMENT ON THE MUNICIPAL PLAN

The amendment property (24+/- acres), which is proposed to maintain a limitation as to the use of said lands to an employee parking field, boat staging area, and office building, lies due west and adjoins the City of Flagler Beach, and more specifically, borders properties zoned Single Family Residential as depicted on the City's Official Zoning Map; Low Density Residential on the current Future Land Use Map. Given the general character and disposition of the adjoining residential neighborhood, it is anticipated the area will remain stable in the long term. However, as has been documented, to the immediate north of, and contiguous to the amendment property is the Sea Ray plant manufacturing facility, the property of which totals some 39+/-acres.

The proposed transfer of employee parking to the amendment property will cause to "free" 3+/- acres currently devoted to vehicular parking on the main plant site. The fact that a significant area on the prime manufacturing site will have been "freed" promotes the opportunity to expand the current manufacturing footprint, if deemed warranted. With the possibility of plant expansion, and unless an advancement to the boat manufacturing fabrication process occurring simultaneously, such possible increased plant output may bring with it added emissions known to be toxic in nature and therein, a judicious concern to the City of Flagler Beach. And as has been previously indicated, particularly as it relates to the potential negative impact(s) as it relates to quality of life matters at the local and community level.

The City acknowledges Sea Ray's standing as it relates to adhering to Department of Environmental Protection standards. However, in concert with an increase in production is the potential to exacerbate wafts of objectionable odor(s) from a known hazardous chemical (styrene) categorized "reasonably anticipated to be a human carcinogen" and understandably elevates the level of concern alluded to above.

Therefore, to address this concern and to the extent that Sea Ray Boats and the City establish a level of understanding moving forward, should Sea Ray elect to expand plant production and/or the manufacturing footprint without such aforementioned "emission controlled" process advancement, the City of Flagler Beach request Sea Ray be required to execute a legally binding Memorandum of Understanding prior to the adoption date of the amendment which speaks to the following:

1. Odor Control Monitors:

- i. Install odor control monitor units along property perimeters, the number of which shall be deemed reasonable to effectively monitor odor levels within on (1) year of the land use amendment adoption date, if favorably adopted (unless otherwise agreed to by the City of Flagler Beach).
- ii. Provide periodic, on-line, emissions data findings accessible to the public (timeframe to be mutually agreed to by Sea Ray and the City of Flagler Beach).
- 2. <u>Flagler County Odor Ordinance</u> Sea Ray agree to comply with the adopted Flagler County Odor Ordinance if emissions *fail* to meet the minimum standards set forth in the ordinance which Sea Ray participated in developing.

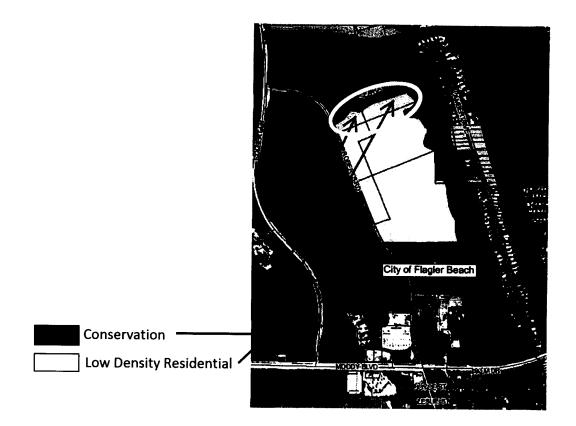

- a. Grandfather standing: Compliance Parameter
 - *i.* Based upon succeeding three (3) year emissions report (DEP Annual Operating Reports) (FADS), if averaged emissions are equal to, or fall below the 2013 reported levels, the grandfathered status shall remain in force.
 - ii. Based upon succeeding three (3) year emissions reports (DEP Annual Operating Reports) (FADS), if averaged emissions for the year 2014, 2015, 2016 exceed the levels reported in the year 2013 Annual Operating Report, Sea Ray shall agree to meet the requirements of the Flagler County Odor Ordinance within twelve (12) months (unless otherwise agreed to by the City of Flagler Beach) of the date of having received the DEP Annual Operating Report findings. (NOTE: Hazardous Air Pollutants (HAPS) emitted in the year 2013 measured 67.53 tons (See Attachment 4).

The City of Flagler Beach respectfully requests a copy of the adopted amendment, if favorably adopted.

City of Flagler Beach AGENDA ITEM #13 Item Summary and Recommendation

SUBJECT: Establishment of Fiscal Year 15/16 Tentative General Fund Millage Rate for the DR420 Certification of Taxable Value and set date for first budget hearing in September.

BACKGROUND: To be in compliance with TRIM requirements by August 4th, we need to have the form DR-420 to the Volusia County and Flagler County Property Appraisers with our tentative millage rate and the date of our first hearing in September. Commission may want to set the date for the second hearing in September as well.

