Narrative:

V01 was traveling east on CR-304, west of SR-11. V02 was traveling north on SR-11, south of CR-304. The driver of V01 violated the stop sign located at the intersection of CR-304 and SR-11. The driver of V01 violated the right-of-way of V02, which caused the front of V01 to collide with the left side of V02. After the collision, V01 came to final rest within the northeast corner of the intersection, facing north and V02 overturned and came to final rest on it's roof, north of V01, facing east.
