Subject PRESENTATION - 2020-21 CITIZEN SURVEY RESULTS

Presenter: Denise Bevan

Background:

As part of the annual Strategic Action Plan evaluation process, a comprehensive citizen survey is conducted. Last year, staff utilized the services of the National Research Center, Inc. (NRC) to facilitate the National Community Survey (NCS), a statistically sound survey that randomly sampled 1,700 Palm Coast households. As directed by City Council, the NRC survey is staggered with a 'home grown' version.

The Palm Coast Citizen Survey was conducted from January 1, 2021 to February 7, 2021. The survey was open to the general public and hosted through the PalmCoastConnect application. Participants were asked to reflect on last year's services and experiences while providing thoughts on future needs. Staff will present the survey results to City Council and are attached.

Recommended Action:

FOR PRESENTATION ONLY.

Question: If you plan to leave Palm Coast in the next five years, what is the reason? Response Value	Created Date
Aggressive hateful politics, neighbors that don't care about facts, threats of violence by county commissioner	1/3/2021
Apartments, smaller Cracerr Jack homes and it seems there are less and less professional people. Riff taffy in places and too many	1/3/2021
fast food places and gas stations no real culture goingdownhill	1/1/2021
better health care / no choices on specialists	1/27/2021
Better opportunities	1/21/2021

Better paying jobs, more culture	1/8/2021
better shopping, living condition, acreage and less rules	1/15/2021
BOUGHT PROPERTY IN BUNNELL AND PLAN TO BUILD	1/24/2021
Build home elsewhere	1/22/2021
Building too much and getting too crowded. Code enforcement is rediculous	1/2/2021
Cannot afford housing, drug dealing and cops don?t do anything about it no matter how many times you call them.	1/4/2021
City did not put in a 5g tower because someone said they can cause harm. When your city officials believe conspiracy theories its	1/4/2021
time to go.	1/1/2021
Code enforcement	1/1/2021
Code enforcement, affordable housing, lack of jobs, lack of things to do	1/26/2021
Code enforcement does not enforce ordinances nor do police.	1/20/2021

Crime and amount of renters.	1/3/2021
Crime and taxes	1/30/2021
Development; Litter	1/3/2021
Difficulty working with city on everything - examples are permits, getting answers	1/23/2021
Disappointed with the leadership and the stupidity of voters	1/30/2021
don't want to retire here	1/9/2021
Downsize living and poor quality of support for cyclists.	1/23/2021
Employment opportunity. I was already looking to leave because of the backwards priorities of Code Enforcement of Law	1 /2 /2021
Enforcement. A city that cares more about appearances than people has a problem.	1/3/2021
Employment or family	1/2/2021
Flagler County government has made their feelings on Democrats quite clear. I will take my income, tax money and support of	4 /22 /2224
local businesses elsewhere.	1/23/2021

Getting over crowded. Although there are a lot of very nice people here the amount of rude disrespectful people is increasing	1 /0 /2021
quickly. This is not the same community it was when I purchased my home.	1/9/2021
Getting run down more and more with cheap house's. Salt canals not maintained. City codes not enforce. Marina not maintained	4 /2 4 /2 2 2 4
and no where to eat on the water. Walmart and dollar general bad .	1/24/2021
Getting too big.	1/23/2021
Going back to my other house.	1/28/2021
going full time in an RV and travel the USA	1/3/2021
Government	1/9/2021
Government overspending	1/1/2021
Grew up here, no job opportunities in my field	1/21/2021
health	1/22/2021
High taxes and utilities. Little attention to inside neighborhood water drainage problems, no retail/grocery shopping without	
driving miles, no jobs for young graduating teens	1/28/2021
I am a teacher. Although I do have a Master's degree I do not make enough money to purchase a home here.	1/21/2021
I believe this will be a tough place to want to live in when our population get to the projected 120,000 once the developments on	
US 1 are finished.	1/1/2021

	T. (2.12.2.)
If Cell Tower is erected on the Palm Harbor Golf Course adjacent to my house, I will relocate to another city.	1/3/2021
I have lived in Palm Coast for 15 years. I have seen the quality of living here decline rapidly.	1/10/2021
I like cities centered around foot traffic and cities that are more old fashioned better	1/1/2021
I need public transportation that I don't have to sign up for three days in advance.	1/2/2021
Influx of East Coasters - rude, ignorant, trash EVERYWHERE, drivers are rude & impatient	1/23/2021
It's getting much too congested. We live in the R section and we HATE seeing the natural landscape being stripped to	
accommodate more housing ESPECIALLY in established communities. WILDLIFE need homes	1/8/2021
It is becoming too crowded and traffic is getting worse. We drive all the way to Ormond just to go to Walmart because it is so	l
crowded in Palm Coast.	1/27/2021
It seems the only things palm Coast has to offer are Dollar General's, Pizza stands and homes for the elderly. There's no good	
gyms, movie theaters and when the or anything for adult entertainment	1/21/2021
I?m in Hospice	1/22/2021
Job relocation	1/25/2021
Joe Mullins and cronies. When a government official calls for beheading citizens it's time to get out. The lack of leadership and	
mask mandates during the pandemic is pathetic.	1/3/2021
Lack of ammenities for seniors.	1/23/2021
Lack of art and entertainment	1/27/2021
Lack of convenience to restaurants and stores.	1/10/2021
Lack of employment, lack of taking care of people who have been here a long time	1/4/2021
Lack of family friendly things besides beaches/trails. Most park equipment is not kept nice exception of Holland since it?s new.	
Rude older people. Cigarette smokers everywhere that litter. Speeding	1/23/2021
Lack of infrastructure maintenance in residential areas and lack of speed enforcement in residential areas	1/23/2021
Lack of opportunities , lack of dinning options	1/2/2021
Less restrictions	1/22/2021
Looking for a home with 5 acres of land	1/26/2021
Lot size	1/26/2021
Low income housing being allowed , not enough jobs and retail	2/3/2021
Low pay and Rent is to high	1/16/2021
Mean people. Not enough cultural emphasis or interest. Needs a museum, needs a performing arts or Philharmonic center. No	
radio classical or jazz station. Politically discriminatory, polarized	1/23/2021
Medical, and the dand to many regsownward spiral of our once beautiful city	2/6/2021
Military Orders	1/21/2021
More culture, better choices, better intelligence	1/16/2021
More opportunities for children, families. More affordable housing.	1/15/2021
More upscale community	1/4/2021
MOVE CLOSER TO FAMILY	2/2/2021
Move closer to work	1/21/2021
Move on	1/1/2021
Move to an area with more to do and better private school options.	1/30/2021
Moving to Flagler Beach to be on the Beach	1/9/2021
moving to NC	1/21/2021
N/A	1/16/2021
N/A	1/28/2021
Need to find employment in a larger city There is not much here	1/1/2021
No conducive to retirement. Families/former property owners have either Willed or sold their properties and families have moved	, , ,
in. Renters (and some owners) donn?t exhibit pride in their property.	1/22/2021
No decent restaurants; no stores such as Costco. Sick of gas stations and fast food all over the place. Lack of city leadership.	1/10/2021
No job/advancement opportunities	1/3/2021
No job opportunities	1/26/2021
No jobs. No industry. Horrible mismanagement of taxpayer money. Self-serving mayors and council members.	1/16/2021
none expected	1/22/2021
No REAL jobs! Nothing to do!	1/7/2021
No shopping, not much to do	1/30/2021
into shopping, not most to do	-, 50, 2021

Page 2 of 5 121

No standards in neighborhoods. Duplexes& single family homes on same street. Run down or junk collector homes next to nicely	
kept ones. Boats stored on streets. People with junk in front yard.	1/13/2021
No sustainable income and mileage rates are too high. If I have to drive to another town to work I might as well live there.	
Leadership in PC is a joke!	1/21/2021
Not enough activities, not enough high paying jobs and it?s too boring for the younger community	1/21/2021
Not enough community and cultural experiences. Lack of restaurants, things to do, events, etc. Mostly older people and not	
meeting professionals in our age group.	1/12/2021
Not enough opportunities for young people, local schools are not highly rated, and because ?Trump country?!	1/9/2021
Not enough to do work wise, entertainment wise, and social wise	1/21/2021
Not happy with Florida overall	1/21/2021
Nothing fun to do here. Would move to one of the bigger cities nearby.	1/7/2021
Not much to do here.	1/4/2021
not planning on leaving	1/22/2021
Over building and crime rates gone up. Utility bills are way too high and lack of good paying jobs.	1/21/2021
Overcrowded, bad drivers, police don't monitor traffic	1/9/2021
Overdevelopment of the city and diminishing quality of life	1/10/2021
over-populated	1/22/2021
Overpopulated and expensive	1/15/2021
OVERPOPULATION	1/4/2021
Over population.	1/22/2021
PalmCoast does not have opportunities for essential jobs for my young adults who have four year degrees. No opportunity to	1
advance in a professional career.	1/26/2021
People in charge of maintaining the ordinances are not doing their jobs, making the area undesirable and not protecting our	1
property values.	1/18/2021
Politics	1/19/2021
Poor city services such as garbage, increased violent crime and gang activity.	1/21/2021
Poor employment opportunities	1/21/2021
Poorly run! Need better representation.	1/19/2021
poor management & infrastructure, higher taxes, inconsiderate neighbors use fireworks, drivers speed down our street, dog park	
disallows swimming for dogs.	2/6/2021
Poor quality of shopping and restaurant options	1/22/2021
Population increase	1/9/2021
Quality of life is failing miserably. It is too crowded and has become too difficult to navigate because of traffic	1/4/2021
Quality of people, when I purchased here I thought this was a middle income town. To my surprise the homeless & begging on	
every corner is embarrassing to me when my family comes to visit I?m ashamed	1/21/2021
Racism, no industry, small minded bigots who won't wear masks .	1/7/2021
Retirement	1/1/2021
Retiring and want to be mobile	1/4/2021
Rise in crime and amount of low income renters	1/21/2021
Safer neighborhood	1/27/2021
Safety concerned are ignored. No street lights on any roads. No sidewalks existing in neighborhoods. City is not child friendly. No	
professional jobs available.	1/3/2021
Settled	1/23/2021
Swales, lack of sidewalks and overhead wires	2/2/2021
Taxes, traffic, lack of quality cultural events and restaurants	1/28/2021
Taxes. Crime	1/23/2021
Taxes & over crowding	1/22/2021
Taxes and subpar shopping selection	1/1/2021
Taxes and transportation	1/23/2021
Taxes too high; cost of living too high	1/9/2021
Terrible commissioners. Horribly run local government. Racism and homophobia are rampant	1/26/2021
the amount of uncared for rental properties, crime, getting too crowded and the property tax structure.	1/2/2021
and amount of anounce for rental properties, entire, getting too crowded and the property tax structure.	1-1-1-2021

the city changed the code with out citizen input. the neighbor hoods are filling up with junk. cars are tering up the sawles that i	
have to pay for and the city could care less. i am looking to move a	1/1/2021
The City is to difficult to deal with when it comes to building or bettering your home. There are also no good paying jobs around	
	1/22/2021
The city management is more interested in uncontrolled than they are in the well being of their current citizens. We are turning	
into a major city with increased traffic and crime.	1/7/2021
The city operates too similar to an HOA, and does not account for the resident's needs or the future of the city beyond serving to	
the retired.	1/4/2021
The cost of living seem to be getting out of control. While the pay hasn?t increased by much here. Also the amount of code	
enforcement and who gets enforced and who doesn?t seem to not be equal.	1/13/2021
The lack of industry and good paying jobs will force me to leave	1/3/2021
The Leadership	1/3/2021
The people	1/9/2021
The people	1/11/2021
The people	1/22/2021
	1/31/2021
There aren't very many family oriented things, the elementary schools aren't as great as we had hoped, and there aren't many	, , , ,
things to do or good restaurants in town.	1/27/2021
the reason is private	1/11/2021
There is not enough activities, events for families and kids. Palm Coast is a growing working family community but the community	1,11,2021
isn't adapting to the needs of these working families	1/26/2021
isir t adapting to the needs of these working families	1/20/2021
There is not enough diversity. In certain places , when my family and I go out we feel singled out because we are African American.	1/24/2021
There is nothing for the young adults to do, for activities. I am moving to be closer to family	
	2/6/2021
The ridiculous city rules and codes! If I wanted to live in an HOA I would have bought a house in an HOA! This place is the worst	1 /10 /2021
city to live in and I?m a 12th generation Floridian!	1/19/2021
	1/19/2021
The unfair treatment that your code enforcement is doing. Letting other resident do what they want on their property and	4 /22 /2224
harassing other homeowners. I have pictures to prove my claims!	1/23/2021
This is a town for old people by old people. Palm Coast is equivalent to Vicks vaporrub.	1/11/2021
This town is overrun with new homes unnecessarily being built, too many apartment complexes and no opportunities for	l. , ,
residents.	1/21/2021
	1/26/2021
Tired of living in rentersville, with trash all over the neighborhood and no code enforcement.	1/23/2021
	1/21/2021
To be closer to family	1/2/2021
To find more affordable housing. Housing that accommodates other people rather than just seniors.	1/3/2021
To many rental properties that are not kept up to code.	1/4/2021
To much construction. Neighborhoods are getting bigger and bigger. All the land is coming down. The poor animals have no place	
to live.	1/24/2021
To much growth. I have been her 18 years and some people in local Gov want to turn it into New York. It was once beautiful and	
quite.	1/22/2021
To much wasteful spending from city and county. Politicians acting like children and trying to turn this county into New York with	
wasteful spending.	1/2/2021
Too busy and it?s like living in. Gated Hoa. Too many dos and donts.	1/21/2021
Too expensive	1/1/2021
Too many home ownership restrictions and angry residents	1/16/2021
Too many homes being built, no space to breath or enjoy wildlife. RENTERS and unruly kids moving in the neighborhood. It was	
lovely here once now all our beautiful lots are cramped with homes	1/9/2021
Too many obnoxious right wing Republicans here.	1/17/2021
Too many rentals to buy a home that would keep value.	1/5/2021
Too many restrictions	1/23/2021
,	_ , -,

Page 4 of 5 123

Too many rules & restrictions, hate surface drainage, too hot-spend life in A/C, traffic getting bad, boring topography,	Τ
unappealing flora.	1/2/2021
Too much construction, was a retirement now family, not ego friendly removing too much habitat for animals, trash town, no	1/2/2021
enforcement By code, water pollution in canals, too much politics in governm	1/26/2021
Too much development leading to too much traffic. Newcomers largely rude, aggressive and entitled	1/1/2021
Too much growth, too fast. High taxes. Lack of adequate security.	1/4/2021
Too much growth and too much focus on multi-family and affordable housing	1/30/2021
Too much multiple unit housing on the Town Center. Too many rental properties with absentee landlords and no oversight.	1/9/2021
Too much traffic and excessive building of homes, no place for kids to hang out to do activities, shopping choices are limited	1/2/2021
Too Progressive and Liberal	1/2/2021
Too similar to a HOA	2/6/2021
Town has gone down hill since I moved here 13 years ago. Building to fast. Our government does not care about it's people. It's all	
about money. Our major is a joke.	1/8/2021
Traffic and lack of roads. to much building of residences, code enforcement not keeping up with the plight of neighborhoods.	1/21/2021
upcoming multi family units & commercial units being built in single family neighborhoods. Too many useless strip malls / shady	
businesses/fronts	2/3/2021
Utilities, particularly water are too expensive	1/23/2021
Utilities are high and I got laid off.	1/24/2021
Utilities are too expensive especially water. Cell service is terrible and property taxes are way too high for what you get.	1/21/2021
Very frustrated with all the rules. Some people are targeted to pick one constantly by the code enforcement while other people	
habitually ignore violate th sakes rules without consequence.	2/6/2021
VERY poor medical care, terrible hospital. ANY type of help is very expensive.	2/7/2021
Want a family friendly feel with sidewalks (don't like walking on the dangerous roads to get to the one sidewalk per section),	
neighborhood park/playground, town center is horrible.	1/26/2021
want to go back to changing seasons	1/7/2021
Water bill and taxes too high for what you get.	1/1/2021
Way to many rentals being built I know what means they are heading for trouble.	1/22/2021
Way too many people have moved here and the traffic is getting out of hand.	1/8/2021
We are progressive and this area and the State of Florida is not. This state needs to do some real soul searching.	1/23/2021
Weather	1/9/2021
We have two small children and we are concerned with how dark the streets are, there are no sidewalks in most neighborhoods.	†
Concern with trying to locate a social work job	1/2/2021
We moved here after my husband retired from the military. We purchased here because we were told that all houses were kept	†
up . My neighbor parks boats work trailers EVERY DAY! Done with it.	1/31/2021
Work	1/16/2021
Your rules about grass, Rv and trailers some areas have them others get warnings in a day	1/21/2021

As far as I?m concerned the city has enough recreational facilities and activities	1/22/2021
As far as rec facilities, open courts as Wadsworth used to be. Rental of equipment at the rec facilities. More ball diamonds for little	
league as there is just all soccer.	1/4/2021
A sidewalk/ bike path down cimarron drive before someone is killed by a vehicle	1/26/2021
As in many cities, there are few recreational activities for young people. Some would be interested ins ports, arts, science,	
technology. I would like to see youth enrichment in all of those areas.	1/3/2021
A skate park for the kids. Another large community park similar to the Holland park.	1/9/2021
as listed	1/17/2021
A small dock for remote control sailboats was requested and denied, but somehow the city can spend many thousands for tennis	
courts and golf courses.	1/21/2021

As per above, gym, pickleball, etc.	1/21/2021
A sports complex for the kids. I don?t care if we have to pay a monthly fee to register or use. But a safe place for basketball, sports	
etc. The outdoor parks are riddled w/ drug sales & delinquents	1/26/2021
A town center with shops, restaurants and theater in one location. There is no central area to call town	1/22/2021
A true senior center. More activites and spaces for kids and teens while parents are working. Give them a sense of purpose and	
something productive to do.	1/16/2021
Atv park	1/15/2021
At ?Town Center? to add Cultural center, art gallery. Another suggestion is what they have at San Antonio Riverwalk which has a	
nice night life and a place of gathering.	1/22/2021
Avtivities for the active senior citizens.	1/22/2021
A water park for the children, more parks that are shaded, a mall, Cosco?s, more family owned breakfast restaurants.	2/6/2021
A wider variety of shops and restaurants. Need a Costco, Sam's, Trader Joe's. Would like to see a Home Goods.	1/2/2021
A YMCA would be versatile, functional for all, edu programs, pool, leagues, ours in Indiana was the center of activity other than	
our school/church.	2/6/2021
A youth center,	1/23/2021
A youth center would be a good idea to give children and teens a place to go participate in activities. One that is reasonably priced

The city already spends way too much of our tax dollars on recreation w/o breaking even as a minimum goal	1/14/2021
The city desperately needs an large INDOOR gym/pools/recreation center with a cool water olympic sized pool which is handicap	 _
accessible, and has a gym, spa, basketball courts, etc.	1/22/2021
The city has adequate areas for adults. Nothing adequate for youth.	1/2/2021
The city has not provided a softball complex for Senior citizens use I have played in Bunnell / fairgrounds and Flagler/Wadsworth	
park for the past 22 years and retired last year from active play	1/22/2021
The City needs a Rec Center for all residents especially the youth. Also, with the population growing the need for another sports	
complex or more sports fields for the local groups is needed	1/1/2021
The City needs to create a hands on facility for the understanding and preservation of the animals and habitats that Palm Coast	
has. So many wooded lots are being destroyed without any concerns	1/24/2021
The city should leave the natural beauty of the area alone. There a plenty of walking and biking trails, gyms and community centers	1/16/2021
	1/22/2021
the city should not be trying to provide entertainment for citizens. The city should provide a safe environment for citizens to	
entertain themselves. Mainly adequate street lights and walking paths	1/14/2021
The city should pick ONE thing to distinguish itself & draw people: a sculpture garden, a flower show, a food truck destination, a	
foodie street, etc.	1/22/2021
The city should save money and do not expense too much in recreational facilities	1/26/2021
	1/4/2021
The focus needs to be on proper lighting in neighborhoods and sidewalks or safe areas for bus stops for our kids.	1/19/2021
The L Section needs a recreation area, NOT residential development of the Matanzas Woods Gold Course	1/2/2021
Theme park / space (Yes, even though Canaveral is down the road).	1/21/2021

There?s no plan except development that lines elected officials pockets	1/23/2021
The seniors need their own recreational facility directed to their needs	1/16/2021
The southern end of the city is well underserved by the parks and recreation department. There should be parks similar to those	
on the north end. (i.e. holland park, and/or the community center.)	1/4/2021
The streets and sidewalks need improvement for walkers, runners and bikes. Remove wood bridges to cement to ensure safety.	1/23/2021
The teenage kids here have NOTHING TO DO!!!!!!! My 15 yr old complains all the time there is no where for teens to hang out!	1/4/2021

Question: Are there any additional comments you would like to provide?

