## Introduction

This report is being created as an intelligence product for Region 5 of the Domestic Security Task Force. If you or your agency has any information or notice any trends that you would like included in this weekly report please contact the Central Florida Intelligence Exchange using the contact information located on the last page of this report.

If you are interested in receiving any additional information regarding anything in this report, or if you have any similar incidents, please contact us.

## 2<sup>nd</sup> Annual Florida Liberty Summit

On 13-15 August 2010, the Campaign for Liberty will be holding their second annual Florida Liberty Summit at the Rosen Center Hotel in Orlando, Florida. The Campaign for Liberty is a political organization founded by Congressman Ron Raul. The website for the event states it is a way for *"liberty minded activists...to network, learn, and build as our grassroots Revolution to reclaim our Republic and restore our Constitution"*.

### Analyst Notes:

During the 2009 Florida Liberty Summit the start of the program had to be postponed for 30 minutes due to International Drive being backed up with attendees attempting to park. Based on the groups calculations, there was around 1500 people in attendance. Although the attendance numbers on the group sites promoting this year's event are low, the continued support of Ron Paul and his party may produce similar attendance numbers and issues to that of the 2009 event.

## Two Mosques in Central Florida Expanding Facilities

The Husseini Islamic Center and the Islamic Society of Central Florida, both located in Sanford, Florida, have announced on their websites that they are planning on expanding the size of their current facilities. The Islamic Society of Central Florida is also planning on adding a school to their property.

**Analyst Notes:** Although CFIX is not aware of any threats associated with the expansion of either of these mosques, the growing trend of anti-mosque protests throughout the US may lead to similar issues at these facilities. Also the fact that these two mosques are located in the same state the "Burn a Koran Day" event was initiated may lead to additional unforeseen issues.

## Dondi the Elephant

On 28 July 2010, an Asian elephant named Dondi died unexpectedly at the age of 36 at Southwick Zoo outside of Boston, Massachusetts. Although Dondi lived in Boston over the summers, she preformed at Flea World in Sanford, Florida in the winters. The group In Defense of Animals (IDA) has filed a complaint with the USDA to urge an investigation into the death.

**Analyst Notes:** ARFF has held numerous demonstrations at the Sanford Flea Market to protest on behalf of Dondi, whom they wanted to be retired and moved to a sanctuary. Currently there are no known protests surrounding the death of Dondi.

## Greenpeace Ship "Arctic Sunrise" Coming to the Gulf

During the week of 9 August 2010, the Greenpeace ship Arctic Sunrise will be heading to Gulf of Mexico for a three month expedition to *"document the true impacts of the BP Deepwater Disaster"*.

Greenpeace feels that *"BP has devoted inadequate resources to the oil spill response, withheld information from the American public, and denied access to spill sites"*. The Arctic Sunrise will leave from Tampa, Florida and visit the Florida Keys and the Dry Tortugas prior to going to the oil spill site. During the expedition, they will be examining the effects of the spill as well as looking for oiled marine life.

**Analyst Notes:** Although there are no known threats associated with this expedition at the time this report was created, aggressive tactics utilized by the Arctic Sunrise in the past may increase the likelihood of unforeseen incidents occurring. Since the beginning of the Gulf spill, Greenpeace have taken numerous actions against BP, including shutting down 40 BP stations throughout London, England in late July 2010. Members of the organization dropped off letters to each station and on their way out pulled a safety switch which cut off power to the station. They also covered BP signs with posters reading "Closed: Moving Beyond Petroleum".

## Aryan Republic Homeland

On 29 July 2010, 11 days after the Aryan Nations (AN) faction based out of Chillicothe, Ohio held their White Unity Day Rally in Pulaski, Tennessee, the National Director Paul Mullet announced that the group has the opportunity to purchase 15 acres of land in southern Tennessee. Their plan is to utilize the land to create a new "Aryan Republic Homeland".

**Analyst Notes:** Since this Aryan Nation faction first began increasing their activity in early 2010, they have been attempting to purchase a large plot of land in order to build an "Aryan Homeland" similar to Aryan Nations' original compound in Hayden Lake, Idaho. Mullet and his Aryan Nations members made headlines in February 2010 when they unsuccessfully tried to secure land in John Day, Oregon.

In addition to re-creating a compound, Aryan Nations is also going to be on the ballots for November. One member of AN has announced that he officially filed paperwork to run for a seat on the Rialto Unified School District School Board in California.

