Florida's June Employment Figures Released
www.employflorida.com

TALLAHASSEE – Florida's seasonally adjusted unemployment rate was 6.2 percent in June 2014, down slightly from the May 2014 rate of 6.3 percent, and down 1.2 percentage points from 7.4 percent a year ago. There were 597,000 jobless Floridians out of a labor force of 9,626,000. The U.S. unemployment rate was 6.1 percent in June. Prior to June, Florida's unemployment rate had been less than or equal to the national rate for 13 consecutive months.

Florida's seasonally adjusted total nonagricultural employment was 7,800,000 in June 2014, an increase of 37,400 jobs (+0.5 percent) over the month. Compared to June a year ago, the number of jobs in the state was up by 237,500, an increase of 3.1 percent. Nationally, the number of jobs was up 1.8 percent over the year. Florida's annual job growth rate has exceeded the nation's rate since April 2012.

United States and Florida Unemployment Rates (seasonally adjusted)

Source: U.S. Department of Labor, Bureau of Labor Statistics, Local Area Unemployment Statistics Program, in cooperation with the Florida Department of Economic Opportunity, Bureau of Labor Market Statistics.

Florida's Nonagricultural Employment by Industry (Seasonally Adjusted)

- The number of jobs in Florida was 7,800,000 in June 2014, up 237,500 jobs compared to a year ago. June 2014 was the 47th consecutive month with positive annual job growth after the state lost jobs for over three years. The industry gaining the most jobs was trade, transportation, and utilities (+52,500 jobs, +3.3 percent).
- Other industries gaining jobs included professional and business services (+45,300 jobs, +4.1 percent); construction (+41,700 jobs, +11.5 percent); leisure and hospitality (+39,500 jobs, +3.8 percent); private education and health services (+34,100 jobs, +3.0 percent); financial activities (+10,300 jobs, +2.0 percent); other services (+5,500 jobs, +1.8 percent); manufacturing (+5,200 jobs, +1.6 percent); government (+1,900 jobs, +0.2 percent); and information (+1,300 jobs, +1.0 percent).
- These industry job gains were partially due to increases in food and beverage stores; services to buildings and dwellings; specialty trade contractors; food services and drinking places; ambulatory health care services; insurance carriers and related activities; membership associations and organizations; fabricated metal product manufacturing; local government; and telecommunications.

Local Area Unemployment Statistics (Not Seasonally Adjusted)

- In June 2014, Walton County had the state's lowest unemployment rate (3.4 percent), followed by Monroe County (3.5 percent), Okaloosa County (4.6 percent), Sumter County (4.8 percent), and Wakulla County (4.9 percent). Many of the counties with the lowest unemployment rates were those with relatively high proportions of government employment.
- Hendry County had the highest unemployment rate (10.6 percent) in Florida in June 2014, followed by Flagler County (8.8 percent); Hamilton County (8.6 percent); and Madison and Putnam counties (8.2 percent each). There was one county with a double-digit unemployment rate for June, and none in May.

Area Nonagricultural Employment (Not Seasonally Adjusted)

- Of the 22 metro areas in the state, 20 had over-the-year job gains in June 2014. The areas with the largest gains were Orlando-Kissimmee-Sanford (+39,100 jobs, +3.7 percent), Miami-Miami Beach-Kendall (+29,600 jobs, +2.8 percent), and Tampa-St. Petersburg-Clearwater (+25,300 jobs, +2.2 percent).
- The two metro areas that lost jobs over the year were Ocala (-700 jobs, -0.8 percent) and Sebastian-Vero Beach (-100 jobs, -0.2 percent).

Note: The unemployment and job growth rates are estimates, which are primarily based on surveys created and mandated by the U.S. Bureau of Labor Statistics in cooperation with the Florida Department of Economic Opportunity.

The unemployment rate is derived from Florida household surveys conducted by the U.S. Census Bureau under contract with the U.S. Bureau of Labor Statistics. The job growth rate is derived from Florida employer surveys conducted by the U.S. Bureau of Labor Statistics.

Both estimates are revised on a monthly basis. In addition, these estimates are benchmarked (revised) annually based on actual counts from Florida's Reemployment Assistance tax records and other data.

Procedures mandated by the U.S. Bureau of Labor Statistics may result in more variable month-to-month changes. For further information, go to: <http://www.bls.gov/sae/cesprocs.htm>

The mission of the Florida Department of Economic Opportunity is to promote economic prosperity for all Floridians and businesses through successful workforce, community, and economic development strategies. Please visit www.floridajobs.org for more information.

The next Florida Employment and Unemployment release will be August 15, 2014, at 10:00 A.M.