1.) What concerns me the most is the herbicides used on the swales and killing and poisoning of our wild life that uses the water from these swales for their water habitat and food. I find this practice appalling and dangerous to our wildlife, our life and our water supply. 2.) Over population with no job opportunities, no infrastructural improvements and no increase in water management is also a big concern. The fact that taxes need to be raised to support this growth. Most of the jobs are in St Augustine, Daytona Beach, Ormand Beach, and Jacksonville. Long commutes. Also no city support for small and medium businesses during this pandemic. 3.) Also I found that the election of the council and Mayor were disturbing with lots of lies, accusations and backstabbing. I think our politics should be transparent, clean and honest. 4.) I also find it disturbing the council and Mayor are money hungry and I fear property taxes will be raised on seniors with fixed incomes to accommodate the frenzy of the tax and spend policies from this new council and Mayor. FinalllyI fell in love with Palm Coast and my husband and I moved here	1/4/2021

1. I find it humorous and even a bit ridiculous to want to limit the "dollar stores" in PC but to also want to develop low income housing. The two go together. 2. The eastern end of Palm Coast Parkway is beautiful. It should be preserved. The city/county should buy the land and make it a parkland/greenzone. Otherwise in 10-20 years it'll be gone an look like the rest of Palm Coast Parkway. 3. Forget low income housing. It will lower the quality of the city. You should care about those already here more than you do about attracting people who cannot afford to live in the infrastructure we already have. 4. The developers and real estate types who plan and act on behalf of the city/county need to understand that the interests of the community are not always served by the build, build mentality. 5. A policy should be enacted that when owners of the very big stores and business structures want to build a bigger structure the old one needs to be torn down and not create an eyesore. Another option is to expand on the existing structure. The need is to prevent what's happened in other locales. A big-box store builds a new store and leaves the old store vacant, resulting in blight, or lower-value enterprises moving in. This results in blight.	1/8/2021

1) IF plans for recreation are intended to offer activities, small and local is good. IF the objective is to create a profit center for the city, bigger is better. The Tennis Center loses money for the city, to benefit a few businesses that offer ancillary services. Tax increases that benefit business seems almost socialistic. More people use the tennis courts at the free parks than at the tennis center. If you have a big enough complex for racquet sports, tournaments and	
events might be able to be held to offset build, operation, and maintenance costs. However, the park players will	1/23/2021
1) Our roadways are already busy. I am concerned with the growing population that it will be more unbearable than	
it already is to drive to Walmart. And without a large police presence in the streets people drive like absolute idiots all over town. 2) What are we doing for the youth of this City? We have organizations that are not local making money from the families in this City. Why doesn't the City run their own youth sports programs? Where I am from that is how it is. Keep the money in house. 3) Fixed income housing is another word for low-income housing. And already we had a drug bust at the ones in Town Center. It is going to get worse before it gets better if we don't improve the police presence around the City. 4) This past year at City Hall/Council has been embarrassing as a resident. Hopefully it improves. 5) Last opinion, you want people to shop local right? How can we if we be labeled a sports/recreation city without a sports store. I have to drive to Bass Pro Shop, Dicks Sporting Goods, etc. Doesn't 1st most important is bring jobs for people coming to work. 2nd bring housing affordable for younger people who cannot own right away. More higher education so younger people can be educated here more different types of 2020 was a bad year to base responses on- but overall I like living and being in Palm Coast. Absentee Landlords, in regard to daily rentals (VRBO, AirBnB). There needs to be significant improvement to regulate these businesses! Stable neighbourhoods are being disrupted by the lack of safety in their community due to constant traffic, disregard for neighbours, parking in street overnight because driveway is full. There is no law enforcement visibility any more. The City of Palm Coast does NOT receive proper compensation for the impact that daily vacation properties put on the City by accepting a \$5 application fee to operate one. After visiting several times to Palm Coast. We decided to move here and have lived here fulltime for 2 years. We came from a city that relies on it's seasonal visitors. So we are familiar with the influx during "snowbird" season. I find the traffic on Palm Coast Parkway very congested, the drivers reckless, and the up and down (45mph to 40mph to 45 mph) frustrating(not that anyone really obeys the speed limit). We love all the parks and nature trails available in Palm Coast. But we do feel unsafe at some and have had our window shattered and our car broken into while visiting. We feel that sometimes you a more concerned with the appearance of the neighborhoods(code enforcement), than the safety of neighborhoods(lighting, sidewalks, etc.). All in all, there is a lot of positive things about Palm Coast and it is a nice place to live. We do not regret moving here and hope to be here for a long time.	1/2/2021
A great place to live. Law enforcement here is excellent and is a priority. Keep the city clean and beautiful and preserve it?s natural beauty.	1/21/2021

All in all a wonderful place to live. Kids need more things to do on weekends besides driving to Daytona for fun. Examples, a go kart track, mini amusement park, skating rink, drive-in movie or Put Put golf. Something along these lines. Maybe off US 1, by the sidewalks to nowhere.	1/30/2021

Allowance of revision and modification to the standing MPD and LDC should never have happened regarding the abandoned Matanzas Golf Course. Planning should have stopped any application mainly because there was not a need or justification for more housing in a designated green belt space. If there was a need- no problem. City council capitulated due to threat of law suit by developer. Both planning and city council did not stand up for the	1/30/2021
neighbors. This will be a huge regret in 15 - 20 years from now when green belt is developed. I?ve never been interested in city matters until this blatant and negligent allowance to allow the application to move forward. Quite frankly planning and council should be ashamed of themselves. One more thing, how do think the L section feels when our tax dollars are spent on amenities in other sections of the city? We had our only potential amenity taken	
Allow left turns at all intersections with good vision of oncoming traffic. Do a better job timing lights.	1/21/2021
Allow reporting of code enforcement violations to be completely anonymous by not requiring citizens to provide their phone number and email address when submitting violations via your website. Citizens are afraid to report things because some neighbors look to retaliate and the citizen doing the reporting may be afraid their information may come to light or that their information is collected in your database and possibly made public upon request due to FL statutes on public information. As a result, if you have less reporting of violations because of this, many violations go unreported and the conditions in the city worsen.	1/2/2021
All street lights on public areas be solar.	1/23/2021
All you have to do is look at the area around LPGA Blvd to realize this is the worst case scenario for Palm Coast. Don't make those same mistakes. Growth for the sake of growth is nonsense and stupid. Developers are snake oil salesman that should be kept at arms length. Stop the willy-nilly changes to zoning codes and kowtowing to developers. Make prudent growth decisions. No more gas stations, fast poison "restaurants", dollar stores and the like. These businesses do not add ANYTHING to our economy regardless of what developers and council members	1/4/2021
Although I would like the city to progress & grow, I want to make sure that we preserve the small town environment. Building a hotel at the beach will create parking issues and take away from the small town beauty.	1/30/2021
A major improvement to the general appearance would be to put all residential utilities under ground. Also, in new developments, an alley behind properties would provide a place for trash and recycle collection, without the unsightly containers on our streets. An alley would also provide for garage entrance from the rear instead of the front of each house. Implementing the above items would result in a very nice looking neighborhood. Shopping areas are designed this way, why not residential?	1/16/2021

As a new resident, it is very difficult to get information about trails for biking and hiking. I have have worked I. Tourism my entire career. I feel Palm Coast and the Beaches is not in tune with attracting new visitors. More visitors paying hotel taxes means less tax increases for residents. I would be happy to discuss. As the city expands, and recognizing your considered restriction of lanes on Whiteview Parkway (for example)

Beautiful city but having so many fast food restaurants and dollar generals diminishes the quaintness. So many trails

Maybe the outskirts of palm coast would be best suited to keep all the traffic out of a central off the main roads.

Cell phone service needs to be a top priority. The area of sr-100 & old Kings Rd. really need improvement. Some	
zoning restrictions on business/ corporate development need to be relaxed to attract more & better businesses to	1/2/2021

Cell phone service should be a top priority as it is essential as any other utility. People who live near cell phone	
towers and potential towers and complain had an opportunity to look at the master plans before they purchased	
their homes. If they didn't do their research or ask the right questions before they bought that's on them. Traffic on	
Royal Palm and Belle Terre east side is not good poor timing of lights and lack or dedicated right turn lane leads to	1/30/2021
long traffic lines. Stop trying to appease people on Florida Park Drive the world doesn't revolve around them and	1/30/2021
the traffic problem on that road is exaggerated. And parents who insist on driving their children to school when

Code enforcement should be enforcedI live on Zoffer - not very often see a city vehicle patrolling; some people	1/19/2021
have trashy yards, commercial vehicles parked overnight on residential driveways	· ·
Coding on house colors is absurd. People care that neighborhoods, yards, and homes are maintained. Kept neat and	1/21/2021
clean. Couldn?t care less what color people paint their house as long as they maintain their property.	<i>'</i> '
Communication is poor from City Gov. Too much unprofessional actions from members of council. City Mgr	1/6/2021
provides no confidence in his action. Mayor has attitude probem. Not to to be trusted.	_, -, -,
Community is too clique. Its difficult to "break through" as a new resident. Taxes and water bill TOO HIGH and for a small city too many high paid city employees.	1/2/2021
Concerned about over use of our natural resources, mainly water. We need to keep some more of our natural	
spaces in each neighborhood. We could also use subsidized apartments for the elderly and more reasonable units	1/23/2021
Concerned about the condition of the house rental property?s not being taken care of bringing down home owners	
property values.	1/30/2021
Concerned about the removal and clear cut of every lot being built on. We won't have birds without mature trees.	
	1 /22 /2021
Would like to see a program where a builder has to leave at least 1 mature tree if they exist on the lot. Taking down	1/23/2021
mature trees also makes it hotter.	
Concerned with City decision making. Round-about at US 1 and Mantanas seems like a great waste of financial	1/9/2021
resources. A street light would have been more appropriate and more cost effective, in my opinion.	
Concerned with the overall cyber security of municipal systems. Can regular status be provided on upgrades, cyber	1/21/2021
intrusion insurance and security posture?	
Concerned with the over building of private homes. There are too many unoccupied homes already, yet they keep	
building with no owners. This is ruining the natural beauty of the area, not to mention vacant homes are crimes	1/19/2021
waiting to happen. We don't need Palm Coast to become another concrete city. There are already too many of them	, -, -
in FL. Save the natural beauty and wildlife that brought most of us to this lovely city.	
Consider asking respondents how long they've lived in the county as well. I have resides in Palm Coast for just over	
two years; however, I'm a life long resident of Palm Coast. I'm looking forward to development in Town Center and	1/3/2021
near the south side of Palm coast. Also, please correct the survey so that respondents can select "Development of	1,3,2021
Innovation District" for the 25th question.	
Construction on our street has been a big problem over the past 6 months or so. The builders are messy and have	
no regard for how and where they park or what they block. They should be inspected and fined for violations	
regularly. Generally speaking residents parking on the median grass strips is also a big problem. As my wife likes to	
say, it makes it look like "cannery row". We may move out of Palm Coast eventually specifically because of this	
problem. The noise from 195 seems to be getting worse we need a noise barrier wall badly, especially where the	1/21/2021
lake between Burbank and Bird of Paradise allows the road noise to echo across. We would like to be able to build a	
wall across the front of our yard it would make us feel more secure and would at least keep the neighbor kids and	
stray animals from using our yard as a litter box (true story, two neighbor kids used our yard for their outdoor	
bathroom pleasure). Palm Coast has a lot to like, but these issues give us pause and make us wonder if it was a good	
Continue to fully support the Palm Coast Golf Course. Would like to see a variety of Adult Education courses return.	1/9/2021
Continue to make this a cycling Mecca. Protect cyclists. Shade paths. Fewer chain stores and restaurants.	1/2/2021
Continue to promote Palm Coast Connect. It's a very efficient way to get answers or report a concern.	1/9/2021
cops need to do there jobs without harassing people, let them live there lives, without being harassed.	1/1/2021
Cost cutting, better use of tax money!	1/21/2021
Could we get crime statistic reporting quarterly in email?	1/19/2021
Council needs to re-examine it's 1960s-70's approach to development, which is basically cater to developers and	, ,
disregard the quality of life of its existing residents and the long term negative impact of that philosophy. Continuing	
as we are guarantees PC becoming just another anonymous Florida strip-mall, budget store, and fast food	1/9/2021
wasteland. As the old song goes, "Pave paradise and put up a parking lot". Maybe that should be our city motto.

Covid 19 vaccines are poorly distributed in Palm Coast. We had to go to St. John County to get our vaccine and lots	
of other folks in the neighborhood have done the same. If we waited for Palm Coast my husband would not have	2/6/2021

Customer service has been almost non-existent with the city closed down due to COVID-19. Phones looped and	
there was no one answering them. There was no efficient way to connect with the city. This is not acceptable for the	1/3/2021
citizens of Palm Coast who are in need of communicating with the city.	
Dealing with the city to remove dead trees on vacant lots next door is a nightmare both in person or by phone! The	
3 trees were marked, one was removed from the lot behind me but the two on the lot next door were left. I called	
NUMEROUS times about them and was finally told they had already been removed. They finally agreed to send an	
inspector out, he AGAIN marked those 2 plus some others to be removed and again nothing was done. I was willing	
to pay for the 2 trees to be removed because they were a threat to my house but was told if I did, I would be

Developing Town Center would be the best thing for this city and I am very impressed with the new businesses	
opportunities coming to town and the latest announcement of the developers moving forward with projects within	
the Town Center. Would love to see a walkable downtown-like business experience there. Restaurants along the	1/30/2021

Development is essential, the importance of using our local contractors seems to be a low priority. Any	
development in the county should be offered to local contractors to bid first before outsourcing to large cities.	
Providing resources on how to do this would be nice also. Contractors classes and guidance resources. It would be	
nice to see the thousands of starving local businesses thrive before all the work is given to greedy large companies	
from Orlando and Jacksonville. The area by matanzas woods is in desperate need of a gas station, maybe more	
accessible than the one being built on the opposite side of the roundabout that took a year to build. There are	
families in desperate need of affordable housing, and not way out in the middle of nowhere at town center. While	
palm coast has continued to look cookie cutter for the last 30 plus years, the quality of life and the incomes of	
families continues to go down. We need to focus on the health and prosperity of the community not just in how	1/3/2021
great the costly landscaping looks on just one end of Belle Terre. The children are suffering from lack of anything fun	
to do. Sure we have some beautiful parks and trails, but no actual activities. Such as, batting cages, ice skating, a	
park with more than one tiny little play set with a 2 foot slide and 2 swings, community pools, arcades. Also the	
code enforcement has gotten out of hand. While I myself have not had issues there has been many incidents that	
are unnecessary and just an excuse for the city to collect payment on petty things. So what if someone has to park	
in swale overnight, or a work vehicle is in a driveway? We all have to work right? Then you turn around and the city	
has their machines parked in the awakes for days just for storage and fails continuously to cut the grass from swale	
Development is necessary but it doesn't seem well thought out. So hit and miss. Wish city would listen to citizens	1/9/2021

Diversity of entertainment & businesses are needed. Same businesses on both sides of city. No more banks, fast

First your highest level of education selection is incomplete. There are more higher degrees than just Ph.D. or Juris	
Doctor. For instance MD., O.D., D.V.M., etc I opened my own business in 2019. The permitting process was	
ridiculous. It took 4 months to get permits. Then they required us to pay an architect over \$400 to do calculations to	
prove that an ADA Door handle (sold as such) was actually an ADA door handle. The entire time we were paying	
rent on a space we could not begin to do construction on and then the build out took 3 months. Flagler/Palm Coast	
makes it very difficult for new small businesses. If I had to do over I likely would not have opened in Flagler/Palm	
Coast area. This needs to change if you want more jobs and small businesses in the area other than fast food chains.	
Next we need more industrial/manufacturing/large companies that are willing to pay good living wages. Allow	
Costco, car manufacturing plants, Amazon warehouses, parts manufacturers, etc to come to the area and create	
good paying jobs. Our trees. Why does the city continue to cut down our big beautiful oak trees along the roads?	
Palm Coast Parkway east of I-95 they are almost completely gone. Yes some were removed to make the road wider.	
But one area across from the large building Sun Trust is in the oak trees were cut down and Palm trees planted in

their place!!! The road had already been completed. Now they have removed the ones on Old Kings Road. It is sad	
and infuriating. I love those trees, they are part of the reason I moved here. Now I feel like leaving Last code	
enforcement. It is very selective in what they enforce. I had complained several times about cars parking overnight	
in the road and in the swells. I have almost been hit several times because cars are parked in the road in a curve.	
One of the things I liked about Palm Coast was this was not supposed to be allowed and at first it was not. Now no	
one cares. Is it going to take someone being seriously hurt or killed before the city does anything? And also there	
are not supposed to be trailers, boats, campers, cars sitting with tarps on them, commercial or work vehicles, etc	
parked in driveways. Yet they are. Yes campers and boats over a weekend but there are some in my neighborhood	
that never move. Commercial and work vehicles all over. This includes City of Palm Coast vehicles parked overnight	
at peoples homes. To me this is a waste of our tax payers money and against the parking ordinance. They should be	
parked at the respective department and have to go to work to get their vehicle and then go to work. Some homes	
have 6, 7 even 8 cars at them so they park in the road, in the yard, etc. Palm Coast is turning into a run down area. If

Florida Power does not enough preventive maintenance like cutting limbs Flow of traffic and lack of synchronization of lights are something that should be addressed on Palm Coast Parkway. The Mayor's agenda does not align with the character of the city. For a "city" the lack of amenities such as public transportation, cultural establishments, museums, sidewalks, movie theatres, facilities for entertainment for kids/teens, concert hall, employment opportunities with decent wages, and the like. We dislike driving 1-2 hours just to go to a kids museum, water park, roller rink, theatre. It would be grand to have public transportation that can provide a route to Orlando and the airport. Seems like this "city" is decades behind and requires an immediate catch up. Our monthly water bills doesn't equate to its quality if we have to purchase bottled water. Extremely expensive compared to other municipalities. Quality restaurants versus quantity of fast food restaurants is way out of balance. We're considering selling in the next few years as this "city" is an undisclosed HOA and sorely lacking. It's pretty on the outside but the insides desperately requires an upgrade. FYI: All the questions with number ranking did not work. They automatically ranked in numerical order, and I was unable to change any of them.	1/19/2021
FYISeveral questions said not to use the numbers to put in order. It said to use the drag and drop. Drag and

Garbage collection is very erratic. Sometimes they come very early in the morning (which when they do that they speed through the street because no one has their garbage out that early), other days they come later in the day.	2/2/2021
Generally, I think the city of Palm Coast does an excellent job. The one note I would like to make is regarding the	
recent uptick in duplex building. They bring down the value of the pre-existing homes on a street and adding the	1/22/2021
potential for absentee landlords goes against what the city works so hard to maintain.

Growing too fast. City is more interested in rapid growth than maintaining the quality of life for its citizens.	1/7/2021
Growing up in this city, just about every place I would consider fun was shut down within a year or two of it	
opening. Our school's dress code had slowly removed any form of self expression my friends and I had left. As an	
autistic girl, the one form of pants I was comfortable wearing was outside of dress code, leaving me to live out my	
last few years in school in skirts that would cover them up. This town just doesn't seem to want young people,	1/8/2021
despite the growing number of families moving here. I know plenty of others who share my sentiments. Palm Coast	
should be a place that nurtures kids and teens and shelters businesses that create fun and meaningful memories for	
families. I'd love it if museums and natural park outreach programs were more of a priority for this town. In any	
case, with the way things are I couldn't possibly recommend to a young family that they should move here.	. /22 /222 /

Hello, the city struggles with what to inspect, how to inspect and the technical manual for the seawall. This city with	
such deficiencies only attracts fly by the night contractors who take advantage of fellow community members. To	
rid our community of such poisonous people doing inferior work, the city must greatly strengthen the number of	
inspections, the type of inspections, the technical manuals. The seawall technical manual, if followed as a guide, will	
result in inferior wall construction. Local contractors know this and they know that the city doesn't inspect things	
they should or how they should. This incentizies the worst contractors to live and do work here, which results in	
homeowners here paying a high price for inferior work to be performed with no real protection or needed oversight 1,	1/22/2021
from the city. Reputable contractors from other surrounding cities will echo the same sentiment i.e. they don't even	
try to do quality work in Palm Coast because they know all the bids are won by the locals who have no qualms	
about slapping some shoddy work together and still charging less than quality work but way too much for the kind	
of work they are performing. I have mountains of detail on this in emails and elec correspondence. Agua

I've been living here for almost 2 years. I really like the town but as you know it was designed as a retirement	
community. The town has change a lot from what it was intended to be. There are now many families and growing	1/28/2021
children. I think it's important to invest in these kids by providing after school activities and opportunities. Not every	1,20,2021
kids plays sports although I wish they would but they do need other outlets.	
I've called several times regarding the swale and can't seem to get anyone to come out and reshoot the grade. The	
water does not flow. The swale always stays wet even when there have been some days to dry out. The ground is

seems to be my side just got skipped. When is taxpayer calls for help with a problem it falls on deaf ears.	
I've lived here for a quarter of a century. I am ready to leave due to the hateful political rhetoric that has emerged	
as the norm from our local Republican Party/Trump Club. I have had deranged people jump in front of my car	
waving flags at busy intersections and I was harassed when I went to vote- badgered and followed and told that I	
	1/3/2021
been cursed at and threatened for enforcing a mask mandate at a local business. Law enforcement does absolutely	
nothing to contain this behavior. I have personally contacted the Sheriffs office several times about these situations	
to no avail. Please consider a city police department if the Sheriff refuses to protect everybody from partisan attacks	
I've lived in Palm Coast for 30+ years. It's remained a "provide your own transportation or else community." Some

have no viable transportation options.	
I've lived in small towns, which became large cites, and helped with issues. One help is ALL mail boxes on north/west

I absotulely love to live here in Palm Coast. One major issue this area has is with Animal Control. They should do	2/2/2021
more than just collect fines from irresponsable dog owners. In that regard, I feel unsafe here.	2,2,2021
I am a local business owner in town and have lived her since the early 90's. I have grown a successful business with	
10 employees. From that success I have built homes around town. I have had the worst time, 'multiple times'	
dealing with the city 'building' properties which literally almost bankrupted me on time and set a project behind a	1/22/2021
year and caused major duress with me and my family. I am literally going through another remodel and the city is	_,, _021

I am a snow bird, I live six months in Palm Coast and six months in the greater Montreal area. I think the potential	
for Palm Coats is terrific. I see you you have a balanced approach and slow and steady should be your Modus	1/23/2021

I am blind and disabled. I use Flagler Transport. We need more transport services for evening, weekends. We need	
to be able to get out to state parks, Agricultural Museums, and recreational events. Palm Coast promised regular	
bus routes. I have been here 35 years. We don't need more golf & tennis courts, gyms. We need more senior,	1/21/2021
disabled services, and places for youth to go. We need more good quality business & industry. We have plenty of	
shopping and fast food. Sheriff's Dept does a great job. So does fire dept. Need more veterans services.	
I am concerned about the daily flow of heavy trucks on Belle Terre Blvd. I'm guessing that GPS leads the drivers to	
take this as a short cut between SR100 and US1 south, but it is only a two-lane road and the vast majority of its	1/23/2021
length is residential. I should like to see a prohibition on through traffic for commercial vehicles over 2 tons.	
I am concerned about the recent lack of civility in City Council meetings, and in particular, bringing national politics	
(and divisiveness) into our local government. This has to stop. I want to see more updates on the status of FiberNet.	
While it seems to be promising, I'd like to know what it currently provides and the long-term plan for its utility. As	
the city moves to expand streetlights, it's important that this be done properly so as to avoid wasteful and	
potentially dangerous light pollution. LEDs are good, but they should be fully shielded and of the proper spectrum	1/9/2021
(3000K or less). Streetlighting in Town Center is horrible. It's the perfect example of how NOT to light streets. The	
unshielded fixtures, especially the low ones, produce unnecessary glare that particularly affects older people. Light	
is wastefully thrown up and outward; it should be directed down. All of the light heads in TC should be replaced	
with ones that are fully shielded. Good ones that are also ornate are being used in the Publix and theater parking	
I am find it extremely hard to be an informed citizen on upcoming meetings related to development and other	
important issues. I find out through others citizens about major projects that Palm Coast is considering. AND at	
times it is too late for me to rearrange my schedule. Feels like the wool is deliberately being pulled over our eyes. I	
understood when I moved here 20 years ago that Palm Coast was in its infancy, just learning to crawl. I understand	1/1/2021
the growth stages,. Don?t grow so fast that you forget what makes this place so special. Be the city that SETS the	
example. Protect the waterways and the habitat for animals. Please Do Not Race to grow because once it?s done.	
There is no undoing it. Stand out among the other Cities! That is and what will make THIS Place so Special!!!!