<u>RECOMMENDATIONS</u>: The commission adopts a tentative millage rate of 4.9000

SUBMITTED BY: Bruce C. Campbell

DATE: July 23, 2015

STAFF COMMENTS:

<u>**City Manager**</u>: City staff preparation of the 2015-2016 Fiscal Year Budget has progressed to the point of recommending to Commission a "Tentative Millage Rate." This milestone is reached each year in our budget setting process for compliance with the TRIM (Truth in Millage) requirements as our Finance Director stated above.

I also wish to reiterate that upon setting a tentative mill rate our Commission could possibly decide to decrease the mill rate prior to or upon final adoption of the 2015-2016 FY Budget. However, once the tentative mill rate is established there can be no further increases; only a decrease can be considered.

Based on the 2015 assessed property values for both Flagler and Volusia Counties, the total assessed property value City Wide increased by \$27,400,813 (when discounted for budget setting purposes.)

On July 7, 2015, Staff presented to Commission the "proposed" budget for 2015-2016 Fiscal Year. During that Workshop, Staff proposed a balanced budget for our General Fund and Community Redevelopment Agency at the **True Roll-Back Mil Rate of 4.7074**. At the proposed roll-back rate – combined with the 2015 assessed property values, our Taxpayers would not experience a tax increase from the City of Flagler Beach the City's Ad Valorem portion of their overall 2015 property tax bill.

Staff believes at the roll-back rate of 4.7074 our City can deliver the same services we as citizens are accustomed to, at either the same or in some cases an improved level of service. In addition, at the roll-back rate, Staff has taken the initiatives into account that were directed by Commission during our 2015-2016 FY Strategic Planning Session that was held on May 19, 2015. Thus Staff sees no reason when the formal budget setting process concludes, to recommend a tax increase by increasing the mil rate above true roll-back.

However, realizing we have our second budget Workshop on August 11, 2015, and there always exists the chance for additions to the expense side of the equation as we hold those discussions, Staff is tonight, for the purpose of recommending the establishment of a **Tentative Mil Rate only**, asking the Commission to consider adopting a tentative mil rate of **4.9000**.

The roll-back rate of 4.7074, at the 2015 property tax assessed values will allow our City to operate our General Fund and CRA Fund, while also returning \$43,998 to the General Fund Reserves and \$11,208 to the CRA Trust Fund Reserves. At the proposed tentative mil rate of 4.9000, with the same services and deliverance levels, the return to those same reserves increase to \$140,684 (General Fund) and \$13,184 (CRA).

The difference between the recommended tentative mil rate (4.9000) and the roll-back rate (4.7074) is an increase of **.19¢** per each \$1,000 of property value. A property with a taxable value (after allowable exemptions) of \$100,000 would pay **\$15.73 less** in City Ad Valorem than the property owner paid in the 2014 tax year.

2015/2016 Fiscal Year Tentative ML Rate Recommendation July 23, 2015

GUIDING PRINCIPLES OF 2015-2016 FY BUDGET

- Provide necessary expense and capital dollars to ensure continuance of public services – at an improved level of deliverance - to our taxpayers.
- Return "bare essentials" to department budgets that have been displaced or delayed since 2006 fiscal year.
- Accurately allocate costs to our budget funds "where the work is being done."

Provide an incentive to our employees though providing a fair and balanced total compensation and benefits package. Propose a 2015 – 2016 fiscal year budget that is "expense neutral" for our taxpayer's - return to the roll-back MILL rate.

Proposed 2015-2016 Budget General Fund Information

Gain of "City-wide" Taxable Property Valuation from 2014/2015 (+)\$27,400,813 (+5.5%)

Since the 2006/2007 Budget year loss of:

(-)\$426,531,996

Flagler Beach Properties

- Average Taxable Property Values for 2015 Tax Year -133 346 133,346
- 1,557 of 3,094 Residential Properties are Homestead Exempted Exempted.
- maximum 10% cap. (Only properties exempt are Anriculture per Statute.) 1,505 of all 4,391 Properties are subject to the Agriculture per Statute.)

The Highlights of the 2015/2016 Fiscal Year Proposed Budget are as Follows:

Ad Valorem Tax Revenues/State/Misc.

- The "Certified" assessed property values for 2015 property tax purposes - City wide - increased by 9.1% (prior to adjustments.)
 - When adjusted for new construction deletions, tangible personal property and 95% budgeted per TRIM – City wide values increased by \$27,400,813 or 5.5%.
- Resultant "Roll-Back MIL Rate" is 4.7074 (opposed to "projected roll-back" rate of 4.6376.)
- At "Roll-Back" Mil Rate no property tax increase for our property owners.
 - The Ad Valorem Tax Revenues collected at roll-back supports 52% of our General Fund expenses.

- Employee Salary Schedule for all full-time positions are being proposed as Administrative Policy defines:
 - No COLA due to CPA at negative amount.
- 5% increase to position midpoint depending on years in position and current salary cost for the 1/3 "move to mid-point" is : (w/FICA and retirement Increases)
- City wide
- General Fund
 - **Utility Fund**
- Sanitation Fund
- Building Code Inspection Fund
 - Stormwater Fund

- \$ 70,879 * \$ 55,576 \$144,911 * 11,191
 - 5,373
 - ,893
- Proposing a 3% Salary increase for Police Officers and Sergeant positions. Part of current FOP negotiations. Total cost of \$20,597. *Does not include Police bargained for positions.
 - Health Care Insurance costs are expected to increase by a minimum of 10%. Total Health Care cost to City will reach \$531,000.

