# NOTICE OF PROPOSED TAX INCREASE

The School District of Volusia County, Florida will soon consider a measure to increase its property tax levy.

**Last year's property tax levy:**

A. Initially proposed tax levy.....	<u>\$ 343,182,236</u>
B. Less tax reductions due to Value Adjustment Board and other assessment changes.....	<u>\$ 463,124</u>
C. Actual property tax levy.....	<u>\$ 342,719,112</u>

**This year's proposed tax levy.....** \$ 363,969,387

A portion of the tax levy is required under state law in order for the school board to receive **\$282,949,887** in state education grants.

The required portion has **increased** by **2.14** percent, and represents approximately **six tenths** of the total proposed taxes.

The remainder of the taxes is proposed solely at the discretion of the school board.

All concerned citizens are invited to a public hearing on the tax increase to be held on **July 30, 2024, at 5:30 P.M.**, at the **School Board Meeting Room, 200 N. Clara Avenue, DeLand, Florida**.

A DECISION on the proposed tax increase and the budget will be made at this hearing.

## **GENERAL FUND – CONSOLIDATED**

This section contains the following subsections:

- General Fund – Consolidated Narrative
- Budget Comparison to Current Fiscal Year 2024 Period 11 Budget

**Volusia County Schools**  
**General Fund – Consolidated Narrative**  
**Fiscal Year Ending June 30, 2025**

**General Fund – Operating**

The General Fund Operating Budget is funded almost entirely by the Florida Education Finance Program (FEFP), which provides funding on a per-student basis. The net increase in FEFP is mostly attributed to increases in base student funding.

**General Fund – Extended Day Enrichment Programs**

The School Board of Volusia County offers the Before the Bell (BTB) program for grades 6-8 and the Extended Day Enrichment Program (EDEP) for grades K-5 to provide structured academic enrichment for students. EDEP addresses the need for supervised after school programs. Both programs ensure a safe and supportive environment that fosters academic, social, emotional, and physical development, staffed by qualified after-school personnel.

**General Fund – Voluntary Prekindergarten Program (VPK)**

Volusia County Schools, in partnership with the Early Learning Coalition and the Florida Division of Early Learning, provides the Voluntary Prekindergarten Program (VPK). The VPK program is a free educational program that prepares 4-year olds for kindergarten and beyond. Designated schools offer three free VPK hours funded by the Early Learning Coalition and the choice of tuition-based full-day program.

**General Fund – Maintenance of Plant**

The General Fund - Maintenance of Plant was established to account for maintenance activities associated with the Capital Project Fund - Capital Outlay Millages. The Maintenance of Plant Fund gets its funding from transfers in from the Capital Project Fund-Capital Outlay Milage to pay for maintenance related and other authorized expenditures as advertised in the Notice of Tax for School Capital Outlay that cannot be charged directly to the Capital Project Fund.

Maintenance of plant activities include maintaining the grounds, buildings, and equipment at an acceptable level of efficiency through repairs or preventive maintenance. The facility maintenance program is designed to maximize the efficiency of each building, minimize the need for major repairs and replacements, and to promote a safe and efficient use of space.

**General Fund - Operating Narrative**  
**Fiscal Year Ending June 30, 2025**

The General Fund Operating Budget is funded almost entirely by the Florida Education Finance Program (FEFP), which provides funding on a per-student basis. Funding under the FEFP is projected to increase by \$45.6 million to \$604 million as compared to the 2023-24 Fourth FEFP Calculation ("Prior Calculation"). The net increase in FEFP is mostly attributed to increases in base student funding.

Unweighted Full-Time-Equivalent (UFTE) student count is projected to increase by 3,388 (68,886.65 minus 65,498.30), or 5.17%, when compared to the Prior Calculation. The scholarship programs are expected to see a majority of the increase of 2,041.50 for the 2024-25 school year. The district is also holding back 1,626.12 in undistributed UFTE that will be allocated once the student enrollment is known.

The reports in the General Fund Operating Budget section provide the reader a comparison of the changes between school years for estimated revenues and by appropriations (expenditures).