I am generally quite happy in Palm Coast. I really only shop locally and since I have lived here, have only travelled to	
another city for shopping one time. I do appreciate these surveys every year, because it means that the City is not	
only interested in getting feedback, but is trying to provide the best quality of life for its residents. I'd love to see a	1/3/2021
city park type development in Town Center, with an arts/music area. It's a great place to walk, ride bikes, picnic, and	
has land for tennis courts, basketball courts, and so forth. I lived in Knoxville, TN and there were a few such places.	
I am loving the changes at James Holland Park. What a wonderful design you all truly had families in mind down

everything is easy for the community to navigate and find.	
I am not crazy about the whole town being in a pud. I really didn?t know about it until closing and didn?t	
understand till later, as I had never lived in one before. I?m not a gated community kind of person and I now feel I	1/21/2021
know I?m not a pud person either. If I could move my house to unincorporated part of town I would.	
am not sure that that any of the choice questions will provide for accurate value as most were not clearly stated

bring along a trash bag I am somewhat disappointed in the vast lack of diversity in the work places in this community. The temperature of	
divisiveness has been raised significantly and it is somewhat uncomfortable living here now. The Police Department	
	1 /2 /2021
also needs to be color blind when dealing with issues and should apply the law based on their oaths taken,	1/2/2021
regardless of color or ethnicity. Overall total disrespect and insensitivity of residents during this pandemic, those	
who refuse to wear masks etc and the inability to demand that directives be followed, it is scary and I'm second	
I am strongly against the cell tower and the condo development in Palm Harbor golf course. The impact to my	1/1/2021
neighborhood will be disastrous in terms of traffic, safety and health.	
I am very concerned about the over crowding of our our city. The quality of living here is based often on having	
open natural spaces intentionally protected. It feels as this though the ease of driving to the grocery store, getting	
an appointment with a doctor is getting more and more challenging. I wonder who is over seeing the big picture? Is	1/23/2021
it just developers desire to build more and more? Or does someone have a great plan for the quality of life for all	
who live in this very beautiful, peaceful town of Palm Coast?	
I am very concerned with the number of homes being built in all of the neighborhoods, but the infrastructures and	1/19/2021
school systems don't appear to be getting upgraded. Also, we need jobs, in our county, for the people moving here.	1,13,2021
I am very concerned with the proposed cell tower near the Palm Harbor Golf course. I have children and we are very	
scared about the impact on their health. It is wrong to put this here. It will very much reduce our happiness. Please	1/2/2021
find another place away from residences. This is the most import issue for us. Thank you!!	
I am very impressed with the City?s success in attracting UNF & JU to our City Center area. Well done!!! It will	1/2/2021
hopefully benefit our youth & provide good job opportunities locally. Thank you.	1/2/2021
I am very new here and hope to explore and utilize more of the city parks, trails and services.	1/22/2021
I am very unhappy with things that need permits against items that do not require permits. Also very upset with	
that the city can put up a metal a steel fence that is silver but residents can't. What's up with that? Is the city above	
what residents want? We put up a very nice looking fence that employees of the city thought looked good but we	1/9/2021
had to take it down, yet the city can put up fencing that looks awful and residents have fencing that is discolored	
and falling down but the city does nothing about it. That is really fair!	
I am very upset at the amount of building lately. As I am not in a gated community but my home is surrounded by	
very nice homes yet right across the street a very small home was built. I understand that land is purchased and	
these companies can build these homes, but is there no interest in comps in the immediate area? Also, why in the	1/20/2021
world is there a group home permitted in a residential neighborhood ???? WHY? There are family homes around	
I appreciate that local government supports mask wearing during this pandemic.	1/23/2021
I believe future Town Center business development will not be very successful with all the low income apartment	
housing that was recently built there.	1/10/2021
I believe Palm Coast residents would benefit from more corporate opportunities . It seems that most of the work	
force in Palm Coast has to travel North or South in order to find better paying employment and much further away	
to obtain financially substantial salaries and benefits. Palm Coast also needs to keep small aircraft away from the	
residential areas, too many small planes and belicopters fly too low over these areas creating noise. Aircraft taking	1/2/2021
off or landing should be required to climb quickly. There have been two plane accidents and an unintended landing	
in the past ten years- why not eliminate the possibility of residents losing their lives.	
· · · · · · · · · · · · · · · · · · ·	
I believe that our building and zoning department should be re-evaluated. The rules are very restrictive and not	1 /2 /2021
conducive to a pleasurable place to make a permanent home. I do think that it was intended to make a good	1/2/2021
community but it has become very restrictive and in some cases not administered fairly.	
I believe that the current system of storm water management could be vastly improved by eliminating swales and

I believe to keep our community growing we need to court industries and big businesses. I?d also like to see the street light project to continue until every street corner is lite.	1/2/2021
I cannot help but feel, as many do, that with the building of the apartments on town center that the forward	
direction of Palm Cost has shifted. The change from commercial development to 'affordable housng' are two	1/10/2021
distinct ends of the economic spectrum. One leads to more revenue for Palm Coast and the other creates costs and	1/19/2021
burdens services and infrastructure This is a concern for many.	
I cannot stress enough the need for sidewalks. My experience essentially daily on Bird of Paradise is upsetting. What	
little sidewalk available is often blocked by cars in driveways. Beyond the sidewalk, I see daily hazardous conditions	
with people walking & riding bicycles while traffic often gives little attention. Most people are good about it.	1/21/2021
Regardless, it is just a matter of time before someone is injured. This format is poor. Some places options for reply	
are not adequate. Also, missed questions are not highlighted.	
I chose to live here in Palm Coast because it had a very good balance of nature and small town charm. I do feel that	
at some point, we have to start taking care of the issues we have now and resolve some before continuing to get	
larger. For example,,The paving of Pritchard Avenue needs to be done and stormwater in the Central West section	1/24/2021
over by Pritchard - Prattwood section. Also, not building duplex housing in neighborhoods with single family homes.	' ' '
Also, my major concern is code enforcement when it comes to vehicles parked on the roads or businesses run out of	
I contacted the Code Enforcement department about a huge "Trump/Pence" sign that is still erected on Palm Coast	
Parkway three months after the election. I received no response, other than "Job Completed." No way! The sign still	1/2/2021

I don't really agree with any of your Economic Development choices but I had to answer it to submit this - by locking	
that it, you are slanting results to meet your choices, not mine. Instead - please add - CUTTING COSTS FOR	
RESIDENTS as my Number 1 choice as there are many people that are struggling with the increase in costs to live	
here, Especially in water and garbage! You have tons of unnecessary initiatives and "nice to have desires to meet"	
but where is the concern for the actual residents? Our local churches cannot keep picking up the tab and help them	
get by. Please consider reducing costs on utilities and providing services to the elderly. And the city could do more	
to help investigate when a resident's water bill is suddenly astronomical - you have the expertise to better	
investigate but our residents are left not just with the huge bill but also the expense of trying to figure out what	1/17/2021
happened. You have the expertise to help them find the issue and advise. How about if the city acts more like a	
community whenever possible? Re - shop local - I've lived here many, many years and have always shopped local -	
its not possible to increase. The city could do more to help - 1 way, don't approve a similar restaurant/store right	
next to one that has been there for years! It happens all the time and then the new business gets a honeymoon,	
while the older business starts to decline. Lets see the city do more to support the local businesses! About recycling	
- It is not just "important for my household" its important for our Planet !! Way more important than a splash pad	
I don't think anymore large apartment buildings should be in our Town Center. Town Center should be for	
businesses and fun community events. This was a bad decision to put those buildings there.	1/19/2021
- I don't think the city needs to provide more recreational facilities and activities - there's plenty but the survey did	
not allow that choice I think the city needs to add a priority of cutting costs to residents to their initiatives,	
residents are struggling with the increase in utility billing especially Recycling should be mandatory Since you	
mention that our sales tax helps pay for lighting - there should be lighting for the kids waiting at the bus stops! -	1/17/2021
when you call the city, customer service should be able to handle your inquiry, even if it is to send a message to	
someone to return your call instead of just sending you back to the recording to try again	
I don't understand why there are only to cable company (AT&T / Spectrum) to service the entire City of Palm Coast.

I first purchased property in Palm Coast in 1972 and moved to Palm Coast in 1995. I chose Palm Coast as my	1/30/2021

"leaders" of our community try to save on expenses instead of try to find ways to spend, spend , spend.	
I have a question. When did the city decide it was okay to clear cut lots for building houses? What happened to the	
tree ordinance? This is very disappointing and the level of build out going on now is ruining the quality of our	
neighborhoods and displacing birds and other naturally occurring animal and plant life, threatening the ?green-	2/6/2021

area. Disconcerting to a nearly lifelong resident of this state. The growth is out of control, malignant!	
I have a real problem with the basic premise of the City trying to do every service through Palm Coast Connect	
because I consider Palm Coast Connect to be a data mining operation. I DO NOT want to give my e-mail address to	
the City if I do not have to do so. An excellent example of such a situation is if Waste Pro's failed to pick up my yard	
waste on a Wednesday. The waste was not pick up at my home address, not at my e-mail address. So, I always call	
the City at Customer Service and give them the address where the failure occurred. Then I not only get a	1/14/2021
case/reference number, but I request and am told very specific language that is required my our Master Association	
so I don't get fined. I would report such a missed waste issue via Palm Coast Connect if it would not involve my e-	
mail address or cell phone number and I could get a customized response. Not only do I not want to have these two	
contact methods used because they could lead to an increase of spam and telemarketing, but I don't believe a

I have been told by businesses from outside of state and Palm Coast that they chose another city because the	
building permitting process is too long (average 180 days), cumbersome and expensive. They also say our workforce	
is mostly unskilled. The building permitting process has been problematic since the city incorporated and has gotten	
worse. Hire additional people to speed up the process and amend the building and zoning codes. The City is going to	
lose businesses relocating from California and New York. Texas is gaining a tremendous amount of residents and	1/9/2021
businesses relocating. Over 5,000 people are leaving California daily. Companies like Tesla are moving to Texas . The	
building permitting problem includes too many low wage companies like Dollar stores. The city has also permitted	
too much multi family residential. Low wage, unskilled workers and overbuilt marginal quality multiple housing units	
add to the reasons many businesses bypass the city. The city must turn things around now. More multi family built

I have lived here 11 years and want to continue to raise my kids here but think the amount of building is

night making walking my pets dangerous without street lights. The list could go on and on but I don't want to turn	
this in a gripe session. I love living here and am okay with my life here.	
I have lived here for almost 20 years and though I enjoyed some growth now it does not feel like a small community	
any more, too much building and the traffic at midday and 5 pm is terrible and will be moving in the next couple of	
years for that reason, along with a lot of people I know. Also on the question. About growth and development, the	1/23/2021
answers were already filled in and it would not let me change them so they are not my answers and it was the same

I have lived in many states & love Florida & Palm Coast for the rest of my life.	1/27/2021
I have lived in Palm coast for 5 months	1/22/2021
I have never used the Palm Coast Connect app. The cell phone service in Belle Terre/Palm Coast Parkway areas are	
horrible. Matanzas Woods (L Section) needs a community park where the golf course was. How about a composting	4 /4 /2 2 2 4
program with our garbage like they do in Denver, CO? I love the roundabout. (Not joking or being sarcastic.). I	1/1/2021
would like to see more of them instead of red lights and stop signs which people run.	
I have noticed more and more beggars around the city, Having come from Portland Oregon I have seen first hand	
the destruction that comes from this issue not being handled. It worry's me. Is there anything being done about it.	
Also some street lights and sidewalks in the B section would be helpful. When the schools let out, there are kids	1/5/2021
everywhere walking along the main streets, Bird Of Paradise, for example. It is not safe for them or drivers.	
I have noticed Palm Coast's neighborhoods and roadsides have become strewn with litter. As a citizen who cares, I	
pickup trash found on or near my property. Is there anything the city can do to curtail littering? It detracts from the	1/29/2021
beauty of Palm Coast. Unfortunately, there is an increase of homelessness and drug activity which detracts from	1/23/2021
I have observed deterioration of public restrooms in the parks. Cleanliness and maintenance is lacking. The County

I have only been here three months, so I don't have many answers. I'm retired, so I want a community with	
activities. I have spent my life as an IT guy, but I love the arts (as a viewer). I came here because Palm Coast is a	
beautiful community near the ocean. I don't need a "small town" with "Old Florida" charm. Had I wanted a small	
town, I would have picked a community smaller than 90,000. On the other hand, I don't want a major city; if I did, I	
would've moved to Jacksonville. I want a friendly community where I can experience new hobbies, learn new facts,	1 /7 /2021

and enjoy just living the remainder of my life. I have been disappointed by the political hatred dividing this city, but it	
has divided our country, as well. I am angry that COVID has minimized my activity in my new home. Butmy	
disappointment and anger doesn't change reality. I suspect we may someday achieve normalcy, and I hope to make	
use of what Palm Coast has to offer, and to offer any ability I may have to make it better. I moved here because of	
I have owned my home since 2007 but have only recently become a resident of Florida. I enjoy the City and its many	
amenities but do not feel the taxpayer should have to support every aspect of a persons life. Personal responsibility	1/24/2021
should enter in here somewhere. I dont mind contributing but there should be some limits. Overall I rate the quality	' ' '
of life here in Palm Coast as far above average.	
I hope that Palm Coast will not be developed too much more; I love the open, green spaces, trees and landscaping.	2/4/2021
I hope the city will follow through on their plans for the Pickleball/Tennis racquet center. This will be a big attraction	
to people looking to move to the area as well as improve the quality of life for all ages of residents. We would not	1/4/2021
have retired here if the tennis center was not here.	
I hope to see a regular Community committee that gathers monthly to review zoning building construction issues	1/1/2021
that affect residential, high density areas	1/ 1/ 2021

I just moved here this year. Obviously it's not the greatest year to be in a new place alone. 🗟 I don't have too much	
to go on because I've been indoors mostly. What I can share is the drainage systems here is substandard, and	
almost 50 years of my life I've never had Plumbing back up and it's happened here twice. And my first day here I had	
a nice big pink slip on my garage door because I had a moving trailer and my driveway for a day. I believe the pink	
slip after one day was a little excessive. It really did not make me feel welcome. On the plus side at least you're on	1/1/2021
top of things. I waited almost a year to receive one of the two recycling bins I requested. I've had a few issues with	
garbage being left behind. A little also be nice if they could come at a certain time every week. I'll have a garbage	
truck early in the morning one day and then I'll have them come late in the afternoon another week. I will say any	
interaction whether in person or on the phone was that a town employees I've been Pleasant. They are both polite	
I just purchased a new construction home 12/18/20. I visited a church here for quite some time before I decided to	
move here. I requested recycling bins when I signed up for utility service and haven?t received them yet. Other than	
that things have been ok. My street is nice, but some of the streets further behind me look a little rough. Some	1/22/2021
people keep their homes immaculate, others not so much. I wish it were more consistent through the	1/22/2021
neighborhoods. As a 43 yr old I wish there were more to do entertainment wise, it?s not as big of a deal right now	
because of the pandemic, but post pandemic I?d probably drive to neighboring cities on weekends for	
I just wanted to say that I am so proud to have a vacation home in palm coast. I can?t wait to retire and live there

if you look at the surrounding areas of stores, gas stations (especially the ones in the middle of a neighborhood) and	1/2/2021
vacant lots it reminds me of living in a big city again.	
I like Palm Coast Connect and efforts like this survey to involve the citizens in thinking about the city?s future	1/2/2021
I like the small-town feel to Palm Coast and want that to stay. However, a few additional shops would be an	
improvement to our area. These might include a Trader Joe's market and a Bed Bath & Beyond. Thank you.	1/22/2021

I live on Florida Park drive and I believe the city of Palm Coast down plays the realit of how horrible the traffic really	
is on this street! Not only is is much louder than reported, the speeding and reckless driving is insane!! ItO was not	1/19/2021
like this 20 years ago, when we moved in.	
I live on Wayman Place. Noise levels from traffic etc. on Belle Terre Parkway has increased significantly and is	
upsetting. The town should install some type of sound barrier along Belle Terre Parkway to minimize noise

start to address this issue. Lower speed limit on Belle Terre to 35 mph near residential area. Lower siren noise level	
on fire trucks et.c as the decibel level is excessive as used too often.	
i love all the available land with all the trees. That's the main reason I moved here. I wish you would not build	
anymore apartments or homes, There are enough people here and the traffic is getting bad. No more fast food	1/4/2021
I love how beautiful the city is!! Would like more pickleball courts at Holland Park. Please, can the attitude of all our	
people be KIND. I don?t like rudeness or fighting. Let?s be a loving town.	1/31/2021
I love it here	1/8/2021
love living here. I think the sheriff office does an excellent job. Some sections, such as R section, needs more street	
lights. Street lights are very important for safety. Speeding is a problem in Wynnfield Drive!	1/16/2021
I love living here in Palm Coast but there?s always room for improvement. I think more education opportunities for	
kids and adults along with better job opportunities that tie in with the education would be beneficial to palm Coast	
I love to be better informed of community activities in palm Coast especially when relatives come to visit. Would	2/6/2021

While I would love to shop in Palm Coast and generate tax revenue, there is just so much I need at Dollar stores,

I love palm coast, I was raised here and have watched it changed over the years. I?d love to live here forever but the	
only thing that would make me want to leave is if our town continues to grow In population. I feel at times we have	
to many people in our little town that it?s beauty has been destroyed in some ways to accommodate to more	1/15/2021
people. I?d hate if our cost of living got significantly more expensive. I?ve lived in the same rented house for 14	
years and our house is so crappy for 1300 a month. The person who owns this house doesn?t do anything to it. We	
need better living conditions in palm coast and higher expectations from owners who rent out their homes.	1 /25 /2221

I moved to Palm Coast 15 years ago. I loved the woods and wildlife. As it grows, there is trash lining our streets. You	
need to bring in stores like HomeGoods and Marshall?s. Maybe a Dave and busters for the kids. Leave Flagler beach

community stays here and spends here and doesn?t have to drive to volusia or St. John?s. I love palm coast. We	
really need a cell tower. Focus on the infrastructure. I would pay higher taxes if it meant I didn?t have to go far.	
I moved to Palm Coast 18yrs ago. It was a choice building my retirement home in a gated community or not. I chose	
not to because Palm Coast had a lot of codes.But there has been a lot of changes.People leaving garbage out for a	1 /22 /2021

I moved to Palm Coast because of the quiet, safe and beauty. I saved in order to afford a home here and now that is	
being destroyed by low income housing. This city is not set up for the working people. I knew I would have to	
commute to work and I don?t mind because I loved it here. But slowly this is changing and I am seeing litter and run	
down homes. Why would you destroy what this city is for greed? You are taking away the animals natural habitat.	
Where are they supposed to live? There are plenty of empty facilities that could be re-purposed instead of clearing	2/6/2024

badly and all I see is PC crews ripping out perfectly good ornamental vegetation from medians JUST TO REPLACE THEM. It also appears that the city is using a software system PC CONNECT that is owned/supplied by the Mayor's company and that is just wrong and shouldn't be. When I call the City for anything no one willingly gives you their name that is a sign that no one is accountable at the City. In my household we recycle majority of our items. We regularly have more recyclable materials then garbage. It would be a huge disservice to our community to discontinue the recycling contract. We would prefer to have a large recycling can, like the garbage cans, so we can fit everything in one container and it has no potential to blow all over the neighborhood. Increasing the recycling can size will allow more things to be recycled and should decrease the amount of garbage. By decreasing the amount of garbage we should also be able to cut back to only one garbage pick up per week. Hopefully balancing out the cost of the increasing recycling contract without raising costs to	1/9/2021

In my opinion the top of the problem list in Palm Coast overall is 1. Speeding on all roadways. 2. Wreckless Driving 3. Road Rage 4. Running Red Lights & Stop Signs I don't have built in radar but my guess on average speeds on major roadways is: Palm Coast Pkwy 50 to 65 mph Belle Terre Pkwy 50 to 65 mph	1/2/2021
In my time here I've seen Palm Coast continue to raise taxes every year. Either the rate or the value. I've never seen the taxes remain level for even a two year period. The mentality of governing officials appears to be "more, more, more" and they appear to be tone-deaf to the citizen's concerns about controlling costs. Between this mentality and the amount of money spent running around the neighborhoods checking for "code violations", Palm Coast does not deserve a "neighborly" review. I've reached the point where I dread seeing a Palm Coast vehicle on my street. I'm wondering who is in trouble now and hoping it isn't me. I know this is in the name of "neighborhood quality" but it comes across as "big brother". It's disappointing to see that as an acceptable relationship with citizens - or maybe it's exactly the relationship the local government wants to have with the community. Maybe a little fear is good to keep everyone in line? It is very frustrating for many of us to try to work within the government bureaucracy which is NOT user friendly and it not driven by a desire to "serve" the citizens. A perfect example is the buildling permit system. Those who "manage" this city should try to use the system out of curiosity. It is designed to frustrate the user. I get the impression that contractors get better treatment (I've observed this at your office) which is somewhat understandable based on familiarity BUT citizens should get better treatement. This isn't a request to "rubber-stamp" permits but to provide clear communication AND provide a computer system that is user friendly.	1/23/2021
In order to keep the our city looking better and our residents to feel save we need to figure out a way to help the homeless or get rid of the homeless.	1/2/2021
I notice work on sidewalks are increasing and maintenance of these in the future should be highly considered before more are created. Cost of maintenance should not be overlooked.	1/16/2021
In regards to recycling, I had seen the recycling going with the garbage. I don't even know why we even recycle right now. I do it because it's the right thing to do, but they end up going to the same place.	1/21/2021

Interested in the Town Center conversation as the original Central Ave was put in back in 06/07 and there is so much unused land out there. It's especially disappointing in regards to the pond/lake area that was supposed to house many small businesses/shops as well as recreational items such as a Playground and Splash Pad instead just the city building and practically vacant Chimento building exist. There are many land areas in this city that would serve as excellent nature trail and mountain bike trail areas. Ormond in the past 2 years converted a park that was being overrun by homeless and crime and allowed the build of a mountain bike trail since then the community has been drawn to that park again and feels safe. There are many areas in Palm Coast that have 'hidden' homeless camps this would be a great way to help combat that and deter them from this city.	1/25/2021
In the four years since relocating to Palm Coast I have not had any issues with requested services. I relocated here for the affordable housing, small town appeal to get away from congested large cities and especially outdoor activities catered to the senior community without commercialization. Palm Coast has that hometown appeal and sense of community that I would not like to lose.	1/9/2021

cars. On main roads; the roads are way too wide and intersections are like walking through a minefield. So confusing and dangerous. I?ve been here since 1987. I have seen the population skyrocket. If Palm Coast was a grid system; each road would be so less crowded. Pine Lakes Parkway should have a parking lot for people driving there who want to walk in that path. They illegally park on grass or at the Mobil Station. Swales in neighborhoods should be	1/10/2021
I realize that staffing is limited for code enforcement. However on our street there are renters who refuse to keep their properties in order, and in fact do not care to the point that the homes seem unfit for human occupancy. I wish code enforcement would hold homeowners (whether or not they occupy a property) more accountable. Also, the amount of litter in the neighborhood is horrific. I love Palm Coast but I have NEVER seen the amount of littering with impunity that I see in our neighborhood.	1/2/2021

