Chief Petito,

The union was advised on Friday, May 17, 2014 you were placing Station 31 / Rescue 31 in service on Tuesday, May 20, 2014. You are not permitted to do this so bargaining can be completed over impacts. You must cease and desist from proceeding.

The union demands to bargain regarding safety, increased workload, and pay. We may identify more to bargain as time goes on.
