1.1.2 Documents not enumerated above are not Contract Documents and do not form part of this Contract. No terms, conditions, limitations or exclusions in Contractor’s submitted Bid or invoices shall be binding upon County or become part of the Contract Documents. In the event of discrepancies, the Contract Documents shall be interpreted in the order of precedence as listed above in Section 1.1.1. Additionally, Specifications shall govern over Drawings, electronic documents shall govern over hard-copy documents, numerical dimensions shall govern over dimensions acquired by scaling, and fully executed documents shall govern over unsigned drafts.

1.1.3 Shop Drawings, Product Data, Samples and similar submittals (hereafter “Submittals”) are not Contract Documents. The County will review and take action upon Contractor's submitted Submittals but only for the limited purpose of checking for conformance with information given and the design concept expressed in the Contract Documents. Review of Submittals is not conducted for the purpose of determining the accuracy and completeness of other details, such as dimensions and quantities, nor for substantiating instructions for installation or performance of equipment or systems, all of which remain the responsibility of Contractor.

1.1.4 All Submittals (whether in hard or soft copy) prepared by or on behalf of Contractor in the course of the Work shall be the exclusive property of the County. Ownership of any proprietary information or intellectual property contained in such Submittals shall remain with Contractor. Contractor grants the County a perpetual, royalty-free, license to use, copy and allow third parties to use such Submittals and all proprietary information contained in them as may be required for the County's internal business purposes including without limitation tendering, installing, operating, repairing, maintaining, modifying, reconstructing, replacing and/or upgrading the Work. Such license shall be capable of transfer and/or sub-licensing in whole or part without notice to or further consent of Contractor. Contractor shall not be held liable for reuse of Contractor's Submittals by the County for purposes other than originally intended as stated in the Contract Documents.

1.1.5 Contractor is solely responsible for requesting instructions, interpretations, or clarifications to the Contract Documents and is solely liable for any costs and/or expenses arising from its failure to do so. Contractor shall have a continuing duty to read, carefully study and compare each of the Contract Documents, the Submittals and shall give immediate written notice to the Project Manager and the County of any inconsistency, ambiguity, error or omission which Contractor may discover with respect to these documents before proceeding with the affected Work. The issuance, or the express or implied approval by the County or the Project Manager of the Contract Documents or Submittals shall not relieve any such approval by evidence of Contractor's compliance with the Contract. The County has requested the Project Manager to provide to Contractor documents for the Project, including the Drawings and Specifications for the Project, which are accurate, adequate, consistent, coordinated, and sufficient for construction. **HOWEVER, THE COUNTY MAKES NO REPRESENTATION OR WARRANTY OF ANY NATURE WHATSOEVER TO CONTRACTOR CONCERNING SUCH DOCUMENTS.** By the execution hereof, Contractor acknowledges and represents that it has received, reviewed and carefully examined such documents, has found them to be complete, accurate, adequate, consistent, coordinated and sufficient for construction, and that Contractor has not, does not, and shall not rely upon any representation or warranties by the County concerning such documents as no such representation or warranties have been or are hereby made.

1.1.6 Any dispute relating to the Contract Documents, shall be resolved through good faith efforts upon the part of the Contractor and the County. Should Contractor have any questions concerning interpretation or clarification of the Contract Documents, Contractor shall submit to the County's Project Manager, in writing, a request for clarification that clearly and concisely sets forth the issues for which such request is sought. Such request shall be submitted to the Project Manager by the Contractor within three (3) business days of receipt of the Contract Documents, or the direction, interpretation, or clarification thereof provided by the County. The County's Project Manager shall render a determination concerning such interpretation or clarification, which shall be considered final and conclusive unless Contractor files a written protest within fourteen (14) calendar days of receipt thereof. Contractor's protest shall be submitted to the Director of Purchasing & Contracts, and shall state clearly and in detail the basis thereof. Failure by the Contractor to protest the County Project Manager's rendered determination within the timeframe above, shall constitute a waiver by the Contractor of all its rights to further protest, judicial, or otherwise. The Director of Purchasing & Contracts shall consider the Contractor's protest and shall render a decision thereon, in writing, within ten (10) calendar days. If Contractor does not agree with the determination of the Director of Purchasing & Contracts, the Contractor shall deliver written notice to that effect to the County within three (3) business days of receipt of the determination by the Director of Purchasing & Contracts.

1.1.7 Unless otherwise directed in writing, Contractor shall at all times carry on with the Work and maintain its progress schedule in accordance with the requirements of the Contract and the determination of the County, pending resolution of any Contract Document dispute. In no event will a dispute, the filing of a protest, claim or appeal, or the resolution or litigation thereof, relieve Contractor from its obligation to timely perform the Work required by the Contract and to maintain the progress schedule in accordance with the Contract.

1.1.8 Any and all Contract Documents shall remain the property of the County. Contractor is granted a limited license to use and reproduce applicable portions of the Contract Documents issued by the County appropriate to, and for use in, execution of the Work. Contractor shall have the right to keep one record set of the Contract Documents upon completion of the Work; provided, however, that in no event shall Contractor and/or its subcontractors use, or permit to be used, any or all of such Contract Documents on other projects without the specific written consent of the County.

Such Statutes may include, but are not limited to, Chapter 489 (Regulation of Professions and Occupations Contracting) and Chapter 633, Part III (Fire Protection and Suppression) of the Florida Statutes.

2.3 Project Sequencing/Arrangement

Contractor shall not be limited in the sequencing or staging of the Work except to the extent that the Contract Documents impose limitations. Neither the organization of any of the Contract Documents into divisions, sections, paragraphs, articles, (or other categories), nor the organization/arrangement of the Drawings or Design, shall control Contractor in dividing the Work or in establishing the extent or scope of Work to be performed by Subcontractors.

2.4 Payment of Costs

Except as otherwise expressly provided, Contractor shall pay directly all costs and expenses of the Work of any kind or nature whatsoever including but not limited to all costs of permitting, regulatory compliance, obtaining and maintaining required bonds and insurance pursuant to Article 12, payments due to Subcontractors and suppliers, legal, financial, sales, use and similar taxes on materials and equipment, transportation and storage of materials and equipment, preparation of schedules, budgets and reports and all other costs required to achieve Substantial Completion and Final Completion in accordance with the Contract Documents.

3.1.1 Contractor shall commence the Work by March 1, 2024 following receipt of the County’s Notice to Proceed and shall substantially complete all Work by or before September 7, 2024 with Final Completion attained by or before October 7, 2024.

OR if awarding Bid Option B

3.1.1 Contractor shall commence the Work by March 1, 2024 following receipt of the County’s Notice to Proceed and shall substantially complete all Work by or before January 31, 2025 with Final Completion attained by or before March 2, 2025.

3.1.2 Contractor, prior to commencing the Work, shall submit to the Project Manager for his/her information, Contractor’s schedule for completing the Work. Contractor’s schedule shall be revised no less frequently than monthly (unless the parties otherwise agree in writing), and relate to the entire Work. By way of illustration and not exclusion, Contractor’s schedule shall: (1) contain sufficient activities to assure adequate planning for the Work, (2) include approved changes to the Work that impact the schedule, (3) include a clearly defined critical path, and (4) include a unique description for each activity. In the event any schedule revision impacts the completion time as provided in Paragraph 3.1.1 above, Contractor shall submit a request for additional time, in accordance with procedures as provided in Paragraph 9.2 below. Failure by Contractor to strictly comply with the provisions of this Paragraph shall constitute a material breach of this

Contract.

3.2 Time is of the Essence

Time is of the essence regarding each and every obligation of Contractor under this Contract. Each obligation is deemed material, and a breach of any such obligation (including a breach resulting from untimely performance) is a material breach.

3.3 Substantial Completion

3.3.1 When Contractor considers the Work is substantially complete, Contractor shall notify the Project Manager in writing and submit a comprehensive list of incomplete items to be completed or corrected prior to Final Completion. The Project Manager will promptly inspect the Work following receipt of Contractor's notice and attached list of incomplete items. The Project Manager may refuse to inspect the Work if the Work is obviously not substantially complete or when Contractor's list is not complete.

3.3.2 To the extent applicable to Contractor's specific Work scope, the following items shall be completed prior to Contractor's request for a Substantial Completion inspection.

- a) All general construction completed.
- b) Project Jobsite cleared of Contractor's excess equipment, storage shacks, trailers, and/or building supplies.
- c) Project record Drawings and Specifications submitted in accordance with the Contract Documents.
- d) Preliminary as-built drawings submitted.
- e) All applicable permits required for use provided.
- g) All operations and maintenance manuals, training literature, and software for all equipment provided.
- h) Manufacturers' certifications and warranties provided.
- i) All required spare parts and special tools provided.

3.3.3 If Substantial Completion is not obtained at the inspection called by Contractor, for reasons which are the fault of Contractor, the cost of any subsequent inspections requested by Contractor for the purpose of determining Substantial Completion shall be the responsibility of Contractor and shall be assessed against the final payment application.

3.3.4 Once Substantial Completion is achieved and within the time allowed by F.S. 218.70 et seq, the Project Manager will prepare the punch list required by the Local Government Prompt Payment Act. Unless otherwise mutually agreed, the punch list items shall be corrected by Contractor within thirty (30) calendar days and prior to any request for Final Inspection and Acceptance. The failure to include any corrective Work or pending items not yet completed on the list does not alter the responsibility of Contractor to complete the Work pursuant to this Contract.

3.4 Final Inspection

When all the Work is finally complete and Contractor is ready for a final inspection, Contractor shall provide written notice to the County and the Project Manager. The Project Manager, with Contractor's cooperation, will conduct such reviews, inspections and tests as may be reasonably required to satisfy the County that the Work, or identified portion of the Work, conforms to all requirements of the Contract Documents. If the Project Manager determines that the Work or any part of the Work is not complete or fails to conform to the Contract Document requirements, Contractor will be notified in writing of deficiencies. After correcting all deficiencies Contractor shall again initiate the procedures for final inspection as set forth above. The Project Manager will issue a Final Certificate for Payment following satisfactory inspection of the Work provided Contractor has delivered to the Project Manager the final corrected as-built Drawings and the final bill of materials, if any.