# FLORIDA EDUCATION FINANCE PROGRAM (FEFP) COMPONENTS

## 1) SUMMARY OVERVIEW:

### a) EDUCATIONAL PROGRAMS AND BUDGETING:

The Volusia County School District (“District”) provides a wide variety of educational opportunities for our students, including Traditional, Virtual, Charter, and Family Empowerment Scholarship (“FES”) Programs. Each receives its allocation of FEFP funding based on the students enrolled in their programs and is accounted for differently in the District’s General Fund “Operating” Budget.

The Traditional and Virtual school programs are included in the District’s Operating Budget and are appropriated to their respective Department of Education (“DOE”) object (“account”) for financial, cost, and budgetary reporting (e.g., salaries, employee benefits, purchased services, etc.). Charter School programs are accounted for in the District’s Operating Budget as a pass-through expense. Their distribution of FEFP funds is recorded in the District’s Operating Budget account called FEFP Distributions to Charter Schools.

The Family Empowerment Scholarship Program includes the Family Empowerment Scholarship for Educational Options (“FES EO”) and the Family Empowerment Scholarship for Students with Unique Abilities (“FES UA”). The FES programs are accounted for in the District’s Operating Budget as a reduction of revenue. Their funds are deducted by the DOE before the District receives its allocation of funds to operate the Traditional and Virtual programs. Charter Schools are allocated their FEFP funds by the District at the beginning of every month.

### b) DEPARTMENT OF EDUCATION FEFP ADJUSTMENTS:

The Department of Education is authorized to make prior year adjustments in the allocation of funds to a district for adjudication of litigation, mathematical errors, assessment roll change, FTE student membership errors, or allocation errors revealed in an audit report. If state revenue collections are not sufficient to fund the amount appropriated for the FEFP, a special session may be held to reduce the appropriation and allocations. If the program calculates an amount that exceeds the appropriation, a proration of available funds will be deducted from districts’ calculated funding in proportion to each district’s relative share of state and local FEFP dollars. This procedure preserves equity in the distribution of available dollars.

## **2) MAJOR COMPONENTS:**

### **a) BASE STUDENT ALLOCATION (BSA):**

The Base Student Allocation from state and local funds is determined annually by the Legislature and is a component in the calculation. For the 2024-25 school year, the base student allocation is \$5,330.98, an increase of \$191.25, or 3.72% from the prior school year.

### **b) COMPARABLE WAGE FACTOR (CWF):**

The Comparable Wage Factor (CWF) replaced the District Cost Differential (DCD) by modifying its application of use in the calculation of the base FEFP funding only when a School District's CWF is greater than 1.000. Like the DCD, the CWF is a percentage derived from the Florida Price Level Index (FPLI).

The FPLI is a statistical measure that compares the average prices of goods and services in Florida to the average prices in the United States. Economists collect data on prices from different districts in Florida and across the country, including items such as groceries, housing costs, transportation expenses, and healthcare services. The FPLI provides insights into the relative cost of living in Florida compared to the national average. For example, if the FPLI is above 100, it indicates that prices are higher than average. Conversely, if the FPLI is below 100, it suggests that prices are lower. The FPLI is a valuable tool to assess the affordability and economic conditions within Florida. It helps in making informed decisions about budgeting, planning, and understanding how the cost of living in Florida compares to other Florida Counties.

The District's CWF is equal to 1.

### **c) REQUIRED LOCAL EFFORT (RLE):**

The required local effort is subtracted from the state and local FEFP dollars. This is the amount of required local effort that each district must provide to participate in the Florida Education Finance Program. The Commissioner computes and certifies the required local effort millage rate for each district. For the current school year FEFP calculation, each district's contribution for required local effort is the product of the certified mills times 96 percent of the taxable value for school purposes of the district. Section 1011.62(4), F.S., directs the Commissioner to adjust required local effort millage rates if the millage would produce more than 90 percent of a district's total FEFP entitlement.

