School Board of Flagler County

The School Board and the County have worked together for over forty years to make the George Washington Carver Community Center (the “Carver Center”), currently owned by the County, and located in the City of Bunnell, a vibrant and wholesome educational and recreational facility for the youth and citizens of Flagler. This beneficial shared experience has afforded us the opportunity to evaluate the daily operations of the George Washington Carver Community Center and feel that a similar agreement could be reached between the parties for the facility moving forward. Specifics related to the responsibilities of the parties will be spelled out in more detail in an interlocal agreement.

George Washington Carver Foundation -501(c)(3)

A community support organization known as the George Washington Carver Foundation has been established. The purpose of this foundation is to facilitate community relationships and awareness of the center while promoting programs to local residents. The foundation’s 501(c)(3) status would assist with the solicitation and attainment of additional financial resources that otherwise would be unavailable. In addition, a member of the foundation will also serve on the Advisory Committee.

George Washington Carver Community Center Advisory Committee

The future governance of the George Washington Carver Community Center will be based in part on funding organizations and part on community representation. In an effort to provide a good cross-section of representation, the table below is an example of how the Advisory Committee of the George Washington Carver Community Center could look.

Entity	Representation
Flagler County Board of County Commissioners	1 Staff Member
City of Bunnell	1 Staff Member
Flagler School Board	1 Staff Member
Flagler County Sheriff's Office	1 Staff Member
Housing Authority of Flagler	1 Staff Member
G.W. Carver Foundation	1 Board Member
Community-at-Large member (appt. by Advisory Committee)	2 Community Member by appointment

The purpose of the George Washington Carver Community Center Advisory Committee will be to advise the School Board on the needs and delivery of services at the George Washington Carver Community Center. Each of the representatives would be able to have a voice to ensure that the needs of their respective constituents are being met at the Center. The managing entity of the George Washington Carver Community Center will receive feedback and guidance from the Advisory Committee during regularly scheduled meetings.

Funding

Many discussions have taken place regarding the future funding for the Center. Firm commitments have been made by several partners that will provide for the complete operational funding over the next five years.

These costs would then be shared by a variety of center partners to minimize the financial impact to any single entity. As expenditures increase each funding partner shall increase proportionally. The table below is an example of how the center would be funded.

Source	Annual Allocation
Flagler County	\$ 97,500
City of Bunnell	\$ 10,000
Flagler School Board	\$ 10,000
Flagler County Sheriff's Office	\$ 10,000
G.W. Carver Foundation / Other	\$ 5,000
Total	\$ 132,500

Community Center Operations

The George Washington Carver Community Center operational hours would be extended to operate from 9:00am -9:00pm, Monday – Friday, with special events being held on weekends and holidays. Specific detailed operational hours would be designed to meet all community members’ needs, as well as utilize the overall facility. Semi-annually School Board and FCSO in collaboration will develop a schedule for the following semester.

During the summer, the George Washington Carver Community Center will host a variety of summer camps, for area youth. Weekends and holidays would be set aside to schedule as needed special events.

The Carver Community Center programs would include a continuum of after school, youth development activities and family support services that engage children from youth to adulthood while providing necessary support for their families.

Creation of Additional Programming

In working with our partners additional programming could be offered at the center to meet the socioeconomic and other needs of the community.

With the management of the Center by the School Board, additional programming would be developed for extended holidays during the school year such as Thanksgiving, Christmas, and Spring Break. These may include extended center hours for youth, sports camps, and holiday festivities. Still more would be developed for summer break to mimic the activities being provided at the George Washington Carver Community Center. These would consist of the summer food program and youth camps which may include field trips. Other programming could be developed for weekends. This could be done by non-profits and/or church groups that run special programs at the center or do neighborhood out reach.