3.5 Liquidated Damages

3.5.1 Execution of this Contract by Contractor shall constitute Contractor's acknowledgment that the County will sustain damages in the amount identified in Paragraph 3.5.2 below for each and every calendar day during which completion of the Work required is delayed beyond Final Completion. Contractor and County agree that such damages shall be presumed to be the damages actually sustained by the County as defined below, and that because of the nature of the Project, it would be impracticable or impossible to determine or extremely difficult to fix the actual damages.

3.5.2 If Contractor fails to achieve Substantial Completion or Final Completion of the Work by its applicable date, then the County shall be entitled to withhold from any amounts otherwise due Contractor or to be paid as a debt due the sum of **\$3,978** per day for each and every calendar day of unexcused delay "Liquidated Damages". The parties agree that such

Liquidated Damages are not a penalty but rather a genuine pre-estimate of monetary damages sustained by the County for loss of revenue and/or increased project administration expenses related to this Contract because Contractor failed to perform and complete Work within the time fixed for completion or additional time granted pursuant to the provisions hereof. The assessment of Liquidated Damages are without prejudice to the County's rights of termination and Contractor's obligation to complete the Work.

3.5.3 Should Contractor fall behind the approved Work schedule; the County reserves the right to deduct Liquidated Damages based on an estimated period of late completion. The County need not wait until completion of Work to withhold Liquidated Damages from Contractor's progress payments.

3.6 Disclaimer of Consequential Damages

The County shall not be liable to Contractor, whether in contract, tort, warranty or under any statute or on any other basis, for any consequential, incidental, indirect, special, punitive or exemplary damages suffered or incurred by Contractor in connection with this Contract, even if the County has been advised of the possibility of such damages. Consequential damages shall include, by way of example and without limitation, opportunity costs, loss of use of facilities or other assets, consequential damage claims of subcontractors, lost profits, lost savings, lost business, lost bonding capacity, lost financing, lost reputation or lost goodwill.

ARTICLE IV CONTRACT PRICE AND PAYMENT

4.1.1 This Contract is a NOT-TO-EXCEED Contract. As compensation for satisfactory performance of the Work, the County shall compensate, and Contractor shall accept, the Not-to-Exceed (NTE) Price of XXXXXX (\$XX.XX) "Contract Price". The Not-to-Exceed Contract Price is the sum of the values of the items described in Exhibit P.

4.1.2 Contractor shall be entitled to payment of compensation for Work satisfactorily performed based on the unit prices forth in Exhibit P subject to the NTE compensation amount identified therein. In no event shall Contractor be reimbursed in excess of the total NTE amount, unless the NTE amount has been modified in writing by a fully executed Change Order or Amendment to increase the specified amount.

4.1.3 It is expressly understood that Contractor is not entitled to the amount of compensation set forth in Exhibit P. Rather, Contractor's compensation is based upon Contractor's satisfactory completion of all Work identified in the Contract Documents. No payment by the County shall be interpreted to constitute approval or acceptance of any Work, nor shall it be considered a waiver by Contractor of any of the terms of this Agreement.

4.2 Schedule of Values

4.2.1 The Schedule of Values provided herein as Exhibit P establishes the unit prices for the components of the Work to be performed under this Contract and the NTE Contract Price.

4.2.2 The Schedule of Values shall be used as a basis for Contractor's Application for Payment. The total of all payments in the Schedule of Values must at all times be equal to the Contract Price. No progress payment shall be made to Contractor until an acceptable Schedule of Values is submitted.

4.2.3 General conditions costs may be considered as a line item for the following items (break down required) (collectively the following shall be known as the General Conditions Costs):

- a) Contractor's field office personnel (full-time on-site)
- b) Construction office and storage facilities
- c) Utilities required to sustain field office and sanitary facilities

4.3 Measurement and Payment

4.3.1 Except as otherwise stated in Section II of the Technical Specifications, Contractor shall make all measurements necessary for determining all quantities of Work to be paid under this Contract. Copies of field notes, computations and other records made by Contractor for the purpose of determining quantities shall be furnished to the Project Manager upon request. Contractor shall notify the Project Manager prior to the time such surveys are made. The Project Manager may but shall have no obligation to witness and verify such surveys. Measurements and computations shall be made by such methods as the County may consider appropriate for the class of work measured. The dividing limits, lines or planes between adjacent items or classes of excavation, concrete, or other types of Work where not definitely indicated on the Drawings or in the Specifications shall be as determined by the County.

4.3.2 No payments of invoices (or portions thereof) shall, at any time, constitute approval or acceptance of the Work under this Contract, nor be a waiver by the County of any of the terms contained herein.

4.4 Progress Payments

4.4.1 Prior to Contractor's submittal of the initial Application for Payment, Contractor shall have delivered the following documents. The County will not make any payment to Contractor until Contractor has complied with these requirements.

- a) Schedule of Values
- b) Project Schedule
- c) Certified copy of recorded bond
- d) Insurance Certificates

4.4.2 On or before the twenty-fifth (25th) day of each calendar month, Contractor shall submit an Application for Payment to the Project Manager in such form and manner, and with such supporting data and content, as the Project Manager may require. Such Application for Payment shall be based on the amount of Work done or completed during the payment period which is defined as the first day of the preceding calendar month through the last day of the preceding calendar month. The Project Manager will review the Application for Payment to determine whether the quantity and quality of the Work is as represented in the Application for Payment and thereafter confirm to the County the amount properly owing to Contractor. Upon receipt by the County of the Project Manager's recommendation for payment, payments will be made in accordance with the Local Government Prompt Payment Act (Sections 218.70-218.80 of the Florida Statutes) less such amounts, if any, otherwise owing by Contractor to the County or which the County shall have the right to withhold. Any Application for Payment determined by the County not to be suitable for payment shall be modified and processed in accordance with the County's assessment.

4.4.3 In the event any dispute with respect to any payment or Application for Payment cannot be resolved between Contractor and the County's Project staff, Contractor may demand in writing a meeting with and review by the County's Director of Purchasing and Contracts. Such meeting and review shall occur within ten (10) business days of receipt by the County of Contractor's written demand. The Director of Purchasing and Contracts shall issue a written decision on the dispute within ten (10) business days of such meeting. This decision shall be deemed the County's final decision for the purpose of the Local Government Prompt Payment Act.

4.4.4 The County may withhold from each progress payment made to Contractor an amount not to exceed five (5%) percent of payment as retainage until final acceptance of all Work in accordance with Section 255.078 of the Florida Statutes. Any interest earned on retainage shall accrue to the benefit of the County. The County shall make prompt payment to Contractor, unless in accordance with Section 255.078(6) of the Florida Statutes, such funds are the subject of a good faith dispute, claim or demand by the County or Contractor.

4.4.5 Contractor warrants and guarantees that title to Work, materials, and equipment covered in any Application for Payment, whether incorporated in the Project or not, shall pass to the County no later than the time of payment and shall be free and clear of liens, claims, security interests or other encumbrances.

No later than ten (10) days after execution of this Contract or Notice to Proceed has been issued, the County will identify in a separate written notice the submittal requirements for Contractor's payment requests.

4.5.2 Delivered, stored or stockpiled materials may be included in an Application for Payment provided Contractor meets the following conditions:

- a) Materials are suitably and securely stored at the Jobsite or a bonded warehouse (acceptable to the County);
- b) An applicable purchase order or supplier's invoice is provided listing the materials in detail, cost of materials and identifying this specific Project by name; and
- c) The material is insured against loss or damage (from whatever source) or disappearance prior to incorporation into the Work.

Payments for such materials shall be at the sole discretion of the Project Manager, shall be based only upon the actual cost of the materials to Contractor, and shall not include any overhead or profit to Contractor.

4.5.3 Each Application for Payment shall be signed by Contractor and shall constitute Contractor's representation that the Work has progressed to the level for which payment is requested, that the Work has been properly installed or performed in full accordance with this Contract, and that Contractor knows of no reason why payment should not be made as requested. If necessary for the protection of the County, the County shall have the right, at its sole option, to make payment by joint check or by direct check to Contractor's Subcontractors or suppliers without advance notice to or consent of Contractor. If joint checks are issued following claims by Contractor's Subcontractors or suppliers, the County shall be entitled to an administrative fee of \$50.00 per check for the expense of processing each joint check. Any amounts paid directly to a Subcontractor or supplier will be deducted from payments made to, or amounts due or that may become due to, Contractor. The issuance of a joint check shall create no rights in favor of any person or entity beyond the right of the named payees to payment of the check and shall not be deemed to commit the County to repeat the procedure in the future.

4.5.5 No progress payment, nor any use or occupancy of the Project by the County, shall be interpreted to constitute approval or acceptance of any Work under this Contract, nor be considered a waiver by Contractor of any of the terms of this Contract.

4.5.6 The County's performance and obligation to pay under this Contract is contingent upon an appropriation of lawfully available funds by the Board of County Commissioners. The County shall promptly notify Contractor if the necessary appropriation is not made.

4.6 Withheld Payment

4.6.1 The County may decline to make payment, may withhold funds otherwise payable and, if necessary, may demand the return of some or all of the amounts previously paid to Contractor, if:

If the amount of such withheld payments or other monies due Contractor under the Contract is insufficient to meet such cost, or if any Claim or lien against Contractor is discharged by the County after final payment is made, Contractor and its surety or sureties shall promptly pay the County all costs (including attorney's fees) incurred thereby regardless of when such Claim or lien arose.