## Code Pink and Veterans for Peace Rally at Quantico

On 8 August 2010, CodePINK, Veterans for Peace, Courage to Resist and others will be holding a rally at the Quantico Marine Corps Base in Virginia to "give aid and comfort to PFC Bradley Manning" who is accused of disclosing classified video of American troops in Iraq shooting civilians from an Apache helicopter in 2007. Media sources are also speculating that SPC Manning was involved in the leak of over 90,000 secret documents to Wikileaks.

The group plans to meet at the Amtrak station in Quantico before heading to the base to begin the protest at 1200 hours. One of the individuals attending the event is CIA Analyst Ray McGovern who stated: *"As an American soldier Bradley Manning took a solemn oath to support and defend the Constitution of the United States against all enemies, foreign and domestic. When he experienced callous disregard for the Constitution and the laws of war, he was able to see that his conscience and his solemn oath warranted precedence over the obligatory promise to protect classified information. By following his conscience in exposing the abuses of war, Manning joins an all-too-rare breed of soldier."*

The protest group is planning on bringing care packages and letters of support from around the country which they plan to deliver to PFC Manning.

### Analyst Notes:

There are currently no known threats relating to this protest; however, unforeseen incidents may occur. In the past members of CodePINK have been arrested for their publicity stunts in order to achieve their goals of ending the wars in Iraq and Afghanistan, stopping new wars, and redirecting government resources into healthcare, education, "green jobs" and other life-affirming activities. Although not as numerous, Veterans For Peace have also received publicity for their demonstrations and protests of the War in Iraq.

## National Socialist Movement Rally - Tennessee

The National Socialist Movement (NSM) plans to hold a mass demonstration in Knoxville, Tennessee on 14 August 2010 on the steps of the Old Courthouse beginning at 1500 hours. There is an open invitation for all "Patriotic Americans" to *"put aside differences for just one day and come out and show a united front"* against the proposed Amnesty for illegal immigrants and to show support for Arizona and Governor Brewer.

**Analyst Notes:** Similar to other groups, the NSM appears to be utilizing their stance on illegal immigration as a recruitment mechanism. If non-National Socialists can set aside their differences with the NSM for illegal immigration, they may do so with other topics.

## Domestic Chatter/Actions Relating to the Arizona Immigration Law

**CodePINK** – On 30 July 2010, members of CodePINK held a peaceful protest outside the home of Arizona Governor Brewer to convince the Governor to overturn SB 1070. They posted Governor Brewer's address on their website.

**Ready's Rangers (NSM)** – JT Ready's border group continues to hold border patrols in the Arizona desert to interdict illegal aliens or drug smugglers crossing the Arizona border. Ready also offered his opinion on the Judge Bolton's ruling on the immigration law, *"Perhaps [Judge Bolton] should step her ass outside the air-conditioned courtroom sometime and see what is really happening as Rome burns and barbarians with AK-47s are in gun battles twenty miles from the gates of Phoenix."*

**Aryan Nations** - In a blog posting referencing the death threat to Maricopa County Sheriff Joe Arpaio, an AN member stated that *"If Sheriff Joe is assassinated, then the government has failed to act, and the time has come for US to act"*.

## Al-Qa'ida Names New Terror Leader

Adnan Shukrijumah, a suspected al-Qa'ida operative who lived in the US for more than 15 years, has taken over the position of Chief of Operations once held by Khalid Sheikh Mohammed. Statements from the FBI indicate that this is **"the first time a leader so intimately familiar with American society has been placed in charge of planning attacks"**. FBI Special Agent Leblanc advised: **"He's definitely focused on attacking the United States and other western countries"**.

Earlier this year, Shukrijumah was named as a co-conspirator in the federal indictment against the three men accused of plotting suicide bomb attacks on the New York subway system in September 2009.

**Analyst Notes:** Shukrijumah lived in New York with his family prior to moving to Florida in the mid-'90's. While living in Florida, he attended classes at Broward Community College and worked odd jobs such as selling used cars.

## France Declares War on Al-Qaida

Following al-Qa'ida in the Islamic Maghreb's (AQIM) execution of a French aid worker that was taken hostage in April 2010, French President Nicolas Sarkozy declared war on the militant group. Sarkozy stated: **"We are at war with al-Qa'ida...the killers will not go unpunished"**. Following his announcement, France attacked one of AQIM's North African base camps, killing several al-Qa'ida operatives.

