| Traffic stop | 18-98669 | Rolling Sands Dr. and Whiteview Pkwy. | While investigating a traffic stop (FCSO CFS #2018-00098654), units were in contact with one of its occupants, S1 who started to display signs of gradual agitation. S1 made statements of harm to himself, at which time it was determined he would be secured in reference to a law enforcement initiated baker act. S1 resisted units on scene, both to be secured in handcuffs and then within the patrol vehicle. S1 was transported to Florida Hospital Flagler (FHF) to be medically evaluated after advising his wrist, neck, and head hurt; he would not elaborate further. Once at FHF, S1 broke free from deputies and fled on foot as he was being escorted into the hospital to receive medical evaluation. Deputies pursued S1 on foot S1 fled around the exterior of the hospital, toward the south entrance, which eventually he entered through. Due to the subject fleeing into an occupied hospital, knowing he had already aggressively resisted law enforcement, and that he had his cuffed hands in front of his person, it created a well found fear that he may cause harm or take hostage someone within, Deputy deployed his agency issued Axon Taser X2 (one cartridge). After continuing for another short distance, S1 was located and secured in a patrol vehicle without further incident. S1 refused to cooperate with medical staff and was eventually transported to Halifax Hospital, due to Halifax Behavior Services being closed and S1 having reported injuries when asked. |
| Baker Act – Juvenile | 98713-18 | Burland Place | J1 was transported to FHF by Rescue. Baker Act form completed and left with ER staff. |
| Domestic Disturbance | 18-98754 | Acorn Ave | V1 reported a disturbance involving his wife after they returned home from an evening out. V1 advised that a verbal argument turned physical when S1 slapped him in the face, which knocked off his glasses. V1 and S1 began to wrestle on the floor when V1 bit S1 on his forearm. V1 was arrested without incident for Battery Domestic. |