4.7 Final Payment

8.1.6 The decision for any Contract Claim by the Director of Purchasing & Contracts may be appealed by the Contractor to the County Administrator. Contractor must submit their appeal to the County Administrator, including any and all information, documentation, backup data, or other supplemental facts or figures within five (5) business days of receipt of the Director of Purchasing & Contracts' decision. Failure by the Contractor to submit an appeal within the prescribed timeframe shall be a waiver of a right to appeal the rendered decision. The appeal shall include any and all information, documentation, and data relative to the Contract Claim and subsequent appeal. The County Administrator shall render a decision within thirty (30) calendar days of receipt of all information. The County Administrator's decision shall be considered final, unless Contractor takes legal action in Circuit Court.

8.2 Force Majeure Event

8.2.1 Force Majeure Event: Within three (3) days after the onset of a delay resulting from a Force Majeure Event, with the exception of delays caused by events by force majeure as described in 1.2.9 sub-para (a) above, Contractor shall notify the County in writing of the delay which shall provide: (1) a detailed description the delay, its probable duration, and its cost, (2) the specified portion of the Work affected, and (3) an opinion as to the cause of the delay and liability (if any) for the delay.

ARTICLE IX CHANGES IN THE WORK

9.1 General

9.1.1 The County may, at any time, without invalidating this Contract and without notice to sureties, direct changes in the Work within the general scope of this Contract, consisting of additions, deletions, revisions, or any combination thereof,

by Change Order or by field order. Contractor agrees to promptly comply with such orders and proceed with the Work, which shall be performed under the applicable requirements of the Contract Documents. Contract Time and Contract Price will be adjusted, in accordance with Sections 9.2 and 9.3 below, by written Change Order for changes which materially increase or decrease the cost of or time for performance of the Work.

9.1.2 If at any time Contractor believes that acts or omissions of the County constitute a change to the Work, Contractor shall submit a written notice to the Project Manager explaining in detail the basis for the change request. Contractor's written notice must be furnished within five (5) days of the commencement of the event giving rise to the claim or Contractor's knowledge of the claim, and the notice shall state the general nature and cause of the claim. Thereafter, within twenty (20) days after the termination of the event giving rise to the claim or Contractor's knowledge of the claim, Contractor shall submit written notice of the extent of the claim with supporting information and documentation to the Project Manager and County. **IT IS EXPRESSLY AND SPECIFICALLY AGREED THAT ANY AND ALL CLAIMS FOR CHANGES TO THE CONTRACT TIME OR CONTRACT PRICE SHALL BE WAIVED IF NOT SUBMITTED IN STRICT ACCORDANCE WITH THE REQUIREMENTS OF THIS SECTION.** Pending final resolution of any such claim request, Contractor shall diligently proceed with performance of this Contract regardless of any dispute concerning performance of the Work or the amount Contractor is to be paid for such Work.

9.2 Changes in the Contract Time

9.2.1 The Contract Time will be extended by Change Order in an amount equal to time lost on critical Work items due to delays beyond the control of and through no fault or negligence of Contractor if a claim for an extension is submitted in accordance with Section 8.1.2 above.

9.2.2 If Contractor is delayed in progressing any task which at the time of the delay is then critical or which during the delay becomes critical, as a direct result of unusually adverse weather conditions not reasonably anticipated, or any other causes beyond Contractor's reasonable control and not attributable to Contractor or Contractor's Subcontractor's actions or failure to act, then the date for achieving Substantial Completion of the Work may be extended for such reasonable time as the Project Manager may determine. An extension of Contract Time shall be Contractor's sole and exclusive remedy for delay unless the delay is solely caused by fraud, bad faith or active interference on the part of the County or its representatives. In no event shall Contractor be compensated for interim delays that do not extend the Contract Time.

9.2.3 Extensions to the Contract Time for delays caused by the effects of inclement weather shall be submitted as a request for a change in the Contract Time pursuant to paragraph 8.1.2 above. Time extensions are justified only when rain, other inclement weather conditions, or related adverse soil conditions result in Contractor's inability to work at least fifty percent (50%) of the normal workday on controlling items of Work identified on the accepted schedule or updates to that schedule.

9.2.4 Contractor shall, at no cost to the County, take all precautions necessary to secure the Project Jobsite from any damage that may be caused by all threatened storm events, regardless of whether the County has given notice of same. Compliance with any specific storm event precautions will not constitute additional work. Suspension of the Work caused by a threatened or actual storm event, regardless of whether the County has directed such suspension, will entitle Contractor to additional Contract Time only and shall not give rise to a claim for a change in the Contract Price.

9.3 Changes in the Contract Price

9.3.1 In connection with any claim by Contractor against the County for compensation in excess of the Contract Price, any liability of the County for Contractor's costs shall be strictly limited to direct costs incurred by Contractor and shall in no event include indirect costs or consequential damages of Contractor.

9.3.2 Any change in the Contract Price resulting from a Change Order shall be determined as follows:

- a) By mutual acceptance of an increase or decrease in costs. Upon the Project Manager's request, Contractor shall furnish a detailed estimate of increased or decreased costs, together with cost breakdowns and other support data as the Project Manager may reasonably request.
- b) Unit Price adjustment requests will only be considered for pay items #2 (Beach Fill) and #3 (Mechanical Screening) quantity changes by a 20% increase or decrease.
- c) No price adjustments will be accepted based on supply chain issues.
- d) By Unit Prices stated in the Contract Documents, or subsequently agreed upon payment.
- e) By a manner or method mutually agreed by the County and Contractor.

9.3.3 If no mutual agreement occurs between the County and Contractor, then the change in the Contract Price, if any, shall than be determined by the Project Manager on the basis of the reasonable expenditures or savings of those performing, deleting or revising the Work attributable to the change, including, in the case of an increase or decrease in the Contract Price, a reasonable allowance for direct job site overhead and profit. In such case, Contractor shall present, in such form and with such content as the County or the Project Manager requires, an itemized accounting of such expenditures or savings shall be limited to the following: reasonable costs of materials, supplies, or equipment including delivery costs, reasonable costs of labor, including social security, unemployment insurance, fringe benefits required by a pre-existing Contract or by custom, and workers' compensation insurance, reasonable costs of premiums for all bonds and insurance, permit fees, and sales, use or other taxes paid by Contractor that are directly attributable to the changed Work. In no event shall any expenditure or savings associated with Contractor's home office or other non-Jobsite overhead expenses be included in any change in the Contract Price. Pending final determination of reasonable expenditures or savings to the County, payments shall be made to Contractor based on the Project Manager's recommendation for payment.

9.3.4 Costs which will not be allowed or paid in Change Orders or other claims under this Contract include, but are not limited to, the costs of preparing or reviewing change request/claims or proposed Change Orders, change request/claim consulting costs; lost revenues; lost profits; lost income or earnings; interest cost of any type other than those mandated by statute; rescheduling costs; lost earnings; loss of other business; or the costs of Contractor representatives visiting the Jobsite or participating in meetings with the County. The County shall not be liable to Contractor for claims of third parties, including Subcontractors, unless and until liability of Contractor has been established therefore in a court of competent jurisdiction.

9.4 Acceptance of Change Orders

Contractor's written acceptance of a Change Order shall constitute a final and binding Contract to the provisions thereof and a waiver of all claims in connection therewith, whether direct, indirect, or consequential in nature.

9.5 Notice to Sureties

Contractor shall notify and obtain the timely consent and approval of Contractor's surety with reference to all Change Orders if such notice, consent or approval is required by Contractor's surety or by law. Contractor represents and warrants to County that Contractor is solely liable and responsible to so notify and obtain any such consent or approval.

9.6 Differing Site Conditions

If during the course of the Work, Contractor encounters (1) subsurface or concealed conditions at the Project's Jobsite that differ materially from those shown in the Contract Documents and from those ordinarily encountered and generally recognized as inherent in work of the character called for in this Contract; or (2) unknown physical conditions of the Project's Jobsite, of an unusual nature, which differ materially from that ordinarily encountered and generally recognized as inherent in work of the character called for in this Contract, then Contractor, without disturbing the conditions and before performing any Work affected by such conditions, shall, within twenty-four (24) hours of their discovery, notify the Project Manager in writing of the existence of the aforesaid conditions. The Project Manager shall, within two (2) business days after receipt of Contractor's written notice, investigate the site conditions identified by Contractor. If, in the sole opinion of the Project Manager, the conditions do materially so differ and cause an increase or decrease in Contractor's cost of, or the time required for, the performance of any part of the Work, whether or not charged as a result of the conditions, the Project Manager may recommend an equitable adjustment to the Contract Price, or the Contract Time, or both. If Project Manager and Contractor cannot agree on an adjustment in the Contract Price or Contract Time, the adjustment shall be referred to the Director of Purchasing and Contracts for determination in accordance with the provisions of Paragraph 1.5. No request by Contractor for an equitable adjustment to this Contract under this provision shall be allowed unless Contractor has given written notice to the Project Manager in strict accordance with the provisions of this Article. **No request for an equitable adjustment or change to the Contract Price or Contract Time for differing site conditions shall be allowed if made after the date certified by the Project Manager as the date of Substantial Completion.**

The failure by Contractor to provide written notice as provided in this Paragraph 9.6 shall constitute a waiver by Contractor of any Claim arising out of or relating to such concealed or unknown condition.

ARTICLE X UNCOVERING WORK, STOPPING WORK, AND ACCEPTING DEFECTIVE OR NONCONFORMING WORK

10.1 Uncovering Work

10.1.1 No Work or portion of Work shall be covered until inspected by the County as required by the Contract Documents. If any of the Work is covered contrary to the request or direction of the County or the Project Manager or contrary to the requirements of the Contract Documents, Contractor shall, upon written request, uncover it for the Project Manager's inspection and subsequently cover the Work in accordance with the Contract Documents without adjustment to the Contract Time or Contract Price. The provisions and obligations set forth herein shall apply even if the County ultimately determines (after uncovering and inspection) that the underlying Work in question conforms to the requirements of the Contract Documents.