All Fund Highlights continued:

Health Care:

Proposing each health care insurance participant continues to contribute 4.2% of cost.

- Workers Compensation costs expected to increase by 10%. Poor experience rate past year.
 - Proposing an Interlocal Agreement with Flagler County to provide IT Services. Savings of \$10,000 to \$15,000 with improved service level.
- Recognition and Wellness Incentive Program. Combined Several new Employee Programs are proposed: Service cost projected at \$7,255.

General Fund Highlights

- Established Computer Hardware Reserve of \$15,000 for each of next five (5) years.
 - Purchase two (2) new Police cars at cost of \$54,000.
- Created a five (5) year Fire Department replacement plan for all main and support equipment
 - \$50,000 reserve for Engine 11 replacement.
- Proposing a \$29,617 reserve for support equipment replacement
 - New Taser lease for Police Department.
- General Fund "Contingency Reserve" is continued at \$25,000.
 - Library to begin purchasing "electronic" books.
 - Assistant position continues.
- Reserve for Public Safety 800 Mhz Radio replacement of \$116,667.
 - Beach Management Plan funded with \$15,000.
- Demolition and parking lot improvements proposed at cost of \$55,000.
 - Sidewalk construction at North Flagler Avenue budgeted for \$8,000.
- Continue to utilize Volunteer Code Enforcement Officer arrangement, along with Customer Service Position. - Both individuals tested and certified through Florida Association of
 - Code Enforcement (FACE). New Program for Flagler Beach Seniors "Senior Saturday" once monthly lunch and games at Senior Center \$7,500 expected cost.

Pier Fund:

Continues to be self-sufficient due to Pier Shop operation and Pier property

ease arrangements.

Paying all expenses and projecting over \$50,000 returned to Reserves.

Building Code Inspection Fund:

- Increased revenues for building permits.
- Includes \$7,200 for Beverly Beach Building Permit and Inspection Services.
 - 100% dedication of Chief Building Official effective October 1,2015.

Utilize \$20,973 of Reserves (Current Reserves over \$25,000.) **Jtility Fund:**

- Includes \$943,000 in projected Capital Improvements.
 - Reserve for T & D Infrastructure Repairs for \$50,000.
 - Reserve for WTP pumps for \$25,000.
- \$465,750 in Debt Service for Water Plant SRF Note.
 - Utilize \$381,339 of Reserves.

Recommending Water Base Fees to increase by 10% and Sewer Base Fees increased by 20% - effective October 1, 2015.

Sanitation Fund:

- Fund remains solid performer.
- No increase in Sanitation Fees projected for 2016 FY.
- As budget proposed, returning \$71,812 to Fund Reserves. Stormwater Fund:
- Recommending Stormwater Fees to increase to \$5.00 per month effective October 1, 2015.
- New Stormwater financing of Revenue Note eliminates \$1,117,172 balloon payment in 2019 – while <u>only</u> saves \$11, 631 to 2016 FY Fund Budget . Resulting in \$7,540 returned to Fund Balance. **CRA Fund:**
- Continue without Director Position.
- 10% City Manager allocated as Administrative cost.
 - No operating expenses beyond.
- Revenue Note Refinancing eliminates \$729,000 balloon payment in 2019 -Begin repayment of Principle and Interest of \$136,000 General Fund Loan. while only saves \$2,640 to 2016 FY Fund Budget.

Resulting in \$11,208 returned to Fund Balance

Budget Summary:

- Provides what is required to deliver City Services at same, or improved level of service.
 - Provides improved wages for the key to City's Success – our Employee's.
 - Futuristic with new Reserves created.
- \$43,998 projected to be returned to General Fund No tax increase proposed for our City's property Reserve – at "true roll –back" MIL tax rate.

owners.

City of Flagler Beach

To:	Don Deal, Chairperson, Planning and Architectural Review Board
	Planning and Architectural Review Board Members
FROM:	Larry Torino, City Planner

RE: #SE 15-07-01 – Request for Special Exception to permit a house of worship within the Medium Density Residential District located at 208 6th Street South.

DATE: July 15, 2015

Applicant:	Mr. Rod Palmer, Pastor First Coastal Church
Property Owner:	Disabled American Veterans 208 6 th Street South Flagler Beach, FL 32136
Property Location:	208 6 th Street South
Parcel I.D. No. :	12-12-31-4500-00300-0060
Future Land Use:	Medium Density Residential
Zoning District:	Medium Density Residential

Applicant Submittal: Application (See Attachment #1)

Background:

The above noted location has been under ownership and has served as a local chapter of the Disabled American Veteran's (DAV) for a number of years. It appears the land was acquired by the organization in the mid 1980's. There are no clear records of precisely when the building was constructed however the facility has existed for a number of years.

