Your Honor

My Name is Leonard W Bumpus I'm an the
Head Wrestling Coach at Upland High School in California. I'm an sad to
have to right this letter under these circumstances. I'm am very sincere in
offering a letter in regard to the character of Brenden Geary. I had the
pleasure of having him as a freshman under our tutelage in wrestling. He
was always kind, thoughtful, intelligent and a hard worker. He put 100% of
his effort into improving. His father a wonderful man who first came to me
expressing to me, how his son had never in athletes.... but wanted to try
wrestling. He was right about being green to athletes. However his course of
effort through the years paid off and brought him success in the sport. I am
proud to have been his coach and I am willing to stand and say, he is willing
to put a effort into whatever he needs to do to over come his
circumstances. I believe he has a brilliant mind that can help in our
communities. Please show him grace with firmness. If we give him a chance
that will allow him to grow and learn I believe he will not let us down.
As a side note, his family is a pillar to him. I believe their support would be
the key to his growth.

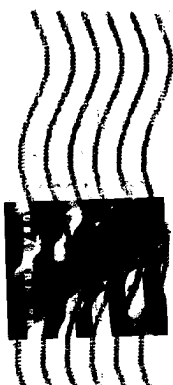

Thank you for your time
