

10/24

Dear Judge Nichols,

My name is Tameyanna and I'm writing this letter in reference of case # 2025F0007161 for boyfriend Edward Sampson. I'm usually at every court date, unless I can't make it due to work. I was informed that Sampson may be at risk for facing some serious time. Now I understand, to the public's eye he may be guilty and a horrible person. But he's not. He's a father, he's hardworking, sweet, can cook and know how to preach God's word. I've known him for 10 years and been with him since he got out of prison May of 2025.

NOT JUST him, but we both
talked about a change and
relocation for a better life and
new start. Unfortunately this
incident happened. I'm aware
of the offers he turned down
from the state, we were BOTH
just praying they'll come with
a better offer. Please ask if
possible, could the state, you,
(I'm not too sure how this works)
come to a offer close, of a
NO CONTACT WITH THE VICTIM,
180 days or a year county
time and to leave Florida
for good. There's nothing
here holding him here. Please
if possible and if okay with
the victim could that sentencing
work? Thanks for reading this.
Sincerely ~~Michael~~
