Florida's July Employment Figures Released

www.employflorida.com

TALLAHASSEE – Florida's seasonally adjusted unemployment rate for July 2010 is 11.5 percent, up marginally by 0.1 percentage point over the previous month. This represents 1,055,000 jobless out of a labor force of 9,214,000. The June unemployment rate for Florida was 11.4 percent.

Florida's total nonagricultural employment in July 2010 is 7,238,800, representing an increase of 5,700 jobs (+0.1 percent) over the previous month. Florida's annual rate of job growth is up slightly (less than +0.1 percent), an increase of 2,700 jobs. This growth is the first over-the-year increase in jobs since June 2007. Nationally, the number of jobs is down slightly over the past year.

"This month's marginal increase in the unemployment rate is accompanied by the encouraging news of an increase in jobs. As our economy continues to slowly recover, we remain dedicated to supporting Floridians and their families," said AWI Director Cynthia R. Lorenzo. "Most recently, our agency's efforts include expediting payments for the two recent federal unemployment compensation extensions. In less than three weeks, we have paid more than \$294 million to nearly 279,000 unemployed workers."

EB and EUC Programs Fully Implemented

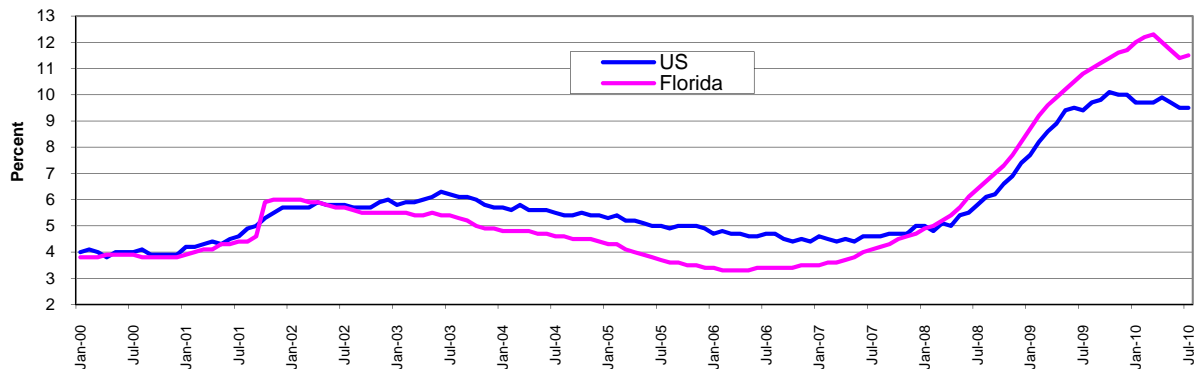

Last month, actions by Governor Crist and the federal government extended the two unemployment compensation programs that had expired earlier in the year, the Emergency Unemployment Compensation (EUC) program and the Extended Benefits (EB) program. For Florida businesses, these extensions are 100% federally funded and do not impact the state's Unemployment Compensation Trust Fund or the state business tax.

EUC provides up to 53 weeks of federally-funded benefits for those who have exhausted their regular state claim. The new law did not create additional weeks of benefits but did extend the qualification deadline through November 2010. The agency began paying EUC benefits to qualified customers within one week of the legislation's enactment and is on track to pay \$3.6 billion to 527,000 people through April 2011.

EB provides up to 20 additional weeks of federally-funded benefits to people who exhaust all regular state benefits and EUC benefits, provided the state is in an EB period. Governor Crist signed Executive Order 10-170 on July 23, 2010, which extended Florida's EB period by six months. The agency is on track to pay \$604 million to 250,000 people by December 4, 2010.

United States and Florida Unemployment Rates (seasonally adjusted)

Source: Florida Agency for Workforce Innovation, Labor Market Statistics Center, Local Area Unemployment Statistics Program, in cooperation with the U.S. Department of Labor, Bureau of Labor Statistics.