I really enjoy living in Palm Coast for the attractive appearance and the community feel. I am concerned about the growing number of homless people allowed to live behind the library and begging on the streets, particularly at Palm Coast Parkway. We have also had break ins (unrelated comment to the previous one) in our neighborhood twice and we live in a gated community. This is completely unacceptable. We came here because we felt it was beautiful and a safe place to raise our family. We'd certainly like it to stay that way. Please make that a priority.	1/21/2021
I really enjoy the outdoor spaces. I would like the rules to change of not having to bull doze every tree on a piece of property when it is developed and then have to replant 4 trees. Why not leave some of the trees that have been	1/23/2021

i really like PC. Lived in B now C section. Whoever cares for that grand live oak at PCP and old kings should be commended. That is a beautiful spot between the E&W lanes. I am always proud to call Palm Coast home when traveling to other areas. The lift stations on Clubhouse could be improved although this was not a bad year. Keep up the good work. Thanks for the lighting by the fire station at Clubhouse.	1/4/2021
I really think that the landscape up palm coast Pkwy and the up keep of the stores/restaurants landscaping is just awful. Very embarrassing to have visitors see such a mess. I.e. By steak &shake, walmart. Just awful.	1/26/2021
I really think the sidewalks or a bike trail needs to be upgraded/added to Florida Park Drive and streetlights should be added. And the homeowners on that road should not be allowed to park their cars across the sidewalks causing pedestrians and bike riders to have to go out in the street to get around the cars. It?s extremely hazardous.	1/21/2021
Is there a plan for public transportation? Bus service around Palm Coast?	1/27/2021
I support more commercial and industrial development in the Matanzas area	1/29/2021
It's a shame the above parenthetical statement is required. Otherwise we are very happy in Palm Coast. Thanks!	1/26/2021
It's becoming more difficult to justify living here with the cost of taxes that seems to increase every year. Soon, we will be forced to sell and move.	1/30/2021
It's time to remove some of the archaic residential codes forced onto the people of Palm Coast. You're not fooling anybody. This isn't Hammock Dunes.	1/23/2021
It's very good to live in this city.	1/21/2021

It appears that more new housing is being built. I'd like to make sure that traffic considerations are planned for with	
road widenings and traffic flow improvements. For example: Add a right turn only lane on Royal Palms Pkwy west at	
the corner of Belle Terre Pkwy to improve the flow heading west from Town Center. There are left only and	
straight/right turn lanes. Increase that signal to three lanes by adding a right turn north onto Belle Terre. Change	1/29/2021
the lights if you must, but it's already backing up creating traffic. More growth will only make this worse. Plan ahead	
and make any necessary changes now and not after it's congested. Maintaining and improving traffic in Palm Coast	
is my biggest concern and not that expensive to do properly and stay on top of any growth. Thanks.	
It doesn't seem that with all of the City rules there are, no one is enforcing them. I still see political signs on front	
lawns, full and empty trash cans at the street 7 days a week, boats in driveways, and cars parked on cul-de-sacs	
which prevent trash, mail and delivery trucks from navigating. I feel like I live on a parking lot. More homes are	1/24/2021
being built everyday, and these rules must be enforced.	
It does not make sense to do away with recycle even if it cost the county more money. It is an essential service.	1/9/2021
I think allowing golf carts more freely would help keep palm coast a small town feel while also providing a cleaner	1, 3, 2021
option to cars. There are a few roads we could use today, however, the larger roads where the speed limit is 45mph	
instead of 35mph make it impossible to leave your direct neighborhood with a golf cart based on Florida laws.	1/2/2021
Maybe there is a way to incorporate more golf carts in the future.	
I think attracting good jobs to PC is key to a healthy economy. I am retired, but if I was young and looking for work -	
what are my choices here? Can't raise a family working in the service industry. Try and attract light industry, or	
satellite offices of large companies. Provide incentives for businesses to locate here. Otherwise, the roads here are	
beautiful. I understand maintenance, but see many being resurfaced that do not appear to need it. WORK ON THE	1/3/2021
SWALE MAINTENANCE INSTEAD! I read of problems in all neighborhoods on Facebook. People talk of years long	1/3/2021
waits after calling the City for help. We try to clean our own, but many on the street do not, so flooding ensues. This	
is a problem that effects everyone and should be AGGRESSIVELY and promptly corrected. It is the worst thing we	
have encountered since moving here, and can't seem to make any headway in appeals to City government. This	
I think it is a disgrace the oak trees in the center of Old Kings (Between ABC Liquor and Wendy's) were chopped	
down for this debacle of a intersection make over. The intersection would have been fine if the turning lanes were	
organized, Left lane for left turns, center land for straight traffic, and right lane for right turning traffic. Instead you	
forced all straight or left traffic into the left lane, it was ridiculous. simply organizing the lanes would have alleviated	1/26/2021
rush hour congestion (It sometimes took 3 or 4 light cycles to cross Palm Coast Pkwy heading south on Old Kings.	
Makes me sick every time I pass this construction zone that those beautiful oaks are gone and this will look like a	
I think it?s crucial to realize that Palm Coast is no longer a retirement age City. There are many young , middle age	
families with young children living here. With that said I think it?s vital that we provide facilities and businesses that	
allow us to stay within our own city for entertainment and recreational purposes. I also feel that It?s essential we	
Make it easy for larger businesses/companies to build here in order to provide adequate jobs in our city. I see many	2/6/2021
stores opening around our city that again are more geared towards our older, fixed income population. We need	
businesses building here that can provide individuals with larger scale salaries/hourly wages.	
I think our City officials are doing a great job with this City! I love the new MedNex development, as well as all of the	. /2 /2 2

I think over all Palm Coast does a excellent job with almost everything it takes on.	1/22/2021
I think overall that Palm Coast is a great place to live. I think street lights should be one of the top priorities because	
I think it deters crime. Our Sheriff and staff I think do an excellent job, and I just wish we had more retail and	1/27/2021
options for shopping and entertainment.	
I think Palm Coast need to bring more of the Arts to the area and not have to always travel to Orlando or	1 /21 /2021
Jacksonville for this type of entertainment (Music, Theater, etc.)	1/21/2021
I think that the City needs to make an effort to get jobs here that are more than Retail. We need to recruit some	1/9/2021
I think the City council could do a much better job. The recent incident with the cell tower relocation at Palm Harbor	
golf course is just one example of the problem with the city council. We just don?t have the best people on the City

I think the drawing card for Palm Coast was a combination of green undeveloped land and housing. Palm Coast is	
now becoming more housing than green untouched land. Ex The Town Center	1/22/2021
I think the growth of are city is exceeding the available infrastructure. The careless destruction of the environment	1/23/2021
to accommodate new housing constriction should be slowed.

I think the practice of the city of taking down peoples yard and garage sale signs down during their event needs to	
stop. What a waste of money to pay city employees to drive around, spend money on gas, wear and tear on vehicle	1/23/2021
to take down those signs. Yet when it is election time we see hundreds of signs for months. Help the people make a	
I think there has to be an increase in impact fees to help with roads and parks with the large number of people

I think there should be more than one way to get out of Quail Hollow & Seminole Woods. Should there be a fire or	2/7/2021

I think the Sheriff's Office is doing a great job but needs more deputies.	1/21/2021
I think trash pick up should be once a week, recycling is important, but there needs to be more explanation of what	4 /4 /2024
you take and if it needs to cleaned, etc. I came from Olathe Ks with a top recycling program. Water quality seems to	1/1/2021
be an issue as well. I need more info	
I think we need to plan a pedestrian bridge over 100. We also need more landscape buffer between Interstate 95	1/22/2021
and the F section. The noise is terrible and will only increase with the widening of Old Kings Rd.	•
I think we should proceed with growth and development very cautiously. My wife and I, and most of my retiree	. 10 15
friends, came here because of the wonderful quiet small-town feel of Palm Coast. In the 5 years we?ve been here	1/9/2021
it?s already degraded to a busier, more-traffic, more hectic vibe. Let?s not become a ?big city? with all the	
It is an attractive community which needs to keep large industry and toxic waste programs at bay. Commercial	1/16/2021
traffic on A1A should be restricted and speed limits should drop down to 40 mph along A1A. There should be no toll.	_,,
It is important keep Palm Coast essence intact as well educate new population about our city, be clean, kind and	1/22/2021
respectful in general. Common sense.	_,,
It is my opinion that ?the powers that be? so not really care what any of us has said in this survey. They are going to	2/6/2021
do whatever they want. Really WHY did you bother to conduct this survey?	
It is shameful that we cannot walk at night due to poorly lit streets. In our area there are sidewalks. There should be	
sidewalks on every street! Walking at night in Palm Coast is dangerous. This is a problem for dog owners! We were	
very excited to hear that Home Goods was coming to Palm Coast, near the Target mall. Then we were equally upset	1/21/2021
when rumor had it that the city council made it too difficult for them to locate here. A lot of us were very angry	_,,
about this. We also want Trader Joe's. Palm Coast has a strong reputation for dishonest trades people and others	
who provide services to homeowners. We actually heard about it before moving here, and have found it to be true.	
It is so essential to move traffic down roads and you do not have to stop for every red light on the road. I have this	
problem with Belle Terre Pkwy a lot. Also at certain times of the day the traffic light should last longer at the Royal	1/16/2021

It is very expensive to live here. Water is way to high. I appreciate the growth of stores and restaurants; however it	1/8/2021

I wish there was a way to enforce dog owners to pick up their dogs poop. I would like to see more traffic enforcement, especially speeders in the Town Center, Epic Theater area. I wish there was better control of development. I have seen many of the natural areas bulldozed with no concern for the old trees. They can never be replaced. I know growth is necessary. I am aware of the regulations regarding the trees but they are often over looked or not enforced until it is too late. We live in a very unique area we should be good caretakers of the land I Thank you for your concern. I wonder if the recycle trash is really being recycled- there is no one separating itt once it leaves the bin It is all just dumped together. At the recycle center that I visited, they said they most of that is just combined with regular garbage because it was not sorted initially. I guess many people feel that they are being lied to. How can this be I would also like to see more lighting of streets. Colbert is so dark in the evenings it's scary driving on that road. Also HWY 100 which is extremely busy needs to have more lighting as well. Thank you. I would appreciate a better traffic flow especially on state road 100. Its a constant stop and go from traffic light to star for the environment. I think the planting along streets needs to be looked at. I would like an larger library resource - make material transfers free.	1/30/2021
I would like a Trader joes or a sprouts in Palm Coast. Many people I talk to wish for the same. A lot of health	
conscious people that would like a different store other than publix. Please Palm Coast, can you make it happen	1/1/2021
I would liker to have the imputes shared.	1/21/2021
I would like sound barrier walls constructed along I95 in residential area. I would also like more sidewalks and street	1/2/2021
lights in residential areas, for safety purposes.	1/3/2021
I would like the city to find more ways of bringing new businesses to the city. We have a lot of retail and chain	
businesses here, but we need to find a way bring more opportunity to the area. Not only for the current adults, but	4 /27 /2024
for the younger generation that will be entering the workforce. They can't only see opportunities like Fast Food and	1/27/2021
Retail as their only options. Bring in business that are wiling to train new employees, and utilize the workforce that	
I would like the city to look into the "bag" system for garbage. Seniors can buy heavy duty garbage bags from the	
Util dept for \$2/bag & put 1 bag pergarbage day out (in addition to recycle bin) and NOT pay the high garbage rate	
on the monthly util. bill. I am single, recycle & compostI have about a Walmart bag of garbage weekly & really	1 /0 /2021
resent having to pay the same as my neighbor who has 2 overfilled cans out 2 times a week plus other junk piled by	1/9/2021
the cans! I also do a wash about every 10 days, don't use a dishwasher & have a well for lawn water & my water/util	
bill is the highest bill I get other than cableI believe strongly there should be a "break" in fees for people who	
I would like the city to pay more attention to the ?site triangles ? at stop signs. In my neighborhood, it?s hard to see	
down the road while at the stop signs. Overgrowth in people?s yards make it difficult. Can?t this be managed? It is	1/25/2021
dangerous to have to edge out into traffic before you can see clearly the oncoming traffic. Thank you, please.	
I would like the city to reconsider the policy where homeowners are not allowed to have their own wells for	
watering their landscape. This utility is very expensive. If having private wells is not an option, then let's figure out	1/26/2021
how to lower the cost of water.	'
I would like the traffic lights to be timed but overall I am happy to be retired here. I live a quiet life and except for a	
lack of good restaurants that I go out of town for I like it here. Tijuana flats, chillies, a restaurant that has pies for	1/27/2021
sale like marie calendars? I also like pf changs in Jacksonville for example.	, , ,
I would like to commend the leaders of Palm Coast as they have done a great job of making our area beautiful , well	
maintained and a pleasure to drive through. Traffic is becoming more of an issue as we grow. Parks are second to	
none. Beautifully maintained . We could use a refurbishing of the pickleball courts at MalaCompra. Also, I am really	1/9/2021
hoping Palm Coast will build a great facility for pickleball. Many other communities have wonderful courts. They are	, - , -
not very expensive to build or maintain. Thank you for all you do, it is appreciated!!!	
I would like to know how you know whats being built before hand. Like Aldies they stared building it and people	
didnt know what it was prior to news report. where can you find future plans for the city of palm coast	1/26/2021
I would like to know why the mayor and counsel members never got back to me regarding my email to all of them.	
The email was regarding the illegal and discriminatory utility deposit policy. Sending someone to turn off our water	
the day after we closed. Still have yet to get my first utility bill so I'm locked out of the system until then. I have zero	
access to my account. Rude city utility employee. I gave them all two weeks, then wrote again. Guess what	1/19/2021
happened? They ALL blocked me. My email didn't have any profanity. I wanted answers. NOTHING!!! I'm sad for the	
city of Palm Coast. I thought they were working for us. Being elected is a privilege and an honor. If you can't treat it	
I would like to praise the City on keeping Palm Coast green and having lots of trees and flowers. It is nice driving	
around and seeing Beautiful mature. Also having so many parks, especially in times of the Corona-Virus has been	1/22/2021
invaluable. I would like to see renewable energy be more utilized and an informational program for our citizens.	_,,,
I would like to see a limit to commercial and residential development and that this type of development adhere to	
environmental protections, keep population at acceptable levels and not stress services.	1/16/2021
I would like to see an off the highway walking/biking path created along US 1 between Karat path and Seminole	
Woods Parkway. I think it is less than a mile. It would create a nice loop. Even if it was unpaved.	1/16/2021
I would like to see code enforcement applied to trailers parking overnight on the zwales in my neighborhood .	2/6/2021
I would like to see more business along US 1, i.e. Costco, and also the development of some of the Town Center to	_, 0, 2021
be shopping instead of all of the housing. It is nothing but apartments. I thought it was supposed to be like Town	
Center in Jacksonville with shopping and restaurants. Also, we have enough Auto Parts Stores, Tire Stores and	1/26/2021
Mattress Stores in Palm Coast. We also need more good restaurants. Thank you.	
I would like to see more diversity on the City Council and also in employment (ie police officers, firefighters, EMT,	
etc.). I would also like to see more street lights on major roadways.	1/23/2021
I would like to see more economic development via technology/medical business expansion together with local	1
education for folks to meet the demand for workers. I believe that will bring good paying jobs and will attract better	2/6/2021
I would like to see more fast food restaurants on the north end of the city and a better variety of fast food citywide.	1/1/2021

I would prefer that Palm Coast remain a retirement community for leisure and a working family community with	
Jobs generated in the services and recreational industries to support the needs of this type community. Persons are	
used to traveling to work from 30 to 45 minutes, which I had to do for over 50 years, so I do not support lower	1/21/2021
income housing or apartments in Palm Coast and especially if these are subsidized in any way via funding or	' ' '
reduced taxes. Communities that have followed that path to grow bigger have in the end lost their character and	
what attracted persons in the first place and been destroyed by crime and drugs. I believe it should be a place	
I would really like more shopping. HomeGoods, Whole-foods, Tradar Joes. Marshall?s.	1/18/2021
I would really like to see some free programs for the youth in the community. Not just sports. Possible youth	1/16/2021

I would really like to see the development of sidewalks for the children?s safety in Palm Coast as well as the	1/23/2021
opportunity to have livestock animals	1,23,2021
I would respectfully like to say have you driven in the city lately? The traffic just in the last few months, has	
become unbearable. We want to buy the lot next to us just to preserve some natural habitat for all the wildlife	
because it's quite apparent that the city seems to be more concerned about the revenue generated from building	1/8/2021
rather than keeping the sanctity of what we have. The company I work for is responsible for quite a bit of the	1/8/2021
residential development and it would seem no particular concern for preservation of habitat. It's sickening; The	
rapid growth of Port Orange is why we left there and now it's happening here.

some of these businesses to Palm Coast. Place them on Rt. 1 area north of Palm Coast Pky. Include an amusement	1/27/2021

I would so much like to enjoy all the parks in the city and walk in the trails but I?m alone and I?m afraid. It would be	
great if we could start a group walking activity for senior citizens, like walking with the mayor is doing. We could	1/26/2021

I would think it would be an asset to palm Coast to have a beautiful pickleball complex. Like the one in Daytona.	
That is 300 a year. This would generate more tourists, tournament players from all over. They would need hotels	1/21/2021

1?d really like to see Code Enforcement do a much better job enforcing yard waste, unkept conditions and parking

1?m concerned about residential density and drastically changing established areas. For example, development of	
16 acres of palm harbor golf course to include 50 to 100 single family living units. The crowding and traffic would be	1/21/2021
intense for residents in area.	1/21/2021

Just in three years that we live in Palm Coast; because of over development, we are seeing gridlock at all times of	
day at different intersections. Infrastructure does not match the development that has occurred. And, there is way	
more people still to move in to what is built. Our roads are absolutely not handling it. It has made the quality of life	
much less pleasant since we moved here. Noise with fireworks is out of control. It is like WWIII in Palm Coast and no	1/2/2021
enforcement of the fireworks law is being done. This is a travesty for people, for domestic animals and for wildlife	1/2/2021
(millions of birds are killed every from them panicking and flying into objects especially at night. Traffic laws are not	
enforced, either. Half the population does not use turn signals. Police do not cite for this violation and the drivers

lived here less than 1 year, did not know there were the number of parks in the area. Have no idea where the

Living south of Moody, we have always felt that our needs here aren't as important as the favored sections of town.

Low income job opportunity and low income housing will not improve Palm Coast area. It will lower the standard of living in those areas and invite an increase in the types of problems associated with low income neighborhoods. Crime, gang activities. drugs, etc. are statistically shown to be higher in lower income and surrounding areas. The sheriff does not need the extra work. Effort should be placed on inviting good income jobs (training and education for those jobs) and good housing for young families the aspire to upward mobile living opportunities.	1/16/2021
Major improvements at intersetion and show mor interest in the older sections of town instead of concintrating on town center. put police in a more local location, not bunnell. put streat lights more over sidewalk than roads . start fining people for not keeping culverts open. Should be there responsability. Just takes one to mess up the hold	1/23/2021
Major issues to me are the necessity of having streetlights to feel safer at night and fixing the stormwater drainage system that keeps lawns soggy!!!!!!!	1/2/2021

More and more people are moving here. We need a Costco here or Sam's Club. Either one of these will provide a service plus job opportunities. More needs to be done to support the influx of working families ie good paying jobs. Keep up parks betterwaterfront is rusted apart on play structure. Crack down on speeders!! and littering. This isn?t a retirement community anymore the city is beautiful, now the money needs to be spent elsewhere to help support the growth.	1/23/2021

More street lights are needed on small and main streets. More side walks in neighborhoods A big flea market is needed for weekend events	1/23/2021
More street lights in palm coast west central section; Whiteview, Rymfire and Royal palms.	1/9/2021
most littering in the area is done by waste management crews. they should be responsible for the mess they create and pick up after themselves. most of the trash along the road comes from their trucks.	1/23/2021
Most recycle is apparently going to the dump anyway, so why bother. I will recycle in some other way, like aluminum to the Humane Society. No longer need newspaper recycle because I read the paper online. A topic not covered is the continuous parking all day of various service vehicles in transit lanes. Almost every day one must weave between service vehicles on side streets. The trip on Cimarron to Palm Harbor Pkwy is never a straight stay in my lane run. The most annoying noise is not traffic, it is the continuous racket coming from the zero turn lawn mowers that are in operation from just after seven AM till about six or six thirty PM every day except Sunday. Having my morning coffee on my back porch is really annoying instead of relaxing. Between the mowers and the Embry Riddle airplanes practicing stalls and turns above my house every AM as well as later in the day, there is no	1/23/2021

Moved to Palm Coast in June 2020, and have not yet experienced very many aspects of living in this area due to	
Covid-19, but we look forward to being more involved in what Palm Coast has to offer after the Covid-19 restrictions	1/14/2021
can be removed for safe interaction with our neighbors and the rest of the community. :)	
Multi family construction development should be halted or slowed down specifically in the single family residential	
areas of the city. Road improvements should be part of the planning and approval process for all new developments	
	1/21/2021
should be looking at road/traffic impacts throughout the city, not just where the development is occurring since	
these new households will be traveling to all parts of the city.	
Multiple complaints about the storm water issue in the E section by the Cyprus Knoll Golf course over many YEARS	
has resulted in no action. The city workers have examined the issue many times and has seen the flooding that	
occurs. Why is the city not communicating with the community on what the plan of action is. People can understand	1/22/2021
plans take time to implement once they understand what the plan is. If PC is to continue to have mostly service	
sector jobs, then multi-housing projects need to occur so that those that service us can afford to live here near their	
Must find solutions for fl ok dr N residents. Need speed limit reduced near long creek preserve too. Before deaths	1/9/2021
My biggest concern is bringing in more low-income (what you call "diverse" housing) to the city. Instead, we should	
be bringing in quality businesses that employ more educated and trainable employees from our area that will be	
paid better wages so they don't have to look for low-income housing. Let's empower people to do better for	1/8/2021
themselves; not advocate a low-standard way of life where working at a fast food joint is considered a career. Let's	
NOT continue to build gas stations and fast food restaurants in our city and use that as a reason for building low-	
My biggest issue is the noise generated from I-95 affecting the residential areas Its bad and getting worse. A noise	1 /21 /2021
attenuation wall should be number one on the city?s list.	1/21/2021
My comment is regarding T-intersection corners at traffic lights People should not have to come to a complete	
stop at red lights when making a right turn onto a road where traffic coming off that road can only make left or right	1 /22 /2021
turns. There should be a green right turn arrow to keep traffic flowing i.e. onto Pine Lakes Parkway from Belle Terre	1/23/2021
Pkwy by the church. Same at a couple of other locations.	
My front yard is flooded when it rain hard and the sprinkler system come due to the fact that builders and the city	4 /20 /2024
allowed my neighbors grading to be higher the mine.	1/30/2021
My grandparents move here in 1994 and I moved home 2014. I know the city needs progress but it?s losing the	
?small town? feel. It broke my heart when the Dollar General was built on Matanzas Woods. I worry about the plans	1 /22 /2021
to develop Belle Terre North of the schools. I love seeing deer in my neighborhood from time to time. I hope my	1/22/2021
area of town doesn?t turn to have a seedy Daytona feel and inhabitants.	
My home is off AIA on the Oceanside, still in Palm Coast, but not in the area on your map. Please consider this when	1 /20 /2021

