I do hereby make the following voluntary statement to Ms Horan, who has identified him/her self as a Deputy Sheriff with the Flagler County Sheriff's Office, at 1 Angela Dr, Palm Coast, FL.

(at a school board mtg.)
 I was on social media and saw a video of a mom in Pennsylvania read aloud from a book titled All Boys Aren't Blue by George M Johnson. The reading was disgusting. I then picked up my laptop and went to our county e-catalog, Destiny, and searched to see if this book was in our libraries. I found 4 total books, 2 at FPC, 1 at MHS, and 1 at BTMS. Two of the books had been checked out and two were in the libraries. I searched the book on the internet to learn it was included on one list called Project MT. This book club was started about 18 months ago by an English teacher in Tennessee by the

name of Jared Amato. The list of books are all Young Adult titles. I viewed a video of Jared where he described his project where he stated he keeps pushing edgy books and recommended others do the same until "they get caught." I then searched the book club on Facebook. It is called "Project Lit Community" and another called "Project Lit Community Chapter Leaders." To view that group, one must be a chapter leader. It is billed as a grassroots literacy movement. I then remembered I had read on social media one of our media center specialist talk about the book list. Next, I checked to see if our public library had a copy to checkout. I was able to checkout the book on 10/26. I began reading the book in parts. After reading the table of contents, two chapters caught my eye: Chapter 11 "Boys Will Be Boys" and Chapter 15 "Losing My Virginity Twice." Over time, I read parts of the book and learned disturbing things. Chapter 11 is 15 pages long and is very descriptive language describes and incestual encounter the author of the book had with his older teenage cousin. The 13 year old cousin goes into his bed and the boys end up performing oral

sex and the older teen teaches him how to masturbate. He is told to keep it secret and this is what boys do. Chapter 15 is when the author loses his virginity twice. For 15 pages he describes his first adult encounter in very graphic details and steps of how he first sodomized another male and then later he was sodomized by the other male. A part of this chapter includes masturbation, oral sex, and sodomy twice signifying him losing his virginity twice, when he was sodomized, it was sadistic in nature as he did not speak up when he was in pain and tells the reader he was in severe pain still days later.

On Tuesday, 11/2 at the 3:00 workshop, under new business I asked what our Policies and Procedures were regarding books selected for our Media Centers. Although the county north of us has a 250page Media Center Handbook, I learned we do not have a handbook of written Policies + Procedures but they were ready to work on it. Three school board members voted in favor of a school board future workshop on this issue.

The very next day 11/3 I addressed and exposed my

findings to the Superintendent Cathy Mittelstadt and School Board Attorney Kristy Gavin. I made it clear I wanted whoever was responsible for putting those books in our Media Centers held accountable for this crime committed on our children; obviously the books pulled; all young adult books checked, and the other school board members to be made aware. I checked a few days later on Destiny and saw the 4 books had been removed.

On Sunday, I talked to the attorney and asked for an update and reiterated that the other board members needed to be made aware. Mrs. Gavin said she would email all school board members, including me, and abreast them of the situation on Monday. Well it is two work days later and no email has been sent. After Cathy Mittelstadt and Kristy Gavin knowing this information for 6 full days as well as school board policy 210, A, Communications which states the superintendents responsibilities to communicate in a timely fashion to ALL board members as well as distribute all school board member requests to the other board members, I determined they are not being responsible and to get the sheriff's office to investigate this crime.