10.1.2 Should the County wish to either (i) re-inspect a portion of the Work that has been covered by Contractor in compliance with Paragraph 9.1.1, above, or (ii) inspect a portion of the Work that has been covered by Contractor which is not required by the Contract Documents to be observed or inspected prior to its being covered and which the County did not specifically request to observe prior to its being covered, Contractor shall uncover the applicable portion of the Work upon written request. If the County determines that the Work uncovered conforms to the requirements of the Contract Documents, then the County will pay the costs of uncovering and replacement of the cover through a Change Order and will adjust the Contract Time by Change Order if the uncovering and replacement Work extends the most current Substantial Completion or Final Completion date, as applicable. If, however, the County determines that the Work uncovered does not conform to the requirements of the Contract Documents, then Contractor shall pay the costs of uncovering and replacement and shall not be entitled to an adjustment of the Contract Price.

10.2 Right to Stop Work

If the Work is defective, or Contractor fails to supply sufficient skilled workers, suitable materials, or equipment or fails to furnish or perform the Work in such a way that the completed Work will conform to the Contract Documents, the County, acting through the Project Manager, may order Contractor to stop the Work, or any portion thereof, until the cause for such order has been eliminated. The County's right to stop Work, or any portion thereof, shall not give rise to any duty on the part of the County to exercise this right for the benefit of Contractor or any other party.

10.3 County May Accept Defective or Nonconforming Work

If the County chooses to accept defective or nonconforming Work, the County may do so. In such events, the Contract Price shall be reduced by the greater of (a) the reasonable cost of removing and correcting the defective or nonconforming Work, and (b) the difference between the fair market value of the Work had it not been constructed in such manner as to include defective or nonconforming Work. If the remaining portion of the unpaid Contract Price, if any, is insufficient to compensate the County for its acceptance of defective or nonconforming Work, Contractor shall, pay the County such remaining compensation for accepting defective or nonconforming Work.

ARTICLE XI CONTRACT SUSPENSION AND TERMINATION

11.1 Suspension

The County may, by written notice, order Contractor to suspend, delay or interrupt Work, in whole or in part, for a period of time as the County may determine. If such suspension delays Contractor's ability to meet the authorized Contract Time, Contractor will be granted an extension of time as reasonably agreed by both parties. Contractor shall not be entitled to an adjustment to the Contract Time to the extent that performance is, was or would have been so suspended, delayed or interrupted by another cause, act or omission for which Contractor is responsible. Notwithstanding anything to the contrary in this Contract and, in the event any such suspension exceeds ninety (90) days, Contractor may, upon ten (10) days written notice to the County, terminate performance under this Contract and recover from the County an equitable adjustment in accordance with Section 9.3 above.

11.2 Termination

11.2.1 The County may by written notice to Contractor terminate the Work under this Contract in whole or in part at any time for the County's convenience or for the default of Contractor.

11.2.2 The County may terminate this Contract, in whole or in part, for its convenience upon thirty (30) calendar days written notice to the Contractor. If the termination is for the convenience of the County, an equitable adjustment in the compensation to be paid to the Contractor may be made based upon the cost for completed Work, Work in progress, and the substantiated, reasonable and actually incurred costs associated with termination, including demobilization costs and amounts due in settlement of terminated contracts with Subcontractors. No amount shall be allowed for anticipated profit

or unperformed work.

11.2.3 Contractor may terminate this Contract, for any reason up to sixty (60) calendar days written notice, provided that any outstanding Work is completed by Contractor, or Contractor's Subcontractors. Contractor further agrees to cooperate fully and assist the County, upon request, in order to complete any Work under this Project. In such event, the County shall compensate the Contractor as mutually agreed in writing for any such Work after termination.

11.2.4 The County may terminate this Contract, in whole or in part, for cause (or "default"). In the event of Contractor's default, the County shall issue a Notice of Default to the Contractor, articulating the items which the County finds to be in default of the requirements of this Agreement. Contractor shall have ten (10) calendar days from receipt of the Notice of Default to remedy deficiencies or submit, in writing, an acceptable plan for remedying the deficiencies identified in said notice. If Contractor fails to remedy such deficiencies, or to submit an acceptable plan for remedying such deficiencies, to the satisfaction of the County within the stated time period, the County shall issue a Notice of Termination, and take over and prosecute the Work to completion. In such case, Contractor shall be liable to the County for all reasonable additional costs incurred by the County in completion of the Work.

11.2.5 Upon receipt of such termination notice Contractor shall immediately stop all Work and shall immediately cause any and all of its Subcontractors and material suppliers at any tier, to immediately stop all work, leaving the construction Site in a safe and secured condition. Contractor shall not be paid for any work performed or costs incurred after the termination date that reasonably could have been avoided. The County may direct Contractor to assign Contractor's right, title and interest under terminated orders or subcontracts to its designee.

11.2.6 Contractor shall not remove from the construction Jobsite any materials, equipment, plant or tools that have been paid for by County pursuant to this Contract. Contractor hereby grants the County a free and unimpeded right of access to Contractor's facilities, which shall survive any termination of the Contract, for the purpose of permitting the County to take control of and remove any Work, including but not limited to any Work for which title has vested in the County.

11.2.7 For purposes of this Termination provision, Contractor shall be deemed in default if Contractor (1) persistently or repeatedly refuses or fails to perform the Work in a timely manner, (2) fails to supply enough properly skilled Workers, supervisory personnel or proper equipment or materials, (3) fails to make prompt payment to Subcontractors, or for materials or labor, (4) becomes insolvent or becomes the subject of voluntary or involuntary bankruptcy proceedings, (5) persistently disregards laws, ordinances, rules, regulations or orders of any public authority having jurisdiction, or (6) breaches or violates a material provision of this Contract. If the termination is attributable to the default of Contractor, the County shall have the right, without prejudice to any other right or remedy, to take possession of the construction Jobsite and of all materials, equipment, tools, construction equipment and machinery thereon owned by Contractor and may finish the Work by whatever methods it may deem expedient. In such case, Contractor shall not be entitled to receive any further payment until the Work is finished.

11.2.8 If the unpaid balance of the Contract Price less any liquidated damages due under this Contract, exceeds the cost of finishing the Work, including compensation for the Project Manager's additional services and expenses made necessary thereby, Contractor shall pay the difference to the County. This obligation for payment shall survive the termination of the Contract.

11.2.9 If, after termination by the County for Contractor's default, it is determined by a Court of competent jurisdiction that Contractor was not in default, or that the delay was excusable, the rights and obligations of the parties, including adjustment of the Contract Price, will be the same as if the termination had been issued for the convenience of the County, as provided under Paragraph 11.2.4 above.

ARTICLE XII WARRANTY AND INDEMNITY

12.1 Warranty

12.1.1 Contractor warrants and guarantees to the County that all labor furnished to progress the Work under this Contract shall be competent to perform the tasks undertaken and that the product of such labor shall yield only first-class results and that all materials and equipment furnished under this Contract shall be of good quality, free from faults and defects and in strict conformance with the Contract Documents.

12.1.2 Contractor warrants all materials, equipment and labor it furnishes or performs under this Contract against all defects in design, materials and workmanship for a period of one year (or the period of time in any guarantee or warranty provided by any manufacturer or supplier of equipment or materials incorporated into the Work, whichever is later) from and after the date of Final Completion. Contractor shall within ten (10) Days after being notified in writing by the County of any defect in the Work or non-conformance of the Work (Warranty Work), commence and prosecute with due diligence all Work necessary to fulfill the terms of the warranty at its sole cost and expense. Contractor shall act sooner as requested by the County in response to an emergency. In addition, Contractor shall, at its sole cost and expense, repair and replace any portions of the Work (or work of other contractors) damaged by its Warranty Work or which becomes damaged in the course of repairing or replacing Warranty Work. For any Work so corrected, Contractor's obligation hereunder to correct Warranty Work shall be reinstated for an additional one-year period, commencing with the date of acceptance of such corrected Work.

12.1.3 Contractor shall perform such tests as the County may require to verify that any corrective actions, including, without limitation, redesign, repairs, and replacements comply with the requirements of the Contract Documents. All costs associated with such corrective actions and testing, including the removal, replacement, and reinstatement of equipment and materials necessary to gain access, shall be the sole responsibility of Contractor.

12.1.4 All warranties and guarantees of subcontractors, suppliers and manufacturers with respect to any portion of the Work, whether express or implied, are deemed to be obtained by Contractor for the benefit of the County, regardless of whether or not such warranties and guarantees have been transferred or assigned to the County by separate Contract and Contractor agrees to enforce such warranties and guarantees, if necessary, on behalf of the County.

12.1.5 In the event that Contractor fails to perform its obligations under this Warranty Section, or under any other warranty or guaranty under this Contract, to the reasonable satisfaction of the County, the County shall have the right to correct and replace any defective or non-conforming Work and any work damaged by such work or the replacement or correction thereof at Contractor's sole expense. Contractor shall be obligated to fully reimburse the County for any expenses incurred hereunder upon demand.

12.1.6 Failure on the part of the County to reject defective, non-conforming or unauthorized Work shall not release Contractor from its contractual obligations, be construed to mean acceptance of such Work or material by the County, or, after Final Completion, bar the County from recovering damages or obtaining such other remedies as may be permitted by law.

12.1.7 No adjustment in the Contract Time or Contract Price will be allowed because of delays in the performance of the Work as a result of correcting defective, non-conforming or unauthorized Work.

12.1.8 County and Contractor agree that the provisions of Florida Statute Chapter 558 shall not apply to this Contract.

12.2 Indemnity

12.2.1 Contractor shall indemnify and hold harmless the County and its officers and employees ("Indemnified Party"), from liabilities, damages, losses and costs, including, but not limited to, reasonable attorney's fees, to the extent caused by the negligence, recklessness, or intentional wrongful misconduct of Contractor and persons employed or utilized by Contractor in the performance of this Contract.

