Subject RESOLUTION 2020-XX APPROVING A CONTRACT WITH HALIFAX PAVING, INC., FOR THE OLD KINGS WIDENING PHASE 1 PROJECT

Background :

As the population has increased, so has the amount of vehicle traffic. Old Kings Rd. is in need of improvements to accommodate the additional traffic on the roadway. The City of Palm Coast received a grant from the Florida DOT to widen Old Kings Rd. from a 2 lane roadway into a 4 lane divided roadway. The City worked with DRMP Inc. to design and draft plans for the improvements along this corridor. This project is phase 1 of 3 of the proposed widening of Old Kings Rd. north to Florida Park Drive.

The City advertised the project (ITB-CD-20-14) and on January 30, 2020 received (3) bids that were deemed to be responsive and responsible bidders.

The City advertised for Construction Engineering Inspection Services (RFSQ-CD-20-24) and on January 24, 2020 received (4) qualifications packages. City Staff evaluated the submittals and determined that GAI consultants were the most qualified firm. City Staff negotiated a scope & fee for these services.

The project design engineer and City staff recommend award of the project to the low bidder, Halifax Paving, Inc., for \$6,017,010.64. In addition the City is requesting approval of expenses in a not-to-exceed amount of \$350,456.66 for construction engineering and inspections services (CEI). Based on past experience with similar construction projects, staff is requesting a 10% contingency (\$601,701.06) also to be approved in case of unforeseen circumstances and/or unknown conditions, for a total project cost of \$6,969,168.94.

City Staff is also requesting approval of the following, the execution of agreements to expend \$150,000 in upfront cost with FPL associated with the installation of continuous street lighting, approval of a work order (under an existing contract) with Danella in a not-to exceed amount of \$250,000 for the reconnection and relocation of existing fiber and approval of a work order (under existing contract) with DRMP in a not-to-exceed amount of \$161,870.73 for post-design services.

Funds for this project are budgeted out of the Transpiration Impact Fund. A grant with FDOT will fund \$6,517,467.30 of the project cost for construction and CEI services. The City will seek FDOT participation for reimbursement of any contingency funds that may need to be utilized on the project up the original grant allocation of \$6,870,513.00.
