## **Florida's September Employment Figures Released**

[www.employflorida.com](http://www.employflorida.com)

**TALLAHASSEE** – Florida's seasonally adjusted unemployment rate for September 2010 is 11.9 percent. This represents 1,100,000 jobless out of a labor force of 9,242,000. The unemployment rate is marginally higher than the revised August rate of 11.8 percent.

Florida's total nonagricultural employment in September 2010 is 7,208,300, representing a decline of 11,100 jobs (-0.2 percent) over the month. Florida's annual job growth rate is up 0.4 percent, representing an increase of 27,200 jobs from September 2009. It is the third consecutive month the state is showing positive over-the-year job growth after losing jobs for three years. Nationally, the number of jobs is up 0.3 percent over the year.

"As the nation slowly emerges from the economic recession, Florida's workforce partners remain focused on identifying growth industries and helping to prepare job seekers for current and future opportunities," said AWI Director Cynthia R. Lorenzo. "Despite continued fluctuations in unemployment rates, there are encouraging indicators of recovery in Florida including recent increases in online job postings and over-the-year job growth. Through our innovative partnerships and programs, Florida's workforce system remains committed to ensuring job seekers regain employment as quickly as possible."

### **Increase in Online Job Ads**

Online job postings in Florida compiled by the Help Wanted OnLine data series from The Conference Board totaled 234,618 (seasonally adjusted) jobs in September 2010, up by 2.3% from the 229,358 postings in August 2010. This is the fourth consecutive month of gains in online ads and represents an over-the-year increase of 63,688 job postings compared to September 2009. Since the official end of the recession in June 2009, online job demand in Florida has increased by more than 67,000 jobs.

The September 2010 job postings represent the highest level of demand since July 2008, when Help Wanted OnLine showed 235,425 openings. Florida's labor demand, measured by online advertised vacancies, hit its lowest point in January 2009 at 158,178 ads and has been on a largely upward trend since then.

### **Domestic Violence Awareness Pilot Project**

Governor Charlie Crist last week announced a pilot project to address the employment needs of survivors of domestic violence, in recognition of October as Domestic Violence Awareness Month in Florida. The pilot project, funded by Workforce Florida in partnership with AWI, the Florida Coalition Against Domestic Violence and Suncoast Workforce, which serves job seekers in Sarasota and Manatee counties, will assist survivors who need help finding new or better jobs to ensure self-sufficiency. For more information on the pilot project, please visit

## Assisting Veterans

Three of the state's One-Stop Career Centers were recently recognized for providing innovative job training and placement services to Florida's veterans. The Escarosa Career Center in Pensacola, Polk Works One-Stop Center in Bartow and Workforce Plus in Tallahassee shared the annual \$99,000 incentive award provided under the federal *Jobs for Veterans Act*. Funds will be used to encourage the improvement of employment, training and placement services for veterans, and to encourage One-Stop Career Centers to strive for superior performance in all areas of service delivery for veterans.

## United States and Florida Unemployment Rates (seasonally adjusted)

Source: Florida Agency for Workforce Innovation, Labor Market Statistics Center, Local Area Unemployment Statistics Program, in cooperation with the U.S. Department of Labor, Bureau of Labor Statistics.

## Florida's Nonagricultural Employment by Industry (Seasonally Adjusted)

- The number of jobs in Florida is 7,208,300 in September 2010, up by 27,200 jobs compared to a year ago. This is the third annual increase in jobs since the state started losing jobs in July 2007. The industry gaining the most jobs is private education and health services (+39,200 jobs, +3.7 percent).
- Other industries gaining jobs include: professional and business services (+15,400 jobs, +1.5 percent); trade, transportation, and utilities (+13,600 +0.9 percent); leisure and hospitality (+2,800 jobs, +0.3 percent); and other services (+2,200 jobs, +0.7 percent).
- These industry job gains are partially due to increases in ambulatory health care services; computer systems design; clothing and accessory stores; amusement, gambling, and recreation; and membership associations and organizations.
- The industries losing jobs over the year include: financial activities (-11,500 jobs, -2.4 percent); construction (-10,700 jobs, -2.9 percent); manufacturing (-9,600 jobs, -3.1 percent); total government (-8,100 jobs, -0.7 percent); and information (-6,000 jobs, -4.3 percent).
- These industry job losses are partially due to weakness in credit intermediation; construction of buildings; fabricated metal product manufacturing; local government; and telecommunications.

