Honorable Judge Dennis P. Craig

I am writing you on behalf of my son, James Taylor (case number 14-00043-CFFA). I hope I can provide you with a more complete picture of my son as you contemplate his disposition in your court. I have learned from so many people that you are truly are a judge who attempts to fashion each of your rulings in order to ensure that justice is served and I feel blessed for me and my family that you will be the one deciding my son's immediate future. James is a person of good moral character with a good heart, whom received numerous community service awards. The purpose of this letter is to give you a little insight into his past. James was a star football player at his high school with a promising career ahead of him. His then girlfriend Cheryl was expecting their first child when her mother put her out of the home. James gave up his future to take care of her and his responsibilities. Later on Cheryl became upset with James due to him not being faithful and states that he beat her up. The allegations were unfounded and dismissed. These charges from the Franklin children were the biggest shock to my family. James is not guilty of these allegations and would never do anything like this. James loved those kids as his own. He provided for and took care of the children and their mother. In conclusion, I would like to thank you for taking the time to read my letter. We remain 100% confident that your ruling will be the correct and just ruling and thank you for your commitment to our community through your impeccable service as a judge.

Sincerely,

Priscilla Taylor (Mother of James Taylor)