12.2.2 To the extent permitted by, and in accordance with Section 725.06 of the Florida Statutes, Contractor further agrees that "damages, losses and costs", includes fines, citations, court judgments, insurance claims, restoration costs or other liability, to the extent caused by the negligence, recklessness, or intentional wrongful misconduct of Contractor and persons employed or utilized by Contractor in the performance of this Contract.

12.2.3 To the extent permitted by, and in accordance with Section 725.06 of the Florida Statutes, for purposes of indemnity, the "persons employed or utilized by Contractor" shall be construed to include, but not be limited to, Contractor, its staff, employees, subcontractors, all deliverers, suppliers, furnishers of materials or services or anyone acting for, on behalf of, or at the request of Contractor.

12.2.4 In Claims against any person or entity indemnified hereunder by an employee of Contractor, any Subcontractor, or subcontractor, anyone directly or indirectly employed by them or anyone for whose acts they may be liable, the

indemnification obligation under this Section 11.2 shall not be limited by a limitation on the amount or type of damages, compensation or benefits payable by or for Contractor or any Subcontractor or subcontractor under any workers' compensation acts, disability benefits acts or other employee benefit acts.

12.2.5 Contractor's indemnity and hold harmless obligations hereunder shall extend to all Claims against the County by any third party or third-party beneficiary of this Contract and all liabilities, damages, losses and costs related thereto.

12.2.6 This indemnification will not be valid in the instance where the loss is caused by the gross negligence, or willful, wanton or intentional misconduct of any Indemnified Party.

12.2.7 If any provision(s), or portion(s) of a provision(s) of this Section, or the application thereof to any person or circumstance shall, to any extent, be held to be invalid, illegal or unenforceable for any reason whatsoever, the validity, legality and enforceability of the remaining provision(s), or part of the provision(s), shall not in any way be affected or impaired thereby; and shall be interpreted to the fullest extent possible to be enforceable and to give effect to the intent manifested by the provision(s), or portion(s) thereof, held invalid, illegal or unenforceable.

12.2.8 Contractor shall further indemnify and hold harmless the County its officers and employees from and against all Claims arising out of any infringement of patent rights or copyrights incident to the use in the performance of the Work or resulting from the incorporation in the Work of any invention, design, process, product, or device not specified in the Contract Documents and shall defend such Claims in connection with any alleged infringement of such rights.

12.2.9 The indemnification provisions of this Section 11.2 shall survive expiration or earlier termination of this Contract.

14.2 Examination of Contractor's Records

The County or its authorized representative shall, until the expiration of five (5) years after final payment under this Contract, have access to, and the right to examine any directly pertinent books, documents, papers and records of Contractor involving transactions relating to this Contract, and to make copies, excerpts and transcriptions thereof. If any such examination reveals that Contractor has overstated any component of the Contract Price, Change Order, Claim, or any other County payment obligation arising out of this Contract, then Contractor shall, at the election of the County, either immediately reimburse to the County or offset against payments otherwise due Contractor, the overstated amount plus interest. The foregoing remedy shall be in addition to any other rights or remedies the County may have.

14.3 Backcharges

Upon the County's notification to undertake or complete unperformed Work such as cleanup or to correct defective or non-conforming services, equipment, or material (Backcharge Work), if Contractor states or by its actions indicates it is unable or is unwilling to immediately proceed and/or complete the Backcharge Work in an agreed time; the County may perform such Backcharge Work by the most expeditious means available and backcharge Contractor for any and all costs thereby incurred by the County.

The County shall separately invoice or deduct and retain from payments otherwise due to Contractor the costs for Backcharge Work. The County's right to backcharge is in addition to any and all other rights and remedies provided in this Contract or by law. The County's performance of the Backcharge Work shall not relieve Contractor of any of its responsibilities under this Contract and Contractor shall be responsible for the Backcharge Work as if it were its own.

14.4 Applicable Law

Contractor and the Work must comply with all Applicable Law and the requirements of any applicable grant agreements.

14.5 Governing Law & Venue

The Contract shall be governed by the laws of the State of Florida. Venue for any administrative and/or legal action arising under the Contract shall be St. Johns County, Florida.

14.6 Assignment

Contractor shall not sell, assign or transfer any of its rights, duties or obligations under the Contract, or under any Change Order issued pursuant to the Contract or make an assignment or transfer of any amounts payable to Contractor under the Contract, without the prior written consent of the County. In the event of any assignment, Contractor remains secondarily liable for performance of the Contract, unless the County expressly waives such secondary liability. The County may assign the Contract with prior written notice to Contractor of its intent to do so. This Contract may be assumed by and shall inure to the benefit of the County's successors and assigns without the consent of Contractor.

14.7 Severability

If a court deems any provision of the Contract void, invalid or unenforceable, that provision shall be enforced only to the extent that it is not in violation of law or is not otherwise unenforceable and all other provisions shall remain in full force and effect.

14.8 Section Headings

The section and other headings contained in this Contract are for reference purposes only and shall not affect the meaning or interpretation of this Contract.

14.9 Disclaimer of Third-Party Beneficiaries

This Contract is solely for the benefit of County and Contractor and no right or cause of action shall accrue to or for the benefit of any third party not a formal party hereto. Nothing in this Contract, expressed or implied, is intended or shall be construed to confer upon or give any person or entity other than County and Contractor, any right, remedy, or Claim under or by reason of this Contract or any provisions or conditions hereof; and all of the provisions, representations, covenants and conditions herein contained shall inure to the sole benefit of and shall be binding upon County and Contractor.

14.10 Waiver; Course of Dealing

The delay or failure by the County to exercise or enforce any of its rights or remedies under this Contract shall not constitute or be deemed a waiver of the County's right thereafter to enforce those rights or remedies, nor shall any single or partial

exercise of any such right or remedy preclude any other or further exercise thereof or the exercise of any other right or remedy. The conduct of the parties to this Contract after the Effective Date shall not be deemed a waiver or modification of this Contract.

14.11 No Waiver of Sovereign Immunity

Nothing herein is intended to serve as a waiver of sovereign immunity by any agency or political subdivision to which sovereign immunity may be applicable or of any rights or limits to liability existing under Section 768.28, Florida Statutes. This section shall survive the termination of all performance and obligations under this Contract and shall be fully binding until such time as any proceeding brought on account of this Contract is barred by any applicable statute of limitations.

14.12 Execution in Counterparts

This Contract may be executed in counterparts, each of which shall be an original document, and all of which together shall constitute a single instrument. The parties may deliver executed counterparts by e-mail transmission, which shall be binding. In the event this Contract is executed through a County-approved electronic signature or online digital signature service (such as DocuSign), such execution shall be valid, effective and binding upon the party so executing. Execution and delivery of an executed counterpart of this Contract and/or a signature page of this Contract by electronic image scan transmission (such as a "pdf" file) or through a County approved electronic signature service will be valid and effective as delivery of a manually executed counterpart of this Contract.

14.13 Entire Contract

This Contract for the Work, comprised of the Contract Documents enumerated herein, constitutes the entire Contract between the Parties relating to the subject matter hereof and supersedes all prior or contemporaneous Contracts, negotiations, discussions and understandings, oral or written. This Contract may not be amended or modified except in writing, as provided herein and signed by authorized representatives of both parties.

14.14 Survival

The provisions of the Contract Documents which by their nature survive termination of the Contract, including without limitation all warranties, indemnities, insurance, payment obligations, and the County's right to audit Contractor's books and records, shall in all cases survive the expiration or earlier termination of this Contract.

14.15 Employment Eligibility and Mandatory Use of E-Verify

As a condition precedent to entering into this Contract, and in accordance with section 448.095, F.S., Contractor and its subcontractors shall register with and use the E-Verify system to verify the work authorization status of all employees hired on or after July 1, 2023.

- a. Contractor shall require each of its subcontractors to provide Contractor with an affidavit stating that the subcontractor does not employ, contract with, or subcontract with an unauthorized alien. Contractor shall maintain a copy of such affidavit for the duration of this Contract.
- b. The County, Contractor, or any subcontractor who has a good faith belief that a person or entity with which it is contracting has knowingly violated section 448.09(1), F.S. or these provisions regarding employment eligibility shall terminate the contract with the person or entity.
- c. The County, upon good faith belief that a subcontractor knowingly violated these provisions regarding employment eligibility, but Contractor otherwise complied, shall promptly notify Contractor and Contractor shall immediately terminate the contract with the subcontractor.
- d. Contractor acknowledges that, in the event that the County terminates this Contract for Contractor's breach of these provisions regarding employment eligibility, then Contractor may not be awarded a public contract for at least one (1) year after such termination. Contractor further acknowledges that Contractor is liable for any additional costs incurred by the County as a result of the County's termination of this Contract for breach of these provisions regarding employment eligibility.

14.16 Equal Employment Opportunity

During the performance of this Contract, Contractor agrees as follows:

14.16.1 Contractor will not discriminate against any employee or applicant for employment because of race, color, religion, disability, age, sex (including sexual orientation and gender identity/expression), national origin (including limited English proficiency), marital status, or familial status. Contractor will take affirmative action to ensure that applicants and employees are treated during employment without regard to their race, color, religion, disability, sex, age, national origin, ancestry, marital status, sexual orientation, gender identity or expression, familial status, genetic information or political affiliation. Such action shall include, but not be limited to, the following: employment, upgrading, demotion or transfer, recruitment or recruitment advertisement, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship. Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices setting forth the provisions of this non-discrimination clause.

14.16.2 Contractor will, in all solicitations or advertisements for employees placed for, by, or on behalf of Contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, disability, sex, age, national origin, ancestry, marital status, sexual orientation, gender identity or expression, familial status, or genetic information.

Contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with Contractor's legal duty to furnish information.