## Local Area Unemployment Statistics (Not Seasonally Adjusted)

- In September 2010, Liberty County has the state's lowest unemployment rate (7.0 percent); followed by Walton County (7.9 percent); Okaloosa County (8.0 percent); Alachua and Leon

### Agency for Workforce Innovation

[www.floridajobs.org](http://www.floridajobs.org)

counties (8.2 percent each); and Jackson County (8.5 percent). Most of the counties with the lowest unemployment rates are those with relatively high proportions of government employment.

- Hendry County (20.2 percent) has the highest unemployment rate in Florida in September 2010, followed by Flagler County (16.3 percent); St. Lucie County (15.5 percent); Indian River County (15.4 percent); and Hardee and Hernando counties (14.8 percent each). Many of the counties with the highest unemployment rates in the state experienced seasonal slowness in agriculture and related industries. There were 52 counties with double-digit unemployment rates in September, unchanged from the previous month.

### **Area Nonagricultural Employment (Not Seasonally Adjusted)**

- Eleven metro areas in the state have over-the-year job gains: Miami-Ft. Lauderdale-Pompano Beach (+2,700 jobs, +0.1 percent); Naples-Marco Island (+1,000 jobs, +1.0 percent); Gainesville (+900 jobs, +0.7 percent); Panama City-Lynn Haven-Panama City Beach (+400 jobs, +0.6 percent); Pensacola-Ferry Pass-Brent (+400 jobs, +0.3 percent); Cape Coral-Ft. Myers, Crestview-Ft. Walton Beach-Destin, Deltona-Daytona Beach-Ormond Beach, and Tallahassee (+100 jobs, +0.1 percent each); and North Port-Bradenton-Sarasota and Orlando-Kissimmee-Sanford (+100 jobs, less than 0.05 percent each).
- Of the metro areas with job losses, Tampa-St. Petersburg-Clearwater (-2,400 jobs, -0.2 percent) is losing the most, followed by Palm Bay-Melbourne-Titusville (-1,800 jobs, -0.9 percent); and Lakeland-Winter Haven (-800 jobs, -0.4 percent).

**Note:** These unemployment and job growth rates are estimates, which are primarily based on surveys created and mandated by the U.S. Bureau of Labor Statistics in cooperation with the Florida Agency for Workforce Innovation.

The unemployment rate is derived from Florida household surveys conducted by the U.S. Census Bureau under contract with the U.S. Bureau of Labor Statistics. The job growth rate is derived from Florida employer surveys conducted by the U.S. Bureau of Labor Statistics.

Both estimates are revised on a monthly basis. In addition, these estimates are benchmarked (revised) annually based on actual counts from Florida's Unemployment Compensation tax records and other data.

New procedures recently mandated by the U.S. Bureau of Labor Statistics may result in more variable month-to-month changes. For further information, go to: <http://www.bls.gov/sae/cesprocs.htm>

###

An equal opportunity employer/ program. Auxiliary aids and services are available upon request to individuals with disabilities. All voice telephone numbers on this document may be reached by persons using TTY/TDD equipment via the Florida Relay Service at 711.

The Agency for Workforce Innovation is Florida's lead workforce agency and directly administers the state's various workforce and unemployment programs and the Office of Early Learning. Workforce development policy and guidance are provided by Workforce Florida, Inc. Partnering together, along with the state's 24 Regional Workforce Boards that deliver services through more than 90 One-Stop Career Centers around the state, they compose the Employ Florida network.

*The next Florida Employment and Unemployment release will be on November 19, 2010, at 10:00 A.M.*
