General Appropriations Act

County Allocations Contained in the Conference Report on Senate Bill 2500 2017-18 General Appropriations Act

This report reflects only items contained in the Conference Report on Senate Bill 2500, the 2017-2018 General Appropriations Act (GAA), which are identifiable to specific counties. State agencies will further allocate other funds contained in the General Appropriations Act based on authorized distribution methodologies. **This report was produced prior to the veto process.**

This report includes all construction, right of way, or public transportation phases \$1 million or greater that are included in the Tentative Work Program for Fiscal Year 2017-2018. The report also contains projects included on certain approved lists associated with specific appropriations where the list may be referenced in proviso but the project is not specifically listed. Examples include, but are not limited to, lists for library, cultural, and historic preservation program grants included in the Department of State and for the Beach Management Funding Assistance Program (BMFAP) included in the Department of Environmental Protection. The FEFP and funds distributed to counties by state agencies at a later date are not identified in this report.

Items in this report considered Appropriations Projects under Joint Rule Two are identified with either a House Bill (HB) number or a Senate Form number in the Project Title or the term “**RBAP**” is included under the Program description to indicate the item includes recurring base appropriations project (RBAP) funding. RBAPs associated with one or multiple counties may or may not have received additional funding as indicated by a House Bill number or Senate Form number. If the RBAP received additional non-recurring funding in the GAA, the total provided includes the base recurring plus the additional non-recurring funding and the House Bill number or Senate Form number will be listed in the title.

Pages 2 through 64 reflect items that are identifiable to one specific county. Multiple county programs can be found on pages 65 through 68.

Other information pertaining to the budget can be obtained via the House website: www.Myfloridahouse.gov, under Documents → Appropriations