Mr. Ray Parker, Commander of the local DAV chapter met with staff to ascertain what actions, if any, would be involved to transition a change of the property ownership. It was communicated that the DAV was negotiating a sale of the property to First Coastal Church. Staff was informed that the church organization has been utilizing the property for the past few years for worship services and related church activity purposes. It was conveyed to Mr. Parker that the church use, although a permitted use in the Medium Density Residential district, is classified a special exception use which can only be granted by approval of the City Commission subsequent to having received a

Page 2 of 3

recommendation from the Planning and Architectural Review Board. Mr. Parker was unaware of the special exception requirement and records check showed that There is no record of a special exception having been granted for a church.

Mr. Parker was advised that in order to assure the proposed use of the property is consistent with the Land Development Regulations, avoid the potential of a future legal issues and given that staff is aware of the circumstances the first order of business is to request a special exception from the city recognizing there is no assurance the request will be granted.

In light of the above circumstances, Mr. Rodney Palmer, acting on behalf of the First Coastal Church, has submitted the enclosed application. This matter has been duly advertised and Public Noticed for a special exception church use in the Medium Density Residential district as provided for in the City of Flagler Beach Land Development Regulations, Section 2.04.02.8. Zoning Schedule One Land Use Controls; MEDIUM DENSITY RESIDENTIAL; SPECIAL EXCEPTION USES.

Summary:

Pursuant to the City of Flagler Beach Code of Ordinances, Appendix A, Land Development Regulations, Section 2.06.01., Special Exception Uses, the applicant is requesting a permitted special exception use to establish a church facility at 208 6th South Street. The subject property is zoned Medium Density Residential. The property is improved and consists of a primary building and parking facilities.

Analysis

Special exception uses, as enumerated in Schedule One, Zoning Schedule of Use Controls, shall be permitted only upon authorization of the City Commission after review by the Planning and Architectural Review Board. In recommending approval or denial of the use, the reviewing boards shall provide findings and recommendations on whether the requirements of Section 2.06.01 (1. through 7.) are met as well as other comments such board feel will assist the City Commission in the determination of whether to grant the use. Please see **Attachment 2**, applicant's response to each of the prescribed criteria.

Staff Recommendation: Recommend Approval with conditions.

It is noted that the recommended conditions of approval call for eliminating a number of existing parking spaces (10). It is recognized that calling to eliminate existing parking spaces can be controversial. However, the parking spaces in question are nonconforming. More specifically, the parking spaces are:

- I. Backout parking spaces (into public right-of-way).
- II. Partially on-site/off-site and encroach significantly into the public right-ofway (See Attachment 3, 4 & 5).
- III. A hindrance to pedestrian traffic and impose safety and welfare concerns that can be otherwise avoided.
- IV. Non-conforming with city standards and inconsistent with City code.

The loss of these spaces does not significantly impact available proximate parking opportunities inasmuch as a number of on-street improved parking spaces are within close distance to the property along the S. Daytona Ave. and S. Central Ave. corridor. Under ordinary conditions such a situation may not be considered prudent however given the nature of the proposed use and limited use of on-site activity wherein parking demand would otherwise be problematic, is negligible. The intent is fourfold:

- 1. Eliminate current unsafe and illegal parking scenario.
- 2. Reconfigure on-site parking to conform to current standards.
- 3. Provide required perimeter off-street landscape buffer adjacent to public rightof-way.
- 4. Accomplish the above given proximate parking opportunities and pedestrian friendly access to property.

Recommended Conditions (See Attachment 6):

- 1) With the exception of providing one (1) handicap parking space eliminate remaining handicap spaces and convert to standard angle parking the purpose of which is to increase number of available on-site spaces adjacent to building.
- 2) Provide one (1) handicap parking space adjacent to front entrance.
- 3) Eliminate 90 degree parking spaces along southerly property line (vehicles encroach 7+/- feet into public right-of-way).
- 4) Provide a perimeter waterwise vegetative buffer a minimum of three (3) feet in width and trees (2), along southerly property line which abuts the public right-of-way.

Enclosures:

Attachment 2

Requirement

1. That the use is permitted Special Exception use as set forth in Schedule One hereof.

<u>Response</u>

Yes

Requirement

2. That the use is designed located and proposed to be that the public health, safety, welfare and convenience will be protected.

<u>Response</u>

The building and property will be inspected by a code enforcement officer thereby meeting the necessary codes so that the protection of public health, safety, welfare and convenience is ensured. Requirement

3. That the use will not cause substantial injury to the value of the property in the neighborhood where it is to be located

<u>Response</u> The Family Worship Center aim is to contribute and serve the neighborhood thus being a positive value to the community

Requirement

4. That the use will be compatible with adjoining development and proposed character of the district where it is to be located

Response

The building and property would be a Family Worship Center and aim is to ascetically complement the neighborhood and character of the district.

Requirement

5. That the adequate landscaping and screening is provided as required herein, or otherwise required <u>Response</u>

The city code will be approached to ensure that landscaping and screening is adequate for this property.