Contractor will send to each labor union or representatives of workers with which it has a collective bargaining Contract or other contract or understanding, a notice to be provided by the County, advising the labor union or workers' representative of Contractor's commitments under Section 202 of Executive Order 11246 of September 24, 1965, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

Contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

Contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by the rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to its books, records, and accounts by the County and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

In the event of Contractor's noncompliance with the nondiscrimination clauses of this Contract or with any of such rules, regulations, or orders, this Contract may be cancelled, terminated or suspended in whole or in part and Contractor may be declared ineligible for further contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

14.16.8 Contractor will include the provisions of paragraphs 14.16.1 through 14.16.8 in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to Section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. Contractor will take such action with respect to any subcontractor or vendor as may be directed to the Secretary of Labor as a means of enforcing such provisions including sanctions for noncompliance: Provided, however, that in the event Contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction, Contractor may request the United States to enter into such litigation to protect the interest of the United States.

14.17 Public Records

14.17.1 Contractor shall comply and shall require all of its Subcontractors to comply with the State of Florida's Public Records Statute (Chapter 119), specifically to:

- (1) Keep and maintain public records that ordinarily and necessarily would be required by the County in order to

perform the Services;

(2) Upon request from the County's custodian of public records, provide the County with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost as provided in Chapter 119, Florida Statutes, or as otherwise provided by Applicable Law;

(3) Ensure that public records related to this Contract that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by Applicable Law for the duration of this Contract and following expiration of this Contract, or earlier termination thereof, if Contractor does not transfer the records to the County; and

(4) Upon completion of this Contract, or earlier termination thereof, transfer, at no cost, to the County all public records in possession of Contractor or keep and maintain for inspection and copying all public records required by the County to perform the Work.

14.17.2 If Contractor, upon expiration of this Contract or earlier termination thereof i) transfers all public records to the County, Contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements; and ii) keeps and maintains public records, Contractor shall meet all Applicable Law and requirements for retaining public records. All records stored electronically must be provided to the County, upon request from the County's custodian of public records, in a format that is compatible with the County's information technology systems.

14.17.3 Failure by Contractor to comply with the requirements of this section shall be grounds for immediate, unilateral termination of this Contract by the County.

IF CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO ITS DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT: (904) 209-0805, PUBLICRECORDS@SJCFL.US, [500 SAN SEBASTIAN VIEW, ST. AUGUSTINE, FLORIDA 32084](#)

14.18 Anti-Bribery

Contractor and its Subcontractors shall at all times during the term of this Contract comply with all anti-bribery and corruption laws that are applicable to the performance of this Contract. Contractor represents that it has not, directly or indirectly, taken any action which would cause it to be in violation of Chapter 838 of the Florida Statutes. Contractor shall immediately notify the County of any violation (or alleged violation) of this provision.

14.19 Convicted and Discriminatory Vendor Lists, and Scrutinized Companies

14.19.1 Contractor warrants that neither it nor any Subcontractor is currently on the convicted vendor list or the discriminatory vendor list maintained pursuant to Sections 287.133 and 287.134 of the Florida Statutes, or on any similar list maintained by any other state or the federal government. Contractor shall immediately notify the County in writing if its ability to perform is compromised in any manner during the term of the Contract.

14.19.2 Section 287.135 of the Florida Statutes prohibits agencies from contracting with companies for goods or services that are on the Scrutinized Companies that Boycott Israel List, or with companies that are engaged in a boycott of Israel, and from contracting with companies for goods or services of \$1,000,000 or more that are on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or are engaged in business operations in Cuba or Syria. The lists are created pursuant to §215.473 and §215.4725, F.S. By execution of this Contract, Contractor certifies that it is not listed on the Scrutinized Companies that Boycott Israel List, the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, and is not engaged in a boycott of Israel or engaged in business operations in Cuba or Syria, and understands that pursuant to §287.135, F.S., the submission of a false certification may subject Contractor to civil penalties, attorney's fees, and/or costs. In accordance with §287.135, F.S., the County may terminate this Contract if a false certification has been made, or the Contractor is subsequently placed on any of these lists, or engages in a boycott of Israel or is engaged in business operations in Cuba or Syria.

14.20 Compliance with Florida Statute 287.138

14.20.1 Pursuant to 287.138 F.S., effective July 1, 2023, the County may not enter into contracts which grants the Contractor access to personal identifiable information if: 1) the Contractor is owned by the government of a Foreign Country of Concern (as defined by the statute: (b) the government of a Foreign Country of Concern has a controlling interest in the entity; or (c) the Contractor is organized under the law of or has its principal place of business in a Foreign Country of Concern. The County shall be entitled to immediately terminate this Agreement with liability to ensure the County’s continued compliance with the statute.

14.20.2 Pursuant to 287.138 F.S., effective January 1, 2024, if Contractor may access, receive, transmit, or maintain personal identifiable information under this Agreement, Contractor must submit a Foreign Entity Affidavit to the County. Additionally, effective July 1, 2025, Contractor shall submit a Foreign Entity Affidavit to the County prior to any renewals of this Agreement. Failure or refusal to submit a Foreign Entity Affidavit shall be cause for immediate termination of this Agreement by the County.

Revisions/Clarifications:

The County provides the following revisions and/or clarifications to be incorporated into the IFB Documents:

1. REVISED ATTACHMENT N – SCHEDULE OF VALUES

- b. Item #10. Sea Turtle Trawling: Day RATE has been revised to an estimated quantity of 3 per day.

The revised Attachment N is uploaded to www.DemandStar.com as an attachment to this Addendum.

Bidders must use the revised "Attachment N – Schedule of Values" in their submitted bids. If a Bidder is submitting a Bid Price for both of the Bid options (A and B), Bidder must submit a separate "Attachment N" for each Bid option for which a price is submitted with the Attachment clearly marked as "Option A" or "Option B". Failure to use the Revised Attachment N – Schedule of Values form(s) per Addendum #3 may result in the submittal being deemed non-responsive.

2. REVISIONS TO EXHIBIT A – TECHNICAL SPECIFICATIONS:

Questions/Answers:

The County provides the following answers to the questions submitted below:

1. Regarding Section 2.15 Vibration Monitoring Submittals, in addition to the Pre-Construction Video of the project site, including walkovers, corridors, bulkheads, geotubes, etc., will it be required to perform individual pre-construction video documentation of all of the homes within the footprint (2.15.6) in addition to the photographs?

Answer: Per section 2.15.4, the Contractor shall additionally and specifically document the condition of the bulkheads and walls lining the Mickler’s Landing access. The Contractor’s vibration monitoring team shall determine any homes or other structures that may be susceptible to vibration damage and shall document those accordingly.

2. Section 30.1 states, "The Contractor shall contract with the designated and permitted gopher tortoise monitor/agent to provide daily on-site observation and monitoring of sand placement operations near gopher tortoise burrows." Will the relocation of gopher tortoises and their burrows be required if they are identified as being impacted by construction activities? If so, please create a line item to price out the cost of relocation as done with the marine turtle nest relocations as this will be of a significant cost impact to the contractor.

Answer: It is the County’s intent that no tortoises be relocated as part of this effort. The County intends to acquire a mark-and-avoid permit for gopher tortoise burrows along the length of the project, and to redesign the landward edge of the dune / landward edge of the fill to avoid tortoises. The Contractor shall be responsible for contracting with the designated and permitted gopher tortoise monitor to monitor the work along the landward edge of fill.

3. Section 7.8, are the Post-Construction R-Monuments to be run throughout the course of construction as the beach progresses or all together once the entire project is completed?

Answer: The R-monument profile surveys should be run all together at the end of construction.

4. ****Dependent on the answers to the previously asked trawling questions**** Section 50.8.1 Pre-Construction Trawling & Relocation states "The entire borrow area where dredging is to occur shall be trawled for a minimum of 12 consecutive hours prior to initiation of dredging in that area. Section 50.8.2 Trawling Prior to Resuming Dredging Operations states "If dredging operations cease for a period of 12 hours or more, relocation trawling shall be conducted for a minimum of 4 hours prior to resuming dredging operations." If we can’t find a trawler willing to commit to performing 4 hours of trawling every time the dredge is absent from the borrow area for more than 12 hours will the project be shut down?"

Answer: The trawling requirements have been modified to match those of other recently bid projects in the area. No advance trawling is required. Trawling shall be initiated at the direction of regulatory personnel (USACE and/or NMFS) following the lethal take of two marine turtles.

Additional information is provided in the revised Exhibit A - Technical Specifications, and Attachment N – Schedule of Values has been revised (see Revisions/Clarifications above).

5. Figure 3.3 on page 44 of 131 in Exhibit H – Geotech report lists all of the sieve curves together. The Contractor is requesting the Client provide all the individual sieve curves.

Answer: The full geotechnical report and all available sieve curves and tables have been posted at the following link: <https://olsen-associates.com/public/pvb>

6. Paragraph 2.15.4 Pre and Post Construction Video Documentation on page 8 of 60 in Exhibit A states that the pre and post video documentation shall include walkovers, access corridors, bulkheads, geotubes, geotextile revetment area, and “any other items specified by the County or Engineer:.

- a. The Contractor is requesting clarification as to what other items may be applicable for this requirement. It is a very broad requirement that could lead to missed pricing or lop-sided pricing on the bid line item.

Answer: See answer to Question #1 above.

7. Paragraph 2.15.6 Pre-Construction Structural Inspection/Evaluation on page 8 of 60 in Exhibit A states that video and or photographic documentation is acceptable for this requirement.

- a. Due to the cost variance between the two, the Contractor is requesting clarification as to which will be acceptable?

Answer: Contractor must provide video documentation.

8. The request for short-term trawling at unpredictable times throughout the project based on dredge inactivity in the borrow areas cannot be priced per occurrence. In order to ensure that the Contractor is able to provide a trawler to respond after any 12 hour downtime, this would require a trawler to remain in the North Florida area. This would require the Contractor to pay the trawler a standby rate for entire project duration.

Answer: See answer to Question #4 above.