My husband and I were so impressed with the high quality of living , cleanliness, and beautiful landscapes of Palm	
Coast when we first arrived. Also, the friendliness really stood out. The live oaks along Palm Coast Pkwy heading	
east near Colbert Dr are just beautiful. Please don't destroy the natural beauty of the area. We love the smaller, less	
crowded feel of this town. But we are seeing too much growth here which will take that away. Some growth is	
essential but it is becoming too crowded. The roadways can't keep up and to expand some doesn't seem possible.	
At least without destroying the natural environment. There are some vacant buildings around town, but yet we are	2/5/2024
building new buildings. It seems that those places should be filled. We have noticed a few areas in town that	2/6/2021
desperately need beautification. Specifically, the Bunnell/Flagler Beach 195 exit area. People getting off 195 to eat or	
get gas get a terrible impression of our town from that. We would love to see more handicap access to the beaches.	
Yarn Park used to be so until the hurricane. They rebuilt the stairs to the beach, but didn't put back the ramp access.	
What a shame. My husband is a retired, disable veteran who can't get to the beach in very few areas. Yarn Park has	
the nice facilities there. Thank you for your interest in your citizens. I hope to the surveys will be taken into serious	
My main concerns are: the need for street lights in neighborhoods (Palm Coast is so dark); vacant lot owners need	
to maintain their lot to an acceptable appearance (brush and overgrown trees); stormwater improvement; repairing	
all roads that need immediate repair from pot holds and deep slumps in pavement including bike trails that have	1/24/2021
uneven pavement, and better apparel shopping stores and restaurants.	
My most important concerns are traffic violations such as speeding and reckless driving which is serious in Palm	
Coast. Belle Terre Parkway is the worst. I'm driving within the limit and many drivers pass me with no regard to the	
speed limit. We need more traffic officers in multiple places , like Motor Cycle officers on the median strip. There is	
a need to address this issue everyday. Also this is dangerous to side street traffic entering Belle Terre. It's one thing	
to get into the median section but then to get on the north or south lanes is another. I've seen many times two to	1/9/2021
three cars at a time in this strip. You are unable to see on coming traffic. It's scary. Another issue is why the traffic	
light on Palm Coast Parkway and Pinecone has been changed? The left turn signal has been changed so it's no	
longer optional to take a left from Pinecone (Post Office) and have to wait for oncoming traffic . The traffic is heavier	
than ever on Pinecone (north to south) and have to wait sometimes two light changes with longer wait times form	
the Post office parking lot. Traffic is much heavier in Palm Coast and these issues must be addressed. Thank you	
My neighborhood is in the unincorporated area in The Hammock near Washington Oaks and was not listed as an	
option, so I selected what was closest. We built a home here in the last couple of years and really enjoy the small	
town feel, the natural beauty, parks and trails. Please keep development in check so as not to ruin what has	
attracted so many, or we'll just become another Daytona. St. Augustine used to be quaint and quiet and it's	1/22/2021
crowded, over-priced, snarled traffic, and that's the case even when it isn't tourist season. Good jobs and business	
opportunities that attract younger people will keep PC thriving. More development for people having 2nd homes	
and rentals here likely will not. Thank you for all you do and for asking for our feedback.	
My opinion is that the city should prioritize their efforts to keep our city the beautiful area it was meant to be and	
not to allow over building to crowd our city. Most residents here are retired and moved here for a peaceful place to	
live and do not want to see that compromised by over building and low income housing. We all made our way as	
young people and had to travel to work or live where we could afford to when raising our family, and young people	1/9/2021
now have to do the same to suit their situation- the retirees here will support our city and stay living here as long as	
it does not end up a city full of low income people and crime. While community growth is good, it should not be	
driven by greed and poor decisions that take away the beauty and serenity of our green space and beaches.	
My poor rating on parking was referring to all the yard maintenance contractor vehicles that are parked on the

My spouse and I recently moved from New Jersey to Palm Coast this past July. We love all the natural woods in the	1,21,2021
neighborhoods in between the houses and hope that some of it is preserved enough to become rows of houses like	1/22/2021
in the big cities. With COVID, we have not had an opportunity to visit the parks but looking forward to that this

My thought is to keep recycling and only have one day of trash pick-up. I see no need in having 2 days of trash pick-	1/2/2021
My two major issues so far after moving back to Palm Coast has been the absolutely exorbitant bill I've been	
receiving from the water department, and the mistreatment of the working class citizens that choose to live here.	
1st, I've never paid triple digits for a water bill before 2019. Too many add on charges turn my 4,000 gallons of	
water into \$120. And considering I'm paying for "storm water drainage", its unacceptable to see my streets and	
lawn flooded after a day of rain. 2nd, refusing to allow commercial vehicles in driveways is a ridiculous, anti-worker	
regulation that unfairly targets the working class employees that dedicate their services to making our city a thriving	1/27/2021
economy. Throngs of law-abiding, honest working folks are forced to purchase expensive, white magnets or large	
vehicle covers, neither of which are cheap, simply because you'll get a ticket for having words and a phone # printed	
on your vehicle. In addition, I'd also like to add the idea of implementing a public transit option. Incorporating	
Votran into Palm Coast would provide an excellent means of transiting not only throughout town for many	
residents that either can't or shouldn't be driving, but could give residents of both counties the opportunity to go	
My water bill (for one person household) is > \$90 per month and that?s absurd	1/23/2021
My wife and I are new to the area and we sure like it here. We like the small town feel and hope Palm Coast can	
keep it,. would like to see a few really good restaurants come in. Also would be happy to help the city any way I can.	1/21/2021
Nature draws people to our beautiful community. It is so important to protect what we love.	1/21/2021
Nay if our habits in 2020 were due to coronavirus. We will be out more and support local more after being	_,,

palm coast and now they want to build low income housing on every inch of available land.	, -, -
Need more funding for infrastructure of our roads, parking lots such island walk shopping center. Need street lights	
in places such as the cul-de-sac in C section. Need future funding for replacing utilities to underground utilities in	
the older housing sections. That is part of hurricane planning for the future. The initiative the city has spent on	
trimming trees is commendable and hopefully will help in the near future. More enforcement needs to be done for	
vacant lots and lack of upkeep. People owning lots need to be held responsible and accountable for maintaining	l
their lots. No more funding for things like a water park which was not in the best interest of the majority of citizens	1/16/2021
and can be costly not only to maintain but liabilities associated with it. We have a beautiful beach here, the money	
spent for the water park certainly could have been used for much needed infrastructure. And perhaps dredging of	
our canals to make them look beautiful and pristine. We need more quality shopping and businesses, including	
more restaurants and restaurants accessible by water. We need to make it easier and attractive incentives for

Need SIDEWALKS on both sides of residential streets (specifically Bird of Paradise). Where there are no sidewalks, there are steep drop offs on the edge of the roadway and roads are narrowpeople walking are in danger. Need STREET LIGHTS on residential streets (ie, Bunker View section). Puvlic areas with Palm Coast signage are well maintained and classy, but drive a few blocks into the rental meccas of Alphabet City (ie B section) and there is trash blowing in the roads, 4 to 6 cars in every driveway, above ground pools with tarps filled with storm water,	1/21/2021
trampolines, lots being cleared and foliage debris in the streetsthere should be some community bylaws or conciousness to help keep the non-HOA areas looking as nice as the rest of Palm Coast. Needs to be more business friendly to attract new revenue. Stop making it so difficult for commercial developers.	
Improve permitting on residential. I am in Section 4 Cypress Knoll. It will not select on page 1	1/3/2021
Need to address the evasive growth of grape vines. Owners of vacant lots must control this problem. The vines are killing the trees and palms, plus encroaching on neighbors properties.	1/8/2021

Need to focus on essential before extras: streetlights, water supply preservation, storm water management, wastewater management, road maintenance, waste management & recycling should be of greater importance and priority than events, senior/teen/kids activities, arts/culture programs. Things that add to our quality of life are important, but are secondary to actual essentials. Basic municipal responsibilities like water and utility supply/access, roadway maintenance and lighting, and stormwater management should be the foremost priorities, for residential AND commercial/industrial areas. We need opportunities for meaningful and gainful employment, and basic services like high speed internet and cell service help that, but should not come before roadways,	1/3/2021
Need to have a moratorium on building residential until better paying jobs are available to support rental costs.	1/1/2021

Not appreciating the low income housing going up in Palm Coast. I believe that will bring down the actual character	
of the community. Would love to see this stay a quiet retirement area as it was intended. Too many new people will	
make this a crowded area, more crime, and less desirable. Not liking what Town Center is turning into. Also too	1/2/2021
many people speeding, not paying attention to lights when there are bikers waiting to cross. People want to make

it seems this town is growing so fast to keep up with the surrounding city?s. The traffic and noise has grown

Not being allowed to park on grass on your own property. A little too controlling. Overall the City has been doing a good job with everything. I'm happy with the decisions and priorities. Overall love Palm Coast, especially the W section where we live. We may have to move though as our quality of life here is reduced by lack of code enforcement. Many people here think they can do anything with their property, forgetting or not caring that everyone's life and home value is impacted by their decisions. The city needs to be tougher on violations, perhaps expand the department. Overall Palm Coast is a good place to live. I appreciate the city web site in providing information and that you are conducting a survey about the community. This has never happened while living in Ocala for 18 years. Overall Palm Coast is a great bedroom community. But is lackluster in pretty much any other capacity. As someone who has lived in both rural and large cities I can confidently say PC has a lot of potential. PC is like a bowl of Overall pleased with exception of people parking in swales. Not being allowed to park on grass on your own property. A little too controlling.	1/23/2021 1/22/2021 1/23/2021 1/30/2021

Overall the city is still quite beautiful but I do worry about the over development of housing without economical	
resources which can oversaturate a market and once the seniors pass on, it will not be sustainable. We need to	
balance residential development with economical opportunities. I fear that constant rush to add in hundreds of	
apartments and homes will have significant unintended consequences especially without the proper infrastructure	
and economical and/or business resources. Retail isn?t enough to sustain the development taking place in recent	
years. While I think development is important and shouldn?t be eliminated altogether, I think we need to focus first	
on infrastructure, utilities, network coverages and economical/ business opportunities. What about changing new	1/16/2021
apartment construction to mixed-use properties with cafes and restaurants on the lower level and housing to the	
upper levels similar to European Village? These types of development are more innovative bc small businesses have	
an opportunity to actually grow and thrive. Or what about more of a traditional downtown area with mixed uses	
properties similar to New Smyrna. Also we need adequate cell service. I know other residents and council members	
complain about the look or its dangers but most developed cities have a substantial network and it?s critical to our	
daily lives. I only have 1 bar of service in the Seminole Woods area for years but as soon as I drive to Ormond I have	
Overall the community is great! If we can keep cost down but increase jobs that would be amazing.	1/24/2021
Overall things are very good. Continue to focus on crime prevention. Traffic congestion and speeding/reckless	
driving are becoming issues. Control/manage growth. Innovate for youth.	1/2/2021
Overall very nice place to live just would like more jobs for young folks , lighting in all neighborhoods to help	
prevent crime, nicer restaurants and less Fast Food and assistance with cleaning out the swells for us old females	
who live alone and who cannot do it very well. Overall I love it here. Anyone I have spoken to at City Hall has been	1/25/2021
wonderful but I do not ask for much of anything. Actually job well done overall for the City. Thank You	
Overall very satisfied with the City of Palm Coast. However, I have noticed in the past couple of years the medians	
do not look as well cared for as years prior. I also would like to see more job opportunities outside of the service	1/24/2021
sector (City, County, schools, hospital)	_,,
Over the past few years it seems code enforcement has waned to the point of people not adhering to city codes.	
Need more officers driving the neighborhood and following up on violations. Speeding in the neighborhood is a big	1/30/2021
Palm Coast, a great little city! Love it here!	1/21/2021
Palm coast are in need of more job opportunities	1/9/2021
Palm coast code enforcement sucks. Our neighborhoods have become so trashy. Complaints take way to long to	, -, -
complete. To many people put large items, such as, appliances, dressers, tvs, couches, recliners, etc out for regular	1/21/2021
garbage pickup and ends up sitting out for weeks or months.	' '
Palm coast connect application seems very impersonal. Streetlights- I understand the importance but light pollution	
also needs to be considered when selecting street lighting. Economic development- a city of our size needs to be	4 /40 /2024
more active in economic development and work closely with the state and county. We need to be more pro-active	1/10/2021
in attracting small and medium size employers to the area.	
Palm coast connect is a great tool. The city does a really nice job! Thank you for all your efforts.	1/14/2021
Palm Coast Connect is an unusable application. It is hard to navigate and use. The team needs to design it based on	4 /4 /2024
user scenarios with input from usability studies.	1/4/2021
Palm Coast Connect is a very good tool and resource for information. Hoping to see development of Town Center as	1 /1 (/2021
a vibrant area for shops, restaurants and entertainment	1/16/2021
Palm Coast Connect is by far the least useful attempt at citizen communication i've ever seen.	1/23/2021
Palm coast continues to build new housing but unfortunately does nothing to support the influx of new traffic,	
perhaps before handing out new building permits palm coast could fix the roadway infrastructure. Perhaps a good	1/21/2021
gym like LA Fitness and maybe a larger Walmart to handle the hordes that go there now	
Palm Coast could be a nice place to live but with water bills close to the highest in the entire COUNTRY of the	
UNITED STATES and with property taxes very high as well this prevents people from wanting to live and stay here.	
The cell phone service is also horrendous in Seminole Woods and is a safety hazard for people who rely on cell	1/21/2021
phone service. I have no plans to stay in Palm Coast for any longer than I have to, can't keep paying 110\$ for two	
people to have water, a basic human right shouldn't cost this much.	
Palm Coast desperately needs to expand business and job opportunities so that the community is a viable place to	1/1/2021
live AND work.	1/1/2021
Palm Coast does little to promote itself. The city has no major attractions that would make me want to visit.	1/23/2021
Palm Coast doesn't need to compete as a major city. It would be nice to have Palm Coast remain as is instead of	
trying to make it a major city. Most people are here because that's what they were looking for, a close knit or small	1/27/2024
community, not a large metropolitan area. It can be a nice cozy place for families to come home to for peaceful	1/27/2021
relaxation, not a high crime area with lots of traffic flowing through.

Palm Coast great place to live but the pot holes need to be addressed on several streetsKeep the taxes low and	
stop spending money for a lot of non essential items as more parks .Also put flowers in the common areas that do	1/16/2021
not need to replaced so often. Thank you.	
Palm Coast had potential at one time. Unfortunately with housing so overcrowded throughout the city it makes it	
very unappealing to live here. I am constantly seeing trees removed to put more structures on smaller and smaller	1/26/2021
lots. A little room between neighbors could have done wonders for the city.	
Palm Coast has a lot of great qualities. Certain bad qualities overshadow the good. There is a huge problem with	
garbage littering the city. Large amounts of trash along the roadways, swales, canals, green spaces, and parking lots.	
Littering from automobiles seems to be normal behavior. Trash and recycling collection is antiquated and	
inefficient, allowing trash to blow out of containers. Garbage collectors rush and spill trash, as well as trash blowing	1/4/2021
out of the trucks. Grass cutters do not pick up trash, just cut over it making more trash. Please educate, post signs,	_, ,,
enforce litter laws. Contract with a waste company using roll out carts with lids and automated retrieval trucks. Hold	
businesses responsible when trash on parking lots blow onto public areas and streets. Do SOMETHING! ANYTHING!	
If not, please lower my Real Estate taxes to reflect living in a filthy, ghetto, slum. Thank you.	
Palm Coast has potential but has seemed to have been stuck in old ways for quite some time. The lack of quality	
jobs and business hurt its residents. The current lack of streetlights and sidewalks is unacceptable and should be	1/3/2021
addressed immediately. Make the city a place where people want to work and play and. OT a city for retirees.	
Palm Coast has that small town feel , however with high traffic. The traffic is a deterrent to growth. Restaurants are	
chain and not local to enhance appeal. I grew up in Sarasota fl. Love the restaurants and recreation, traffic made me	1/30/2021
move as the traffic here will do the same. I might as well be in sarasota. New Smyrna has great restaurants such as	1/30/2021
garlic and the tree house which makes it more desirable also on their main street are nice small restaurants. Parking	
Palm Coast has the potential to be an even better community, if it can adapt to embrace younger families as well.	
Right now, young families have to commute to Jacksonville for decent paying jobs which isn't sustainable for	4 /27 /2024
longterm living, and with the current state of resources for children's education it makes staying difficult. We would	1/27/2021
love to be able to see Palm Coast change to embrace more IT jobs, and to help make secular schooling a strong

Palm Coast is a beautiful and peaceful place to live, work and Thrive. The continued development of the Innovation	
District is critical to the quality of life of all residents.	1/22/2021
Palm Coast is a beautiful area. The growth in the past 10 years is significant. Enforcing current laws, code	
enforcement, and holding people accountable for any violations should be a high priority. Personal responsibility is	1/22/2021
so important, and should be maintained.	_,,
Palm Coast is a beautiful community but it is no longer the retirement community it was originally intended to be. It	
is densely populated with a lack of high-paying jobs and as a result, a lack of taxes and as a result, a lack of needed	
services. The majority of jobs are in the service industrywhich is fine if you don't want to grow. But the growth	
that is happening is beyond your control. You can't control the growth so you need to adapt to the growth. In order	
to adapt to the growth, we have to provide employment opportunities outside the of the service industry. Higher	1/25/2021
paying jobs! Attract some industries or tech jobs. Town Center is the perfect place for tech jobs! The Mednex	
complex will help but won't solve the issue. I just read that Boston whaler is going to take over the old sea ray plant.	
Good start. Some type of industries that will require trainable skilled laborers is what is needed along with tech	
Palm Coast is a big, little city. It is mostly residential with some commercial and business interests. We should try to	
stay true to our roots. As they say, "accentuate the positive". It is more important to make the residential areas	
inviting, diverse(types of housing), with lots of leisure activities than it is to pursue expansion of commercial or	
business activities. That said, the type of business/commercial ventures that tie into leisure activities should be	1/22/2021
encouraged. Stay focused on clean and green, i.e., great water and waste water systems, promote and expand	
recycling, encourage citizen cleanup, opportunities for folks to get rid of stuff cleanly and efficiently (used oil,	
electronics& mercury laced items, day for community shredding, incentivise recycling rather than garbage, etc.) and	
push for clean energy and going net zero carbon for community government and incentivise our citizens and

Palm Coast is a great city. But the traffics noise along the 95 residential areas (Indian trails East) needs to be	1/9/2021
addressed. Palm Coast also needs more and better shopping/commercial centers.	
Palm Coast is a great city to live in. Keep up the good work!	1/16/2021
Palm Coast is a great place to live. It is not important that the outdoor amenities provided by the city make a profit.	4 /5 /2024
The citizens deserve them regardless of cost, and they should be provided just like road maintenance and any other	1/5/2021
city-provided services. People need to realize the city needs to grow to survive, and it can't always remain the	
Palm Coast is a great place to live if you are retired. There are No employment opportunities here other than	4 /24 /2024
hospitality, medical, lower education, or retail. Big companies should have incentives to open their businesses here	1/21/2021
in Palm Coast so residents wouldn?t have to travel to Jacksonville for work. This is a bedroom community.	
Palm Coast is a great place with low crime, no billboards and plenty to do. The last thing we need is low income	1/17/2021
housing and the crime that goes with it.	
Palm Coast is a lovely place to live. What would make it even nicer is to have good paying jobs that will enable	
people to pay their rent, bills and still be able to eat. We can't continue bringing in companies that pay miserable	1/23/2021
wages because it's the South and low-balling salaries are expected. The price of everything is going up and working	
3 or 4 minimum wage jobs to make ends meet isn't cutting it.	
Palm Coast is an excellent place to live. Please keep it that way.	1/26/2021
Palm Coast is a nice place to live. However, I am extremely dismayed by the Sheriff's Department's lack of	
professionalism. The sign at the detention facility is demeaning and intended for humiliation not justice. Sheriff	1/22/2021
Staley is unresponsive to community concerns. We need a citizen review board. This is a serious problem for Palm	
Palm Coast is a nice place to live as retirees. We have a responsive city government. We lack shopping districts, big	
box Costco/BJs, stores, etc. We lack reliable cellular 5G communication and have a very poor selection of Internet	1/9/2021
service providers. If I was working full-time I would move to JAX or Orlando as they have better/stronger	
Palm Coast is a quaint & charming city but the constant building of more houses & destruction of the natural	
environment will most likely force me to move out of this city. There is such a thing as too much development and	1/26/2021
Palm Coast is at that point right now.	
Palm Coast is a small community and we prefer to keep it that way. Please stop expanding it and encouraging	
people to move here. Because of this we have more traffic, more crime and more trash. Start enforcing littering	1/24/2021
fines. Keep our community Red, small, safe and clean.	
Palm Coast is a wonderful place to live. I hope it stay this way for generations to come. Please don?t overgrow	1/22/2021
Highway 100, like Palm Coast Highway Area.	
Palm Coast is a wonderful place to live. Let?s keep it that way.	1/30/2021
Palm coast is a wonderful place to live compared to Melbourne, jacksonville, miami and fort lauderdale. We are	
loving it here. If recycling is available we will use it, if it goes away no huge loss. It's nice to have such a caring	1/21/2021
community. Thank you for all you do!	
Palm Coast is a wonderful place to raise a family.	1/27/2021
Palm Coast is beautiful but quickly losing the small town feel which was a draw for us. Code enforcement could go a	
long way in talking to the citizens before slapping pink slips on doors for all to see. Most residents aren?t from Palm	2/6/2021
Coast so don?t even know they are in violation of something, usually petty. Do they realize they make their citizens	2,0,2021
feel like criminals, not community? We aren?t alone in feeling this way. It?s very unwelcoming!	
Palm coast is beautiful but there's no good jobs here. We work in daytona and jacksonville. I don't understand why	
low income housing is a priority when jobs would alleviate the low income problem. You keep building housing yet	1/23/2021
people can't find work! There needs to be a balance. Good paying Industrial jobs in outlying areas would be great,	1,23,2021
we can still keep our small-town beauty and have income for our residents. sea ray was a great loss	
Palm Coast is booming, we are afraid that the rent prices will soar and there will be no low income housing as I am	
disabled. We are afraid Palm Coast will become like Daytona. Too many medical facilities, No college or university to	
provide jobs. We are afraid to drive as people have become reckless and speeding since roads widened. Palm Coast	
is getting over developed. We don't know if we can afford to live here anymore. Please don't overdevelop our little	
city. Please don't segregate the poor. DEO needs to be fixed. More Social Services and Mental Health and Women's	
Centers. Not enough mental health or behavioral resources. No women's clinic for free or low cost care, birth	1/1/2021
control etc like planned parenthood. No education here, why don't we have a university? More opportunities for	1/1/2021
the poor and disabled. Don't make our city too expensive to live in and force disabled or poor people into	
impoverished and squalid neighborhoods. We all deserve to live and have pride. Please do something about the