Requirement

6. That the adequate off-street parking and loading is provided as required herein or otherwise required.

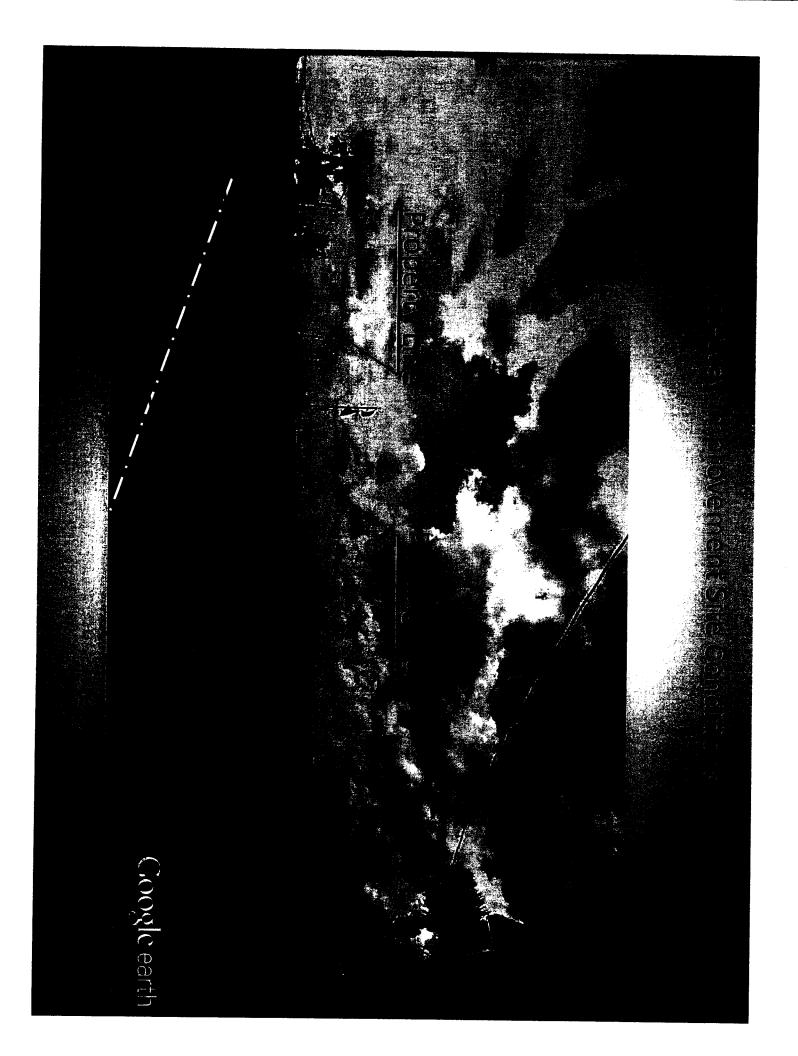

<u>Response</u>

The parking on site and the adjacent public parking on Daytona Ave has been calculated as adequate parking for our current membership, these numbers are only required at our Sunday morning Worship service.

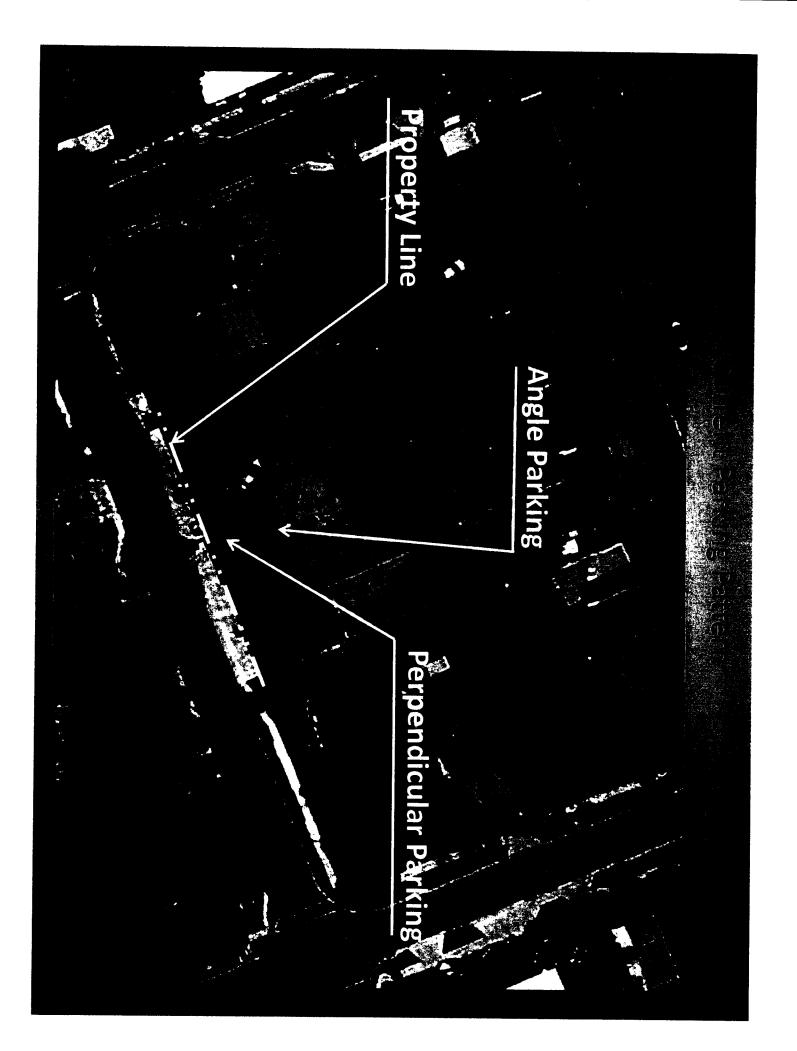

Requirement

7. That the use conforms with all applicable regulations governing the district where located <u>Response</u>

The additional Worship facility will operate within the parameters allowed by the five other churches in the city. That is to provide a spiritual and practical support to a growing community