9. What depth is the borrow area actually permitted to? Based on the USACE File SAJ-2020-03812 Final Biological Assessment Ponte Vedra Beach, FL Beach Nourishment Project, "The approximate design depth for the borrow area is -52' NAVD88 with 2-foot disturbance buffer of beach-compatible sediment to -54' NAVD88."

Answer: The borrow area excavation is permitted to -52 ft. NAVD88 ±1 ft. This permit requirement references the final post-construction survey depths that must be respected. It is acknowledged that sediment disturbance slightly below this depth may occur.

10. The pay quantity for the project is 2,000,000 cys. Based on the survey provided there is ~2,220,000 cys available within the entire borrow area (up to the exact horizontal limits) to the grade depth of -52' and ~2,500,000 cys available to the allowable over depth of -53'. I understand you want the borrow area excavated as uniformly as possible but in order for hopper dredges to productively be able to complete this project with the normal losses that occur on a beach fill job and normal operational inaccuracies that do not allow you to dredge right up to exact horizontal permitted limits, we

recommend lowering the over depth to 55' in order to keep productivity up and ensure there is enough quantity within the borrow area to complete the project.

Answer: No changes in the permitted borrow area limits can be made (either vertically or horizontally).

3. REVISIONS TO EXHIBIT B – CONSTRUCTION DRAWINGS

Exhibit B – Construction Drawings have been revised. The revised Exhibit B has been uploaded to www.DemandStar.com as an attachment to this Addendum.

4. REVISED DAILY AMOUNT OF LIQUIDATED DAMAGES

Part I – General Terms and Conditions, Section 27) Contract Time – Liquidated Damages, Paragraph 4 - Conditions under which Liquidated Damages are Imposed, the Daily amount of Liquidated Damages has been revised to \$3,978.

Questions/Answers:

The County provides the following answers to the questions submitted below:

1. The project specifications (7.10) specifically state that the Pre- and Post-Construction surveys of the Borrow Area must be 100% coverage using the multibeam survey method. Is this the same requirement for the conditional surveys?
Answer: See Revisions/Clarifications #2 above regarding Revisions to Exhibit A – Technical Specifications, Subsection 7.9.
2. Per the specs (50.8.1), sea turtle trawling must be initiated 12 hours prior to commencement of dredge operations but the bid form only states an estimated 4 days of trawling. Is sea turtle trawling required for the entire duration of the project or just if deemed necessary?
Answer: See Revisions/Clarifications #1 and #2 above.

3. Can you please clarify if the Sea Turtle Trawling: Mob/Demob Item on the Schedule of Values is to be Lump Sum or Per Occurrence? The takeaway from the meeting was that trawling is required 12 hours prior to the start of dredging but is not an ongoing daily task. However, if weather or mechanical delays shut the dredge down for a period of 12 hours or more, the trawler must remobilize and trawl for a minimum of 4 hours before dredging can resume
Answer: See Revisions/Clarifications #1 and #2 above.

4. Please include a waiver of consequential damages: “Notwithstanding anything herein to the contrary, Contractor shall not be responsible or liable for any indirect, consequential or special damages of any type or nature whatsoever and howsoever arising, including, without limitation, delay, loss of profits, loss of income, loss of business opportunity, business interruption, loss of use whether resulting from negligence, breach of contract or otherwise, and regardless of whether such damages may have been foreseeable. In lieu of such damages, Contractor will be charged liquidated damages in the amount of \$1,500.00 per calendar day.”
Answer: No. See Revisions/Clarifications #4 above regarding revised daily amount of Liquidated Damages.

5. In General Requirements, Section 10.2, it states that the Contractor is not allowed to perform tilling, vegetation planting, post & rope installation and hauling components on Sundays. Please allow the Contractor to complete this work on Sundays as it is industry standard to operate 7 days a week.
Answer: Refer to Revisions/Clarifications #2 above.

6. Will the county consider adding a unit rate for MEC stand-by time? This would be used if unanticipated MEC or the need for specialized MEC inspections cause extended delays to the work (e.g. stand-down exceeding four hours or more).
Answer: No, there will be no MEC stand-by time provided in the contract.

Questions/Answers:

The County provides the following answers to the questions submitted below:

1. Can you please provide the most recent Borrow Area XYZ data
Answer: The requested borrow area multibeam survey data can be accessed at the following link:
<https://olsen-associates.com/public/pvb>
2. The project specifications state that work must commence by March 1 - does that mean physical dredging or just commence work (i.e. submittals)?
Answer: As defined in the Contract, “Work” includes any and all activities relative to the project. The Notice to Proceed is issued to commence with the Work which may include activities before construction starts on site.
3. Due to Hurricane season, can the window for completion be extended to about the end of December?

Answer: See Revisions/Clarifications #4 and #5 above.

4. Has the borrow area ever been used?

Answer: No.

5. What is the total width wall-to-wall for access at Micklers Landing?

Answer: It is expected that the Contractor will have at least 20 feet of clearance for access.

6. Is there any recourse if the Contractor had to skip a section due to the County not receiving an easement from the property owner, then said property owner provides an easement at a later date?

Answer: The intended course of action is if an easement (or temporary construction easement) cannot be obtained prior to start of construction in a specific location, that property will be excluded. If the County wishes to direct the contractor to go back and fill an area that was skipped, the County would ask for a cost proposal from the Contractor to complete the requested work.

7. Can you please confirm that the County/Engineer would be willing for the Contractor once they work south from the north end of the project to Mickler's Landing, would then be allowed to jump and work from the south end of the project north to Mickler's Landing? This would allow for the tilling of the beach on the south end to only occur once and would also make the demobilization process easier out of Mickler's Landing with all of the equipment ending there.

Answer: Yes, this adjustment is acceptable. It is expected that the Contractor will make such adjustments in coordination with the County/Engineer, depending on the specific timing of the completion of the southern end of the fill, the holiday schedule, and the specific plan for completion of work at Mickler's at that time. The Contractor must clearly indicate their plan in the pre-construction submittals. See Exhibit A – Technical Specifications, Subsection 37.2.

8. Regarding County identified Sub-Contractors, are these mandatory?

Answer: Yes.

9. Is the Post and Rope expected to be permanent?

Answer: Yes.

10. Is there any survey requirement after pipe is laid to verify it is in proper corridors?

Answer: The Contractor shall report in the Daily Report the landward and seaward end-points of the pipelines once installed. No other survey information is required.

11. Is the Project a recipient of federal funding, such that any enhanced cost accounting standards apply (see reference to CFR Part 200, "Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards" on Invitation to Bid page 15)?

Answer: There is no federal funding, refer to Exhibits K, L, and M regarding the FDEP Grant Agreements.

12. Can you please confirm if there is a 10-knot speed restriction for hopper dredges working on the project for Right Whales and if/when this speed restriction is required to be followed?

Answer: Refer to Exhibit J – NMFS SARBO.

13. Will the contractor be paid for material that is placed at or below the ECL within the beach template at the locations where no fill is indicated for certain properties?
Answer: Yes, fill placed below the ECL is eligible for payment if it was directed for placement by the County/Engineer and is documented by pay surveys. Additional survey data collection may be required in between the 100-ft BD and AD profiles to document this pay volume.
14. Will the contractor be allowed to place pipeline through the areas where no fill is indicated or must we locate the pipeline below the ECL?
Answer: The County will endeavor to obtain permissions from any no-easement properties. The Contractor may also discuss permissions with the property owners. However, pipe may not be placed landward of the ECL in no-easement properties without permission of the property owners.
15. Can you confirm that there is no payment tolerance for any material placed above the design template but that stations will be paid for and accepted as long as they meet the -0.5' tolerance below the design template?
Answer: Correct. NO fill may be placed above the design template elevations on the crest of the dune features.
16. Line 27 of the IFB document states that the Contractor will have 190 days to complete the work from issuance of the NTP (03/01/2024).
a) The Contractor is requesting the County extend the work window into the month of December 2024. This would be in effort to minimize public use impacts of the beach, staging area, and so on. This request could also improve the pricing of bids due to current industry schedule and backlog of dredges.
Answer: See above under Revisions/Clarifications #4 and #5.
17. The Contractor is requesting a bid due date extension of at least one month.
Answer: Refer to Revisions/Clarifications #4 above.
18. Please confirm whether Owner has already scheduled or anticipates scheduling other work to be performed at or adjacent to the site with Owner's employees, or thorough contracts for such other Work.
Answer: No other County work is currently scheduled to occur during the beach nourishment project time.
19. Please confirm that in the event Owner directs changes to the Work, outside Contractor's original scope of work, Contractor shall be entitled to an equitable adjustment to the Contract Time and/or Contract Price.
Answer: Refer to Section 9.1.1 of the sample Master Construction Agreement attached to this Addendum.
20. Please confirm in the event of changes in laws or regulations taking effect after submission of Contractor's bid, Contractor shall be entitled to an equitable adjustment to the extent such change impacts Contractor's cost and/or time of performance.
Answer: Refer to sections 8.2 of the sample Master Construction Agreement attached to this Addendum.

21. Since liquidated damages are assessed not as a penalty but as a reasonable pre-estimate of probable damages when actual/direct damages are difficult to calculate, please confirm and update the contract documents to reflect that in the event of delayed performance, liquidated damages will be assessed in lieu of actual/direct and consequential damages.

Answer: Refer to sections 3.5 and 3.6 of the sample Master Construction Agreement attached to this Addendum.

22. Please confirm that Contractor shall be entitled to an equitable adjustment in the Contract Time and/or Contract Price for delays caused by the negligent acts or omissions of the Owner, other contractors of Owner, or anyone for whom Owner is responsible. The Contractor should not be required to bear the costs associated with such delays.

Answer: Refer to Section 9.1.2 of the sample Master Construction Agreement attached to this Addendum.

