

July 6, 2021

To the City of Bunnell, Mayor, Commissioners, City Manager and Staff:

We have been through a lot in the past seven- going on eight- years that I have been a Commissioner. We have four City Managers, four Commission Members have changed and a turnover in staff and supervisors. Since we hired Dr. Jackson, things have turned around and, in my opinion, the City is now heading in the right direction. The Board of Commissioners are working together for the good of Bunnell. Almost everyone employed is working as a team. It has been a pleasure and honor serving as a Bunnell Commissioner. This letter is to inform all that I am retiring as of July 13, 2021 due to circumstance beyond my control. Thank you for letting me serve you. It has been a pleasure.

Sincerely,

William L. Baxley
