

Case # 2022-000140CF

3/9/22

Dear Honorable Judge Perkins,

I, Kavla Nicole Atherson am writing to you in regards to the case # referenced above. The defendant, Andrew W. Atherson, is my husband. I am thankful and grateful for you to take the time to read this. The entire situation is being completely blown out of proportion. My husband did not, and does not, abuse his children. I still want to have my own children with that man if that tells you anything. His ex-wife, Amanda Kelley Atherson absolutely cannot stand the fact that he re-married a younger women. She also found out about Andrew going after the equity in her house because legally it's "theirs" not "hers". This really is all deeper than it seems. PCF has been in and out of our lives because of Amanda, proving the boy who cried wolf. It's really unfortunate because Andrew is an amazing father and you could ask anyone in his life, he always puts his kids first. ALWAYS. I hope you see through the scorned women's lies and see the truth. I was also with the kids and everyone the day this apparently happened!!! There was no abuse what so ever. Those kids are completely spoiled rotten by their father. That is all. Thank you Again.