Palm Coast is growing much too fast. Housing is at an all time peak. Growth is cutting back on small town feel.	
There is an added burden to police and fire dept. not to mention medical services. There is no industry or trades to	1/1/2021
allow better pay for residents. Majority of jobs are in retail, restaurants, gas stations or fast food. A family cannot	1, 1, 2021
survive on these types of jobs. Please bring some industry to Palm Coast instead of building new homes and taking	
Palm Coast is growing too fast.	1/9/2021
Palm coast is lovely and blessed with work ethic in spades. Also a joyfully talented parks and rec team. I really	
believe it can maintain what is great while letting in more fun and courting younger demographics. Ps please for the	1/21/2021
love of our future get us a robust fiber network.	
Palm Coast is lovely place to live, thanks in part to the visionaries who planned well. Let's stop the bickering, listen	1/16/2021
to one another, and move on the improve our community.	1/10/2021
Palm Coast is missing sidewalks in a two-mile perimeter of the schools. It is dangerous for the children to walk to	1/26/2021
school especially during the winter months with the lack of daylight.	1/20/2021
Palm Coast is so beautiful. I moved here for the gorgeous outdoor space and have enjoyed every moment of it.	1/26/2021
Palm Coast is too geared to seniors citizens, but young adults are very often forgotten. We are the main income and	
taxes payers, but we have no indoor sport complex gym. There is actually a Palm Coast volleyball adult team that	
was formed from Indian Trail league. They have played over 7 tornaments in Jacksonville and Orlando winning 4	
and finishing in second on the remaining. As a ?reward? the city cut off the league days by half, and double the	1/8/2021
price for the season. Plus, the school they play is not cleaning the floors, and it had become so slippery the players	
have to sweep themselves and there is a lot of slipping and falls. That is dangerous The team actually have to travel	
to other cities in order to practice a state winning team, with zero help or recognition on their home city.	
Palm Coast lacks upper end restaurants comparable to those in Daytona and St. Augustine. Lack cultural programs.	1/1/2021
Palm Coast leadership is failing the residents. Neighborhood safety, code enforcement, traffic congestion, street	
repairs, swale and storm water drainage, schoolchildren welfare and safety, support for small businesses, and	
bringing good paying jobs and industry to PC. Rather the city focus on beautification of major thoroughfares,	1/2/2021
ignores residents safety, spends taxpayer money without taxpayer input and ignores maintenance of any essential	
services to improve quality of life. Drop down menu does not work for last 2 choices	
Palm Coast needs a landfill location for residents to drop off recycling. Our community does not have recycling. We	4 /22 /2024
can take cardboard, paper and hazardous waste to the Old Kings Road landfill, but have not found a place to take	1/23/2021
Palm Coast needs better shopping options	1/21/2021
Palm Coast needs industry and Jobs! Feeding your family is important than parks and rec. The City works for us, not	1 /12 /2021
the other way around. Code enforcement is horrible.	1/13/2021
Palm coast needs more activities to do for kids	1/26/2021
Palm Coast needs more business opportunities that pay above a living wage, more white collar jobs, professional	
jobs and less retail. If I want to leave my current job, I will have no choice but to travel to Jacksonville or Orlando for	1/22/2021
the same pay. There is no opportunity here to change careers and succeed without sacrificing quality of living.	
Palm Coast needs more clothing stores. I have to drive to Jacksonville to shop for clothing and Holiday shopping.	1 /1 /2021
Sidewalks and street lights would help for walking.	1/1/2021
Palm coast needs more lighting on all streets! Not only is it difficult for drivers at night, it puts our children at risk! I	
have never lived in a town where children are required to either walk to school, or bus stop, where there are no	
sidewalks and little to no lighting! Add to this the speed racers going down connecting streets, and this is a major

Always have to go to Ormond or St Augustine to shop and eat. This city is lacking in this area tremendously. One of the reasons why probably won?t spend my retirement here Palm Coast needs public transportation for senior citizens. What we have now is a joke. No one can plan 2 weeks in advance for transportation. They need good quality public transportation at an affordable price. Not everyone in Palm Coast is RICH. Also there needs to be more good paying jobs. Hard to make a living on the low wages offered here. Palm Coast has so may restrictions for business that no one wants to come. They run business off which is a bad thing. People cannot make a living off of fast food or restaurant jobs. The city needs an OVERHAUL!!!!	1/9/2021

Palm Cost is a great Cory, i originally moved down here 10 hrs with my favorite from CT but when I lived in my own nad to move out of the town due for the lack of housing opportunities for a single person. Once I got married I moved back to PC and have been living here for 4 yrs for and love that it?s a great town to raise a family. The school system is excellent, the sheriff?s department does a wonderful job or keeping PC safe. The only downfall I see is that even as a working family the selection for rentals is fair, the small businesses usually don?t survive a yr in PC, European Village has its ups and downs (usually depends on how the economy is doing), lack of entertainment for families and youth, PC can use more restaurants/shopping choices as well. All in all though I would rate PC a 8 and Parking lots are overly complicated and difficult to navigate. Often, there are dangerous obstructions at the entersections. Please considering adding more schools or rezoning. City counsel is to represent the citizens wants and needs, not their own special interests. Commercial/ business/ industry needs to be a the priority, not housing. Parking on streets and sales becoming a safety concern. Service vehicles (not city) frequently extend over center of streets and park on curves. Cars park at intersections and block view of oncoming vehicles. Some rental property's neave as many as eight vehicles. Parks should have more lighting Parks with walking trails are very important to us; but we use Princess Place, Steflik, Bulow and Washington Oaks or Ravine Gardens. The City trails that we have tried are too urban or too crowded such as linear, rails to trails and waterfront. You don't see much wildlife in those areas because there are too many people. I am grateful for the walking/bicycle path along Belle Terre for the times we cannot drive to one of the above parks we ride our bikes. Please continue to ensure the careful consideration of building in Palm Coast. In the one year I have owned my home here, a lot of building is happening and I do understand the importance of being innovative. With that being said, the main reasons I personally moved here was to leave New York City and move to a small, sleepy town, enjoy rice eneighbors, start a new life, to enjoy		
their bikes or walk the neighborhood because people come flying around the corner. A speed bump at each side of the curve would solve this and force people to slow down. Please consider having a moratorium on the building of high residency apartment buildings and shopping centers until the city can provide more and adequate roads to handle the terrible traffic conditions. How does excessive rental building attract industry? How is this helping a useful town center? The traffic lights on Palm coast parkway are too long and lately causing gridlock at main intersections. The length of stop lights is a main contributor to speeding to avoid the light. Consider sequencing the lights as they do in major cities. Also consider the feasibility of overpasses at old king, belle terre and cypress. We are losing our identity as the number one place to live due to overkill as so many other towns in Florida have done. I have been coming to Palm Coast since the beginning and Please consider the percent of residents 55 yrs and older, as the need, to provide a dedicated, not fragmented, senior citizen center. Palm Coast boasts a wonderful retirement place to live, without providing a senior center like other neighboring counties. Please consider the wildlife when zoning and developing. Many of us are here for the gorgeous nature and it is being built over when it is not needed, please spread out the development more and stop building houses and apartments and strip malls that will remain empty when it is destroying the reason we live here. Please don't bring in random or unnecessary business into Palm Coast. Sometimes it's important to refuse a permit	
for a business or construction for a long term benefit to shape the city correctly. Allowing businesses to dictate	
where they build is a poor choice for the city. For example, building a retirement community at the center of the city	
next to Walmart? Not the best idea. Building a retirement community 10 steps away from the movie theater and	1/23/2021
city hall? Not the best idea. Please do better zoning and structure the city better. Several of my neighbors including	
myself are worried about what's going to pop up next in our residential community. The city needs to put the	
citizens first, not outside businesses. Palm Coast is still a homeowner community. Please keep it that way. Thank	
Please do not allow housing density to jeopardize our water table. We can only handle a finite number of	
households. Also, please try to attract a Trader Joe's. We do not currently have anything really comparable.	1/2/2021
Please do not close Slow Way. It is a very important cut through for those who live in the area and highly necessary.	
It is needed for emergency use, fire safety, ambulance, police.	1/5/2021

Please extend the city fiber services to all areas of the city and provide an option for residents to purchase.	1/8/2021
Please fix the median on cypress point where it connects to belle terre.	1/28/2021
Please fix the old kings / pc pkwy intersection; we all know it's a mess and you wait through several light cycles to	
get through going most ways through it. The old kings bottleneck is the worst, glad to see work being done there,	
but I am not convinced it will be enough. More sidewalks and street lights, please. Overall, besides a complete lack	1/3/2021
of any higher educational facilities, this is not a bad place to live.	
Please focus on improving our schools! We should have excellent schools as a foundation to build our community.

like no one in town cares about schools and that is too bad given there are very few private education options.	
Please focus on mental health issues in the future. It?s very important for everybody?s quality of life when we have	1/16/2021
a nappy and sane community. Please offer some sort of mental nealth help/activities for all ages.	
Please give up sidewalks in the neighborhoods. Almost dot hit by cars on several occasions. It will also bring	1/2/2021
neignbors together to build a strong community	
Please have more police presence in the city parks. People who bring their dogs early in the morning do not use a	
leash and do not clean up after their dogs. The situation is alarming. Don't let people bring their dogs to any city	2/3/2021
parks unless they are contained in a fenced dog park. If you try to approach them about leashing their animal or	2/3/2021
cleaning up after them, they become hostile and aggressive.	
Please if possible have something built to lower the level of 95's noise.	1/23/2021
Please install street lights in palm coast. Very dark in residential areas.	1/5/2021
Please keep Palm Coast affordable for retirement. It?s the only coastal place in Florida left worth returning to.	1/3/2021

Putting the street signs up on the side of the road has been a Big Help because the overhead signs are so small and	
unlit that you can't see them until you are right upon them - so they are pretty much worthless. The stoplights	
through out the whole town need to have a small delay added - so when one street turns red, the other street light	
doesn't turn green automatically - everyone is at a stop for a few seconds - too many run the red lights and the	
other side is already green. Too many street have the bike/walk light on for pedestrians to go at the same time the	
opposing traffic light has a green turn light -IT;S NO WONDER SO MANY PEDESTRIANS ARE HIT OR KILLED - this is

Recycle: I support the recycle program renewal if items are actually being recycled. I use a lot of time to break down	
boxes and clean out items that need to be washed to be able to put in the recycle. So I only hope it's all being	
recycled, if it's not inform the public that we are in fact not really recycling so people don't think they are or are	
wasting their time to support it. Low Income Housing: I don't think this is needed as surrounding areas offer plenty.	
At this point I think we have over welcomed the amount of low income housing that has been built, especially in	
Town Center. It's a shame to drive by the new "apartments" in Town Center. That land was designated for

Homes in Palm Coast: I will say Palm Coast is no longer like it was in the 90's especially with the quality of homes	
being built. Homes used to have character, especially front elevations, which now are flat with one roof line. This is	
not the Palm Coast I've grown up in the last 25 years. I think we can do better in allowing these smaller homes being	
built but require more character of their front elevation. I also think the lots shouldn't be allowed to be cleared

Revisit some permitting, agree with most, while most are necessary, but some are over the top, not allowing a	
homeowner an affordable method to make home repairs or improvements. While safety, an quality are necessary,	
it?s not necessary to always require a professional, some task, an jobs have become simple enough that a	
homeowner, or handy man can complete the task while not having to pay the high fees of say a plumber or	
electrician. Keep going with some of this stuff you will need an electrician to screw in a light bulb. Use common	1/30/2021
sense, it does not take a plumber to connect a flex line from a valve already in place, to a connection on a sink. All	
the instructions are there, but a handyman can?t do this, you want the homeowner to pay a plumber, really! The	
plumber needs to be used to put the valve, or replace a non working valve, with the way your rules are written you	
should actually need a plumber to hook up a garden hose. Same principle. Just say folks let?s also protect the \$\$ of

Sadly although Palm Coast has been my home for 42 years snd I have been fortunate to be able to absorb the very	
high cost of living here I find that the idyllic setting formerly extant to have finished greatly. I feel that some of the	
elected officials prefer to serve themselves rather Bethany to look out for the good of the city?s residents. They	
seem to be more in concert with developers and attorneys who can offer rewards. There is an absence of proper	
supervision of building sites. There is a big problem of proper traffic flow on main roads and there is an abomination	
of traffic problems for those unlucky residents on Florida Park Drive. Had I the misfortune of building there in the	
early days I would be long gone to have relocated elsewhere. Rather than to have worked to encourage a big box	1/23/2021
store such as Costco to consider building in Palm Coast, the city leaders have gone the route of just adding another	
gas station or bank to our environs. What kind of carrot was offered to entice our leaders to move in that direction.	
Publix is certainly a supermarket that is clean snd stocked to the rafters but their prices are also elevated. The same	
product in Walmart is considerably less costly. I could go on further but I feel that my remarks might not be	
appreciated. My intent in writing this opinion piece is not to rankle those in charge of our city operation but to point	
out that the direction in which we have been headed does not benefit the residents to the degree to which they are

we escaped to move here; learn how to protect and maintain what we already have before jumping to curry favor	
with developer donors. First improve the quality of life of those already here; build more restaurants, boutiques and	
nice Mom & Pop shops but that's it; slow the streets down, install speed bumps and stop signs, esp. on Palm Harbor	
and Club House Drives.; aggressively enforce traffic laws especially speeding and failure to stop at stop signs/lights; I	
stood at corner of Boulder Rock & Plaza Dr. and watched 50 cars at the red light leading to Home Depot (I actually	
counted) and only three out of fifty came to a complete (legal) stop and some barely slowed downtrue story!

maintain, improve and beautify our properties which influences others to do the same, which also helps our	
neighbors and their property values, which in turn makes this a sought-after and desirable place to live and finally	
does great stuff for our city's coffers. Enough with the obsession to rapidly turn PC into a third-world Hhole.

Street lights are severely lacking. This has killed people in the past. Walmart has caused awful traffic and we need to	
attract another one on the south side of town to split the crowds. There are no good mental health services in this	
county. Palm Coast is no longer a small town and we just provide additional services for a medium sized city, such as	1/1/2021

swail maintenance is a continuing problem	1/30/2021
Swale maintenance is a joke. The city fixes the swales, then a new house is built next door and their culvert pipe is	
not set properly with the swale. So before the concrete is poured, I went and talked to a senior official in city hall.	
He states as long as your house doesn?t get floodedNO PROBLEM! So now my front yard is always flooded with	1/5/2021
tadpoles swimming in it. Of course, not to even to mention the mosquitos that this causes. Then the city informs	
everyone to be mindful of standing water. Thank goodness we haven?t had a major hurricane since this occurred.

Thank you for providing the opportunity to comment on the survey. I believe that City of Palm Coast and Flagler	
need to create more employment opportunities by bringing in more businesses into the community. If the city	
develops the Town Center to an actual town center this will create business and jobs. Look up Village of Leesburg	
and it will give you an idea of combining businesses, condos and apartments. Second - What a great opportunity in	
having colleges come to town. More employment opportunities. Third - Why not think about making Palm Coast the	
spot to come for Regional Sport events. Develop and market sports venues. Forth - Create Croquet courts. Croquet	1/1/2021
is a fast growing sport worldwide. If you build it they will come. Croquet players pay hundred of dollars to play in	
tournaments. This ties into the sports venue, more hotels, restaurants, more jobs. Fifth - we need to keep our	
young people engaged and interested, so they're not doing drugs and crimes. Sixth - Speed limits in residential	
areas. Many neighborhoods don't have sidewalks or lights, and the speed limits are 30, why not lower them to 25?	4 /40 /2024

Thank you for the opportunity to participate. The growth of housing here is astounding of late. The city was well	
planned in the outset, but the rate of new people coming in will be a trick to manage. Affordable housing and jobs

parkway is undesirable due to heavy traffic and angry drivers. More areas of businesses within the city would be	
nice to spread out traffic flow and congestion. Again, thank you.	
Thank you for this survey. I hope it's helpful.	1/21/2021
The 3 ranking questions are designed in a manner that I believe very strongly will not get accurate answers. It is very	
awkward to move the whole text to a new spot,. You should at least provide directions, or, better yet, design the	
survey better. It is interesting that the initial order may represent what PC would like the ranking to be and I would	
not doubt that many folks get frustrated and either quit entry or just move on to the next question. 2 other issues I	1/1/2021
cannot submit survey unless I lie on 2 questions . I live in section 5 not 3, but the field gets reset everytime I submit	
it unless I enter section 3. The type of development I think is most important is Innovation at Town Center, but	
again if I select this it gets cleared when I try to submit the form. Here's a suggestion, why don't you test the survey	
The absolute most important thing to focus on is more business development. The job opportunities in Palm Coast	1

The ambience of what used to be a quaint seaside area has been and IS BEING DESTROYED. Progress doesn't have	
to mean mowing down every tree and developing every piece of available land leading to traffic and congestion.	
Having lived in PALM COAST since the 1980s, I'm disgusted and saddened by what PALM COAST has become. This is	
NOT progress. My extended family and I will most likely be clearing out of PALM COAST in the next 3 years. It's on	
the way to becoming a hick town with a load of rude and aggressive people. BTW, regarding the questions rating in	
number from 1 to 6 or 1 to 10, I found it impossible to complete those questions and rankings accurately since	1/1/2021
when inputting my ranking for the first, all other ranking automatically filled in with a number ranking and when	
trying to change the rankings that automatically filled in with a number ranking, it was not possible to change the	
numbers this survey automatically ranked. Therefore, the ranking by numbers questions need to be thrown out of	
this survey as they do not give an accurate answer. I'm not stupid, extremely highly educated and know how to take	
surveys. The ranking questions need to be corrected for data compilation error or thrown out. I will notify my city	
The amount of trash on the sides of the roads and throughout the neighborhoods has gotten out of hand. Also,	
code enforcement isn?t enforcing the rules of Palm Coast. The rules are needed to keep our city looking nice. All	1/4/2021
residents should abide by the rules, not just some. No more section 8 housing in Palm Coast!	•
The apartments that were built at the Town Center are a complete monstrosity. Who in their right mind would plan

people with common sense on the planning board, stop making it into a big city.	
The arrogance of the employees at code enforcement is sad. They do not respond and when a follow up call is	
made, they are rude and condescending. They?ll remove signs but not a dumpster left in an empty lot. Very	1/2/2021
The beach is cool but that?s Flagler. You don?t only have old people and school age kids that live here. One run	
down movie theater and places to shop is not enough. You have the space to open up some really cool things that	
will not only peak the interest of families, the older generation, but the young adults who single or newly married	
and don?t want to have kids for a while. Palm coast seems like the city where people expect you to go to school, get	
a job get married have kids then die NO STOP IT. I don't want to keen driving to other places to have a good time	
The young adults matter too. I might loose my mind if I see another old folks home being built. 2 have gone up in	1/30/2021
the amount of time that I have been here. I?m pretty sure there was 5 already here when I moved here. It is my	
understanding that Palm Coast is a ?newer city?. Lots of good things are here, but you can make it better. And not	
with another fast food place. Please look up chicken n pickle, the warren movie theater company, and maybe get	
some ideas from bowling alleys maybe find someone who wants to open a corn hole themed bar/ restaurant that	
The biggest downside for me is that I have a hard time feeling part of this community (maybe due to covid?)	
Community events are rare and far in between it seems. Neighbors all keep to themselves, and there is a total lack	
of diversity. The lack of diversity and community events has been a hard adjustment for me since coming from	
Hollywood, FL were there was a very large amount of diversity and weekly community events that were fun and	
	1/22/2021
culture. There was a lot of negativity it seemed too from neighbors with the change in presidency/last election	1/22/2021
which was shocking to me as I have never lived anywhere previously where neighbirs were so agressive over their	
political beliefs. I am mainly referring to the amount of flags everywhere with vulgar words. I can't say I have ever	
seen that before and I did not appreicate it though I doubt that can be helped much. We are a conservative family	
The biggest flaw I see with PC is the original lack of planning. For a small town, shopping centers and strip malls	
should be more charming looking rather than run down and industrial. The appearance of Island Walk is the best in	
	1/26/2021
district would have been a better plan. A ?downtown? people could park and walk, find restaurants, services and	
entertainment would have made the town more appealing to higher quality restaurants and businesses.	
The biggest issue I see is the lack of substantial business. Bring in an Apple storegreat for kids and the area would	
explode with people shopping. Or bring in a Wegmans supermarket. No more Dollar stores and junk businesses. A	
Costco would be nice. The other issue my husband and I always talk about is the lower end of Belle Terre near 100	1/9/2021
where the medians should be much nicer looking as a major entrance to the city.	
The building department is very difficult to deal with at times I do not care to deal with the engineer in department I	1/21/2021
am not in agreement what they have done with swells and grades around new construction after finishing the build	
The building of new homes in and around my neighborhood has been crazy. The constant noise and large truck	1/0/2024

There is no need for any person to be in a park or roaming the streets after 9 pm. No lights should remain on in any park after this curfew time, nor should there be an option to turn on a light or enter any park after curfew. This would GREATLY CUT DOWN illegal activities, loitering, looting, vandalizing, noise in our neighborhoods. I have seen when driving by Ralph Carter Park in the evening, the large overhead lights and field lights are on as late as 10 pm

The city MUST QUICKLY work on putting a curfew time for all parks within the city. All parks NEED to have a gate or chain across the entrance way which should be locked at a curfew time of 9 pm. There is no need for any person to be in a park or roaming the streets after 9 pm. No lights should remain on in any park after this curfew time, nor should there be an option to turn on a light or enter any park after curfew. This would GREATLY CUT DOWN illegal activities, loitering, looting, vandalizing, noise in our neighborhoods. I have seen when driving by Ralph Carter Park in the evening, the large overhead lights and field lights are on as late as 10 pm. The county does an excellent job in maintaining the trees and foliage along the roadways. It looks amazing! We	1/23/2021
desperately need street lights in the residential areas. That is my major complaint.	1/25/2021

will signal time for a complete change of slate. This topic will soon cast palm Coast in a bad light and serve to	1/8/2021
diminish the attractability of Palm Coast as a place to live and do business!	
The development parts of this questionairre sure seem restrictive and biased towards political options rather than	1/3/2021

The drag and drop functionality of this survey was difficult to use. I would ask that we review the code	
enforcement/animal control reporting procedures. For example, could one of my neighbors report another	1/23/2021
neighbor but use my name instead? Other than that, I am very happy in Palm Coast.	-
The extreme increase in new housing and road work is causing a decrease in the wildlife that drew us here to begin	
with. My parents retired here in the late 90's and now the sleepy little retirement community is losing it's appeal as	1/2/2021
the growth continues. We don't live in Orlando for a reason. Please keep Palm Coast's natural beauty in tact.	_
The fact that you have to put a disclaimer about profanity proves you know there is a problem in our city. The	
garbage service from Waste Pro is horrendous at best. The drivers are inattentive and the workers are rude. The FD	1/21/2021
and all of its employees are top notch. Its time to realize that this is no longer a retirement community and the	' ' '
infrastructure needs to change and adapt to the younger residents.	
The fact that you have to tell people not to swear means you know you're doing a poor job at running the city!	
Instead of continuous construction of low income house that lowers home values, bring in business that create	1/21/2021
carriers and people won't need low income housing. Too many minimum wage jobs. Do better!	
The fact you can not do anything with our home without having a building permit. I can not even consider changing	
inside lighting without the City's nose in my projects for my inside home. I understand the need for outside the	1/2/2021

The government in this city and county have made it clear that democrats are not welcome. With that being said - I	
no longer support much of anything within the county. Volusia, St. Johns and Duval are where we spend our money	
now. I feel bad for the small businesses we used to support, especially the restaurants - who we know are	
struggling. What's a few more restaurants in European Village going out of business? Turns out Mr. Mullins did us a	4 /22 /2224
favor by telling us to get out - gas is so much cheaper in the other counties that it makes the drive for groceries,	1/23/2021
eating out, shopping and whatever else totally worth it! It's not just us either, we have a couple of friends that are	
also willing to drive to other counties that don't despise liberals. I suppose it's possible not all of you believe as Mr.	
Mullins does, but none of you have stood up against it - which means you are just as responsible for his outbursts	
and hate as he is. YOU are complicit in his spreading of hate and lies. You will get our property tax until we leave,	_
The government needs to work harder on local economic development that will provide reasonable pay and some	
stability. I moved here in 2013. I have degrees in Engineering and Physics and have worked in Technology since the	
early 80s. Since I have lived here I have had to travel outside the county for employment except for a year when I	
worked for the county. Due to my age and the pandemic I have not been able to find employment for more than a	1/2/2021
year. Many like myself who are close to retirement still have a great deal to offer and cannot afford to retire. I	
would do part time work for a very modest hourly wage but even such meager opportunities do not exist close to	
home. You really must do better for the quality of life of your citizens and for the health of the local economy.	
Besides the obvious failure to help with economic opportunity a high quality comprehensive sports facility would be	+
The grassy area next to the sidewalks on Colbert Lane are becoming very littered. My friends and I ride bikes along	
there and it is very disturbing and unsightly. We love the nature trails, they are beautiful and pristine. They are a	1/27/2021
reason for anyone to come to Palm Coast. We frequently comment to one another about the litter. Please address	, ,
this matter. Keep Palm Coast a place to be admired.

