Evaluation Comments

1a) If the keywords are policies and programs, they typically are implemented without issue. However, if you add “projects” to that list, there have been extended delays and not much oversight. Examples: Pal Parker fence and A1A sand fence.

1b) Staff reports for commission meeting agenda items are sometimes weak if not, totally missing.

1c) Accepts direction without dispute.

1d) Has helped the commission extensively with our strategic planning.

1e) Sometimes yes, sometimes no.

1f) Keeps commissioners informed with one on one meetings and written weekly reports.

1g) Always willing to meet without notice. Often gets up and greets me at the door.

2a) Almost always projects, good temperament and appearance.

2b) Stays courteous with the public, even if sometimes they are overbearing.

2c) Typically accepts invitations from media - however, he could reach out to them more often to share our news.

2d) Always responds quickly.

3a) Has appropriately shuffled some responsibilities among the staff.

3b) Holding staff responsible for mistakes and shortcomings is weak.

3c) I would suggest the possibility of incentive programs linked to honest evaluations.

3d) Has tried to help morale by having staff gatherings/celebrations

4a) Changes were made to the budget format in areas that I had to familiarize myself with, but the end product seems realistic.

4b) Budget items have stayed on target without cost overruns.

4c) Had consensus from commission to provide mini audits of recent budgets that would have shown unrealized budget items before approving a successive budget. We never got those reports.

4d) Goals and objectives appear to be included

5a) In some ways yes – other ways no.

5b) Emails and texts often go unanswered.

6a) Initiative appears to be strong.

6b) Frequently asks for my opinion related to his developing ideas.

6c) I believe he is impartial and fair much more often than not.

6d) Room for improvement.

6e) Tries to relate ideas and decisions to the future.

Comments:		
The best feedback and open door communication of any city manager Ive worked with. I was disappointed with the strategic planning sessions lack of goals past 1 year. There needs to be a much more robust focus on the short, mid range, and long term goals or progress will get lost with day to day operations. Please be mindful of direction and consensus items coming out of meetings so they can be acted on. Multiple things have been forgot about. Overall great job with balancing relationships with Commissioners.		
2. Public Relations		10%
A. Projects a positive public image.	5	
B. Is courteous to the public at all times.	4	
C. Maintains effective relations with media representatives.	5	
D. Responds to requests from the public in a timely manner.	2	
Average score for this category	16	4
Weighted Score		40
Comments:		
Great job with public image and working with the media. The only area of improvement I would suggest is respond to citizens		

faster and be accessible to the public, not just the media. Many citizens have complained about 3-4 weeks to get a meeting and emails not responded to.

3. Effective Leadership of Staff		20%
A. Delegates appropriate responsibilities.	2	
B. Effective at directing and developing a team of staff members, encouraging decision making, instilling confidence, and emphasizing support.	2	
C. Initiates programs to motivate staff.	3	
D. Initiates programs to enhance the Flagler Beach workplace.	3	
Average score for this category	10	2.5
Weighted Score		50

Comments:

Leadership of staff is your greatest area of opportunity. This observation is based on staff accountability improvement needed and on field direction needing improvement. It is a understandable challenge getting out of office for in-person field guidance, but you must make this a priority. Multiple departments are underperforming commissions expectations based on ongoing dias comments.

4. Fiscal Management		20%
A. Prepares realistic annual budget, which is easy to understand.	3	
B. Controls expenditures in accordance with approved budget.	4	
C. Keeps City Commission informed about revenues and expenditures, actual and projected.	4	
D. Ensures the budget addresses the goals and objectives, including readability.	3	
Average score for this category	14	3.5
Weighted Score		70

Comments:

Good job navigating last budget cycle and above expectation job with material presented to commission. A area of improvement would be year over year budget controls. The city has had MANY consecutive years of significant budget increases and this is not sustainable. It is part of your responsibilities of learning where the opportunities are to cut and educate dept heads on better fiscal management.

5. Communication		15%
A. Facilitates the flow of information regarding Commission policy to the various constituents including the media, public employees and other organizations.	4	
B. Written communications are clear, timely, forthright and encourages feedback.	5	
Average score for this category	9	4.5
Weighted Score		67.5

Comments:

You do a excellent job at communication! The only area of opportunity I see is ensuring commission has all needed data before meetings. There has been too many times information is being seen or read for the first time in meeting. This is a unacceptable meeting practice.

6. Personal Traits		10%
A. Initiative.	5	
B. Openness: Encourages participation in decision making process.	4	

C. Fairness and Impartiality.	3	
D. Creativity.	4	
E. Visionary.	5	
Average score for this category	21	4.2

Comments:

You are the most visionary city manager I have worked with so far. No areas of opportunity noted.

7. Intergovernmental Affairs

Comments:

Flagler Beach is still working in a silo. This must be changed. I understand there is not much municipality cooperation, but it is a top priority to be teamworking issues at a local level. I would like to see you incorporate the multi-municipality concept at the city manager level just like this body does at the elected level. Good job at directioning staff with grants and interactions with our lobbyists.

This has been a year of growth for you and you have settled into the position well as expected. I would have liked to have seen areas that are underperforming addressed with higher sense of urgency as there seem to be many lagging concerns continuing from the start of your tenure getting brought up on repeat in meetings. Very impressed with all of your interactions and the public with the only call out being accessibility to the public via either email or in person. Looking forward to seeing how you evolve professionally this coming year as city manager of Flagler Beach!

