To Whom It May Concern:

As of May 29th I will complete my 18th year as a teacher, my 17th in Flagler County Schools. It is in this experience that I have been given the opportunity to be a Dean, a Behavior Interventionist, an ESE Teacher, a PE Teacher, and a Head Football Coach. It is in these experiences that I've shown growth and brought a unique passion to my hometown schools and county. It is also where I have learned many things about myself. It is also where I have failed. The successful students that I was able to mentor, teach, and coach will always carry some of these lessons we have learned together. From being a county champion, to establishing traditions, to being the first to ever do 51 things at Matanzas High School. It has been my pleasure to coach these young men and women.

Please accept this letter as a notice of my resignation from my position as the Behavior Interventionist for Wadsworth Elementary School. My last day of employment will be May 29th 2020. It has been an honor to serve my hometown and community for over 17 years at four different schools. I respect and cherish many relationships and will have numerous fond memories when I retire.

I look forward to moving on and getting back into coaching. I ventured too far away from my passion and my love. It is in this learning process that I have gained a respect for those who sit on the other side of the desk. Working at Wadsworth Elementary was the hardest job I have ever had. The women and men that make up that staff work countless hours for their students. I hope that those days were not all wasted. I am very proud of the branding and improvement in the brand at Wadsworth. I am sure that it will continue.

Thank you to all the administration and leaders that I was fortunate to work with and alongside. I wish them all the best in their future endeavors. Feel free to contact me via telephone if you need anything.

Sincerely,

Robert Ripley