The Department of Revenue provides the Commissioner with its most recent determination of the assessment level of the prior year's assessment roll for each district and for the state. A millage rate is computed based on the positive or negative variation of each district from the state average assessment level. The millage rate resulting from

application of this equalization factor is added to the state average required local effort millage. The sum of these two rates becomes each district's certified required local effort millage.

For the 2017-18 school year, the State Legislature implemented a "buy-down" of the Required Local Effort (RLE). This policy rolls back the RLE millage rate to ensure that any increase in statewide school taxable value does not yield more funding for the RLE.

### **3) FEFP PROGRAMS:**

**a) DISTRICT BASE FUNDING PER WEIGHTED FULL-TIME-EQUIVALENT STUDENT:**

Base funding is derived from the product of the weighted full-time-equivalent (WFTE) students, multiplied by the Base Student Allocation, the Comparable Wage Factor and Small District Factor Base. For the 2024-25 school year, the District's base funding per WFTE is \$5,330.98, an increase of \$191.25 or 3.72%.

**b) CLASSROOM TEACHER AND OTHER INSTRUCTIONAL PERSONNEL SALARY INCREASE ALLOCATION:**

Classroom Teacher and Other Instructional Personnel Salary Increase was formerly known as The Teacher Salary Increase Allocation. The Classroom Teacher and Other Instructional Personnel Salary Increase Allocation funding is included in the Base Funding Total for 2024-25.

For the 2024-25 school year, 5.59% of the total Base Funding is used for maintaining the prior years' allocation and 1.07%, or \$4,288,348 will be used for the 2024-25 increase.

**c) DEPARTMENT OF JUVENILE JUSTICE (DJJ):**

The total K-12 weighted full-time equivalent student membership in juvenile justice education programs in each school district shall be multiplied by the amount of the state average class-size reduction factor multiplied by the Comparable Wage Factor. An amount equal to the sum of this calculation shall be allocated in the FEFP to each school district to supplement other sources of funding for students in juvenile justice education programs. For the 2024-25 school year, the District's allocation is \$166,751, a decrease of \$20,282 or 10.84%.

**d) DISCRETIONARY MILLAGE COMPRESSION (0.748 MILLS):**

If any school district levies the full 0.748 mill levy and it generates an amount of funds per unweighted full-time equivalent (UFTE) that is less than the state average amount per UFTE, the school district shall receive a discretionary millage compression supplement that, when added to the funds generated by the district's 0.748 mill levy, shall be equal

to the state average as provided in section 1011.62(5), Florida Statutes.

**e) EDUCATIONAL ENRICHMENT ALLOCATION:**

Educational Enrichment Allocation was created to provide funds to assist school districts in providing educational enrichment activities and services that support and increase the academic achievement of students. The new program incorporates a formula for a modified supplemental academic instruction categorical and the eligible uses of the turnaround school categorical. The District will receive a total Educational Enrichment Allocation of \$17,964,932, an increase of \$881,563 or 5.16%.

**f) EXCEPTIONAL STUDENT EDUCATION (ESE) GUARANTEED ALLOCATION:**

This allocation provides funding to support the additional cost for exceptional education students that are identified for services in program levels 111, 112, or 113.

**g) MENTAL HEALTH ASSISTANCE ALLOCATION:**

Funds appropriated for the Mental Health Assistance Allocation are provided to school districts to help establish or expand school-based mental health care. Each district receives a minimum allocation. Before receiving funds, school districts are required to annually develop and submit a plan outlining the local program and planned expenditures to their district school boards for approval.

Charter schools are eligible to receive a proportionate share of the District's allocation by submitting a plan outlining the local program and planned expenditures to its governing body for approval. After the plan is approved, it must be provided to the school's sponsor (District).

**h) SAFE SCHOOLS:**

The Safe Schools allocation shall be used to promote and create a safe learning environment for children to develop and learn. The funds are to be allocated so that each district is guaranteed a minimum amount of funding. If there is a remaining appropriation, 67 percent shall be allocated based on the most recent Florida Crime Index provided by the Department of Law Enforcement, and 33 percent shall be allocated based on each district's share of the state's total unweighted student enrollment. The allocation is used to provide school guardians, school resource officers (SROs), and/or school resource deputies (SRDs) at each school. The district's allocation for the 2024-25 school year is \$6,382,556, an increase of \$950,047 or 17.49%.