The growth of our economy is necessary to maintain services. You must think about and realize the impact of this	
growth on the residence already living here. Population growth reduces the quality of life for all, clogging roads,	
greater wait times at lights, more lights, etc. Business growth is necessary. Unfortunately it causes loss of natural	1/30/2021
land, more traffic lights, and more congestion. Large box stores hurt small businesses and on-line shopping is rapidly	
replacing the need for local businesses. Perhaps distribution centers located near US95 would bring in revenue	
The guardrails on Belle Terra and side streets henders the view of on coming traffic as you try to pull out onto Belle	1/23/2021

Maintenance of wildlife areas and natural surroundings should be of primary importance in planning and	1/22/2021
development as this is a major reason people reside here.	
The Leigh high trail area is beginning to have homeless people hang out there, makes us not want to use it.	1/21/2021
The level of garbage has become a HUGE issue. Palm Coast used to be beautiful - now it's filthy!	1/23/2021
The local government is not very responsive and many individual agendas are being pursued without consideration of the impact on the residents.	1/3/2021
the look of some propertes looks terrible. around seminolewoods.	1/23/2021
The loss of the Flagler Chamber of Commerce is highly disappointing. A replacement and the related business	
meetings where the business community comes together is sorely missing.	1/21/2021
The L section needs a park. The closest park to us is Holland. The playground at Indian trails is a joke but even that	
would he closer. The city needs a rec dept for kids. It seems the only cost effective sports choices are	1/19/2021
baseball/softball or basketball. Anything else is to expensive especially with more than one child per family.	, ==, ====
The maintenance of the Belle Terre Blvd (south of SR100) has gone downhill over the last few years. The bikeway	1
landscaping is nothing but weeds, overgrown, and doesn't get mowed often enough. It looks terrible most of the	
time. There is always litter all over the place, broken bottles on the bike path, and weeds growing far over the	
concrete edges. The sand that accumulates on the bike path near Magnolia Trace seldom gets cleaned off and can	1/9/2021
be a hazard to navigate on a bike. I've nearly fallen several times trying to get through it. I've complained a number	
of times, and it eventually gets cleaned off, but it seems like something could be done to prevent it from happening,	
the mayor and council have drop the ball in palm coast. they took it from a clean and safe place to a dump that	
caters to a few cry baby's just to save face in public. they refuse to re-visit the codes they have changed that is

The newer subdivisions are getting nice updated entry (stone) signs etc. to them and matches the big Palm Coast	
ones which are really nice, while others (older ones) like the Woodlands that we live in have been ignored for a a	
decade and need updating from the old blue and white ones, so the town as a whole blends and would be more	
appealing!!!!! Also after construction is done it seems certain things that is destroyed like grass/sod etc. is not	
replaced, especially interstate entries & exits, also the construction items/vehicles off the entry into palm coast	1/26/2021

around the Mcdonald's, Crackerbarrell and CVS area is getting out of hand, litter fine signs posted maybe? I am glad	
The number of duplexes has impacted the safety in the P section	1/3/2021
The overdevelopment is sinful. The trash and litter everywhere are disturbing. It is the individuals propagating it,	, -, ,
but there needs to be more investment in it's pick-up, and the addition of law enforcement. I doubt that the	
developers are being held to the law on relocation of gopher tortoisesprobably entombing them. SHAME! Your	1/3/2021
question about Palm Coast maintaining its small town charactertoo late! Please don't put a streetlight on my	., -,
street; the noise from 195 is deafening but at least I can still see the stars.	
The over-emphasis of Code Enforcement (excessive rules regarding superficial appearances) is misguided at best.	
City funds could be better spent in nearly EVERY other part of government. It's a shame that the red-light cameras	l
couldn't be worked out. The number of light runners had gone down dramatically when they were in place and	1/3/2021
now, many drivers hardly pay attention to speed limits or stop lights.	
The over use of voicemails rather than answering phone. Timelag in returning calls seems unwarranted.	1/28/2021
The Palm Coast Infrastructure was designed in the 70's, It wasn't designed to handle the growth. The water pipes	_, _0, _0_1

The performance of our city council members, city manager, and mayor is horrible. The level of arrogance and	
rogue management is disgraceful. The financial management of resources confirms the lack of knowledge of the	1/1/2021
members and leadership. It seems these leaders have no clue how to manage capital or drive development	
The pickleball community within Palm Coast has been waiting for years to have pickleball courts and nothing has	1/27/2021

The previous administration had a tremendous spending problem poking it's nose into what should be private	
industry. Know your role and stick to it. Stop the constant spending increases! I see some hope after the past	
election. You have no business being in the housing industry; you've ruined Town Center. You wasted MILLIONS on	1/27/2021
a ridiculous water park. The mayor continues to have conflicts of interest by working for a corporation that we do	
business with. If things don't turn around after the next election I will be leaving Palm Coast as it no longer

The public restrooms are substandard in maintenance and cleaning . The public work employees are very	
considerate when I am biking as they always stop their mowers and edgers or blowers to let me bike pass safely . I	4 /26 /2024
wish we could stop citizens from dumping trash and littering. Overall I?m proud of my city and the work they do.	1/26/2021
The streetlight quantity is adequate I like to see the night sky not city lights on residential streets	
The Public Works staff does an excellent job of keeping our medians and public areas looking great.	1/12/2021
The quality of life in Palm Coast has deteriorated greatly since incorporating in 1999. Perhaps it's time to take a very	, ,
close look at our city government and make some very necessary changes. I have been here since 1987 and am not	1/4/2021
impressed by the transition since 2000 to the present.	2, 1, 2021
The quality of living in Palm Coast is excellent. Our family has no complaints.	1/16/2021
The Question on future recycling did not cover the fact that now all items are no longer separated they get smashed	
in the truck and I am sure it all goes to the dump.	1/23/2021
The rare occasions of my interaction with law enforcement here have always been positive. In other places where I	
have lived that was not always the case. I feel safe in Palm Coast.	1/23/2021

There's so many people here building up our town with too many corporate businesses pushing out the local	1 /21 /2021
businesses. I've been here my whole life and hate the construction and traffic. We're focused on building too much	1/21/2021
and not cleaning our waterways.	4 /22 /2024
There appears to no longer be serious code enforcement, cars in streets overnight, garbage cans out for days,	1/22/2021
There are many vehicles in PC that probably wouldn't be street legal in most cities. I'm referring to noise decibel	
levels from modified exhaust pipes (or the lack thereof). Additionally, the firework law breakers need to be cited	4 /04 /0004
and fined. This is distressing to animals and those who suffer from PTSD. There appears to be little or no	1/31/2021
enforcement of the law. The fireworks are getting bigger and louder. Certainly, they can be seen from multiple	
through fares. Not to mention the pollution in the canals, rooftops, and other peoples yards. This has to stop!	
There are NO good jobs here. PERIOD. As a degreed professional, I did quite well up north. Down here, I can?t even	
land an entry level administrative role. It?s beautiful here, but I?m ready to give up and move back north. Industry	1/5/2021
attraction and development needs to be a top priority for Palm Coast residents to have good jobs. Not everyone	2, 3, 2021
living here is retired. Palm Coast needs to be more than just a bedroom community.	
There are numerous trails and parks, but I'm not exactly sure where to park and access. I'd love a Palm Coast Park	1/9/2021
Tour! Even a video available on YouTube showing each location, parking, handicap access, amenities.	1/3/2021
There are too many new homes being built. Eight new homes have gone up on our street in under 2 years. We	
moved here for the abundance of trees & now it's all homes. The traffic is worse every year. There aren't decent	
businesses. It's mostly retail or restaurants. All of the open space on Route 1 is where you need to develop & stop	1/23/2021
building in the existing neighborhoods. Also if you keep building section 8 or low income housing then we'll be	
looking at higher crime. We've seen it where we've lived in the past. This isn't the Palm Coast we fell in love with.	
There are too many trees ruining pool screens, patios and roofs. We shouldn't be forced to have trees that damage	1/17/2021
The reason I chose the Sheriff's office earlier in the survey is that I am very unhappy with the "Green Roof Inn" sign,	
the "Friday Fugitive Bingo", and the way the Sheriff jokes about those who are in his system (some of which won't	
ever be convicted). Legal issues are not a laughing matter. He has not been responsive to requests to take the sign	2/7/2021
down. I think racism needs to be addressed and is "brushed under the rug" in this county. I feel some of the Sheriff's	, , , _ 3

The reason we moved here was due in a large part to the small town feel. It's not over built up with large hotels and

back into your sandboxes. The obvious conflicts of interest between the mayor and her employer have not been	
handled well. For someone that considers herself to be so intelligent, these conflicts should have been obvious.	
There does not appear to be any attention paid toward our city's salt water canal systems. These are a valuable	1/28/2021
resource and a major draw to the community. Like all systems, the canals require periodic maintenance.	
There has been hose connected to a fire hydrant on Colbert near 100 for months. i told Palm Coast and was to it	
helped regulate the water system. That is absurd. Please keep Palm Coast a smaller town. If people want big	
shopping, jobs, move. The Sheriff is a poor example of law enforcement. I love the trails/bike paths. People from all

There is little, to no mention of crime in this survey. Crime is a major concern to the success of any quality and	
community and it seems to have been overlooked in this survey. Many residents are concerned about a perceived	
increase of violent crimes in Palm Coast, and without the security of a safe/stable place to live, everything from	
business, tourism and long-term residency suffers. Some parks are unsafe places to visit. Rymfire, etc. Most young	1 /20 /2021
residents move away after secondary schooling and never return There's a reason for that! Lack of a bona fide	1/30/2021

There is loud traffic noise and speeding on Palm Harbor Parkway north of the intersection/stop sign at Club House

money could also be a goal for Palm Coast. For the question "What types of recreational facilities and activities	1/29/2021

The street lights that do not work, have not been addressed even though I have reported them several times. Walking early is very risky.	2/6/2021
the survey is a smart idea, interested to see the final overall results and what will be done with it. Palm Coast is	
growing, but need good paying jobs to keep younger generation here. Growth also is starting to impact the traffic,	1/27/2021
especially on Palm Coast Parkway. Need to keep the natural beauty and recreational areas, that is what draws	1/2//2021
The survey is not working properly. The area regarding sections of the city to be chosen is not allowing 4 to be	1/1/2021

The survey was far too long.	1/22/2021
The tense political situation in the country at times cross over into our neighborhoods. Most public leaders keep this	2/6/2021

The Town Center apartments are an absolute disaster. I?m disgusted every time I walk or drive through there	
because of all the garbage blowing around. Please post signs about littering and fine people for throwing garbage	1/16/2021
onto the ground. Additionally, Palm Coast should be working harder to bring businesses and shops to that area. We	1/10/2021
don?t need more low income housing. Also, can you pave East Hampton Blvd and the area on Belle Terre near it.	
The town feels run-down, attracts too much lower class people, those people that would rather rent a home instead	
of investing and buying a home. There are zero recreational facilities in the L section and with the travesty of the	
golf course, this section of town has lost its appeal. The town should have invested in purchasing the golf course,	
converted it into a nine hole course, converted the rest into other recreational facilities such as a park and sports	
complex. The commercial side of what was supposed to be Palm Coast Park must be developed out on US1, the	1/3/2021
northern end of town needs big box stores and a decently sized strip mall. Palm Coast is still a bedroom community,	
you need to attract those big stores to build here and that will attract out-of-towners to come shop here. Also,	
building village centers for each of the main sections will greatly enhance livability, similar in idea to The Villages.	
The traffic flow at Publix Riverwalk, behind, IHOP, is HORRIBLE!!! Too many stop signs and traffic moves all	1/24/2021
The traffic lights in Palm Coast are terrible. They either stay red or green to long which in turn causes more people	1/24/2021

The trails (mostly Princess Place & Linear) are what keep me in Palm Coast. Grateful for all of the trees planted	
around town. Would like to see more activities for teens.	1/8/2021
The trash service that Palm Coast uses dumps recycling in with the regular trash. Please keep the charm of a small	1/1/2021
town and not upgrade with street lights. Fix irrigation swales and better drainage into the canals.	
The vision you see in Palm Coast is ITT's vision This city has not decided what they want to be and how to get

This city needs to focus on bringing companies that offer well paying jobs. There needs to be affordable housing	
(change the housing codes to allow for smaller houses). Stop improving parks (the never ending Holland Park	
projects) . Stop wasting money on signs saying "palm coast parkway next left". We need sidewalks and steet lights.	
We need more police patrols to keep crime down. WE NEED THE CITY COUNCIL TO LISTEN TO THE PEOPLE!! You	1/2/2021
want people to spend local then bring in the companies and businesses that we want. Not another fast food place.	1/2/2021
There needs to choices for shopping. There needs to be more for families and young people, this town isn't a

This is a wonderful City. Visitors I've talked to have said it's beautiful and would like to live here. We need to	
maintain our landscaping and keep our City clean. We seriously need good jobs in the area. PC Data has reduced	1/5/2021
their staff considerably and Sea Ray has left the area. Two major blows to locals looking for good jobs.	1, 3, 2021

This survey assumes certain outcomes many items I would rate the lowest but you had to score them 1 to 6 or 1 to

programs like the arbor day tree give away. Allow more access to the community buildings already built without	-, -,
charging excess fees. Allow meals on wheels to operate out of the community center. Salesforce is too expensive	
the more it is pushed to the users the more expensive it is to the community. The survey is missing an answer to the

This survey is laid out poorly. Difficult to read/ navigate. Many questions are "black and white" and should allow for	1/4/2021

This survey is thorough but too long.	1/28/2021
	1/22/2021
THIS SURVEY NEEDS WORK. Palm Coast is a beautiful town, but it is missing the target. It appears that it is reactive,	
not proactive. Maybe establishing public Citizen committees to address city needs and hold consistent monthly	
meetings in which the public may attend. These meetings should be posted a month out, with a calendar reminder,	
in order to stay in front of busy people. The meeting hours have to take in consideration the workforce hours, as	1/22/2021
well as seniors. Current meetings are held so early, people who work during the day cannot attend consistently or	1,22,2021
not at all. By the way, I haven't visited any of the parks since COVID, but there's nothing noted for that - so I marked	
"I haven't visited". Also, stick with an idea. It appears that you start development plans/ ideas in various places and	
do not follow through. You need various forms of entertainment and attractions, to support business growth.	
This survey was too long and too complicated for the average person	1/21/2021
This took a lot longer than 5-10 minutes!! We live at the western end of Whiteview Parkway. Reducing from four to	4 /20 /2024

Town Center was forced on us, and is still a source of embarrassment. The recent success with Medical facility and	
training plans may be your saving grace. All else, has been a pipe dream. People should be held accountable for the	1/30/2021

concerted effort to force it to work for the mayor. Shameful.	ļ
Town Center was poorly thought out and the City Hall was ill conceived idea at best. Did ANYONE really think

Traffic flow is horrible and extremely wasteful of time, fuels and resources and contributes to unnecessary

capacity and getting around Palm Coast.	
Traffic has increased substantially over the past few years on 100, Belle Terre, Palm Coast Parkway, and access to	
Town Center. If ever there is an emergency, the majority of population of Palm Coast have no way to exit with so	1 /2 /2021
few connected roads to get out. There are too many dead end roads with only one way to exit. The city was not	1/3/2021
planned for so many people to get out efficiently in an emergency.	
Traffic is a major problem in Palm Coast. Lack of good paying jobs is a problem. The Sheriff is spending way too

residential property. Elections are rigged no one voted for the mayor somehow she won?!	
Traffic is becoming a major concern for me. The congestion on major arteries, such as the parkways, is significant.	
I'm worrying that this area is growing too quickly, and that the east coast of Florida is quickly becoming	
overcrowded like the Florida west coast. This is the #1 reason that my husband and I will probably be relocating in	1/2/2021

We appreciate the City striving to always improve. We like the small-town feel and events are important. There are	
many ways to keep holding events in a covid-safe way. We enjoy the beauty of nature in where we live and feel this

We try to eat local as much as possible but would love to have some more unique, fun type of restaurants right in	
Palm Coast that we can proudly take out of town family to and draw others here from nearby towns. Another	
problem is all the home renters - I have no problem with people renting homes, but the fact that many owners and

Coast would be the lack of street lights on the main roads. I love that the residential areas have less light pollution	
but the main roads are dangerous at night for foot or bike traffic due to the poor lighting on the main roads. Thank	
you for keeping the city small and community focused, as that is why we came, but I also understand that we need	
to grow if we are going to compete with other local cities for more residents and improved facilities. Please just try	
We are vert disappointed with their lack of notifying homeowners of projects the city is undertaking. In particular,	
we are talking about the cell tower that hardly anyone knew was planned to go next to the maintenance facility on

We are watching the tearing down of our natural environment to build. It will ultimately affect our decision to	
remain in this city. We moved 1,000 miles here for the open space, wildlife and preserve areas. Also we are seeing	1/4/2021
so many chain fast food and restaurants moving in. Prefer to dine in Flagler Beach, St Augustine and Ormond Beach	
more unique eating establishments. Wish Palm Coast would move more in that direction and not turn in to so many	
We can do much for our city but long term fiancial plans must be included no more impulse land or building	1/8/2021
purchases without it being part of a 5-10 year plan.	1/0/2021
We chose palm Coast some years ago as the best area for my family to purchase our first home because of the small	
town community ambiance. I loved the peace and quiet as well as the friendly neighbors. However, recently I am	
beginning to fear that all the things that attracted us to this area may be quickly disappearing. I hope that by taking	1/17/2021
the time out to complete these types of surveys my concerns may be taken into consideration. Growth is essential	
for Palm Coast to thrive and keep up with society however, it?s good qualities need not necessarily be	
we could use businesses such as At Home, Home Goods, Old Time Pottery, as well as other fast food places such as	1/13/2021
Piada, Jasons Deli, a Trader Joes or Whole Foods would be nice	1/13/2021
We desperately need more football and soccer fields. We need more after school programs and technical programs	
for kids who won?t be going to college. We need more scholarships. The city charges almost \$10,000 per lot to	
connect water and electric, where is that money going? We need to figure out who to lower water cost. Parents	1 /2 5 /2 2 2 4
cannot afford to work, pay bills and sponsor kids in sports. This community is not kid friendly. Maybe build another	1/26/2021
Walmart? Spread out more stores ans build more jobs locally. We also need public transportation like COA, for	
elderly who need rides to and from doctors appointments ans chemo treatments.	
We don't need any low income housing in the future. It only brings more crime.	1/27/2021
We don?t have recycling in our neighborhood and would love to see it in the fairways condos	1/30/2021
We have an empty lot which was not graded accurately not drain enough, such that ours and the neighbor on the	, , , , ,
other side of this lot, does not drain. I have communicated my concerns with my neighbor, who has agreed this has	1/9/2021
been a problem for quite sometime.	_, -, -,
We have a problem in our area where cars speed around this corner and children are playing. More children at play	
or speedbumps to slow people down on Pinelynn Dr would be so helpful to keep our kids safe	1/21/2021
We have been really impressed since moving here. We use the biking/running tails daily and enjoy City Center	
Events (pre-Covid). We really enjoy the family owned restaurants throughout the city and the variety of foods (esp.	
European Village). The paving of Belle Terre and installation of street lamps are both great. Palm Coast needs some	
type of white collar or tech industry to propel the city forward. Expansion of higher education opportunities will	1/3/2021
provide the drive for further development. I'd love an Arts center as well that provides more access to shows, plays,	
etc. Update zoning to remove duplexes from single family neighborhoods and instead provide zoned areas for	
We have been residents in Palm Coast since 2008. During this time, we have noticed a general decrease in the	
appearance in the homes in many, if not all of the various sections. Since most homes here were built in the late	
90's and early 2000's, they all seem to be showing their age now and many residents are not taking the necessary	
steps to keep up their homes appearance. We're not sure if this is due to just plain laziness on the part of the	1/4/2021
homeowner, or their inability to invest the dollars necessary to maintain their homes (since many, if not most, are	
on fixed incomes). We're not sure what exactly the City can do about this, but it's a real concern with the general	
We have been waiting for 5 years for a pickleball facility with dedicated nets and courts. Please make it happen.	1/2/2021

We have enjoyed living here so far & look forward to getting out and about much more when COVID is no longer a	1/21/2021
threat. The BIG thing that bothers us is the lack of concern that some residents that REFUSE to wear a mask, selfish	1/31/2021
as they are and the afore mentioned lack of cell towers	
We have lived here 17+ years and our swale has never been dry. The middle of the street dips and along our scale	1/30/2021
the street has a water mark almost always.	
We have only lived in palm coast for 2 months. We moved here from Orlando. So far we are loving the traffic or lack	1/21/2021
there of, friendly residents and quietness. Some of these questions were hard to answer due to our lack of	
We have only lived in PC for an month so don?t have answers to many of the questions. I do appreciate the survey.	1/21/2021
We have recently moved to Palm Coast and we think that the City is doing an excellent job in all departments!	1/21/2021
We just moved here in november. We brought our own recycle bin with us, but i think the trash guys tossed it. Do	1/9/2021
you provide recycle bins? We just moved to Balm Coast in December 2020 and love it so far. My answers will be more reduct port year!	1/16/2021

We just moved to PC in May. We love it here so far. The city seems to be growing at a rapid pace and my concern is that the infrastructure won?t be in place to keep up with such rapid increase in population.	1/1/2021

