I Latawia Bennett am writing this letter to all appeal parties involving legal matters of Tonya B Anderson. I Latawia, is Tonya oldest daughter and Power Attorney. I Latawia oversee's my mother financial matters and help guide her in decision making efforts as it pertains to her well-being. Unfortunately being incarcerated it left open to others influenced on her mental state during her judicial process. Apparently my younger sister Ashley Bennett who has no bearing on my mother business or personal affairs, Ashley promise my mother housing and Support that she could not provide. These promises guided my mother Tonya Bennett who's incompetent to enter a plea arrangement that was not in Tonya's best interest. My mother Tonya Bennett is still in recovery, in need of Mental Health Services and Trauma Counseling. Tonya is currently awaiting a Stuart Marchment appointment that's schedule from Nov 8 2021 to start the process to get back on her Site Meds. Tonya has been without her Site Meds since her release day from jail. As her daughter I feel as my mother Tonya's has been Neglected on her mental state and well-being. I Latawia Bennett personally believe that putting my mother on 10 years probation is setting her and her mental state for failure. Tonya needs and wants help! There is a need for more Services, and Resources for my mother Tonya to be Successful. Unfortunately at this time Tonya doesn't have access to these Resources. I Latawia Bennett is asking that all legal parties ~~concern~~ her case on Sentance consider

ing Timya on my Presents and Corresponding
Letter.

Yours Truly