CITY OF FLAGLER BEACH

NOTICE OF SPECIAL EXCEPTION USE A request has been received for a Special Exception use to locate a church facility in a Medium Density Residential District. The property is located at 208 6th Street South. A church land use, if granted, is a permitted Special Exception use in the MDR District. The Parcel ID No. is 12-12-31-4500-00300-0060; aka George Moo-dy Subdivision Block 30, Lots 6-73 OR50, PGI37. Applicant: Mr. Rod Palmer Owner: Disabled American Veterans Chapter 86

Public Hearings on this matter will be conducted as follows:

Planning and Architectural Review Board: July 21, 2015 at 1:00 p.m.

City Commission: Thursday, July 23, 2015 at 5:30 p.m. or as soon thereafter The public hearings may be continued to a future date or dates. The times and dates of any continuances of a public hearing shall be announced during the public hearing without any further pub-lished notice. The hearings will be con-ducted in the City Commission Cham-bers located at 105 South Second Street, Flagler Beach, Florida. A copy of this notice, the file relating to

the proposed ordinance amendment is available for public inspection during reg-ular business hours Monday through Friday from 8:00 a.m. to 5:00 p.m. at 105 South Second Street, Flagler Beach, Florida. The public is encouraged to participate in the processes and procedures of the City and to request copies of the proposed ordinance. For further information about the proposed ordinance, please call the Planning and Building Depart-ment at (386) 517-2000 Ext. 230.

Pursuant to Section 166.041(3)(a), F.S. all interested parties may appear and be heard with respect to the special exception request. Any person wishing to ex-press his/her opinion may submit written comments regarding the proposed comments regarding the proposed amendment to the City through the Plan-ning and Building Department. Comments should be made as early as possible to ensure full consideration.

Pursuant to Sec. 286.0105 F.S. if a person decides to appeal any decision made with respect to any matter considered at the above referenced hearings, he/she will need a record of the proceedings. For such purposes, it may be necessary to ensure that a verbatim record of the proceedings is made, which record includes the testimony and evidence upon which the appeal is to be based.

In accordance with the Americans with Disabilities Act, persons needing assistance to participate in any of these proceedings should contact the City Clerk's Office at 386-517-2000 Ext. 233 at least 48 hours prior to the meeting. L2146024. Jul. 11, 2015. 1t

SUBJ: Monthly Report June 6 – July 15, 2015

Administrative support for the Commission:

- **3 Regular City Commission Meetings**
- 2 Community Redevelopment Agency Meetings
- 1 Workshop Meeting
- 1 Economic Development Task Force (EDTF) Meetings (Cancelled)
- 1 Alternative Use Committee
- **1** Police Pension Hearing
- 1 Joint Fire& Police Pension Meeting
- 2 Fourth of July Staff Meeting

Administrative support for the City Manager's Office/Other Departments: Assisted the City Manager, provided support for general correspondence, agenda items and memos. Provided Library and Building Department Coverage.

<u>Assessments:</u> Completed forty-seven requests from title companies inquiring about balances of assessments, code enforcement, open or expired building permits, and outstanding utility bills. Collected \$1,030 in utility bad debt. Collected \$525.00 in fees for research.

<u>Computer Network Preventative Maintenance and Support</u>: I responded to and sent in twenty-six service/support tickets.

Public records requests: This office processes hundreds of requests for public records. These requests came from various sources, including but not limited to individuals, attorneys, other City Departments, other Agencies. This includes the many phone calls and e-mails that are received by our department requesting verbal and written information. No fees collected for this report period. All record requests were completed sending documents via email. This is an increasing request. The Statutes state if records are available electronically and requested in that format they have to provided that way, this is an increasing request and has affected the revenue. The revenue collected and projected in the 2015-2016 budget is based upon request for Police reports, which are not reported by the Clerk.

Special Events: The total amount collected for the report period is \$3,431.04. Fourth of July event set up for vendors went smoothly. To date I have not received any complaints from our vendors.

<u>Records Retention</u>: Destroyed 10 cubic feet of paper records, and 2,567 MB of electronic records that had meet their retention in accordance with the Department of State, Sate Library and Archives of Florida, General Records Schedule for State and Local Government Agencies.

<u>Continuing Education</u>: Kate Settle attended the Florida Association of City Clerks Summer Conference in Orlando. Please see the attached report.