23. Please modify the Contract Documents to include provisions entitling Contractor to an equitable adjustment in the Contract Time and Contract Price in the event Contractor encounters (a) subsurface or latent physical conditions at the site differing materially from those indicated in the Contract Documents or reference documents, or (b) unknown physical conditions of an unusual nature at the site differing materially from those ordinarily encountered and generally recognized as inherent in the work of the character provided for in the Contract. The Contractor should not be responsible to bear the costs associated with differing site conditions.

Answer: Refer to Section 9.6 of the sample Master Construction Agreement attached to this Addendum.

24. The Contract Documents indicate this project is funded in whole or in part by the U.S. Government. Please identify the funding/grant type, the date the funding was obligated and the applicable domestic product preference requirements (i.e. Buy America, BABA, or Buy American), and confirm whether the project is 1) subject to the Trade Agreements Act; and 2) whether the legacy test for domestic (50% component test, COTS exception, no consideration of predominantly iron and steel) will apply; and 3) if not, what test will apply.

Answer: See Exhibits K, L, and M. Federal grant requirements listed in the question do not apply to this project.

25. Please modify the Contract Documents to provide that Contractor is solely responsible for damage to known utilities and will not be responsible for damage to utilities not shown on the plans and specifications or identified by a local utility locator service. The Contractor should not be required to bear the costs associated with unknown, unidentified utilities not reasonably discoverable.

Answer: It is the Contractor's responsibility to locate utilities and avoid as necessary. (See Exhibit B - Construction Drawings, Sheet 6 of the IFB Documents).

26. Unlike land-based construction, completed dredging activities are subject to natural forces that are entirely outside the control of the Contractor. To clarify the intent of the warranty, please include the following warranty provision: "The warranty provisions herein do not apply to the dredging portion(s) of the Work. With respect to dredging, upon Contractor's advising Owner that the dredging has been completed, Owner shall inspect the Work and, if acceptable, shall advise Contractor of Owner's

acceptance thereof. Contractor in no way represents, guarantees, or warrants that any dredging or excavation will stay open, dredged, or excavated for any period of time whatsoever.”

Answer: It is confirmed that the Contractor is not responsible for erosion of the beach fill caused by natural forces after the acceptance by the Engineer and the County of a beach fill Acceptance Section for payment.

27. According to the bidder instructions the signature on the Power of Attorney page has to be original by the Secretary or Assistant Secretary of the said Surety.

a) The Contractor would like some clarification on this requirement. Does the signature have to be an original “wet” signature or would a typical copied signature work as long as it by the Secretary or Assistant Secretary of the Surety?

Answer: A copy of the original signature(s) of the Secretary or Assistant Secretary of the Surety is acceptable on the Power of Attorney page.

28. Please provide plots and tables of the grain size distribution data of the vibracores taken in the borrow area.

Answer: The tables and plots are included in the “Ponte Vedra Beach FL, Beach Nourishment Project - Final Report”, which has been uploaded to link provided in Question #1 above.

29. Please provide a sample agreement containing terms and conditions for this bid for the Contractor to review. Please provide ample time for Contractor to review and ask follow up questions, if needed.

Answer: See Revisions/Clarifications #9 above.

30. Please provide the names and contact information for all the permitted environmental monitors, such as sea turtle nest monitoring, bird nest monitoring, & gopher tortoises monitoring, for this bid.

Answer: Contact information is provided below:

Sea turtle nest monitoring – Coastal Conservation Group

Robert (Bob) Fraser 904-505-4052 bob@coastalconservationgroup.com

Tara Dodson 904-814-2172 tara@coastalconservationgroup.com

Shorebird monitoring - Coastal Conservation Group, see above.

Gopher tortoise monitoring - LG2 / Oneida Environmental

Chad Drury Office: 904-363-1686 x115 Cell: 904-347-7725 CDrury@oesgroup.com

31. In Execution of the Work, Section 40.1.1, it states that the Contractor must use the Extractor 3300 from FRS to screen the fill material. Requiring this equipment may negatively impact production and significantly increase the cost. Please provide the amount of oversized material estimated to be extracted as percent of material dredged or in cubic yards. Please provide the specifications of the Extractor 3300 including the maximum flow rate and other production limits.

Answer: The amount of oversized material is unknown, but it estimated to be 3,000 cy. It is recommended that the Contractor contact Fluidized Rock Systems of Lake Worth, Florida at: (561) 969-7147 or Info@FluidizedRockSystems.com for the most up-to-date information on the Extractor

3300. Please note, per the specs Section 40.1.1: All fill material shall be screened using the Extractor 3300 fluidized rock screener from Fluidized Rock Systems (FRS), or approved equivalent.

32. The exclusion zones reduce efficiency and increase cost. Please provide updates of any exclusion zones that will be included in the contract before the bid date. Please confirm that the Client will pay for additional material placed for a pad and stable work area around these zones.

Answer: Yes, see Questions #6, 13, and #19 above.

33. Is the Contractor allowed to transit and place pipeline in the designated exclusion zones?

Answer: See Question #14, above.

34. The plans have 8 specified pipeline corridors. The landward limit of pipeline corridors #4 and #8 land in an exclusion zone. Pipeline corridors #5 and #7 are within 100 feet of exclusion zones. This makes it difficult for the Contractor to make a stable landing for the subline. Please modify the pipeline corridors to maintain a 200 foot buffer between the corridor and exclusion zone or provide compensation for the Contractor to pump additional material at these locations.

Answer: The subline corridors cannot be modified. Pipelines may be placed anywhere within the corridors.

35. Please confirm that all pipeline corridors are 500 feet wide.

Answer: The dimensions of the pipeline corridors are provided in Exhibit B - Construction Drawings.

36. Please provide the current St. John's County Master Construction Agreement for review. To allow bidders time to review the contract and ask questions regarding it, we also seek a 2 week extension to the questions deadline and bid date.

Answer: A sample of the Master Construction Agreement is. See Revisions/Clarifications #1 above.

37. Please confirm that Bidders are able to rely on the geotechnical data and sub-sea surveys provided by the Owner.

Answer: Refer to Section 1.1.5 of the Master Construction Agreement.

38. Please confirm that differing site conditions relief will be available in the event the borrow material does not yield beach fill material that meets the contract requirements.

Answer: See Question #23 above.

39. Please confirm that Contractor will be entitled to a change order or differing site conditions relief if unknown or mislocated utilities are discovered during the course of the work.

Answer: See Question #23 above.

40. Please confirm that all relevant permits and permit conditions with which Contractor must comply have been included in the bid documents.

Answer: Refer to IFB Document Exhibits.

41. Please confirm if the Contractor is required to use Coastal Conservation Group and LG2/Oneida Environmental for Sea Turtle Nesting/Shorebird Monitoring and Gopher Tortoise Burrow Surveys respectively or if these are just suggested subcontractors.

Answer: See Question #8 above.

42. In instances that the Extractor 3300 can't be used, such as pumping a pad or working around exclusion zones, will the Contractor be allowed to use an alternate screening device?

Answer: All fill material shall be screened using the Extractor 3300 fluidized rock screener from Fluidized Rock Systems (FRS), or approved equivalent.

43. Can the Local Business Tax for St. Johns County be obtain after award?

Answer: Yes.

The parties agree that such Liquidated Damages are not a penalty but rather a genuine pre-estimate of monetary damages sustained by the County for loss of revenue and/or increased project administration expenses related to this Contract because the Contractor failed to perform and complete Work within the time fixed for completion or additional time granted pursuant to the provisions hereof. The assessment of Liquidated Damages is without prejudice to the County's rights of termination and Contractor's obligation to complete the Work.

Should Contractor fall behind the approved Work schedule; the County reserves the right to deduct Liquidated Damages based on an estimated period of late completion. The County need not wait until the completion of Work to withhold Liquidated Damages from the Contractor's progress payments.

In Claims against any person or entity indemnified hereunder by an employee of Contractor, any Subcontractor, or subcontractor, anyone directly or indirectly employed by them or anyone for whose acts they may be liable, the indemnification obligation under this Section 11.2 shall not be limited by a limitation on the amount or type of damages, compensation or benefits payable by or for Contractor or any Subcontractor or subcontractor under any workers' compensation acts, disability benefits acts or other employee benefit acts.

Contractor's indemnity and hold harmless obligations hereunder shall extend to all Claims against the County by any third party or third-party beneficiary and all liabilities, damages, losses and costs related thereto.

If any provision(s), or portion(s) of a provision(s) of this Section, or the application thereof to any person or circumstance shall, to any extent, be held to be invalid, illegal or unenforceable for any reason whatsoever, the validity, legality and enforceability of the remaining provision(s), or part of the provision(s), shall not in any way be affected or impaired thereby; and shall be interpreted to the fullest extent possible to be enforceable and to give effect to the intent manifested by the provision(s), or portion(s) thereof, held invalid, illegal or unenforceable.

Project (RFQ, RFP, IFB) Number/Description: IFB No 1677; North Ponte Vedra Beach Restoration – FDEP #20SJL, #22SJL, and #23SJL

The term “conflict of interest” refers to situations in which financial or other considerations may adversely affect, or have the appearance of adversely affecting a Contractor’s professional judgment in completing work for the benefit of St. Johns County (“County”). The bias such conflicts could conceivably impart may inappropriately affect the goals, processes, methods of analysis or outcomes desired by the County.

Contractors are expected to safeguard their ability to make objective, fair, and impartial decisions when performing work for the benefit of the County. Contractors, therefore must there avoid situations in which financial or other considerations may adversely affect, or have the appearance of adversely affecting the Contractor’s professional judgement when completing work for the benefit of the County.

The mere appearance of a conflict may be as serious and potentially damaging as an actual distortion of goals, processes, methods of analysis or outcomes. Reports of conflicts based upon appearances can undermine public trust in ways that may not be adequately restored even when the mitigating facts of a situation are brought to light. Apparent conflicts, therefore, should be disclosed and evaluated with the same vigor as actual conflicts.

It is expressly understood that failure to disclose conflicts of interest as described herein may result in immediate disqualification from evaluation or immediate termination from work for the County.