Florida's Nonagricultural Employment by Industry (Seasonally Adjusted)

- The number of jobs in Florida is 7,238,800 in July 2010, up by 2,700 jobs compared to a year ago. This is the first annual increase in jobs since June 2007. The industry gaining the most jobs is private education and health services (+36,700 jobs, +3.5 percent).
- Other industries gaining jobs include: total government (+8,800 +0.8 percent); professional and business services (+8,000 jobs, +0.8 percent); other services (+5,400 jobs, +1.7 percent); and trade, transportation, and utilities (+5,100 jobs, +0.3 percent).
- These industry job gains are partially due to ambulatory health care services; federal government; management, scientific, and technical services; membership associations and organizations; and clothing and accessory stores.
- The industries losing jobs over the year include: construction (-27,500 jobs, -7.1 percent); financial activities (-18,600 jobs, -3.9 percent); information (-9,400 jobs, -6.6 percent); manufacturing (-5,500 jobs, -1.7 percent); and leisure and hospitality (-300 jobs, less than -0.1 percent).
- These industry job losses are partially due to weakness in construction of buildings; credit intermediation; telecommunications; fabricated metal product manufacturing; and food services and drinking places.

Local Area Unemployment Statistics (Not Seasonally Adjusted)

- In July 2010, Walton County has the state's lowest unemployment rate (7.5 percent); followed by Liberty (7.6 percent); Monroe and Okaloosa counties (7.9 percent each); Lafayette County (8.2 percent); and Franklin County (8.4 percent). Many of the counties with the lowest unemployment rates are those with relatively high proportions of government employment. Others have seasonal increases in tourism.
- Hendry County (19.7 percent) has the highest unemployment rate in Florida in July 2010, followed by Flagler County (15.6 percent); St. Lucie County (15.2 percent); Indian River County (14.9 percent); and Okeechobee County (14.6 percent). Most of the counties with the highest unemployment rates in the state have seasonal declines in agriculture and related industries. There are 49 Florida counties with double-digit unemployment rates in July, up from 46 the previous month.

www.floridajobs.org

Area Nonagricultural Employment (Not Seasonally Adjusted)

- Eight metro areas in the state have over-the-year job gains: Gainesville (+1,500 jobs, +1.2 percent); North Port-Bradenton-Sarasota (+1,400 jobs, +0.6 percent); Pensacola-Ferry Pass-Brent (+800 jobs, +0.5 percent); Tallahassee (+700 jobs, +0.4 percent); Panama City-Lynn Haven-Panama City Beach (+400 jobs, +0.5 percent); Port St. Lucie (+300 jobs, +0.3 percent); Punta Gorda (+200 jobs, +0.5 percent); and Naples-Marco Island (+100 jobs, +0.1 percent).
- Of the metro areas with job losses, Tampa-St. Petersburg-Clearwater (-4,400 jobs, -0.4 percent) is losing the most, followed by Orlando-Kissimmee-Sanford (-4,000 jobs, -0.4 percent); Jacksonville (-2,800 jobs, -0.5 percent); Palm Bay-Melbourne-Titusville (-2,300 jobs, -1.2 percent); and Miami-Ft. Lauderdale-Pompano Beach (-2,300 jobs, -0.1 percent).

Note: These unemployment and job growth rates are estimates, which are primarily based on surveys created and mandated by the U.S. Bureau of Labor Statistics in cooperation with the Florida Agency for Workforce Innovation.

The unemployment rate is derived from Florida household surveys conducted by the U.S. Census Bureau under contract with the US Bureau of Labor Statistics. The job growth rate is derived from Florida employer surveys conducted by the U.S. Bureau of Labor Statistics.

Both estimates are revised on a monthly basis. In addition, these estimates are benchmarked (revised) annually based on actual counts from Florida's Unemployment Compensation tax records and other data.

New procedures recently mandated by the U.S. Bureau of Labor Statistics may result in more variable month-to-month changes. For further information, go to: <http://www.bls.gov/sae/cesprocs.htm>

###

An equal opportunity employer/ program. Auxiliary aids and services are available upon request to individuals with disabilities. All voice telephone numbers on this document may be reached by persons using TTY/TDD equipment via the Florida Relay Service at 711.

The Agency for Workforce Innovation is Florida's lead workforce agency and directly administers the state's various workforce and unemployment programs and the Office of Early Learning. Workforce development policy and guidance are provided by Workforce Florida, Inc. Partnering together, along with the state's 24 Regional Workforce Boards that deliver services through more than 90 One-Stop Career Centers around the state, they compose the Employ Florida network.

The next Florida Employment and Unemployment release will be on September 17, 2010, at 10:00 A.M.
