To Judge Dawn Nichols,

My name is Aiden Barnett . I would much rather have this conversation in person, but I work mon-fri and take care of my grandmother on the weekends since she's been diagnosed with dementia and moved in with us. I am writing to you in regards to my probation situation for case #2022CA000519 (for fleeing and alluding)that has been going on. I am currently on probation since Feb 6,2023. My probation officer, Ms Valentine, gave me the name and info for a Mr Melvin Harris to sign up for the MRT course. His phone number is 214-425-3873. I paid him \$285 on 9/14/24 and it was supposed to get me into the class. Instead, he is ignoring my emails and Ms Valentine's multiple emails and phone calls to him. I still don't have access to the class, and am out \$285 as it was sent through Zelle and is non-refundable. From my understanding, it is an anger management course, and I truly believe that I am a completely changed person and have matured over the last couple of years since this incident that happened. I am no longer a young, immature, rebellious teenager. I hold a full time job, where I received the First Coast Manufacturers Association 2024 Outstanding Employee Award and have almost a perfect attendance record. If you have any doubts, you can reach out to Ms Valentine and/or my employer at Centerline Steel Inc, and I think you would be impressed with what they have to say regarding my character and behavior. With that being said, I am asking you to consider dismissing the MRT course requirement from my probation.

My second request is asking if you could approve a buyout for my community service hours. As I stated above, I work mon-fri, and have to stay with my grandmother on sat and sun due to my parents and sister all having jobs that require them to work on the weekends. It's been impossible for me to try to get somewhere to do extra hours on the weekends. I would have no problem paying for a buyout if at all possible. I have completed all of my other probation requirements and have never violated my probation or had an issues at all with my probation officer.

I appreciate anything you can do to help me out in this situation as I am trying to better myself and succeed in my career, and being on probation is frowned upon with a lot of employers in the industry. I have learned my lesson and have used this experience to better myself and my habits.

Thank you for your time!

You can reach me at 386-387-9463 or Aiden0229@icloud.com

Again I would much rather have this conversation in person as you will be able to see the person I've become and am today, if you're able to let me know a date and time I will be able to talk to my employer to get the hours off work to meet with you, thank you in regards to anyway possible that you're able to help me out.

waiver of MRT + buyout of CS hours granted

Aiden Barnett