1. **Relationship with City Commission-** Dale is readily available to speak with us and keeps us updated on city matters. Dale has done a great job keeping the City Commission in the loop on the process with the Waste Water Treatment Facility.
2. **Public Relations-** Over this past year, Dale has done an excellent job as a true professional with the public. From what I can see, he's responsive to our residents and has a good relationship with the media.
3. **Effective Leadership of Staff-** I can see that Dale is doing his due diligence with his staff. The staff here in the City of Flagler Beach has had a significant turnover in city managers. It appears that he's bringing a positive and professional culture to the city. This past year, he's made some excellent hires at the senior staff levels. Over the next year, I would like to see more accountability with his staff.
4. **Fiscal Management-** In my tenure as a City Commissioner, this is the first year I have felt the budget process was painless. I felt like we had budget documents that were easy to follow and items that came before the commission were pertinent to the city's overall mission. I would like to see more transparency on status updates on items we approved in the budget next year.
5. **Communication-** One area that I feel Dale has done exceedingly well with is communication. I believe that communication is something that the city severely lacked for years. This past year, he established a Facebook page for the City of Flagler Beach, and he provides us with weekly updates from his various departments.
6. **Personal Traits-** I have seen so far with Dale that he's fair, honest, and open. I believe his creativity is excellent. I mention his creativity because he's looking for ways to rebrand the city while incorporating its history and culture.
7. **Intergovernmental Affairs-** I can see that Dale has maintained effective communication with other governments, regularly participates with neighboring city managers and county administrators, and has lobbied for our city. I believe an area that he did exceedingly well with was securing the TDC grant. He was given the task, and he delivered it.

OBSERVATIONS

- **Two things that the Manager does now that this Commission Member would like him/her to continue.** *I do not have any specifics at this time.*
- **Two things the Manager does that this Commission member would like him/her to discontinue or modify.** *I do not have any specifics at this time.*
- **Two things the Manager does not do now that this Commission member would like to see him/her do.** *I do not have any specifics at this time.*

FUTURE GOALS AND OBJECTIVES

- **Specific goals and objectives to be achieved in the next evaluation period:**
 1. I would like to see significant beautification around the city.
 - a. Cleanliness around the CRA district
 - b. The overall appearance of our parks
 - c. Clearing right of ways
 2. Stormwater issues
 - a. Continue working with residents.
 - b. I would like to see action taken, such as short-term and long-term solutions to problems that have not been addressed for years.
 - c. I would like you to find ways to assist residents with grant programs that could help them with flooding issues at their homes.
 3. Waste Water Treatment Facility- I would like to see a timeline as to when this will be complete, and I would like to see construction at this site by September 30th, 2025.
 4. Parking- with the growth from Palm Coast and other areas of the county, I believe it is time we start charging for parking for non-residents of Flagler Beach. I would like to see proposals come before the commission this coming year.

Ms. Heidi Petito
County Administrator, Flagler County
1769 E. Moody Blvd., Bldg 2

Ms. Petito:

On behalf of the City of Flagler Beach City Commission, please consider the following projects as the City's Legislative Priorities:

1. *Lambert Avenue Water Main Extension.* The City of Flagler Beach maintains and operates a municipal water system. This system, which includes extraction, treatment, and distribution, supports the City's residents and businesses. A critical shortcoming of the system, though, is the lack of redundancy: only one sixteen-inch transmission main crosses (below) the Atlantic Ocean Intracoastal Waterway (AICW). Due to that sole crossing, the transmission network is not effectively "looped," especially at the north end of the City's service area east of the AICW. This systemic shortcoming puts water system users at increased risk if the sole crossing were damaged or severed or if water at the north end of the system is not adequately circulated.

The estimated cost to design an extended water main north on Lambert Avenue and then cross the AICW as a redundant service and additionally "loop" the system is approximately \$300,000. The estimated cost of construction for the extended water main is approximately \$3,000,000. The City of Flagler Beach requests an appropriation of \$1,650,000, which the City would similarly match, to design and construct the Lambert Avenue Water Main Extension.

2. *Flood Mitigation Measures for City Facilities.* Several City facilities are vulnerable to storm surge and flooding, especially those located in the vicinity of the AICW. These facilities include the Police and Fire stations; a 1,000,000-gallon water storage tank; two City Maintenance facilities, and the Library. Although a berm is currently being designed to protect this general area, additional equipment can be utilized to enhance protection in specific areas.

The estimated cost for sufficient protective measures (HydroDefense Flood Planks) is approximately \$150,000. The City requests an appropriation of \$150,000 for the purchase of an estimated twenty flood planks.

Mr. Dale L. Martin, City Manager; dmartin@cityofflaglerbeach; mobile (904) 557-5047

The Flagler Beach City Commission respectfully submits these two projects for consideration as part of the Flagler County comprehensive 2024/2025 Legislative Priorities. These projects will enhance the health, safety, and welfare of Flagler Beach residents during all phases of an emergency: preparedness, response, recovery, and mitigation.

Given the need for these projects, the City will also pursue alternative funding through federal, state, and regional agencies.

If you desire additional supporting documentation, please contact me.

Sincerely,

A handwritten signature in blue ink, appearing to read "Dale L. Martin".