We like Palm Coast and understand the need for development yet worry about the sprawl encroaching on the	
beauty and nature. For a town that has the major north south interstate running through the middle of it, it is a	1/30/2021
miracle that we have still resisted the metropolis' that accompany so many other interchanges. A delicate balance at	
We live in an older community and there are several properties that need up keep and repair and have for 2 years.	
This needs better enforcement and community education. If families can?t afford or I?ll and unable maybe some	1/24/2021
type of assistance or community help program.	
We live in Grand Haven. I consider it separate from the City of Palm Coast. A real community. Lots of amenities.	
Outside of GH, drugs and crime. Area has limited upscale restaurants and stores. Parking at Island Walk is	1/22/2021
horrendous. I go to Publix at rt 100 or in the Hammock. Fix homelessness.	
We live in Wood Haven and recycling is not an opportunity - I would like that to change. Will there be trees	1/5/2021
replanted at the corner of Old Kings and Palm Coast Parkway.	1/3/2021
We live next to a school zone. Someone needs to reprogram the school zone lights. I've been through the school	
zone countless times when there are no kids and no crosswalk assistants. Or only one light will blink and the others	
are off. This is the Buddy Taylor school zone on Parkview Dr. I also think that the light on south bound Belle Terre at	1/18/2021
Parkview needs to revert back to a blinking caution turn arrow. It worked wonderfully before. There are multiple	
locations on much busier roads that have the blinking turn arrow.	
We live on the south side of Flagler airport in the double L section, and airplane noise due to flight schooling is a	
major concern and annoyance. It?s a disturbance of the peace and tranquility that reflects Palm Coasts allure.	
Perhaps there could be considerations implemented to reduce noise by requiring mufflers on older planes in	
training who endlessly circle the airport in practice mode. Another solution would be to restrict days of training to	1 /20 /2021
three per week and only during certain hours of the day, no nights/weekends/holidays. Another possibility would	1/30/2021
be to implement ?no-fly zones? over residential areas, restricting landing and take-off to two per plane per day and	
requiring planes to fly out over the ocean to practice flying techniques. And one more solution would be to rotate	
training days/nights to other nearby airports like Ormond Beach or Daytona Beach for example, thereby reducing	
We located here to get away from overdevelopment and concrete vistas. Need to control growth and development	4 /4 /2024
before we lose the reason to be here and sadly have to move again.	1/1/2021
We love it here! We love the nature, the beautifully maintained streets and clean appearance and all of the amazing	4 /25 /2024
ways to experience the outdoors! Only thing I would add is some more shopping if possible maybe at Town Center.	1/25/2021
We love it here! Would have liked to have "very good" as an option to pick between "good" and "excellent". There	4 /24 /2024
are always things that can be improved upon.	1/31/2021
We love living here, I dont enjoy the commute to Jacksonville to work. I'm surprised that with the number of retired	
people in palm coast there aren't top rated SNFs or rehab facilities. We need better places for the elderly. Would	1/26/2021
also like to see improvements near the beach areas. We need more to do on weekends.	
We love our city, development is a good thing as long as we are a good steward , we dont need to overgrow our	
space. The storm water is a ongoing problem, standing water days after a heavy rain is a big concern. There is a	
large shortage of festivals in our area, we need to draw people here so they can witness our city and spend	1/21/2021
money, hosting a county fair or building a amphitheater in town center maybe. We are in the middle of two	' '
destination citys, and we should be able to bring tourist dollars here.	
We love Palm Coast!	1/6/2021
We love Palm Coast!!	1/21/2021
We love Palm Coast.	1/9/2021
We love Palm Coast because it is beautifully kept, always clean and good neighborhoods. We feel very safe here.	1/10/2021
We love the city and have glad we moved here 6 years ago. The only gripe is the syncing of the lights on Palm Coast	1/23/2021
We love the small town feel of Palm Coast and hope it can grow slowly and carefully but keep the small town feel. It	
would be nice to have a full size grocery store closer to our home in the L Section and not just a Dollar General.	1/3/2021
We love the trails which allow access to the natural beauty of the area! We would love to see some consideration	
given to limiting development which destroys that beauty and destroys habitat!	1/10/2021
We moved her 2 years ago, still getting settled and trying to figure out where everything is	1/1/2021
We moved here 06/20 and love it so far. Unfortunately, covid has impacted every aspect of our life here. What does	_, _, _,
	1/22/2021
South Florida or New York in the remaining years we have and we don't want to move again.	-, 22, 2021
We moved here because of the small town feel that had lots of amenities and tons of natural space. The natural	
space is shrinking every day with building and developing and it makes us seriously consider moving elsewhere. We	
love to see the deer and other fauna visit but it happens less frequently because of the construction around. Please,	1/30/2021
please help protect what Palm Coast represents to its residents.	<u> </u>

We moved here from CA a little more than a year ago and are very satisfied with this city. This is a beautiful place to	
live, I want to see the green spaces remain. I understand the need to grow but slow it down. I'm concerned with all	1/22/2021
the large tracts of development along US1. But overall I am very satisfied.	
We moved here in August. Love it. Beautiful area. Love the parks and trails. Traffic with speeding and crazy drivers is	
horrible! I've never encountered such irresponsible drivers. I have even seen law enforcement texting and driving.	
Would like to see more information put out somehow so people new to the area know what's available in the area	1/8/2021
and what's going on. Also jobs. My son in law has searched daily for 2 months. He's an excellent worker, reliable,	
was licensed in water treatment, can do construction and has an array of skills, great with people, but can't find	
We moved in November 2020 and love it. Would be nice to have a beautiful community pool area with palm trees,	
etc. (Maybe there is one and we dont know) Would be nice to get a welcome package with info, phone numbers,	1/26/2021
etc to help ease the moving transition.	
We MUST do something about cell towers. It really shouldn?t matter how high they are. I?ve never heard so many	1/23/2021
complaints about one thing in my life	1/23/2021
We need a Costco!!! Not only do they pay well but small businesses will benefit from cost savings on the products	1/21/2021
We need a Costco in Palm Coast!!!	1/21/2021
We need a Costco store to enhance the shopping in out City, the storm water engineering and department has a	1/22/2021
never return my call from April in regards to the stream behind my house and leaving messages that go unanswered	1/22/2021
We need a good high end gym	1/16/2021
We need a indoor pool	1/7/2021
We need a more Internet & cable companies AT&T & spectrum are too expensive and are the only ones here we	1/24/2021
need better prices and more to choose from	1/24/2021
We need a municipal pool available to swim teams and the high schools year round!	2/6/2021
We need a new government filled with actual competent leaders. Need more streetlights and sidewalks, more	
businesses, less money spent on costly and unnecessary beautification. More of a focus on mental health. We also	1/2/2021
need a separate police department because FCSO is awful and the sheriff/deputies are incompetent.	
We need a park in our area.	1/3/2021
We need a SAMs or Costco	1/21/2021
We need a tranportation system such as Votran	1/16/2021
We need a Wal-Mart on the Southside of Palm Coast, there is too much traffic going to Palm Coast PW area so there	1 /27 /2021
are times I prefer to go to Ormond or Palatka when I'm at work versus going to ours.	1/27/2021
We need better and more diverse shopping!	1/22/2021
We need better lighting, side walks and swell clean out.	1/5/2021
WE NEED CELL SERVICE IN THIS CITY!!! AT THIS TIME PALM COAST IS BOLDLY MOVING INTO THE 90S WHEN IT	2/2/2024
COMES TO CELLULAR SERVICE. NO OR SPOTTY CELL SERVICE MAKES LIVING PALM COAST PURE MISERY!!!!	2/3/2021
We need either another Walmart or Sam's Club and have them better stocked than this one is	1/23/2021
We need job opportunities in Palm Coast. We can?t rely on only retirees who don?t want to pay taxes to improve	
the lives of anyone who isn?t also retired. Our poor schools and lack of opportunities limit people who grew up here	1/1/2021
and want to move back but volusia and st johns county offer better opportunities.	' '
We need more affordable housing for young people. Need some larger business for local jobs.	1/22/2021
we need more dedicated pickleball courts	1/30/2021
we need more food places n larger stores we are growing here n need more things	1/22/2021
We need more indoor/outdoor sports areas including clubhouses like our neighbors to the south have. Also, we	
need more mid range retail shopping and restaurants. No more Checkers/McDonald fast food. Bring quality dining	1/18/2021
We need more infusrry, most working residents work in Daytona or St. Augustine. Develop US1 for real industry, not	1/2/2021
We need more jobs with a decent pay scale so residents do t have to travel so far to work. This will help in sense of	1/21/2021
We need more neighborhood street lights and better swale and road maintenance	2/6/2021
We need more policing and community patrolling in addition to traffic enforcement. The current needs overwhelm	
the Sheriff's abilities and a stronger presence is needed before the criminal element grows to fill the gaps.	1/13/2021
We need more popular restaurants here - without such long complicated zoning delays. You don?t need any more	- / - / - /
auto parts stores. We need more kid-friendly activities - for all ages.	2/6/2021
We need more restaurants and places to shop.	1/21/2021
We need more shopping centers like an outlet mall to bring/attract more tourists. We have a beautiful city and	
county with perfect beaches and could attract more tourists while preserving small businesses.	1/21/2021
We need more shopping in the area having to go to Daytona or St. Augustine is ridiculous.	1/8/2021
We need more street lights	1/21/2021
The modernies of the critique	-// -041

Page 77 of 83 251

We need more streetlights! Our neighborhoods are extremely dark at night with lights only at corners. There needs	
to be better funding of both public swimming pools. Both pools should be heated for year-round use. Some people	1/27/2021
are actually driving to Ormond Beach to use the pool at the ?Y? because Belle Terre is crowded & can?t be relied on	1/2//2021
to always be open. With the Freda Zambia pool closed, this makes swimming for exercise very difficult.	
We need sidewalks in our neighborhoods. People drive so fast and crazy you can?t take a walk in your own	1/30/2021
neighborhood without feeling like you will be hit by a car. Not to mention all the kids that have to walk in the road	
We need skating rink, Ice skating things for families to do together. We need a sams or Costco	1/23/2021
We need street lights, sidewalks, better jobs with more pay, and better housing while keeping our natural	
vegetation in contact. Quit making a new property being built on, tear down all the vegetation, just to replant what	
Palm Coast considers they feel is better for the new property. You tear down tress and shrubs to have them	1/3/2021
replaced after construction is done! This is natural habitat for our bears, deer, turtles, birds etc and we're intruding	1/3/2021
on the them who live in those habitats! Where do they go to live? We take paradise and put up a parking lot is what	
it seems palm coast is doing. We build more city buildings while those that were bought with tax payer money sit	
We need streetlights! We also need fewer duplexes. My street has many unkempt looking houses	1/21/2021
We need to attract big business to this area to keep the tax load low for residential	1/2/2021
We need to balance, the needs of our vacationers and the business that provide services to this group and the	
homesteaders that live here and have plans to retire here. Both groups enjoy the following and should drive our	1/26/2021
planning and focus; 1) small town feel and with low crime 2) good food and recreation activities 3) clean and	1/20/2021
beautiful environment 4) business and innovation that supports the above Thanks David Fabrizi (Palm Coast	
We need to bring better businesses that offer higher wages and require skilled workers to palm coast. This would	1/16/2021
elevate the level and quality of residents. Enough of the chain stores and restaurants.	1/10/2021
we need to dredge the canals in sailboat country.	1/26/2021
We need to improve antena reception for those unable to pay for cable or satellite tv. Also need Costco to open	1/23/2021
close location to Palm Coast.	1/23/2021
We need to lower the speed limit to 20 mph in the neighborhoods. The roads are not full size and no curb for	1/16/2021
We need to maintain civility in our government meetings both public and private. That is key to a well-run	
government and I expect nothing less of our elected officials. Partisan politics needs to be excluded from the day-to-	1/29/2021
day City business and meetings.	
We need to make sure our Commisioners are not more interested in development then in the community that	
currently exists. We need to preserve the current community and not develop areas where habitat exists. The	1/26/2021
wildlife will no longer have a place to go.	
We need to make sure we are not over building in this community. Also the infrastrucure needs to keep up with the	
building. Palm Coast Parkway is a mess. Need more speed traps, people driving way to fast. Plus look at your	
medians that stick out in road. The need to better identified. Paint them yellow . Please keep adding to our Police	1/23/2021
force to keep up with increase in populations. We need more industry and better jobs to keep this community	
triving. Get more people involived in committies to give ideas to improve out town. No more dollar stores	
We need to slow the residential speed to 25 if it?s 30 they do 35 and 40 too many children now and unsafe drivers.	1/9/2021
Need to crack down on speeding, Need street lights.	1/9/2021
We need to stop building so many big chain stores and restaurant right on top of each other and build them in the	
town center and not so close to residential neighborhoods or we will start looking like Jacksonville with all the close	1/28/2021
down small businesses and ugly neighborhoods Thank you	
We need to turn town center into a downtown area similar to downtown celebration or Disney springs, or st	1/10/2021
Augustine St George street, incorporate the water like San Antonio riverwalk.	1/10/2021
We need Y M C A sport complex	2/7/2021
We only moved here full time in March, and with the pandemic, we haven't been out and about much. I'm excited	2/2/2021
We only moved here last July. We love it. Love the preservation of a coastal area. We would like to see and recycling	
center for the county. Beaufort County, SC has amazing centers Saves a lot of money for the county with trash	
carriers and wear on roads. We would drop off trash ourselves, paint cans etc. A nice outdoor retail space with a	1/20/2021
band shell or music stage would be a nice addition to the area. I didn't see any questions regarding beach access or	1/30/2021
restrooms. We love the fact that the beach access areas are maintained so well. Restrooms are Great! Free parking	
is Amazing Keep up the Great work there!! That's why we moved here!! Dog friendly beaches and Great beach	
We really need a closer airport! Daytona is small w only 3 airlines! There are a lot of retired New Yorkers in this area	1/21/2021
and I think it is much needed rather than going to Jacksonville or Orlando.	1/21/2021
We really need to do something with the old tennis resort property near European Village. Also need to do city	1/26/2021
events at EV to keep it alive.	1/26/2021

Page 78 of 83 252

We recently moved here and just built a home in the C-section. We love the city and the people. However, there is	
such a strong resistance to allowing businesses, restaurants and water sports on the water by Palm Coast	
government. It?s ridiculous that the only restaurant is a BBQ place! There are multiple large properties that would	
ideal for these things. Don?t be swayed by the older residents that complain about traffic. Businesses on the water	1/3/2021
attract tourists, and new higher income residents which like us and several new comers like us building on the water	
- it increases property value and this property taxes which is more revenue for the city. We have a great opportunity	
here and we are losing business to st. Augustine and Daytona because the lack of business here. #2 - the city needs	
We relocated from Ft Lauderdale to Palm Coast in order to provide a better quality of life for my children. Having	
less crime there is a sense of safety for my kids and the community has embraced us here. The better schools and	1/21/2021
education was another deciding factor in our relocation.	
We retired to Palm Coast about a year and a half ago from the Washington, DC area, and it's been wonderful so far.	
We have two more family members who, after visiting us, bought a house down here in the last 6 months. We have	
several more friends and family who are hoping to move down in the next several years. Once COVID is over, we	
expect a lot more visitors who will also probably end up falling in love with the area. The cost of living is affordable,	1/27/2021
traffic is much better, and the whole pace is much more relaxing. And the beach is about 15 minutes away!!! The	
main thing I would change if I could would be to make it a bit more cultural. We are big concert goers, and would	
love for there to be more local music places within Palm Coast. If we could get an entertainment place on the level,	
	1/26/2021

We truly love living in Palm Coast. We walk and bike almost every day. We love the beauty of Palm Coast and how	•
businesses are blended into the natural landscape. We enjoy the local restaurants and shops, as well as the wide

and friendly. Thank you for giving citizens a chance to give our input. Please find a balance between maintaining the	, , -
beauty and character of PC, while having a pro-business environment, so people can live and work here.	
We went through the Citizen?s Academy a few years ago. A wonderful program that gave us much insight as to the	
goings-on behind the scenes of normal residency.	2/7/2021
We will be here 1 yr in March, I am very hanny to get this info. We lived in Clearwater for 6 years and the only thing	
I miss is you don?t have a town center for shopping and eating	1/22/2021
We would love for see the fresh water canals better cared for, and would love for the city to prosper but also keep	
its small-town appeal and charm. We do not want PC to become another Daytona Beach. Bigger isn't always better.	1/23/2021
We would very much welcome more shopping apportunities for higher and shops, clothing. Trader log2s. Whole	
Foods, Art Fair, and theater.	1/9/2021
We?re very displeased with the growth in the city over the last several, years. Traffic has gotten worse and while	
FCSO is fantastic, crime is more of a concern. It seems the cities only focus is on more growth and bringing more	
business to town. Those are not my priorities and we may eventually be forced to look for housing elsewhere to get	1/30/2021
back to the small community we previously had.	
We?ve lived in Palm Coast 16 years and have enjoyed everyday, until Covid-19. We sold our original house in Palm	
Coast. With no walk in services available calling the city phone services was what I had to do. All services needed to	
be done online, without the great customer services representative it wouldn?t have gone so smoothly. I wish I	1/9/2021

When we first moved to Palm Coast in 2003, it was a nice Florida town, now it's more like a dirty little city that's	
over nonulated with no good places to get away from the crowds. I would never recommend again for anyone who	
is close to retirement to move here. It seems like all the cool places now-a-days just get bulldozed over to put up a	1/22/2021

When we lived before, they had several recycling stations and on a regular (weekly/every 2 weeks) we would take	
our recycling there. Items were placed in specific dumpsters, 1 glass, 2 paper/cardboard, 3 metal, plastic. It worked	
out great. But it would only work it there were incentives to recycle, not everyone is good about recycling and the	
current incentive program is not good. The program is only on FB and not everyone does FB. I think recycling is	1/19/2021
important for environmental issues. Recycling needs to actually be taught in schools, the children then take that	
practice back into the home and encourage the parents/adults to continue the practice.

With all this unwanted small town growth and low income housing (by the way is section 8), are we prepared to	1/23/2021
handle the increase in crime which will come, especially after defunding law enforcement . Thank you.	<u> </u>
With so much development going on throughout Palm Coast, what are the plans for maintaining g green spaces in	
the neighborhoods such as Seminole Woods. A driving factor for moving into this neighborhood was the abundance	1/3/2021
of trees and wildlife. Some of the undeveloped lots are owned by the city. Is it possible to turn some of the lots into	_, _, _,
micro parks with some benches, native landscaping, and possible fountain?	
With so much residential development going on, it is essential that wastewater infrastructure is expanded to meet	
the ever increasing demand. I have known other cities to find themselves really blindsided by the capacity the state	1/21/2021
regulatory agencies have to fine or halt further expansion when that increased demand wasn't accounted for.	
With the additional population increases along Matanzas Parkway it is somewhat congested at I-95 and Bird of	
Paradise intersections, and it has gotten worse in the last 6 months or so. It may be time to address adding traffic	
lights at these intersections in the near future. Generally the traffic throughout Palm Coast is not bad. Shopping in	1/21/2021
the city has become somewhat of a chore, and adding shopping opportunities to the north end of the city would	
help. Maybe a Costco or Sam's Club, or even another Walmart, along with more grocery outlets.	
With the increased traffic patterns in town it makes it more difficult to travel to the other side of town for things. I	
would like to see a recreation facility on the south end of town that would include parks, buildings, and a pool. I	
have noticed a lot more road/traffic noise from my back yard since moving here 8 years ago. A lot of traffic on Belle	1/3/2021
Terre Blvd. Speeders, motorcycles & noisy tuner cars at night. I am sad how different this place is since we moved	
here. Loved when we moved here, now it's crowded, noisy and seems like a lot more crime. Thanks You.	
With the increase of homes being built we need to focus on more sustainable better paying jobs. We do not need	1
more fast food restaurants. This is no longer a retirement community. We need to move forward with the times.	1/2/2021
Would be great if streetlights are installed on Colbert Lane	1/30/2021

Would like to have more street lights and a park in Quail Hollow and I hope you are planning some type of memorial	1/10/2021

rest of the trails in the W section. Riding our bicycles or walking to get to the paths is not very safe.	1/21/2021
Would like to see department stores, or mall.	1/19/2021
Would like to see more commercial/shopping options in the north end, off of Matanzas Woods Pkwy and/or along	
Rte 1. We were told a standalone ER and possibly a Publix was coming off Matanzas but that all seems to be	
scratched. All we have is a Dollar General store which is overall inadequate. Also, I don't like to hear about high	1 /22 /2021
density/low income housing coming into established suburban neighborhoods. It will affect both safety and	1/23/2021
property values. Would like to see more shopping choices without having to run to Daytona or Jacksonville, but I do	
realize that population has something to do with that. More important to add options to north end of Palm Coast.	
Would like to see more road and street cleanup. Have seen a dramatic increase in litter on Colbert and Roberts and	1/16/2021
Would like to see more stores like Trader Joe?s in Palm coast.	2/6/2021
Would like to see more streetlights on side streets.	1/30/2021
Would like to see Palm Coast keep the beautiful green spaces and small town feel of community. Please do not over	1/23/2021
Would like to see some more big businesses like BJs Best Buy.	1/5/2021
Would like to see town center become a hub for shopping , restaurants and cafes, get togethers for walks and sense	
of community. It?s supposed to be the hub of the town not a place full of apartments , that?s not what a town	
center should be. People need a safe, fun place to gather and spend their money locally on shopping, food, cafes	
and entertainment. Currently most people travel to Daytona and St Augustine taking valuable money from our	
community. Let?s make Town Center a hustling hub where people plan to go and spend the day keeping our money	1/21/2021
local. Also the lack of teen activities is worrisome and I hope this survey will show how needed these programs for	
the youth are. Also the lack of sidewalks in my section C (not sure of other sections) is worrying would love to see	
more sidewalks especially as it?s such an active section always people walking or riding bikes and Colchester is a	
very busy road with blind turns that often put pedestrians in dangerous situations whilst out walking. Thank you for

people from the North are coming from something worse so they are ready and eager to buy homes here because I Your survey layout and requirement are designed poorly. You will not let me submit with some questions unanswered. These are issues I don't have an opinion on. These were not the demographic questions, I answered all of them. Your instructions at the top do not inform survey takers that 100% of questions must be answered. Example: What types of recreational facilities and activities would you like to see the City provide more of? I don't have an opinion on that but I cannot submit without answering. Some questions, you want me to rank from high to low for multiple options. As soon as I check one, you auto fill the rank of the others with no option for me to leave some of the blank. I must rank them all. This is unsatisfactory. Example: Please rank your preference on how to communicate with the City of Palm Coast? (Please rank 1 high to 6 low) I also have no opinion about what Citizen Academy choices there are but I cannot submit without picking one. How about an option for no opinion. There are other examples of too many choices, no option to check "no opinion" or leave something blank. By the time I tried Your surveys are a joke. It is not lost on us, that the wording of the questions and answer options will result in you publishing POSITIVE results in the Observer. For example, the option for "adequate jobs". That is all Palm Coast has ever offered "adequate jobs". Another ridiculous question is about recycling. You are aware that Waste Pro is not recycling and we have been paying for a service that we don't (or even care about) get. You will not let me submit with some questions unanswered. These are issues I don't have an opinion on. These were not the demographic questions, I answered all of them. Your instructions at the top do not inform survey takers that 100% of questions must be answered. Example: What types of recreational facilities and activities would you like to see the City provide more of? I don't have an opinion on that but I cannot submit without answering. Some questions, you want me to rank from high to low for multiple options. As soon as I check one, you auto fill the rank of the others with no option for me to leave some of the blank. I must rank them all. This is unsatisfactory. Example: Please rank your preference on how to communicate with the City of Palm Coast? (Please rank 1 high to 6 low) I also have no opinion about what Citizen Academy choices there are but I cannot submit without picking one. How about an option for no opinion. There are other examples of too many choices, no option to check "no opinion" or leave something blank. By the time I tried Your surveys are a joke. It is not lost on us, that the wording of the questions and answer options will result in you publishing POSITIVE results in the Observer. For example, the option for "adequate jobs". That is all Palm Coast has ever offered "adequate jobs". Another ridiculous question is about recycling.