**i) STUDENT TRANSPORTATION:**

The Student Transportation allocation provides for safe and efficient transportation

services in school districts to support student learning. The formula for allocating the funds is outlined in section 1011.68, F.S., and contains the following provisions in the state allocation for student transportation: 1) students with special transportation needs earn a higher rate of funding than base students; 2) base funding for each district is established by the district's proportionate share of the total statewide students eligible for transportation; and 3) indices are applied that modify the base funding amount to reward more efficient bus utilization, compensate for rural population density, and adjust funding based on the cost of living. The funds are to be distributed based on the formula in section 1011.68, Florida Statutes.

#### **4) STATE CATEGORICAL PROGRAM:**

##### **a) CLASS SIZE REDUCTION ALLOCATION:**

Categorical program funds are added to the FEFP allocation for districts. Currently, Class Size Reduction funding is the only FEFP revenue treated as a categorical. As a result of the voter-approved amendment to Article IX, Section 1, of the Florida Constitution regarding class size reduction, additional operating and capital outlay funds were appropriated to assist districts in their efforts to not exceed the class size maximums. Beginning with the 2010-11 school year, Florida classrooms may have no more than 18 students in grades PK-3, 22 students in grades 4- 8, and 25 students in grades 9-12 for qualifying courses. The 2011 legislature amended section 1003.03, F.S., (Section 15, Chapter 2011-55, Laws of Florida), by providing class size flexibility to schools that enroll students after the October Student Membership Survey. Up to three students may be assigned to a teacher in grade group K-3. Up to five students may be assigned to a teacher in grade groups 4-8 and 9-12. The district school board must develop a plan that provides that the school will be in full compliance by the next October student survey.

For the 2024-25 school year, the District's class size funding for:

- Grades PK to grade 3 is \$950.92, an increase of \$3.33 or 0.35%.
- Grades 4 to 8 is \$907.92, an increase of \$3.18 or 0.35%.
- Grades 9 to 12 is \$910.12, an increase of \$3.19 or 0.35%.

##### **b) STATE-FUNDED DISCRETIONARY SUPPLEMENT:**

State-Funded Discretionary Supplement – The District will receive \$11.6 million to fund the non-voted discretionary millage for operations for students awarded a Family Empowerment Scholarship.

## **GENERAL FUND – EXTENDED DAY PROGRAM**

This section contains the following subsections:

- General Fund – Extended Day Program Narrative
- Beginning Budget Comparison to Current Fiscal Year Period 11 Budget

**Volusia County Schools**  
**Extended Day Enrichment Programs Narrative**  
**Fiscal Year Ending June 30, 2025**

The General Fund - Extended Day Enrichment Program offers student centered, quality care programs during out-of-school hours to ensure all students become equipped with the 21st-century skills required to be productive citizens. To accomplish this mission, the Volusia County Schools Before the Bell (BTB) and Extended Day Enrichment Program (EDEP) strives to:

- Provide a safe and supportive environment for children during non-school hours.
- Provide enriching indoor and outdoor educational experiences.
- Provide academic support and remedial help (varies by school site).
- Increase student motivation and connection to school.
- Provide healthy snacks and/or meals to meet students' nutritional needs.

The BTB/EDEP is a voluntary, fee-based program. There are a limited number of students that can be served; therefore, students are accepted on a first come, first served basis. All programs are contingent upon minimum enrollment criteria, staff availability, facility availability, and principal support. If, for any reason, a BTB/EDEP site is cancelled at a current school site, parents will be notified via letter, phone call, ClassDojo messenger, through email, and/or in person. During the 2024-25 school year, the Volusia County Schools will offer AM programs at 13 Elementary schools, BTB programs at 10 Middle schools, and EDEP programs at 40 Elementary schools. The VCS Before the Bell and Extended Day Enrichment Programs operate on SCHOOL DAYS ONLY. The program operates daily to coincide with the regular school calendar. BTB/EDEP Sites are staffed with qualified before/after school personnel and follow VCS board policy qualifications. For more information, contact any school where the programs are held.

