

IN THE CIRCUIT COURT,
SEVENTH JUDICIAL CIRCUIT,
IN AND FOR FLAGLER COUNTY, FLORIDA

CASE NO.: 17-00186-CFFA

STATE OF FLORIDA

VS.

WILLIAM ARTHUR WALSH /

STIPULATED CONDITIONS OF SEX OFFENDER PROBATION 948.30

The following conditions of sex offender probation have been explained to me by my attorney. I understand them and agree to the conditions. All of my questions about these conditions have been answered.

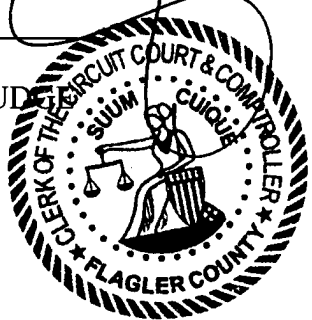

1. A mandatory curfew from 10 p.m. to 6 a.m. The court may designate another 8-hour period if the offender's employment precludes the above specified time, and the alternative is recommended by the Department of Corrections. If the court determines that imposing a curfew would endanger the victim, the court may consider alternative sanctions.
2. If the victim was under the age of 18, a prohibition on living within 1,000 feet of a school, child care facility, park, playground, or other place where children regularly congregate, as prescribed by the court. The 1,000-foot distance shall be measured in a straight line from the offender's place of residence to the nearest boundary line of the school, child care facility, park, playground, or other place where children congregate. The distance may not be measured by a pedestrian route or automobile route.
3. Active participation in and successful completion of a sex offender treatment program with qualified practitioners specifically trained to treat sex offenders, at the offender's own expense. If a qualified practitioner is not available within a 50-mile radius of the offender's residence, the offender shall participate in other appropriate therapy.
4. A prohibition on any contact with the victim, directly or indirectly, including through a third person, unless approved by the victim, the offender's therapist, and the sentencing court.
5. If the victim was under the age of 18, a prohibition on contact with a child under the age of 18 except as provided in this paragraph. The court may approve supervised contact with a child under the age of 18 if the approval is based upon a recommendation for contact issued by a qualified practitioner who is basing the recommendation on a risk assessment. Further, the sex offender must be currently enrolled in or have successfully completed a sex offender therapy program. The court may not grant supervised contact with a child if the contact is not recommended by a qualified practitioner and may deny supervised contact with a child at any time.
6. If the victim was under age 18, a prohibition on working for pay or as a volunteer at any place where children regularly congregate, including, but not limited to any school, day care center, park, playground, pet store, library, zoo, theme park, or mall.

7. Unless otherwise indicated in the treatment plan provided by the sexual offender treatment program, a prohibition on viewing, accessing, owning, or possessing any obscene, pornographic, or sexually stimulating visual or auditory material, including telephone, electronic media, computer programs, or computer services that are relevant to the offender's deviant behavior pattern.
8. A requirement that the offender submit a DNA sample to the Florida Department of Law Enforcement to be registered with the DNA data bank.
9. A requirement that the offender make restitution to the victim, as ordered by the court under s. 775.089, for all necessary medical and related professional services relating to physical, psychiatric, and psychological care.
10. Submission to a warrantless search by the community control or probation officer of the offender's person, residence, or vehicle.
11. As part of a treatment program, participation at least annually in polygraph examinations to obtain information necessary for risk management and treatment and to reduce the sex offender's denial mechanisms. A polygraph examination must be conducted by a polygrapher who is a member of a national or state polygraph association and who is certified as a post-conviction sex offender polygrapher, where available, and at the expense of the offender.
12. Maintenance of a driving log and a prohibition against driving a motor vehicle alone without the prior approval of the supervising officer.
13. A prohibition against obtaining or using a post office box without the prior approval of the supervising officer.
14. If there was sexual contact, a submission to, at the offender's expense, an HIV test with the results to be released to the victim and/or the victim's parent or guardian.
15. Electronic monitoring when deemed necessary by the probation officer and supervisor, and ordered by the court at the recommendation of the Department of Corrections. If you are placed on electronic monitoring, you must pay the department for the cost of the electronic monitoring service.
16. A prohibition on accessing the Internet or other computer services until a qualified practitioner in the offender's sex offender treatment program, after a risk assessment is completed, approves and implements a safety plan for the offender's accessing or using the Internet or other computer services.
17. A prohibition on visiting schools, child care facilities, parks, and playgrounds, without prior approval from the offender's supervising officer. The court may also designate additional locations to protect a victim. The prohibition ordered under this paragraph does not prohibit the offender from visiting a school, child care facility, park, or playground for the sole purpose of attending a religious service as defined in s. 775.0861 or picking up or dropping off the offender's children or grandchildren at a child care facility or school.
18. A prohibition on distributing candy or other items to children on Halloween; wearing a Santa Claus costume, or other costume to appeal to children, on or preceding Christmas; wearing an Easter Bunny costume, or other costume to appeal to children, on or preceding Easter; entertaining at children's parties; or wearing a clown costume; without prior approval from the court.

19. Prohibited from viewing, accessing, owning, or possessing any obscene, pornographic, or sexually stimulating visual or auditory material unless otherwise indicated in the treatment plan provided by a qualified practitioner in the sexual offender treatment program. Visual or auditory material includes, but is not limited to, telephone, electronic media, computer programs, and computer services.
