Re: Proposed Relocation of Mud Muckers
Permit Determination Number: PDEX-035-145753-1
(Please reference the permit number/item number on all correspondence.)

Dear Mr. Allen:

On March 30, 2016, the St. Johns River Water Management District (District) received your letter, maps, and facility rules, requesting a permit determination. On April 28, 2016, the District received revised plans. The project involves the relocation of Mud Muckers facility, which will be an ATV-UTV off-road family mud park off of Old Haw Creek Road in Bunnell, FL. You have provided the District with two parcels: for the staging area (Parcel ID 34-12-30-0650-000A0-0030) and existing trails (Parcel ID 26-12-30-0650-00000-0000). No placement of impervious material is being proposed, nor any permanent buildings or structures. The use of the trails will only be located on existing access roads that have been used for silvicultural purposes and the trails will be clearly marked. No off-road mud bogging is proposed. Additionally, the facility would only be open for six (6) weekends per year.

Based on the information provided, this project does not exceed any permitting thresholds pursuant to Chapter 62-330.020, Florida Administrative Code (F.A.C.). Therefore, a District permit is not required. Please be aware that this determination only applies to the District and does not relieve you from the permitting requirements of other agencies.

Thank you for your cooperation with the permitting and compliance process. If you have any questions, please contact the District at (386) 329-4874 or by email at JBeach@sjrwmd.com.

Sincerely,

Jessica L. Beach