<u>Website</u>: There have been 10,817 visits to the web-site since July 1^{st} . The top five pages viewed are the Home page, Commission, Employment, Special Events and News Flash. Since July 1^{st} there were 269 hits to the Video Streaming link, with three meetings streamed during this time period. Six of those hits were from me. So a break down could be: Three meetings Regular, PARB and Budget Workshop, with 87 people watching each meeting.

SUBJ: Summer Academy

Thank you for the opportunity to attend the Summer Academy in Orlando.

Monday, June 21, 2015 Legislative Update Speaker Ryan Mathews, Associate Director, Legislative Affairs FLC

The speaker ran through the bills the League is most interested in following. There were 1754 bills introduced and 231 bills have passed. Mr. Mathews covered many bills. I am covering a few that I thought might have an effect on the City.

Pension Boards: He covered the change in the administrative requirements for the municipal pension funds. I was interested in this because of my current spot to support the pension boards but I am truly hoping that they seek contracted administrative support soon. If not, I may need to take a class.

Local Construction Preference Presumption: This has to do with many municipalities using local preference. The law now says that if 50% or more of the project is funded by the state you do not have to use local preference.

Senate 408 removes the requirement for municipalities to have waivers for skate parks.

HR 225 makes it a requirement for every US Flag purchased by a municipality is made 100% in America. Honestly, I thought this was strange . . . flag police? It's a nice sentiment but I would imagine tough to enforce.

Ethical Dilemmas and What to Do

Speakers: Lynn Tipton, Director FLC University and Michael Pleus, City Manager Deland and FCCMA President

The overall theme was how to promote an ethical culture. There were many things the City already has in place in terms of written policies and/or ordinances.

The City Manager of Deland spoke how he handles what he considers to be ethical violations of his employees. I believe he said he became City Manager of Deland in 2008. At any rate, there was a problem with many of the workers taking home city equipment for their personal use or for side jobs for their personal gain. He felt strongly this was unethical. He spoke of a man that took a piece of equipment that should have been surplus but instead had been given to this individual. The individual still was bringing it to their Maintenance Department to be serviced. His policy dictates that when a person is found using equipment for personal gain: first time reprimanded by the City Manager; second time the employee goes to the Regular Meeting of the Commission/Council and apologizes to the public for using their equipment for personal gain, 3rd Strike you are asked to leave. He had an employee that tested fate and he was relieved of his position after 19 years of working with the City and just shy of being vested.

Lynn Tipton spoke more to the ethical responsibilities of the elected officials. She felt there was a strong need to report gifts and that it is not done as often as one accepts the gifts. She specifically referenced Death by Chocolate sponsored by an independent company at the Florida League of Cities Conference.

Ms. Tipton also spoke to the importance of employee orientation and newly elected official orientation. In regard to employee orientation, she felt it was more effective if is informed of policies during the first week of work but does not

sign off that he/she has read policy and understands until they have passed the probation period. She felt it was more apt to be at a better point than on the first day of work.

Elected Officials need orientation regarding what is considered to be ethical violations, record keeping, open records policies as part of their orientation.

Tips from the Session: Should we ever allow for texting on City phones there is a company that will store all text messages. It is an app that is put onto the phone called "Text Guard." Ms. Tipton will be moving to the Orlando area to open up FLC University and will be hosting a variety of seminars for training for staff and elected officials. Range Riders no long exist but they are now called "Senior Advisors."

Tuesday, June 22, 2015

Emergency Management for Public Information Officers

Speakers: Dennis McWilliams. Retired Police Sergeant and Public Information Officer and Lori McWilliams, City Clerk, Village of Tequesta

The structure of a press release, types of questions that reporters ask, and answers to have prepared. They felt strongly that a PIO should prepare the speaker with whatever the message he is to give: talking points, etc. and not for the speaker to speak to the press without preparation.

They also reviewed how to best stage a press conference with good and bad examples. We did a mock press conference. I wrote the statement and then we had someone else speak at the podium. Nope, I'm not going to do it.

Strategies for Cutting Loose the Stress of Being Overwhelmed: Getting Organized.

Speaker: Dr. Ava Fluty

Needless to say, I had a lot to learn here. Dr. Fluty's motto was to treat your time better than your money. Everyone gets 525,600 minutes a year and you can always get more money but you cannot get more time. She was a pretty blunt speaker and really funny. One of the participants asked "what should I do?" "Stop doing unproductive things." I laughed pretty hard. We had to work in groups with others you were sitting near. I really enjoyed the two clerks I worked with one was from Del Ray Beach and the other was a small town in the panhandle. They were both very funny and taught me "the look." Pen, you've already got this down.

Dr. Fluty also felt that organization affects opportunity. Right up there with perception is reality. She reviewed a few things that help her: outlook calendar, tickler file, lists, etc. She recommended we all read every Steve Covey book ever written. We had to work in groups again and she came to our group to watch. I was writing something up again and had someone else read the work. She suggested to me that I take a Toast Masters class. DEAR GOD.

