February 2017

Thank you for this opportunity to submit my application. I would greatly appreciate your review of my qualifications and the opportunity to be an active contributor with the growth and developments of your district. I have a passion for children and education which not only includes stellar academics but essential guidance for a life time of possibilities and success. I believe that I can provide a needed service to your educational organization and would appreciate the opportunity to do so.

Personal motivation and a fervent approach extends into all areas of my professional and personal life. My experiences entail a wide spectrum of the educational domain. I have had the privilege and opportunities to work with students, educators, administrators, and specialized committees. My experience entails an extensive scope of work in; data and research, communications, crisis managing and resolution, classroom instruction, management, supervision and training, budgeting, including staff resource during school closings and consolidation. I have mentored educators at the introductory level to the seasoned and anyone in between. I am familiar with the current realm of educational requirements and changes as well as the needs of the industrial market that is served. The technology, programs, and training within the educational setting pave the future for each individual. My responsibilities and the information obtained over the past years has provided me with knowledge to assist in the renovation of disconnected educational establishments and enabled students to excel and achieve with a successful foundation to continue their post-secondary education or training. Through my work and education I have remained current with National requirements, State Standards, requisites and demand to meet the every changing face of society.

After reviewing my application, if you feel that I have the potential to meet the needs of your district, please contact me at your convenience.

Sincerely,

To whom it may concern,

This letter is in support of Linda, Math Specialist at Pueblo City Schools Central Office, and an exemplary educator whom I have had the pleasure to work with. Ms. Roeske has demonstrated professionalism, commitment and dedication to the Pueblo City Schools from the moment I met her at the start of the 2016-17 school year. She impressed me with her ability execute difficult tasks in the most efficient manner as well as her astute math content knowledge and coaching skill set.

During her tenure thus far, Linda had a difficult task of transforming the “information dissemination” model of math pedagogy to an inquiry based level of instruction for all high school math instructors’. What made the task more difficult was that most all school cultures were not invested in the change process. Linda was masterful in collecting all the ideas of each group and helping them work together. It was a monumental task and she was able to do it with aplomb. Under her guidance, the Math reform is beginning to take hold and hold great promise for improved teacher practice and hence student achievement. I am still amazed today at what she was able to accomplish.

Ms. Roeske has succeeded in every work she has put her hands on. She is capable and directed; her leadership abilities are second to none. I would welcome the opportunity to work with her again. She has amazing people skills and can bring the most diverse groups together to work collaboratively.

I am honored and pleased to have worked with Ms. Roeske as one of our district’s exceptional professionals. Her work has born fruit for all students and teachers she has collaborated with. It is with complete conviction that I recommend Linda, as she is an asset to any organization. If there is anyway I can support her in this process, do not hesitate to contact me immediately.

May 15, 2007

Dear Sir,

I would like to submit a letter of recommendation for Mrs. Linda Roeske.

Linda is completing her fifth year as a high school math teacher at Nouvel Catholic Central High School. During her five years at Nouvel, Mrs. Roeske has taught our advanced level math classes. Mrs. Roeske's job performance has been outstanding. Discipline problems do not exist in Mrs. Roeske's classroom. Linda is always well prepared for her classes and I believe her preparation and presentation of material contributes to the productivity and learning that takes place on a daily basis in her classroom.

As an added bonus, Linda serves as department chair for the math department. Linda's administrative skills serve her well as a leader in the math department. Linda has no fear letting a teacher know that he/she is not doing a satisfactory job in the classroom.

Mrs. Roeske's attendance is better than average. Linda will volunteer to assume extra duties. Linda is also the teacher liaison between the teachers and the administration.

If you decide to hire Mrs. Roeske, you will not only add an excellent classroom teacher to your staff, you will also add a teacher willing to take on extra responsibilities needed to improve your school.

Sincerely,

Ronald A. Szewczyk
Principal

To whom it may concern,

This letter is in support of Linda, Math Specialist at Pueblo City Schools Central Office, and an exemplary educator whom I have had the pleasure to work with. Ms. Roeske has demonstrated professionalism, commitment and dedication to the Pueblo City Schools from the moment I met her at the start of the 2016-17 school year. She impressed me with her ability execute difficult tasks in the most efficient manner as well as her astute math content knowledge and coaching skill set.

During her tenure thus far, Linda had a difficult task of transforming the “information dissemination” model of math pedagogy to an inquiry based level of instruction for all high school math instructors’. What made the task more difficult was that most all school cultures were not invested in the change process. Linda was masterful in collecting all the ideas of each group and helping them work together. It was a monumental task and she was able to do it with aplomb. Under her guidance, the Math reform is beginning to take hold and hold great promise for improved teacher practice and hence student achievement. I am still amazed today at what she was able to accomplish.

Ms. Roeske has succeeded in every work she has put her hands on. She is capable and directed; her leadership abilities are second to none. I would welcome the opportunity to work with her again. She has amazing people skills and can bring the most diverse groups together to work collaboratively.

I am honored and pleased to have worked with Ms. Roeske as one of our district’s exceptional professionals. Her work has born fruit for all students and teachers she has collaborated with. It is with complete conviction that I recommend Linda, as she is an asset to any organization. If there is anyway I can support her in this process, do not hesitate to contact me immediately.