## **GENERAL FUND – MAINTENANCE OF PLANT**

This section contains the following subsections:

- Beginning Budget Comparison to Current Fiscal Year Period 11 Budget

**Volusia County Schools**  
**General Fund – Maintenance of Plant Narrative**  
**Fiscal Year Ending June 30, 2025**

The General Fund - Maintenance of Plant has been established to account for maintenance activities that are associated with the Capital Outlay Fund – Non-voted Capital Improvement Fund District School Tax. This Maintenance of Plant Fund is financed through transfers from the Capital Outlay Fund. These transfers are used to cover maintenance-related and other authorized expenditures, as advertised in the Notice of Tax for School Capital Outlay, which cannot be directly charged to the Capital Project Fund.

The Maintenance of Plant activities encompass the upkeep of buildings and equipment to maintain an acceptable level of efficiency. This is accomplished through a combination of repairs and preventive maintenance. The facility maintenance program is strategically designed to maximize the efficiency of each building, minimize the need for major repairs and replacements, and to promote a safe and efficient use of space. This approach ensures the longevity and optimal utilization of the facilities.

## **DEBT SERVICE FUNDS**

This section contains the following subsections:

- Debt Service Funds Narrative

**Volusia County Schools**  
**Debt Service Funds Narrative**  
**Fiscal Year Ending June 30, 2025**

Debt Service Funds serve the purpose of documenting the principal and interest payments, along with associated costs, on debt that has been incurred for capital outlay projects. The expenditures for Certificates of Participation (COPs), which are essentially financing arrangements in the form of lease-purchase agreements for capital outlay projects, are typically funded by 1.50 Mill property tax levy and surtax proceeds.

On the other hand, the expenditures for Sales Surtax Bonds, which are secured by a pledge of proceeds received from the levy and collection of Sales Surtax, are generally funded by surtax proceeds. The proceeds of these bonds have been utilized to finance the construction of new school facilities, renovations of existing school facilities, and technology.

The revenue generated from the 1.50 Mill property tax levy and surtax proceeds are recorded in their respective Capital Projects Fund. These funds are then transferred to the Debt Service Fund to cover principal and interest payments. The amount transferred each year from the Capital Projects Fund is determined by the current annual debt service requirements, subtracting any available Debt Service Fund carryover balances and any interest earnings in the Debt Service Funds. These original Debt Service payments are scheduled to continue through 2032.

As of June 30, 2024, the outstanding principal balances for the COPs and Sales Surtax Bond stand at \$201,730,000 and \$21,150,000 respectively. The district is considering issuing additional debt to fund new construction projects starting in the 2024-25 school year. This could potentially increase the outstanding principal balance from the additional debt proceeds by approximately \$160,000,000.

## **Volusia County Schools Capital Projects Funds Narrative Fiscal Year Ending June 30, 2025**

The District accounts for and reports on the acquisition, construction, renovation, remodeling, and maintenance of the District assets (including vehicles, equipment, technology purchases, etc.) using Capital Projects Funds. Each fund is tied to a specific revenue source. The major revenue sources for the Capital Projects Fund are property tax, sales tax, impact fees, and grants.

### **Property Tax**

The 1.50 mill property tax levy will generate \$99.2 million in revenue in the 2024-25 school year based on tax roll information as published in the 2024-25 FEFP Conference report. This revenue will be used for the following projects:

- Construction and remodeling
- District wide maintenance, renovation, and repair
- Motor vehicle purchases
- New and replacement equipment, computers, and device hardware
- Cost of portable classrooms and relocatable office facilities
- Cost of premiums for property and casualty insurance
- Charter school capital outlay projects pursuant s.1013.62(3), F.S.

In addition, the 1.50 mill property tax levy funds will be used to fund transfers to the Debt Service Fund for authorized debt service payments.

