Suspicious Incident	**19-113161**	Palm Coast Parkway SW (Dollar General)	After receiving an alarm for a front glass break alert, a front window was found to be shattered but still intact. The glass was double pane and the interior glass was not damaged. Upon reviewing the surveillance video with the responding key holder, nothing was located as the exterior front door camera only records for motion. Due to the cameras not being triggered by motion and no foreign objects being located that would have broken the window, the cause of the damage was undetermined. Other businesses in the area were checked and nothing suspicious was located. Report by Deputy R. Finn.