Wednesday, June 23, 2015 Identify Theft Speaker: Wayne Ivey, Sherriff Brevard County

Identity Theft is the fastest growing crime in the United States and Florida ranks #1 in this crime. Tips to avoiding identify theft include: stay away from instant credit kiosk in stores or any type of instant credit type of account. He spoke of a crime that took place in a Walmart where an Identity thief stayed at a kiosk for over 45 minutes collecting information from the Kiosk itself. In restaurants, he suggested paying for your meal by going to the cash register. There was a Friday's where a waitress was scanning the cards from her customers while she was on the way to the register. They set up a sting of sorts, only to find how easy it is to get devices that do this over the internet and the numbers were then sold to another criminal. The numbers and personal information sell for over \$100 a pop. He suggested shredding all mail before putting it in the trash. He reviewed physically dangerous places which Capt. Doughney does on a regular basis.

Mr. Campbell,

Although department members were extremely tired at the end of last weekend's activities, I believe the Fabulous 4th was a very successful event. I think I said the same thing last year, but with constant improvements implemented, this was the best 4th the department has ever taken part in. I am confident with an after action review and next year's pre-planning this event will only continue to improve. Over the week department members were also involved with servicing equipment, mitigation projects, and conducting a station tour. Many of the week's activities are listed as followed;

- 1. As mentioned in the opening and you are aware of the department was very busy participating in the activities that took place last weekend. Obviously the department is not only limited to fulfilling responsibilities that took place on the 4th, but also on the 3rd and 5th. On July 3rd department members began mid-day by assisting with traffic control during the arrival of vendors and moving required supplies to the Naval Band's tent. At 1st Friday there were 12 members in attendance participating in smoke detector/CPR registration, bike team, and conducting tours of Engine 11. In addition Friday evening Lt. Kennedy and I assisted with the fireworks offload at the pier. On the 4th there was a long list of duties to be covered by the department including the parade, traffic posts, truck assignments, bike team, first aid station, and debris removal from the pier at the close of the event. On Sunday the 5th five department members pitched in with the city clean up by picking up garbage on city streets throughout the venue area. There were a couple of discrepancies noted including advising law enforcement of rescue movement once that branch has moved to a traffic channel and appropriate staging times at duty posts. Captain Doughney and I will be discussing these issues during the after action review. I am very proud of department members for the performance over the weekend and I have made a point to give credit to these members this week.
- 2. Periodically the batteries for the Scott air packs are in need of replacement. The AA batteries are used specifically to operate the PASS warning device. Lt. Snyder's crew detected the faulty batteries with several air packs and assumed the responsibility of replacement. When this task is conducted it is done for all packs, not just the ones in question. This insures the replacement schedule is approximately the same for all equipment. Battery replacement and testing of the packs was completed by C shift's crew this week. The firefighters have been very pleased with the addition of the Scott air packs and understand the importance of equipment maintenance.
- 3. On Tuesday B shift's crew conducted a station tour. This tour was for the city's Jr lifeguards and is typically provided for the children every summer. There were 14 kids in attendance on Tuesday and they received a station tour, instruction on truck/equipment operation, and allowed to flow water from Engine 11's booster line. I followed the firefighters as they conducted the tour and I was surprised by some the questions from the children. There were

many questions regarding living at the fire station for 24 hours and Lt. Kennedy was sure to emphasize the importance of department meals. Before the kids departed they all received station Frisbees, stickers, and pencils.

- 4. Since the implementation of the city's Fire Mitigation Program there have been some ups and downs. The biggest problem is getting the projects completed in a timely manner and continual maintenance once the buffer zones are created. On the positive side, as of this week all the open cases have been completed. The final two projects were both located on S. Daytona Ave. and had been ongoing for over a month. DE C. Dixon has been assisting me with mitigation projects for a while now and he is doing an excellent job. The completed projects mark 49th and 50th projects to date.
- 5. In a recent conversation with Captain Doughney he informed he just completed Crowd Manager Training. I felt like this course would also benefit me greatly and I completed it this week. This 2-hour online course was written by fire safety code experts in accordance with NFPA 101 Life Safety Code, NFPA 1 Fire Code as well as the International Fire Code (IFC). Crowd manager training is required by all national fire code standards in public assemblies such as nightclubs, auditoriums, ballrooms, and arenas. Within the course there were real-world scenarios that helped to apply what was learned and considering our recent event there wasn't a better time to complete this training.
- 6. I was recently contacted by Jim Ramer to discuss water usage within the city. There had been some questions in the past of how much water the fire department was using and considering the increased summer-time use, he asked me to keep it minimal. I informed Mr. Ramer the department typically conducts flow tests on the city hydrants twice year, but we would not be doing this again until the fall. I have also lectured each shift on the importance of utilizing the water meter every time a hydrant is in use. This practice has now become common place and MR. Ramer received the report this week for last month's water usage. The total for last month was 1300 gals.

Lieutenant Kennedy and I spoke earlier this week and decided with how busy we have been to give the guys a break from training this week. Lt. Kennedy has been assigning more than the recommended amount each month within Target Solutions, so the firefighters are ahead. In addition with upcoming lifeguard competition crews will once again be busy next week. I have full confidence this event will be approached with the same sense of professionalism as the 4th.

Thanks, Bobby