### **Sales Tax**

Currently, we are in the eighth calendar year of a fifteen-year Volusia County Discretionary Sales Surtax that commenced on January 1, 2017, and will conclude on December 31, 2031. For the 2024-25 school year, the Discretionary Sales Surtax revenues are expected to generate \$64.8 million. These funds are earmarked exclusively for Sales Tax projects listed in Exhibit A of Resolution 2014-05.

### **Impact Fees**

Volusia County Educational Facilities Impact Fees, collected for all new residential construction, are anticipated to generate \$10.0 million during the 2024-25 school year. These funds will be utilized for the construction of new capacity to accommodate enrollment growth.

## **SPECIAL REVENUE FUNDS**

This section contains the following subsections:

- Special Revenue Funds Narrative
- Food Service (School Way Café) Budget Comparison to Current Fiscal Year Period 11 Budget
- Other Federal Programs Budget Comparison to Current Fiscal Year Period 11 Budget
- Federal Education Stabilization Fund Budget Comparison to Current Fiscal Year Period 11 Budget
- School Internal Fund Budget Comparison to Current Fiscal Year Period 11 Budget

## **Volusia County Schools Special Revenue Fund Narrative Fiscal Year Ending June 30, 2025**

The District's Special Revenue Funds comprise of three sources: Food Service (School Way Cafe), Other Federal Programs, and Federal Education Stabilization. These funds are used to account for specific revenues that are legally restricted to expenditures for particular purposes.

### **Food Service (School Way Café)**

The Special Revenue Fund - Food Service (School Way Cafe) is a self-sustaining operation that provides meals for our students made with high quality ingredients. School Way Café operates under the regulations and policies set forth by the District: the U.S. Department of Agriculture (USDA); Florida Department of Agriculture and Consumer Services Division of Food, Nutrition and Wellness; and the County Health Department. School Way Café receives most of its funding from the reimbursement for student meals through the School Breakfast Program and National School Lunch Program. Other funding comes from cash payments by guests, federally provided USDA commodities, and a limited amount of State supplement as required to meet federal matching requirements.

School Way Café offers complimentary breakfast and lunch to all Volusia County School students attending in-person classes. Meal prices for adults and non-enrolled children are \$2.00 for Breakfast and \$3.50 for lunch.

### **Other Federal Programs**

The Special Revenue Fund - Other Federal Programs & Special Programs is used to account for the District's Federal, State, and local grants, which are awarded based upon applications submitted to and approved by various granting agencies. All applications for Federal grants are presented to the School Board for approval. The various types of Federal grants are generally restricted as to use. After the award date, changes in the use of grant funds must be approved by the applicable oversight agency. The following programs represent the major Federal awards received by the District via entitlement, formula funding:

- **Individuals with Disabilities Education Act (IDEA), Part B**  
The program is designed to provide children with disabilities ages 3-21 the opportunity to receive a free, appropriate public education in a least restrictive environment. These funds make special education services available to students with disabilities, consistent with the students' Individual Education Plans.

- **Title I, Part A - Improving the Academic Achievement of the Disadvantaged**  
 Title I, Part A provides supplemental funding to schools with high numbers or high percentages of children from low-income families to help improve their educational outcomes and enable them to meet the same challenging state academic standards expected from all children. Eligible schools are designated as Title I schoolwide programs where all children may benefit from Title I resources, which may include additional interventions, personnel, instructional materials, teacher training, and family engagement. In addition, Title I, Part A provides support for Pre-K activities, homeless student support, services to students at the District's neglected & delinquent sites, and equitable services to private schools.
- **Title I, Part D - Local Programs for Neglected and Delinquent**  
 The program is designed to ensure children and youth in local correctional facilities have an opportunity to meet academic achievement standards. It also provides transitional services to enable such students to further their schooling or successfully seek employment. In addition, funding is available to support programs designed to improve educator quality and prevent students from dropping out of school.
- **Title II, Part A - Supporting Effective Instruction**  
 This program provides resources to support activities for recruitment, development and retention of teachers, principals, and other school leaders. The program is designed to increase student achievement consistent with the challenging State academic standards; improve the quality and effectiveness of teachers, principals, and other school leaders; increase the number of teachers, principals, and other school leaders who are effective in improving student academic achievement in schools; and provide low-income and minority students greater access to effective teachers, principals, and other school leaders.
- **Title III, Part A - Supplementary Instructional Support for English Language Learners**  
 The program is designed to improve the education of English Language Learners (ELLs) children and youths by helping them learn English and meet challenging state academic content and student academic standards.
- **Title IV, Part A - Student Support and Academic Enrichment (SSAE)**  
 The program is intended to increase the District's capacity by enhancing the following goals: (1) Provide students with access to a well-rounded education, (2) Improve safe and healthy school conditions for student learning, and (3) Improve the use of technology in order to improve the academic achievement and digital literacy of all students.

