I Daisy M. Henry am applying for the vacant seat on the Bunnell city commission board:

Experience

Job title: Pastor and founder of the Spirit of Truth Outreach Ministries from 1992 – to present date. My primary responsibilities are to minister to the church and the community. I conduct programs that promote a positive and strong community development.

Job title: Community Development Director from 1999-2001. Received a grant to assist with feeding the needy, assist with public housing and providing information for health care assistance.

Education;

I earned high school diploma in 1967 from George Washington Carver High School.

I received Ordination in 1992 from Spirit of Truth Outreach Ministries Inc.

Awards and Certifications:

I received The National Sojourner of Truth Meritorious Award in 1994 for community involvement and services.

I received a Guardian Adliem Award in 2001 from President Bush.

I also have numerous certifications: Citizen Academy Certification thru Flagler County Sheriff (2013), Training of Trainers thru Low Income Housing Coalition (2001), Criminal Justice Information System (2017)

I've served as Bunnell City Commissioner for approximately fourteen years. These years of experience has given me the knowledge and gives me the added advantage of keeping our city moving forward. We are at a critical crossroad and we cannot afford to change course.

As a commissioner along with the mayors we work hard to keep reduced taxes in place, while our quality of service in the city increases. We were serving the citizen at a high efficiency level and providing better service without increasing the taxes. The city started its own garbage pickup that created jobs which brought more revenue funds and we were able to get approximately ten million dollars in grants. These grant dollars enable the city to enhance our city beautification with landscaping and allowed the city to get quality drinking water. We created eight special events throughout the year to be competitive with surrounding cities. I have always worked for the people and will continue working.

I am retired from the workforce.
