

# FLAGLER BEACH CITY COMMISSION

## City Manager's Report

Item No. 7

Meeting Date: October 24, 2019

**Issue:** South Flagler Beach Swales Improvement Project - Bid Award - Bid No. FB-2019-2609

**From:** Fred W. Griffith

**Organization:** City of Flagler Beach

---

**RECOMMENDATION:** Award the South Flagler Beach Swales Improvement Project, Bid No. FB-2019-2609, construction bid, to the lowest responsive bidder, W. Gardner L.L.C. for the contract amount of \$ 463,739.15.

**BACKGROUND:**

The South Flagler Beach Swales Improvement Project was recently advertised with bids being publicly opened on October 10, 2019 with three (3) bidders submitting sealed bids. The two lowest bids were within 4% of each other with the low bid being slightly below our engineering estimate and the allowable grant amount of \$500,000.00.

Please note that this construction project activity is now to be fully grant funded from a SJRWMD Redi Grant award received late last year. The design and bid documents were developed by Kimley Horn Engineering out of Jacksonville, Florida with significant input from City staff. We believe that we now have an outstanding storm water improvement project designed which will assist us in attenuating storm water flows and reducing the amount of storm water run-off down into the Flagler Avenue right-of-way and the alleyways between South 9<sup>th</sup> Street and South 26<sup>th</sup> Street. In addition it also includes the reconstruction of swales in several other poorly drained streets on both sides of the Intracoastal Waterway. These city streets have been experiencing similar situations of excess storm water run-off that is adversely affecting these residential neighborhoods from time to time. We remain hopeful that this project will in addition to reducing minor flooding or standing water in roadways will also serve to increase aquifer recharge, protecting our future wellfields, and reduce storm water run-off from being deposited into our saltwater estuaries of our area which are so valuable to our ecosystem in which we live and work.

Please refer to the attached letter and bid tabulation from our design consultant who is familiar with the lowest bid contractor and their ability complete similar projects such as this. Note: This project was estimated by our consultant to cost approximately \$450,000 - \$500,000. Please see our consultant's recommendation letter attached with their bid summary and analysis included. We request your approval at this time of the contract bid award of \$463,739.15 to W. Gardner, LLC so that the construction contract may be signed by our Mayor, and the construction of this 100% grant funded project may now go forward.

**BUDGETARY IMPACT :** This project has been previously budgeted under Storm water Improvements Central and Daytona Storm Water Improvements, GL # 405.5391.606300.190 thru a Redi Grant funded from the St. Johns River Water Management District.

**LEGAL CONSIDERATIONS/SIGN-OFF:**

**RE: South Flagler Beach Swale Improvements / Bid Results  
Kimley-Horn Project No. 045516002**

Dear Ms. Overstreet:

We have reviewed the construction bids received for the above referenced project. As of the deadline on September 26, 2019 at 2:00 PM, three (3) bids were received and were opened at 2:00 PM. All bids received were responsive bids. Attached is the bid tabulation summary showing the submitted base bids, along with tracking of responsiveness documents. *Please note in accordance with the invitation to bid package page 5, Subtitled General, Para 1. "Contractor shall submit the following items to the Project Manager within seven (7) days of the notice to award, and prior to issuance of Notice to Proceed (NTP)."*

Based upon our review of the documents submitted, W. Gardner, LLC, Inc. appears to be the lowest responsive bidder with a bid in the amount of \$463,739.15.

Sincerely,

  
Thomas Inman, P.E.