- **Title IV, Part B - 21st Century Community Learning Centers**

The program supports academic and personal enrichment activities during non-school hours. This includes tutoring services to help students meet the challenging state academic standards, offer families of students serviced opportunities for active and meaningful engagement in their children’s education, and offer students a broad array of additional services that are designed to reinforce and complement the regular academic programs.

- **Title IX, Part A-Education of Homeless Children and Youth Project**

The program is designed to address the challenges that homeless children and youth face enrolling, attending, and succeeding in school. Under this program, homeless children and youth are ensured access to the same free, appropriate public education as other students and are provided additional academic supports to assist them in meeting challenging academic achievement standards.

- **Perkins V: Career and Technical Education Secondary Programs**

The purpose of this program is to enhance the academic, career, and technical skills of secondary education students who elect to enroll in Career and Technical Education (CTE) programs.

## **Federal Education Stabilization**

Federal Education Stabilization Fund is used to account for the revenues and expenditures specifically tied to prevention, protection, mitigation, response, and recovery related to the Coronavirus pandemic. Federal Education Stabilization funds come from three primary Federal sources: Coronavirus Aid, Relief, and Economic Security (CARES) Act, Coronavirus Response and Relief Supplemental Appropriations (CRRSA) Act, and American Rescue Plan (ARP) Act. These COVID-19 related allocations provide emergency education funding to support school districts as they respond to and recover from the Coronavirus pandemic.

- **Coronavirus Aid, Relief, and Economic Security (CARES) Act**

The CARES Act provided emergency funding to support school districts as they actively respond to and mitigate impacts from the Coronavirus pandemic.

- **Coronavirus Response and Relief Supplemental Appropriations (CRRSA) Act**

The CRRSA Act provided additional funding to school districts to supplement the CARES Act. These funds were categorized into special use funds through the state's General Appropriations Act.

- **American Rescue Plan (ARP) Act**

The ARP Act is a third funding stream related to pandemic response and provides funding to assist schools in addressing and mitigating learning loss through targeted interventions, closing achievement gaps through high-quality afterschool and summer programming, and building student resiliency by enhancing student services and wraparound supports.

Any unused funds may be rolled-forward, as determined by the granting agency.

Internal Service Funds Narrative  
Fiscal Year Ending June 30, 2025**

Internal Service Funds are used to account for the financing of goods and services provided by one department to other departments within the school district on a cost reimbursement basis. The District's Internal Service Funds include the Self-Insurance funds described below.

**Self-Insurance – Workers' Compensation Funds**

These funds are used to account for the financial activities of the District's self-insured workers' compensation program.

**Self- Insurance – Property**

These funds are used to account for the financial activities of the District's property insurance coverages.

**Self-Insurance – General Liability**

These funds are used to account for the financial activities of the District's self-insured general liability coverages.

**Self-Insurance – Fleet**

These funds are used to account for the financial activities of the District's self-insured fleet coverages.

**Print Shop**

The VCS Print Shop services all district offices and schools with their printing needs with high-speed production black and white printers, color printers and even a poster printer. Other services provided for our district include laminating, binding, cutting, and banner printing.
