ITS ALL ABOUT THE KIDS

KinderVision Celebrity Golf Benefit & Banquet

"Swing With The
Legends Of Baseball"

September 25th-27th, 2010

**HAMMOCK BEACH
RESORT**

PALM COAST FLORIDA

KinderVision®

KinderVision, a 501 c-3 non profit organization, provides communities nationwide with extensive and broad based KinderVision personal safety education resources. KinderVision believes education is the key to prevention. KV disseminates its valuable safety education information in a variety of ways:

Our Mission

The mission of KinderVision is to empower children of all ages through education that raises awareness of the children and their caregivers on how to avoid abduction and exploitation – providing them with the knowledge that protects them from sexual predators.

Our Challenge

KinderVision cultivates community awareness that translates into **informed action**. Training in safety awareness is critical to eliminating these crimes against children, teens, and young adults.

Predation is fueled by a blind eye. The belief that "that doesn't happen here" diminishes if not eliminates the mental preparedness necessary to deal with the reality of the extent of exploitation occurring in this country.

The choice not to know is fundamentally disempowering. This retreat into fantasy exacerbates the issue and creates a **dangerous environment** for those not able to speak for themselves.

Rollie Fingers

"Because 'The Greatest Save' is the one we never have to make"

**Rollie Fingers, HOF,
KinderVision National Spokesperson**

Goal of Benefit

Protecting Northeastern Florida Youth from Predators

The goal of the KinderVision® Celebrity Golf Benefit and Banquet is to make Northeastern Florida the safest places in the country for children of all ages by raising awareness and providing personal safety education for children, youth, teens, young adults and parents, that enables them to recognize behaviors and circumstances that put them at risk by predators. Educational materials are provided free to parents, schools, law enforcement, churches and youth-serving organizations in the following ways:

On line KV Resources provides the most comprehensive information available on personal safety for children, teens, and young adults.

On site KVKids and TGS Events teach personal safety in a fun, interactive, and highly effective way. At KVKids Events participants take home a personalized age appropriate KV safety DVD that results in repetitive watching. TGS Events are a Q&A activity that give participants an opportunity to see what they know about personal safety.

On air KV safety tips broadcast by media partners teach entire communities on circumstances to avoid and managing risk.

In the Home the KV DVD, online resources, and classroom materials provide a variety of methods to raise awareness and protect kids of all ages from predators.

KV Classroom Materials offer public and private schools, homes, religious institutions, and all youth serving organizations a proven method to teach personal safety.

KV Safety Seminars raise awareness and promote personal safety for parents, high schools and colleges.

KV Law Enforcement Training provides 25 area agencies with training on child abduction/child homicide case investigation.

These programs create safer communities and prevent children, teens, and young adults from becoming victims of predation.

KinderVision® is available in English and Spanish and supported nationwide by law enforcement, the FBI, the White House, media companies, parents everywhere and is a proud partner of Major League Baseball.
