ITEM DESCRIPTION					

On Thursday April, 18<sup>th</sup>, 2019, at approximately 2:00PM, I, Deputy Lane, responded to 12 Waywood Place in reference to an unsecure building. Animal control was also on scene due to reports unsecure dogs barking in the front yard.

Upon arrival, I observed the front door wide open. There were approximately four dogs outside barking. I then made entry into the house. During a sweep of the building I observed a Daytona Beach Police jacket in one of bedroom closets. While searching the building, I observed fecal matter, urine, and dog food covered across the floors and walls. No persons were found inside of the residence. Based on Animal controls findings, and the fact that they received reports of the dogs running loose on Belle Terre Pkwy and witnessed it themselves coupled with the fact that the residence was unsecure, no one was home, and the residence possessed poor living conditions for any human or animals, Palm Coast Animal Control proceeded to seize the animals for their safety.

Deputy Dawson then made contact with Detective R. Maher from Daytona Beach Police Department based on our findings of the Jacket in an attempt to locate the owner for the animals and to ascertain if they had permission to possess the jacket due to the fact that there was no other Law Enforcement equipment inside of the residence. The Daytona Beach Detective stated that the jacket belonged to a former part time employee who was a crossing guard. Detective R. Maher further stated that he wanted us to seize the jacket for them based on the former employee no longer working with the Department and is now active duty Marine Corps. The jacket was placed into evidence. Daytona Beach Police Department advised they would send someone to retrieve the jacket.

The property controller showed up approximately 30 minutes later demanding what we were doing on her property. We explained to her that we responded to the residence based on the property being unsecure and the animals were being seized by Animal Control for their safety. We then stood by for the safety of Animal Control. My Axon body camera footage will be uploaded to Evidence.com. No further action was taken.
