MEMORANDUM

TO: Sgt. Bray

FROM: Deputy Sheridan

RE: Possible threats towards Judge Stens

On the above date at approximately 1330hrs I was standing between court room 404 and 403 with inmate Haire, Phillip, waiting when he began to talk about Judge Moore-Stens. He called her a fucking bitch and a cunt. He also told me that if he wasn't found innocent then he was going to put a hit on her like she put a hit on him. He then continued talking saying she doesn't like him because he flicked her off at first appearance because she is a bitch and she wouldn't provide him a Bible to place his hand on. Shortly after this I was notified that inmates Haire can be returned to the jail by one of the bailiffs at which time he started yelling, "You fucking bitch, you are scared. You are lucky."

Respectfully,