**Analyst Notes:** Following the declaration of war by France, a member of the radical Ansar al-Jihad forum posted a statement entitled: **"Breaking News- Lilliputian Nicolas Sarkozy Commits Suicide?!"** The poster goes on to explain that by declaring war on AQIM, Sarkozy has committed suicide and **"Not only did he commit suicide but he also endangered the French people who live in Paris and the other big cities...Sarkozy did not take a lesson from his masters in America who are being eliminated in the land of wisdom and martyrdom...The French Government knows that Muslims are people of: Honor!, Peace!, Knowledge!, Sacrifice! But they forgot an attribute. We are a people of Jihad!"**

## "INSPIRE" Magazine is a "Media Martyrdom Operation

On 11 July 2010 an administrator on the AlFaloja forum posted a thread stating the al-Qa'ida in the Arabian Peninsula's new magazine, *INSPIRE*, has provoked cyber attacks that had caused the forum to go down for several days. The administrator advised that unknown person **"intended with their attack-may Allah disappoint their aim and deter their grudge-to disfigure the credibility of the jihadist media by spreading Fitnas amongst the beloved one"**.

He goes on to say that their forum was attacked due to the release of *INSPIRE*, **"because it is directed to the West and it aims at encouraging the Muslims who are present in the lands of ungodliness, the heritage of Kufr, America and those who ally with her wand walk her footsteps."**

**Analyst Notes:** The first issue of *INSPIRE* includes articles such as a detailed, but short, manual on how to use ingredients from your mom's kitchen to make a bomb and advice on what to expect in jihad. It is still being download on several of the Islamic forums with one forum showing over 6,000 downloads.

## Egypt Website Hacked For 'Trial of Prophet'

On Sunday, 1 August 2010, hackers left a message on the website of an Egyptian newspaper in response to the announcement of their plans to print a book entitled "The Trial of Prophet Mohammed" which is believed to have offensive language in reference to the Prophet Mohammed. The hackers message denounced the book and accused the newspaper of "promoting apostasy and spreading sedition."

The publication of the book in the newspaper also drew harsh criticism from the Council of Senior Scholars at al-Azar who stated: **"This is how they welcome the Holy month of Ramadan, by hurling insults at the prophet...This is an unforgivable crime and an apology is not going to fix it."**

**Analyst Notes:** This incident highlights the continued controversy over writings and drawings that are seen as insults to Islam and we will likely see continued threats relating to this issue.

# ISLAMIC FORUM CHATTER

**Analyst Notes:** Islamic forums and media outlets play a pivotal role in the radicalization and recruitment efforts of militant organizations. These forums give militant groups such as al-Qa'ida a global platform to spread their radical ideologies and garner sympathy and support for their cause. The ability to analyze the intended audience and the effectiveness of the information being distributed will be essential in countering the propaganda efforts of militant groups.

## Church Plans Quran Burning Event

On 11 September 2010, a church in Gainesville, Florida plans to hold an "International Burn a Quran Day" to remember the 9/11 victims and take a stand against Islam, which they refer to as a religion "of the devil".

An Islamic forum member posted the following:

**Our Response...**

**More 9-11, 7-7, death and destruction to US and its citizens...Insha'Allah**

**You will not find enough land to bury your dead.**

**Advice – Use trash containers.**

**For Mr. Pastor Terry Jones...A postcard from Netherlands...**

## Call For Computer Programmers & Infiltration Experts

A member of the AlFaloja Islamic forum posted an invitation to their brothers with experience **"in matters of breach of security and encryption to contact them"**. The poster advises that they also wish to have **"knowledge of php programming pin"**, as well as, knowledge of electronic payment systems.

The poster goes on to say that he will not identify specifics but for anyone interested they can respond to his post or send a private message for more details. **"We ask god to be the support of the jihadist media...If possible, move it to the rest of the jihadi forums"**.

## Search Engine Influenced by Muslims

Forum members began a discussion on a new search engine created for Muslims. The search engine is entitled "Taqwa Me" and is described as **"one of the most powerful engines to educate, search and research with explicit filters intact geared toward the Muslim market. Users are given the ability to determine whether websites or content within a site is 'haram' or 'halal'"**. The creators of the search engine advise that **"Islam is facing one of its greatest tests of faith and the right to exist"**.
